

THE OREGON SENTINEL.

SATURDAY MORNING, Feb. 3, 1872.

L. P. Fisher, 20 & 21 New Merch-
ant's Exchange, is our only authorized agent in
San Francisco. For Eastern Advertising, Ma-
son is represented by S. M. FETTER, 10
Co. of New York and Boston.

Hudson & Menet are our only au-
thorized Agents in the Atlantic States. Office
41 Park Row, "Times" Building, New York
City. All orders must come through them.

Religious Notices.

FATHER BLANCHET will hold divine
services at the Catholic church to-mor-
row at the usual hour.

Rev. M. A. Williams will preach
at the M. E. church to-morrow at
the usual hour.

Itions.—The following is a list of
jurors drawn for the coming February
term of the Circuit Court: John E.
Seydeth, Daniel Fisher, Claus Klein-
hammer, William Parnell, John Grubb,
John Donegan, T. L. Beck, William
M. Griffin, Vincent Bell, D. P. Ander-
son, Dennis Murphy, M. H. Drake, N.
C. Cean, George H. Lynch, William
Acock, Henry Norton, Lyman Chappel,
M. W. Hale, Josiah Barrell, Jerry T.
Rowland, Granville Sears, Q. N. An-
derson, William H. Merriam, Daniel
Doty, C. C. McClendon, John Slagle,
Jesse Richardson, Henry Ammerman,
Jasper Dennis, Bartlett Openeham,
Richard Hutchinson.

In Don't Win.—The editor of the
Times has written numberless letters
to prominent citizens of this county,
imploping them for cards with which
to establish his good character, but
the card dodge don't win, as there
seems to be no response. We have
not learned whether he has written to
Hannah yet. The Times man was in
ecstasies last week over our "prudent
silence." He should never exercise his
lungs vociferously until out of the
unbragous shadow of the forest.

FINE STOCK COMING.—We learn
from our southern exchanges that our
friend W. C. Myer is on the road in
California coming with his blooded
stock, and will be home in a few days.
Owing to the terrific storms in the
Rocky Mountains, he was detained
much longer than he expected. His
stock is said to be looking well, con-
sidering the severity of the trip. Mr.
Myer is full of enterprise, and we wel-
come him home. We will be pleased
to give a detailed account of his stock
to our readers after his arrival.

UP FOR CONGRESS.—We hear a ru-
mor from Salem to the effect that
Henry Klippel of this county is to be
a candidate for the Congressional nom-
ination. It is none of our business, but
Fay might as well be nominated at
once, as it would save the trouble and
expense of both going to Washington,
in case of Klippel's election, which
would not be very likely the way
things look at present.

A PETITION FOR PARDON.—There is
a petition being circulated in this
place for the purpose of obtaining
names to present to the Governor,
asking that Brown, who was sent to
the penitentiary from this county, a
year ago, upon the charge of burning
Wm. Bybee's barn, be pardoned. We
learn that there is also a remonstrance
being circulated.

Don't.—Our very sweet-tempered
and amiable cotemporary threatens
dire vengeance on some females who
have been talking about some "leete
dings." The "slandered individual"
well knows that women's tongues will
wag, and he is only indulging in a
little cheap buncombe about "the days
of Charley Drew and Jim Cluggage—
that's all."

RAIN.—We have had a refreshing
shower of rain during the week, which
will be appreciated by the miners, and
will do no harm to the farming inter-
est, as our farmers have got about
through seeding.

COURT.—County Court will com-
mence next Monday, the 5th inst.
Circuit Court will commence on the
12th of February.

LAND EXCITEMENT.—The land ex-
citement still continues. Every one
that has a few spare greenbacks is in-
vesting them in land along the sup-
posed line of the railroad.

PERSONAL.—Capt. Applegate called
on us during the week. He has been
below on business.

RABBIT HUNT.—The hunting party
that started out last week returned
with 225 rabbits.

Board of Trustees
REPORTED FOR THE SENTINEL.

An adjourned meeting of the Board
of Trustees was held on Monday eve-
ning, January 29. Present, Presi-
dent Wilson, Howard and Zigler;
absent Fisher and Bilger. The min-
utes of the previous meeting were
read and approved. The Committee
on cemetery road submitted a report
and specifications of proposed repairs
and improvements on said road—ac-
cepted and filed. The Town Attorney
stated to the Board that he had ex-
amined the law, as requested, in refer-
ence to the keeping of billiard saloons,
and finds the town ordinance requiring
licenses to keep billiard saloons to be
in strict accordance with law, and pen-
alties for a violation may be enforced.
That the keeping of billiard tables for
use at all in a public saloon, is keeping
a billiard saloon to all intents and pur-
poses, and is kept without obtaining a
license, therefore, the penalties may
be enforced as provided in the ordi-
nance. Further consideration of the
subject was deferred. The following
bills were allowed and ordered paid by
warrants on the treasury: D. Linn's
bill, (corrected) \$18.50; G. H. Young's
bill, for making cross walks on Oregon
street, \$15; quarterly salary of Town
Attorney, \$25. Applications for title
deeds were made by the following
persons; Charles Blockwell, for frac-
tional block No. 48—application refer-
red to Zigler and Howard; Owen
Coyle, for all of block No. 48—referred
to Fisher, Howard and Zigler. Ap-
plication was made on behalf of Brady
Barlow, for title deeds to lots No. 1, 2,
3 and 5, in block 32—referred to the
Town Attorney. A resolution was
passed revoking the order requiring
the advertising for proposals for work
specified to be done on the cemetery
road. Resolution passed continuing
the committee, Zigler, Howard and
Fisher, on cemetery road, empowering
said committee to go on and have all
the proposed repairs and improvements
on said road completed, to supervise
and direct the whole work, contract
for putting a railing along the hill
side road, &c. The grading and
widening of the road to be done by
the Street Commissioner, under the
direction of this committee. A reso-
lution for appropriating \$100 for cem-
etery road work, to be drawn out on
warrants as the same may be required,
on the certificate of the Street Com-
missioner, was offered; the resolution
was read and laid over ten days under
the rules. The Board then adjourned.

GOOD EVIDENCE.—As a proof of the
medicinal properties of the Liver King,
it is used in the practice of our best
physicians. By permission, we refer
to one of your oldest practitioners, Dr.
Overbeck, who is acquainted with the
ingredients of the Liver King and
gives it his approval.

WOOD WANTED.—Ten cords of good
oak wood will be received at this of-
fice, if delivered within two weeks, in
payment of subscription to the Sen-
tinel.

A SCHOLARSHIP in the National Busi-
ness College, at Portland, can be had
on favorable terms by applying at the
Sentinel office.

bay or brown, black main and tail, no other
marks or brands, had three shoes on when he
left; also about fifteen hands high, six years
old.

Any person finding said horses, will be well
paid for their trouble by bringing them to
Jacksonville and leaving them at Wilson &
Kauil's stables.

A Body and Mind Disease.

Such is dyspepsia. The stomach and
the brain are too intimately allied for
the one to suffer without the other,
so that dyspepsia and despondency are
inseparable. It may be added, too,
that irritation of the stomach is almost
invariably accompanied by irritation of
the temper.

The invigorating and tranquilizing
operation of Hostetter's Bitters is most
powerfully developed in cases of indi-
gestion. The first effect of this agree-
able tonic is comforting and encourag-
ing. A mild glow pervades the sys-
tem, the chronic uneasiness in the
region of the stomach is lessened, and
the nervous restlessness which charac-
terizes the disease is abated. This im-
provement is not transient. It is not
succeeded by the return of the old
symptoms with superadded force, as is
always the case when unmedicated
stimulants are given for the complaint.
Each dose seems to impart a perma-
nent accession of healthful invigoration.
But this is not all. The aperient and
anti-bilious properties of the prepara-
tion are scarcely secondary in impor-
tance to its tonic virtues. If there is
an overflow of bile, the secretion is
soon brought within proper limits, and
if the biliary organ is inert and torpid
it is toned and regulated. The effect
upon the discharging organs is equally
salutary, and in cases of constipation
the cathartic action is just sufficient to
produce the desired result gradually
and without pain. The Bitters also
promote healthy exaporation from the
surface, which is particularly desirable
at this season when sudden spells of
raw, unpleasant weather are apt to
check the natural perspiration and
produce congestion of the liver, coughs
and colds. The best safeguard against
all diseases is bodily vigor, and this
the great Vegetable Restorative espe-
cially promotes.

HALL'S
VEGETABLE SICILIAN
HAIR
RENEWER.

Every year increases the popularity
of this valuable Hair Preparation;
which is due to merit alone. We can
assure our old patrons that it is kept
fully up to its high standard; and it
is the only reliable and perfected pre-
paration for restoring GRAY OR FADED
HAIR to its youthful color, making it
soft, lustrous, and silken. The scalp,
by its use, becomes white and clean.
It removes all eruptions and dandruff,
and, by its tonic properties, prevents
the hair from falling out, as it stimu-
lates and nourishes the hair-glands.
By its use, the hair grows thicker and
stronger. In baldness, it restores the
capillary glands to their normal vigor,
and will create a new growth, except
in extreme old age. It is the most
economical HAIR DRESSING ever used,
as it requires fewer applications, and
gives the hair a splendid, glossy ap-
pearance. A. A. Hayes, M.D., State
Assayer of Massachusetts, says, "The
constituents are pure, and carefully
selected for excellent quality; and I
consider it the BEST PREPARATION
for its intended purposes."
Sold by all Druggists, and Dealers in Medicines.
Price One Dollar.

Buckingham's Dye

FOR THE WHISKERS.

As our Renewer in many cases re-
quires too long a time, and too much
care, to restore gray or faded Whisk-
ers, we have prepared this dye, in one
preparation, which will quickly and
effectually accomplish this result. It
is easily applied, and produces a color
which will neither rub nor wash off.
Sold by all Druggists. Price, Fifty
Cents.

Ayer's

Cherry Pectoral,

For Diseases of the Throat and Lungs,
such as Coughs, Colds, Whooping
Cough, Bronchitis, Asthma,
and Consumption.

Among the great
discoveries of modern
science, few are of
more real value to
mankind than this
effective remedy for
all diseases of the
Throat and Lungs.
A vast trial of its
virtues, throughout
this and other coun-
tries, has shown that
it does surely and
effectually control them. The testimony of our
best physicians, of all classes, establishes the fact,
that Croup, Pertussis, and all diseases of the Throat
and Lungs beyond any other medicine. The
most dangerous affections of the Lungs, the
Orans yield to its power; and cases of Con-
sumption, cured by this preparation, are pub-
licly known, so remarkable as hardly to be
believed, were they not proven beyond dispute.
As a remedy it is adequate, on which the pub-
lic may rely for full protection. By curing
Coughs, the forerunners of more serious dis-
ease, it saves unnumbered lives, and an amount
of suffering not to be computed. It challenges
trial, and occupies the most exalted. Every
family should keep it on hand as a protection
against the early and unperceived attack of
Pulmonary Affections, which are easily met at
first, but which become incurable, and too often
fatal, if neglected. Tender lungs need this dis-
tinct, and it is a sure way to be without it. As
a safeguard to children, amid the distressing
diseases which beset the Throat and Chest of
childhood, Cherry Pectoral is invaluable; for,
by its timely use, multitudes are rescued
from acute, severe, and even to the low
and affection control on them. It acts speedily
and surely against ordinary colds, securing
sound and health-restoring sleep. No one who
suffers from Croup, Influenza and painful
Bronchitis, when they know how easily they
can be cured.

Originally the product of long, laborious,
and successful chemical investigation, no cost or
toil is spared in making every bottle in the
finest possible perfection. It may be confi-
dently relied upon as possessing all the virtues
it has ever exhibited, and capable of producing
cures as memorable as the greatest it has ever
effected.
