

SENTINEL AGENTS.

The following named persons are authorized to act as Agents for this paper in the places named: L. F. FISHER, 20 and 21 New Merchants' Exchange, SAN FRANCISCO.

RELIGIOUS.—Rev. Father Blanchet will hold divine services, at the usual hour, in the Catholic Church in this city to-morrow.

GONE TO SALEM.—Geo. Nurse, Esq., Register of the Land Office at Linkville, passed through town a few days since, on his way to Salem, on official business.

COMING TO TOWN.—We are informed that Dr. L. Danforth will locate in our town and begin the practice of his profession some time during the coming week. We are not advised as to the exact location of his office.

EN-ROUTE.—Ben Holladay and his Private Secretary, Dr. R. H. Towler, passed through town yesterday on the stage, on their way to Washington and New York. This, we think, is his first trip through this part of the country.

MR. VIVIAN DON'T OWE US A CENT; he paid us, like a man. The money was subject to our order before last issue, but we were not aware of it. Hence our remarks. It was to his agent the blame belonged, and he will do well to look to that individual, hereafter.

CHRISTMAS FESTIVAL.—Parents, and others interested in the Sunday School Christmas Festival, are requested to have all packages intended to be distributed from the Tree delivered at the M. E. Church before 10 o'clock Christmas morning.

Senator Corbett has been appointed on the following Senate Committees: Commerce, Indian Affairs, and Revolutionary Claims. Senator Kelly is on the following Committees: Post Offices and Post Roads, Mines and Mining, and Enrolled Bills.

U. S. DEPUTY SURVEYOR.—The attention of all persons who desire mining ground surveyed is called to the new advertisement of B. F. Myer, who has been appointed Deputy U. S. Surveyor for Mining District No. 1, in accordance with the law of Congress.

TAKE A CHANCE.—Two dollars will buy a chance to win the finest "gun" in town, put up at a raffle in Pape's saloon by Mr. John Miller, at \$2 a throw. If you lose, the loss is small; if you win, you have \$100 worth of property exempt from execution.

HOLIDAYS will soon be here, and the little folks will all expect to receive a nice present of some sort. The easiest way to find what you want to buy, and the best place to buy it, is to look over the advertisements in the SENTINEL. Men who advertise liberally generally do everything else the same way.

HOLIDAY SPORTS.—All you smart Alecks of keen sight and steady nerve can have a chance to show your skill on both Christmas and New Year day. S. Plymale will put up a choice lot of poultry and other prizes to be shot for on those days, and everybody is invited to take a chance. The terms of the match will be arranged on the ground.

DISABLED.—Capt. Silva, of the 21st Infantry, who started for the Klamath country with his company a few days since, has returned to Jacksonville for medical treatment. He was injured while in Arizona, and the late trip so aggravated the wound as to compel him to return here for relief. There also came with him one of the soldiers with a severe attack of erysipelas.

LISTEN TO US.—We know that not a few of our subscribers around in the valley have more fruit and vegetables stored away in their cellars than they can use, and we want some of you to divide with us. You needn't go to the trouble to sell your apples and bring us the money, unless you prefer to do so, but just bring a few bushels of your apples, and some of your vegetables, within reach of our claws.

COLD SNAP.—For the past week old Jack Frost has shaken his beard in this vicinity every night, and caused all the little streams to feel the hardness of his chilly grip. Glassware, crockery, and pump-pipes have done business on tick during the time. It has remained clear all the while, with but a pleasant coolness in daytime, while the harder flowers and shrubs, such as chrysanthemums, dahlias, and roses, are yet in full bloom.

The Great Pictorial Annual.

Hostetter's United States Almanac for 1873, for distribution gratis, throughout the United States, and all civilized countries of the Western Hemisphere, is now published and ready for delivery, in the English, German, French, Norwegian, Welsh, Spanish, Swedish, Bohemian and Polish languages, and all who may wish to understand the true philosophy of health should read and ponder the valuable suggestions it contains.

The nature, uses, and extraordinary sanitary effects of Hostetter's Stomach Bitters, the staple tonic and alterative of more than half the Christian world, are fully set forth in its pages, which are also interspersed with pictorial illustrations, valuable recipes for the household and farm, humorous anecdotes, and other instructive and amusing reading matter, original and selected. Among the Annuals to appear with the opening of the year, this will be one of the most useful, and may be had for the asking.

SEEDS AND PLANTS.—We are often interrogated as to the best place to buy seeds, shrubbery, flowering plants, etc.; what are the best varieties for our climate and soil, or the most beautiful to look at, and many other questions of similar import. As to a complete answer we invariably give it up. We can tell what tastes good or looks nice to us, but pass when further information is required.

There are many in the country who will furnish seeds and plants, with the proper instructions as to their cultivation. A lady friend, who is fond of vegetables, shrubbery, &c., and who keeps the catalogues of all the principal dealers, says the best man to purchase from is H. A. Dreer, 714 Chestnut street, Philadelphia, Pa., who will send you a Catalogue of his productions to select from, with a full description of each article and instructions how to cultivate, and will forward to you any article selected, securely protected from injury.

A WORTHY CAUSE.—We learn that a subscription has been started for the relief of Mrs. Brotherton, whose husband and older sons were lately killed by the Indians. In mid-winter, illly provided to meet the task, is thrust upon her the care of the remainder of her family, and her condition should elicit a more substantial evidence of sympathy than mere words of condolence. Pass the paper round. No contribution of money or stores can make good her loss, it is true, but they will serve the purpose of mitigating a suffering fully as acute and more exacting.

"BUSINESS IS BUSINESS."—When the times get dull in your legitimate occupation, do something else, or take in something else that will help to pay expenses. We are led to make these suggestions by the information that a prominent livery man of our city has gone to peddling apples from a basket at the rate of four for a bit or two for five cents. Ice cream in season, we suppose. But the livery business still goes on.

HOLLOWAY'S PILLS AND OINTMENT.—Scrofula was considered incurable until the great discovery of "Holloway's Pills and Ointment" flashed upon the world. Diseases which baffle the skill of the medical schools readily yield to these peerless remedies. Scoury, Erysipelas, Salt-rheum, Itch, and all cutaneous eruptions, are curable by them. 25 cents per box or pot.

For the very best Photographs go to BRADLEY & RUFUSON, Gallery without STAIRS. ASCEND IN THE ELEVATOR 429 Montgomery street, San Francisco. Jan 24th.

Chopped Grain. G. NAYLOR takes this method of informing the public that he is prepared to chop Wheat and Barley for the 12th bushel, or (7) seven cents each, and will grind corn for the 8th bushel. His mill is on Ashland Creek, one-fourth of a mile south of Ashland. October 12, 1872.

PLANTATION BITTERS. S. T.—1860—X

This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits.

Mexican Mustang Liniment! FOR MAN AND BEAST.

Probably few articles have ever had so extensive a Sale, while none have been more universally beneficial. THE GENUINE MEXICAN MUSTANG LINIMENT. Children, Adults, Horses, and Domestic Animals, are always liable to accident, and it is safe to say, that no family can pass a single season without some kind of an emollient being necessary. It becomes a matter of importance then to secure the best.

Over three hundred livery stables in the city of New York alone are using the MEXICAN MUSTANG LINIMENT, in all of which it gives universal satisfaction. CAUTION.—The genuine is wrapped in a fine Steel Plate engraving with "G. W. Westbrook, Chemist," and "Trade Mark, MEXICAN MUSTANG LINIMENT," engraved across the face of each wrapper.
