RELIGIOUS NOTICES.

All notices under this head will be published free, and changes announced without charge if notice is given at the office before noon on Friday.
 Rev. Father Blanchet will hold divine service at the Catholic Church to-morrow, at the usual hour.

FAIR BALL.—Determined not to let the coming County Fair turn all the fun for the crowd which the occasion will draw together, some of our citizens have arranged to give a grand ball at Veit Schutz's Hall in this city on the evening of October 25th, to which lovers of the art of hopping to time are invited. Every necessary arrangement will be made for a pleasant time, as the matter is in the hands of the most competent artists in the country, and as to the matter of music it is only necessary to say that the Jacksonville String Band will furnish that. Read the advertisement.

From "THE BOYS."—Mr. Small, of Link river, informs us that the surveying party of Turner & Howard are on the west side of Little Klamath Lake. He says they will reduce the swamp land nearly one-half from what was returned by the Swamp Land Commissioners, which will give the actual settlers a chance for a home. He also informs us that the hay crop in that vicinity was much heavier this year than last, and has all been harvested and put up in good shape.

ZWEI GLASS LAGER.—The SENTINEL office crew and their visiting friends have for some days enjoyed the benefits of Veit Schutz's liberality, in the shape of liberal quaffs of that gentleman's most excellent lager beer, he having rolled a keg full of this favorite beverage of Old Grambrinus into our back room, stuck a fassot into it, and told us quietly to "go in." You can soon have the keg, Veit; our thanks you have now.

FOR SALE.—We have in this office a considerable quantity of type metal, which, to be of any further service to us, will require recasting. To avoid the trouble and expense of shipment to a type foundry we offer it for sale here, as it is good for all the purposes to which millmen, machinists, or other put Babbit Metal to, and in many it is preferable. We can sell it for the same, or less, than Babbit Metal costs.

BALM MEDICINE.—Read the advertisement of this new nostrum, manufactured by one of our citizens. What it is good for is best told in the advertisement. Mr. Parker assures us that his experience has proved it to be all that he claims for it, and he is now arranging for a wider distribution of it. He will go North in a few days.

THE WEATHER.—This standard item of the local reporter's has again made itself worthy of remark, by its mixture of rain, frost, sunshine and shadow in the week. Sunday rain fell, which was succeeded by a clear sky and frost on Monday night. Since then there has been an alternation of sunshine and shadow, with cool nights and mornings. Warm fires feel pleasant.

DAGGER COCKLE BURR.—Many persons are complaining of annoyance from this vegetable pest, and as the law requires Road Supervisors to use efforts to remove and exterminate it, a notice of its inconvenience published in the paper is thought to be about the best way to bring the matter to Supervisors' attention.

NEW GOODS.—Already are the new Fall and Winter stocks of goods, purchased by our merchants lately, beginning to arrive. White & Martin and Sachs Bros. have both received large additions to their stocks within the past few days. Give them a call and see for yourselves what they have which you may want.

RECOVERING.—Mr. Hale, who was so badly injured by a bear a short time ago, is slowly recovering.

GONE NORTH.—For some days the telegraph has contained notices of the passage, at different points along the route, of a party of North Pacific R. R. officials, who are on their way, we are informed, to select a point on the Sound for the terminus of the N. P. road. Yesterday the party passed this place, looking well and apparently enjoying their ride. It consisted of Geo. W. Cass, President of the Road; Wm. B. Ogden, Chas. B. Wright, Hon. Wm. Windom and T. H. Canfield, Directors; Samuel Wilkeson, Secretary, and Dr. Thayer.

ANOTHER SUPPLY.—John Bilger has just received another supply of fine liquors and choice family groceries, which he can afford to sell at greatly reduced prices. We can confidently advise persons to give Bilger a call before making purchases, if they wish to do themselves a favor.

IT'S A FACT.—"It's a vain horn that toots only its own praise," generally, but it is no spirit of vanity that we assert the superiority of this office over any other in Southern Oregon for the execution of job printing—especially of that kind for which we claim a specialty in our advertisement.

THANKS.—Mr. Moore of Applegate sent us a box of large ripe peaches of fine flavor, for which he has our most earnest thanks. They were among the finest we have seen this season.

DISTRICT SCHOOL.—We are informed that the Jacksonville District School, which has been closed for some time on account of the hot weather, will reopen about the 1st of November.

A SCHOLARSHIP in the National Business College at Portland can be had on favorable terms by applying at the SENTINEL office.

STAGE ACCIDENT.—The stage going North on Friday night of last week was upset on Myrtle creek hill. The driver and one passenger were severely injured. Mr. Dowell and lady were passengers on that trip, but Mr. D. says he received a "warning," which induced them to get off at Canyonville. We were not aware of Dowell's conversion to spiritualism, for how else would he receive a "warning?"

BECOME DERANGED.—The Portland Herald of Sept. 24th says that William Davidson, a noted real estate agent and collector of that city, and who has been in business there for the past 13 years, was that day pronounced insane and sent to the Asylum.

For the very best Photographs go to **BRADLEY & RULOFSON**, Gallery without STAIRS, **ASCEND IN THE ELEVATOR** 429 Montgomery street, San Francisco. Jan24ly.

HOLLOWAY'S PILLS AND OINTMENT.—For Scurry, Leptosis, and cutaneous diseases they are unrivaled. In places where these maladies are prevalent, the cures are marvellous, for the expulsion of pimples, blotches, &c., they are unparalleled, and as a Cosmetic the Ointment stands unequalled. Sold everywhere at 25 cents per box or pot.

WILL CHERRY BALM.—The memory of Dr. Wistar is embalmed in the hearts of thousands whom his Balm of Wild Cherry has cured of coughs, colds, consumption, or some other form of pulmonary disease. It is now over 40 years since this preparation was brought before the public, and yet the demand for it is constantly increasing.

Valuable Hints.
 A regular habit of body is absolutely essential to physical health and clearness of intellect. Nor is this all. Beauty of person cannot co-exist with an unnatural condition of the bowels. A free passage of the refuse matter of the system through these natural waste pipes is as necessary to the purity of the body as the free passage of the offal of a city through its sewers is necessary to the health of its inhabitants.

Indigestion is the primary cause of most of the diseases of the discharging organs, and one of its most common results is constipation. This complaint, besides being dangerous itself, has many disagreeable concomitants—such as an unpleasant breath, a yellow skin, contaminating blood and bile, hemorrhoids, headache, loss of memory, and general debility.

Hostetter's Stomach Bitters remove all these evils by removing their immediate cause in the digestive organs, and regulating the action of the intestines. The combination of properties in this celebrated preparation is one of its chief merits. It is not merely a stimulant or tonic, or an anti-bilious agent, or a nerve, or blood depurative, or cathartic, but all these curative elements judiciously blended in one powerful restorative. It lends activity and vigor to the inert and enervated stomach, relieves the all-momentary canal of its obstructions, and gives tone to the membrane which lines it, gently stimulates the liver, braces the nerves and cheers the animal spirits. No other remedy possesses such a variety of hygienic virtues. It is to these characteristic virtues that it owes its prestige as a household medicine. Experience has proven that it is as harmless as efficacious, and hence it is as popular with the weaker sex as with the stronger.

Hostetter's Stomach Bitters are sold in bottles only, and the trade-mark blown in the glass and engraved on the label is the test of genuineness. Beware of counterfeits.
