GREMAN SANITARY FUND.-A letter has been received by Mr. T. Paulsen, has been received by Mr. T. Paulsen, of this city, from Chas. A. C. Duisenberg, Consul North German Union, San Francisco, Cal., announcing the receipt of \$231 collected for the above fund in this city and vicinity; also that he has forwarded the amount, as requested, to the Central Committee, at Berlin, Prussia, at the rate of 75 cents Berlin, Prussia, at the rate of 75 cents to one Prussian thaler. The subscription lists for this fund are still open and any one desiring to contribute thereto can find an opportunity to do so by calling on Mr. Wm. Kreutzer, Mr. John Bilger, or Mr. Isaac Sachs. All contributions will be acknowledged in the OREGON SENTINEL.

DEGREE MEETING of Jacksonville Lodge, No. 10, L.O. O. F. There will be a meeting of the Rubekah Degree of the above lodge, on Monday evening, at 7 o'clock. All members in good standing are invited to attend.

GFNEROUS -- Mr. Veit Schutz know ing our sympathy for the Prussian cause, and our partiality for German beverage, "came down like a man," on Tuesday, with a keg of lager for the printers. The lager is splendid, and Veit's generosity is duly appreciated may he always be able to be generous.

LARGE HORSES. See Mr. W. C. Meyer's advertisement headed "The White Prince," in another column. We have been acquainted with Mr. Meyer for years; he has made large horses a speciality, and was among the first to advance the idea of combining size, form, style and action. It will be remembered that he imported, a few years ago, from Ohio, "Capt. Sligart," whose colts have given such general satisfaction, and took all the ribbons they contended for at the last County Horse Fair.

VALENTINE'S PARTY.-L. Horne will give a party on the evening of St. Valentine's day, at the U.S. Hotel. Music, dancing and a supper, will be the programme for the occasion. Tickets \$3. Mr. Horne's entertainments always pass off pleasantly and give general satisfaction. The reason is he makes the entertainment of his guests on such occasions, the object of his special care and never fails to please.

BUSINESS DIRECTORY FOR THE PA-CIFIC COAST.—We have just received the first volume of this work, and deem it the most correct and complete publi, cation of the kind for this coast, that has yet appeared. Its compiler intends to make its publication tri-ennial, in order to adapt the Directory to the changes and accessions which are being continually made, in the business circles of this coast. The present issue is for 1871-73. To business men of every calling and profession, such a work if not indispensable, is certainly a great assistance, and is frequently necessary for reference. It is published by Henry G. Langley, of San Francisco, California. His agent W. L. Bryan, is now en route for this place, and will be able to supply copies of the work to such as desire them.

WILL BE ARSENT.—Dr. W. Jackson will start for Rock Point next Wednesday, and will be absent from this city for about a week. Citizens of Rock Point and vicinity who want to engage the services of a first-class Dentist will then have an opportunity to do so. Dr. Jackson has been a resident of this city for over one year, and has, during that time, given general satisfaction.

that the cause of rheumatism, neuraligis or gout exists where the pain is experienced. The source of these diseases is generally urea in the blood, and it is one of the special properties of Dr. WALKER'S VEGETABLE VINEGAE BITTERS to neutralize this deposit, while it renovates the relaxed kidneys and thus prevents them from permitting a portion of their secretion to escape through improper channels. Torpidity of the stomach has also much to do with the vitiation of the blood, and upon this by order of Hon. James R. Wade, Justice of IT IS A GREAT MISTAKE to suppose stomach has also much to do with the vitiation of the blood, and upon this organ the Bitters act directly as a stimulant and invigorant.

Published six weeks in the Orgon Servicus. by order of Hon. James R. Wade, Justice of the Peace, for Jacksonville Precinct, Jackson county. Oregon, made on the 19th day of December, 1870.

tice's Court for the Precinct of Jacksonville. State of Oregon, County of Jackson. Jacob Meyer, Piff., or. Thomas N. Ballard, Def't.

Civil action to recover money.

TO THOMAS N. BALLARD, the above of the I named defendant: In the name of the State of Oregon, you are hereby required to appear before the undersigned, a Justice of the Peace, for the Precinct aforesaid, on the 21st day of December, 1870, at 10 o'clock, in the forenoon of said day, at the office of said justice, in said precinct, to answer the above named plaintiff in a civil action, or if this summons he served upon you by mblication.

Pain is supposed to be the lot of us poor mortals, as inevitable as death itself and liable at any time to come upon us. Therefore it is important that remedial agents should be at hand to be used on an energency, when the seminal principle lodged in the system shall develope itself, and we feel the excruciating agonies of pain, or the depressing influence of disease. Such a remedial agent exists in the Pain Killers, whose fame has made the circuit of the globe. Amid the eternal ices of the polar regions or beneath the intolerable burning sun of the tropics its virtues are known and appreciated. Under all latitudes, from the one extreme to the other, enfering runssalty has found relief from many of its ills by its use. The wide and broad arrea over which this medicine has spread, attests its value and potency. From a small beginning the Pain Killer has pushed gradually along, making its own highway, solely by its virtues.

Such unexampled success and popularity has brought others into the field, who have attempt

Such unexampled success and popularity has brought others into the field, who have attempted, under similarity of name, to usure the confidence of the people and turn it to their own selfishness and dishonesty, but their efforts have proved fruitless, while the Pain Killer is still growing in public favor. ljanlm

Spread the Truth.

Some medical men insist that it is undignified to advertise a remedy, however valuable it may be. Queer reasoning this, It is like saying that an article which the world needs should be hid in a corner—that benefits and blessings may be too widely diffusedthat the means of protecting and restoring health should be a close monopoly, and not accessible to all. The argument is bad. It is worse than that : it is inhuman. Suppose Hostetter's Stomach Bitters-an absolute specific for dyspepsia, billiousness and nervous debility-had never been known beyoud the repertoire of the faculty, what would have been the consequence? Instead of curing and invigorating millions, the good effects of the preparation would have been confined to a comparative few. There is the highest authority for saying that light should not be hid under a bushel; that whatever is excellent should be placed as a city on a hill, where all men can take cognizance of it. It is upon this principle that the Bitters have been advertised in every newspaper of any prominence in the western hemisphere, and that the spontaneous testimonials in its favor have been translated into all written languages. Thousands enjoy perfect health to-day who would be languishing on beds of sickness if the newspapers had not spread the truth with regard to this un-equaled invigorant and corrective far and wide. Suppose profit has been reaped from this publicity. Is that any argument against at? If the public health has been protected; if lives have been saved; if the feeble have been strengthened and the sick restored, great good has been accomplished: and who so mean as to grudge to exer-tions thus directed their fair reward?

THE NEW FOOD.

For a few cents you can buy of your Grocer or Druggist a package of SEA MOSS FARINE made from pure Irish Moss or Carrageen, which will make sixteen quarts of Blanc Mange, and a like quantity of Puddings Custards, Creams, Charlotte Russe, &c. It is the cheapest, healthiest and most delicious food in the world. It makes a splendid Dessert, and has no equal as a light and delicate food for Invalids and Children.

A Glorious Change!!

THE GREAT WORLD'S TONIC.

Plantation Bitters. This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid, it has no equal among stomachies. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate, or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits. For sale by
