Religious Notices.

FATHER BLANCHET will hold divine services at the Catholic church to-morrow, at the usual hour.

REV. M. A. WILLIAMS will preach at the M. E. church to-morrow at the usual hour.

REFUSED TO GIVE HIM UP.—James Linsley, who was deputed to arrest Corporal Brooks for the killing of Sergeant Maroney, returned from Fort Klamath this week without his man. It seems that the military authorities at the Fort refused to give Brooks up on the ground that he was not discharged, and hence subject to military rule.

ARTESIAN WELL.—S. Plymale has drilled about twelve feet into the bed-rock, and is now rigging up a drum so that he can use horse power. He expects to be ready to commence operations in a few days. Plymale means business, and we can depend upon having the best of water in a few days.

NEW DRUG STORE.—Messrs. Osburn & Macornack have opened a new drug store in Ryan's block, one door west of the Post Office. These gentlemen are men of fine business capacities, and we feel warranted in recommending them to the citizens of Southern Oregon. See their advertisement in another column.

FOURTH OF JULY PARTY.—There will be a cotillion party at J. Wilders, on Applegate, on the evening of the Fourth. Mr. Wilder never fails to have a good time on such occasions, and we are informed that he has made more than ordinary exertions to have the finest of music and one of the best suppers ever given in Josephine county. There will be a grand pyrotechnical display early in the evening, which will add much to the entertainment. People are requested to come early in the evening so that they can witness the fire works before the dance commences.

FATAL ACCIDENT.—Owen Riley was found on Tuesday morning of this week laying by the roadside in an insensible condition. He had been engaged the day previous in hauling rails, and it is thought that he was thrown from his wagon while driving his team. Dr. Chapin was called to see him, and pronounced him beyond medical assistance. He died of concussion of the brain after lingering about twenty hours.

WILL CLOSE ON THE FOURTH.—We, the undersigned, merchants of Jacksonville, do hereby promise and agree to close our respective houses of business at 10 o'clock in the forenoon on July 4th, 1872, and remain closed till 4 o'clock p. m., for the purpose of participating in the 96th Anniversary of American Independence; White & Martin, Sachs Bros., Fisher Bros., Hoffman & Klippel, M. Meuser, G. Kawrski, John Orth, James Drum, William Boyer, E. Jacobs, Anton Ullman, R. S. Osburn, E. C. Brooks, A. F. Kent, C. C. Beckman, Robb & Kahler, John Bilger, John Neuber, Judge & Nunan, P. J. Ryan, J. Miller.

HORNE'S BALL.—There will be a cotillion party at Horne's Hall on the evening of the Fourth of July. Mr. Horn is making great preparations to have everything in readiness for the occasion. A good time is insured.

A MANGLED CHILD.—At Grave creek on the 14th inst., a little child of Mr. C. Cummings had both legs broken—one in three places—by the upsetting of a wagon, the heavy freight falling on her. She was brought to this place and attended by Dr. Chapin, and is doing well, with fair chances of recovery.

FINE HORSES.—Mr. Swan, of Siskiyou county, Cal., has purchased thirteen head of fine horses in our valley during last week, paying from \$100 to \$225 per head. Mr. Swan intends to ship them to the Oakland market. This valley exports some of the finest horses raised on the coast, and is getting a reputation abroad for fine stock.

MOWER and REAPER for sale. Price, \$125. Apply at the SENTINEL office.

FT. LAKE.—Don't forget the dance near Ft. Lane, on the evening of the Fourth—at Deskins'.

JAPANESE TROUPE.—This troupe performed here to a good house. Their exhibition was fine, and gave general satisfaction.

SUDDEN DEATH.—On Tuesday, 23th inst., David E., infant son of Mr. and Mrs. W. H. McDaniel, died suddenly at the parent's residence in this place.

LIST OF PATENTS.—The following patents were issued from the U. S. Patent Office to citizens of Oregon, week ending June 1, 1872, reported for the SENTINEL by Alexander & Mason, solicitors of Patents, 605 Seventh St., Washington, D. C.: Dynamometer Wrench—H. R. Leonard, Portland, Ogn.

REMINISCENCES OF TRAVEL.—This is the title of a neat and interesting little book, of 150 pages, left at this office by the author, Mrs. R. Frazier. Mrs. F. will canvass this county and State for the sale of her book, the price of which is one dollar. Mrs. F. is not what we term a "woman's rights woman," but rather humanitarian. "The design of the author," to use the author's words, "is to establish a School at Alameda, where conservative ideas and principles of truth and integrity will be disseminated, and where young girls will have that moral culture which will fit them for the world, in which dependent of sectional or sectarian prejudices." The building is fairly under way, which she hopes soon to complete by the sale of her book.

An Act in Relation to Bounties.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That every volunteer, non-commissioned officer, private, musician, and artificer who enlisted into the military service of the United States prior to July twenty second, eighteen hundred and sixty one, under the proclamation of the President of the United States of May third, eighteen hundred and sixty one, and the orders of the War Department issued in pursuance thereof, and was actually mustered before August sixth, eighteen hundred and sixty one, into any regiment, company, or battery, which was accepted by the War Department under such proclamation and orders, shall be paid the full bounty of one hundred dollars, under and by virtue of the said proclamation and orders of the War Department, in force at the time of such enlistment and prior to July twenty second, eighteen hundred and sixty one: *Provided,* That the same has not already been paid. Approved, April 22, 1872.

Mr. Pendleton seems to have different views upon the subject of the Presidential contest from the most of the Democracy. He fully recognizes the difficulty of uniting on a life long opponent of Democracy, and views with apprehension, if a candidate is nominated at Baltimore, the possibility of the election being thrown into the House of Representatives.

It pays to have the best. C. P. Burkhardt, of Linn county, has just received an order from a Pennsylvania farmer for 150 bushels of his mammoth white winter wheat. He received the handsome figure of \$3 per bushel for it.

The *Nation* says: "Mr. Schurz will deliver no speeches for Greeley, and could not honestly deliver any; and that if he simply keep silent Greeley will have no reason to be grateful to him."

The *Albany Register* says: Considerable wool has made its appearance in market during the week. Buyers are now paying 43 cents per pound.

There is talk of contesting the seats of Myers, of Clackamas, and Monroe, of Wasco, Democrats elect to the Senate.

Mr. Sacket has completed his contract on the Oregon and California Railroad between Oakland and Wilbur.

"Unless we have rain, crops are going to be short," is the general remark among farmers.

A SCHOLARSHIP in the National Business College, at Portland, can be had on favorable terms by applying at the SENTINEL office.

HOLLOWAY'S PILLS.—In all crowded cities, malaria and fogs are breathed over and over again, till the strongest lungs are incapable of producing pure blood, hence the sluggishness of mind and body, the weariness and irritability of many persons during this season of the year. These medicines neutralize these impurities, and give vigor to the head, heart and stomach. 25 cents per box or pot.

A Pitiful Condition.

It is a sad thing to pass through life only half alive. Yet there are thousands whose habitual condition is one of languor and debility. They complain of no specific disease; they suffer no positive pain; but they have no relish for anything which affords mental or sensuous pleasure. In nine cases out of ten this state of lassitude and torpor arises from a morbid stomach. Indigestion destroys the energy of both mind and body. When the waste of nature is not supplied by a due and regular assimilation of the food, every organ is starved, every function interrupted.

Now, what does common sense suggest under these circumstances of depression? The system needs rousing and strengthening; not merely for an hour or two, to sink afterward into a more pitiable condition than ever (as it assuredly would do if an ordinary alcoholic stimulant were resorted to), but radically and permanently.

How is this desirable object to be accomplished? The answer to this question, founded on the unvarying experience of a quarter of a century, is easily given. Infuse new vigor into the digestive organs by a course of Hostetter's Stomach Bitters. Do not waste time by administering temporary remedies, but wake the system up by reoperating the fountain head of physical strength and energy, the great organ upon which all the other organs depend for their nurture and support. By the time that a dozen doses of the great vegetable tonic and invigorant have been taken, the feeble frame of the dyspeptic will begin to feel its benign influence. Appetite will be created, and with appetite the capacity to digest what it craves. Persevere until the cure is complete—until healthful blood, fit to be the material of flesh and muscle, bone and nerve and brain, flows through the channels of circulation, instead of the watery pabulum with which they have heretofore been imperfectly nourished.

Special Notice.—Proprietors in the course of one-half of all cases the living medicine is subject to: Give time to the stomach and digestive organs, and you will save more than half in your doctor's bill. See Hostetter's Stomach Bitters, and you will be satisfied. It is a medicine recommended by all physicians to Dyspepsia, and for ALL COMPLAINTS OF THE LIVER AND BILIOUS GALLS. See advertisement in another column.

Look to Your Interests!

THE WHITE PRINCE WILL BE KEPT AT MY FARM NEAR Ashland, Oregon, till the first Tuesday in April; will then be every Tuesday and Wednesday at the Union Livery Stables, Jacksonville, and Friday and Saturday at home till the 10th of July.

NAPOLEON II.

The horse I purchased while in the East the past winter, is now near Red Bluff, Cal., and will be here about the first of May and be kept with White Prince the balance of the season. He is not quite as heavy as White Prince; rather finer about the head, neck and withers; a beautiful dark dapple gray, with white mane and tail. This horse, and mare "Joan of Arc," which died before shipment, were selected in France, in 1870, by one of her citizens, the best judge of this stock known.

Since the public have seen White Prince at our County Fair, he has matured and spread so his former friends would hardly know him. While East last winter, several of them inquired me they had stood aloof from the Percheron or Norman horse; thought them too heavy and not sufficient travel for ordinary use, but after seeing the grade colts and fillies come to maturity, and seeing them in use, say they will refer to them. Wherever they have been introduced they have given universal satisfaction.

I have been at great expense and risk in making the above importations, and have no doubt that if the horse breeders of this and adjoining counties, patronize the above horses and take proper care of their colts, we will show in a few years a class of horses superior to anything in their ring on this coast.

I will give \$150.00 for the best horse colt sired by White Prince, at weaning time the coming fall.

Also, premium of set of silver teaspoons to the owner of the 2d best horse colt. For the best mare colt, set silver teaspoons. For 2d best mare colt, a heavy silver plated soup spoon. To be judged by disinterested men at our county fair in 1872.

Also, for the best lot of colts owned and bred by one party from White Prince and Napoleon II, at the county fair of 1873, a set of silver table spoons.

TERMS.

\$15 due during the season, and \$15 when the mare is known to be with foal, or parted with. I have made my terms reasonable, that none need complain. I do not think any other person would go to this expense and risk to secure as good imported horses for anything like the same terms. I will shortly have an Illustrated Descriptive Catalogue and a large engraving of my stock. My colts, which I had at our county fair last fall, keep the same form and have grown well. Call and see my stock and be your own judge as to their merits. I will secure pasture, at fair rates, to accommodate mares from a distance. W. C. MYER, Ashland, Ogn., March 6, 1872. ml6m3

PLANTATION BITTERS. S. T.—1860—X.

This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits.

LYON'S KATHAIRON,

For Preserving and Beautifying the Human Hair. To Prevent its Falling Out and Turning Gray.

A well-preserved Head of Hair, in a person of middle age, at once bespeaks refinement, elegance, health and beauty. It may truly be called Woman's Crowning Glory, while men are not insensible to its advantages and charms. Few things are more disgusting than thin, scaly, harsh, untamed Hair, with head and coat covered with dandruff. Visit a barber and you feel and look like a new man. This is what **LYON'S KATHAIRON** will do all the time. The charm which lies in well-placed Hair, Glossy Curls, Luxuriant Tresses, and a Clean Head, is noticeable and irresistible. Sold by all Druggists and Country Stores.

Ayer's Hair Vigor

For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. It soon restores faded or gray hair to its original color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best Physicians, of all classes, establishes the fact, that **AYER'S CHERRY PECTORAL** will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Throat and Lungs, caused by the protracted use of Consumption, are cured by this preparation, and are, as is well known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy for full prostration, by curing Coughs, the hemorrhages of more serious diseases, it saves numbered lives, and an amount of suffering not to be computed. It challenges the most skeptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this dressing as a safeguard to children, and the distressing childhood, **CHERRY PECTORAL** is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centered on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome Influenza and painful Bronchitis, when they know how easily they can be cured. Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.
