

SENTINEL AGENTS.

The following named persons are authorized to act as Agents for this paper in the places named:
L. P. FLETCHER, 26 and 27 New Merchants Exchange, SAN FRANCISCO.
S. M. PETTINGILL & CO., 37 Park Row, NEW YORK.
ALBERT BROWN, (successor to Johnson & Mabel, 131 First St., NEW YORK.
GEO. P. ROWELL & CO., 41 Park Row, NEW YORK.

"A Happy New Year."

Ere another issue of the SENTINEL shall have made its presence felt Old Time will have finished another revolution of its wheel, and 1872 will have been recorded among things that were. We suppose the year 1873 will be inaugurated in pretty much the same manner as its predecessors, from time immemorial, by turning over new leaves only to tear them out ere the moon shall change, while vows and resolutions of reformation will be forgotten or broken ere the moisture of the breath that assisted their utterance shall be dry upon the lips that spoke them. But we can hope that none have so utterly wasted the past as to cause a dread of the future, though the records of the dying year teach us to expect that many a heart which beat high with hope and bright anticipation at its dawn will have shrunk in remorse or broken in despair at its close. Such is but the ever recurring record of human nature. But we have the cheering reflection that the cloud which overshadows one may throw no shade upon another, and in the moral, as in the physical world, "nature produces an equilibrium." With thanks for favors in the past we will trust to luck for the future, and with faith in the right and hope for our guiding star "stare fate in the face." It, in the future, we shall be guilty of anything productive of sorrow, we'll try and be glad of it, for our motto is—

Let the wide world wag as it will,
We'll be gay and happy still.

For you all we wish a "Happy New Year," suggesting that we have the ability to work off more SENTINELS, and there's still room on our subscription books.

THE WEATHER.—This current topic of news having for a time given place to the Modoc war and other subjects, has again come to the front by showering upon us a flood of rain on Sunday last, and "keeping up its lick up" for three days and nights. On Christmas Day it cleared off and the weather was as fine as a "May day in June," as Paddy said. Since then we have been favored with occasional showers only, the weather continuing warm and pleasant. Grass is green in the valley around us and flowers are in bloom in the gardens about town, and many a tree yet hangs full of apples. We have had but very little snow this winter, and so far but a slight fall of rain; though the late storm has furnished sufficient water to put some of the miners to work.

THE SAN FRANCISCO CHRONICLE.—This "lively" and most outspoken daily paper of San Francisco, not to be behind its rivals in that respect, is making efforts to give its circulation a wider extent, and now has among us an agent, Mr. E. B. Hopkinson, who will remain for a few days, and will cheerfully furnish samples of the paper and all information to those who may wish to subscribe for the *Chronicle* and put themselves in daily communication with the metropolis of the Coast and the world in general, through an able and reliable medium.

NICE PREMIUMS.—Those solid silver spoons promised by Mr. Myer to persons taking premiums at the late County Fair, for Percheron colts, have arrived and are ready for delivery according to agreement, and were shown to us the other day by Mr. E. C. Brooks. They are full sets of tea-spoons, made in Boston from solid silver, since the late fire in that city, and bear the initials of the recipients neatly engraved in chased letters on the handles. The lucky recipients are Messrs. M. Hanley, P. Dunn and Wm. Ray.

THANKS.—The Committee of the Christmas Tree affair offer their thanks to the Clergymen and others who so kindly assisted them in their labors on Christmas Day. The order of exercises reached us too late for publication, but as almost everybody was there, it would be dry reading—particularly to those who got nothing.

THANKS.—S. Plymale will please accept our thanks for a nice turkey, presented to us on Christmas Day.

A "Merry Christmas."

CHRISTMAS DAY passed off agreeably with us. The weather was fine and amusements plenty. Shooting matches, the customary egg-nogg, with an occasional drop stronger, and never-ending joke, made up the fun for the men; while the ladies got ready their best dinners, whereat many a sturdy gobble met the penalty of his genus by sudden decapitation and "false entry," for the pleasure of his epicurean friend. The boys outvied the Chinamen in the number and rapidity of their fire-cracker bombardments, and "Merry Christmas" was the universal salutation. In the afternoon the gifts were distributed from the M. E. Sunday School Christmas Tree at the Court House, where Al. Owens, Esq., clad in his bell-trimmed suit of furs, played the part of Santa Claus, much to the amusement of the assembled juveniles, and assisted by his efficient Aids, Messdames Prim and Foudray and Mr. J. Boyer, dispensed the favors of that mythical benefactor with liberal and willing hands, showing

How easy 'tis to give, when you have to spare;
And how silly to grumble, if you don't get a share.

It was a day of general "give and take," and many a drawing-room table and parlor stand received additions to its load of love tokens and presents of friendship, while little ones will play ball with the boy in the mirror or put "dolly" to bed in the book-case for months to come.

GOING EAST.—Hon. E. L. Applegate passed through our town on Christmas Day, on his way East to attend to his duties as Commissioner of Immigration, agreeably to his commission according to an Act of the last Legislature. He was accompanied by Mr. Jacob Stitzel of Portland, whose business or destination we did not learn.

CHRISTMAS BALL.—Although unable to attend ourselves, we are informed by parties who were there that the ball given by our friend Beeson, on Wagner Creek, Christmas Eve, was a perfect success, he having sold fifty-two tickets, and the guests having a "gay and festive" time of it. Mr. Beeson will give another ball on New Year's Eve.

PASSED.—Mr. Geo. Conn, Receiver of the Land Office at Linkton, was in home.

DANCES.—Don't forget the ball at Horne's Hotel on New Year's Eve. They are going to have a good time. Some of the boys improvised a dance there on Christmas night, and notwithstanding the short notice, had a good time and a "respectable" crowd.

NEW ADS.—Read the card of Dr. Danforth in this issue, and you will learn where to find him when you may need his services. Also the notice of the "breaking up" of the firm of Saphs Bros., who want you all to come forward and settle up. Time!

RELIGIOUS NOTICE.—Rev. N. A. Starr will hold divine services at the M. E. Church in this city to-morrow, (Sunday, Dec. 29,) at 11 o'clock, A. M. After the sermon, the Annual Missionary Collection will be called for.

FUNERAL SERVICES.—On Sunday, January 5th, at Phoenix, Rev. N. A. Starr will preach the funeral sermons of D. P. Norton, Mr. Randall's son, and one of Mr. Bishop's little girls. Services beginning at 11 o'clock A. M.

NOT KILLED.—Since the letter of Mr. Langell was put in type we have learned that letters have been received from Mr. Henry Blecher, whom Mr. Langell supposed killed, and of course Mr. B. is all O. K.

NO MORE.—We cry quits for the present on the apple question, as we have received and contracted for all the apples we want until you hear us yell again.

PREACHING.—Rev. I. D. Driver, Agent of the American Bible Society, is expected to preach in the M. E. Church to-morrow, at 11 o'clock.

RELIGIOUS.—Rev. Father Blanchet will hold divine services, at the usual hour, in the Catholic Church in this city to-morrow.

PLANTATION BITTERS.

S. T.—1860—X.

This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits.

LYON'S KATHAIRON.

For Preserving and Beautifying the Human Hair. To Prevent its Falling Out and Turning Gray.

A well-preserved head of hair, in a person of middle age, at once bespeaks refinement, elegance, health and beauty. It may truly be called Woman's Crowning Glory, while men are not insensible to its advantages and charms. Few things are more disgusting than thin, frizzly, harsh, untamed hair, with head and coat covered with dandruff. Visit a barber and you feel and look like a new man. This is what **LYON'S KATHAIRON** will do all the time. The charm which lies in well placed hair, glossy curls, luxuriant tresses and a clean head is noticeable and irresistible. Sold by all Druggists and country stores.

Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys is derived from its cures, many of which are truly marvellous. In cases of Scrofulous disease, where the system is generally saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt taint of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to brood infection throughout the body, and then, on some favorable occasion, rapidly develops into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be silently deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this **SARSAPARILLA**: *St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears, and other eruptions or visible forms of Scrofulous disease.* Also in the more concealed forms, as *Dyspepsia, Dropsy, Heart Disease, Jaundice, Leucorrhoea, and the various Ulcerous affections of the muscular and nervous system.*

Scrofulous diseases are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. *Leucorrhoea or Whites, Dropsy, Ulcerations, and Female Diseases,* are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, supplied gratis. *Rheumatism and Gout,* when caused by accumulation of extraneous matter in the blood, yield quickly to it, as the *Five Complaints, Paralysis, Congestion or Inflammation of the Liver, and Jaundice,* when arising, as they often do, from the rankling poisons in the blood. This **SARSAPARILLA** is a great restorer for the strength and vigor of the system. Those who are *Languid and Listless, Depressed, Sleepless,* and troubled with *Nervous Apprehensions or Fears,* or any of the affections symptomatic of *Weakness,* will find immediate relief and convincing evidence of its restorative power upon trial.
