Democratic Convention.

On Thursday the delegates to the Democratic County Convention gathered in from the various precincts, and it was soon evident that the convention was to be a one-sided affair. A midnight caucus of the "Black wing" had been held over the Court House on Wednesday evening and everything was ent and dried for operations on Thursday a caucus of both wings was held, but the "Pintos" soon perceived that the Bedrocks wanted everything and very sensibly with-·firew in a body from the convention. Ther everything was lovely; J. N. T. Miller was made Chairman, H. K. ! Harma Secretary, Klippel chief motion maker, and John O. Brien chief secon-· der. The work was short and after some wholesome denunciation of the sons who had been cuddled under the position as Telegraph Agent there, to bedrock wing, were brought out and nominated: Representatives, E. C. Mason (Goose Lake,) L. Wade, (Sams Valley,) H. Klippel (Jacksonville;) to day, it is suggested that the conven-Sheriff, John S. Miller; County Judge, tion-meet at 10 A. N., if the delegates J. N. Wright and John O'Brien.

WHY ?-Wm. Brice, a Democrat, announces himself as a candidate for District Attorney, against the regular nominee of the Democratic State Convention. This looks a little like bolting, but the Times has nothing to say about it. Why is it; because there are so many bolters that it is appalled or because Brice happens to suit it?

FOR JOSEPHINE.-Mr. Westrop, of the firm of Westrop & Higisbotham, Photographers, will visit Josephine county next week. We reccommend Mr. Westrop to the citizens Josephine, as a good artist and a clever gentleman, During Mr. Westrop's abscence Mr. Higinbotham will attend to the business of the gallery in Jacksonville.

FORT KLAMATH. - Capt. Goodale of Fort Klamath, called on us yesterday. The Capt. is looking well, and reports all quiet in that section. He says no apprehension need be felt on accoun of the Modoc Indians, as they will behave if let alone.

JUDGE BLACK.—Several Democrate were hunting Mr. Black, Thursday evening to ratify his nomination, but he had left town. The ratification would probably have been of a funny character, as Ad. Helms was "on it."

I am thankful to have the pleasure, through REAL ESTATE DEALER your paper, of expressing many thanks, to the have received from friends in the short and pleasant time it has been my duty to remain with you. Especial regards to Prof. Robb, and Lady, for unmerited attention to my children, while their pupils. As Teachers and friends you have my sincere thanks. While far distant, over mountains and valleys from you, I may ever bear a proper rememberance of favors received in this your pleasant and delightful clime.

Since the public have seen White Prince at our County Fair, he has matured and spread so his former friends would hardly know him. While East last winter, and conversing with intelligent horse breeders, several of them informed me they had stood aloof from the Percheron or Norman borses; thought shem too heavy and not sufficient travel for ordinary use, but after seeing, the grade colts and fillies come to maturity, and seeing them in use, say they will breed to them. Wherever they have been introduced they have given universal satisfaction.

PLANTATION BITTERS. S. T.-1860-X.

This wonderful yegstable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid it has no equal among stomachies. As a remedy for the nervous weaknes to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits.

MEXICAN MUSTANG LINIMENT FOR MAN AND BEAST.

Probably few articles have ever had so extensive a Sale, while none have been more universally beneficial than the celebrated MEXICAN MUSTANG LINIMENT. Children, Adults, Horses, and Domestic Animals, are always liable to accident, and it is safe to say, that no family can pass a single season without some kind of an emolhent being necessary. It becomes a matter of importance then to secure the best. Over three hundred livery stables in the city of New York alone are using the MEXICAN MUSTANG LINIMENT, in all of which it gives uni

versal satisfaction.

CAUTION.—The genuine is wrapped in a fine Sice Plate engraving with "G. W. Westbrook, Chemist" and "Trade Mark. MEXICAN MUSTANG LINIMENT." engraved across the face of each wrapper. The whole bears the proprietor's private United States Revenue Stamp, and not a common stamp, as used by druggists.

gloss and freshness of youth. This hair is thick sued, fulfing hair checked, and baldness often, though not al-ways, cured by its use. Nothing can restore the hair where the foincles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent buldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some prepations dangerous, and logarious to the hair, the Vigor and benefit but not harm it. It anted merely for a HAIR DRISSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy Justre, and a grateful perfume.
