The viewers of the road from Rock Creek bridge to Geo. A. Jackson's, on the Ft. Klamath road, assessed damages in favor of Messrs. Donegan and Caldwell in the sum of \$300 apiece. The same is to be paid by the petitioners if the road is established.

Teachers' Institute.

The attendance at the Teachers' Institute last Friday and Saturday was good.

FRIDAY, August 29. Hon. Syl. C. Simpson took the Chair and F. W. Ewing was chosen Secretary.

After effecting a permanent organization, various exercises were had, such as music, addresses, discussions upon various subjects, critics' reports, etc., all of which we should be pleased to speak of more fully, did our space permit.

An address was to have been delivered by Prof. Skidmore in the evening, but he not being present, the Institute proceeded to discuss the question of "School Discipline," which was handled with great ability, various persons in the audience—which was large—taking part in the discussion, as well as the teachers.

SATURDAY, August 30. The principal feature of the exercises to-day were discussions upon various matters connected with teaching, besides which there were music, addresses, essays, etc.

Resolutions were passed thanking Prof. Brooks and those assisting him for the music furnished; W. J. Stanley for his energy and industry in making arrangements for the meeting; and Prof. Simpson for the able manner in which he presided over the proceedings of the Institute.

A brilliant lecture by Prof. Simpson in the evening, published in the SENTINEL to-day, closed the proceedings.

GOOSE LAKE NEWS.—Deputy Sheriff Coates, who returned from Goose Lake Thursday, gives us the following items from that section:

The country is settling up rapidly, and a great number of cattle are being driven in constantly.

Mr. Coates attended the first show ever given at Goose Lake.

The first natural death on Lost River occurred while Mr. C. was there—that of Johnny Van Raper, a boy about three or four years old.

The weather is cool, and the nights are frosty.

Harvest is just commencing. The crops promise to be fair.

There was a row in Cardwell's hay camp a short time since, in which a man was severely if not dangerously cut in the side.

GOSE.—Lieutenant Boutelle, late of Fort Klamath, passed through Jacksonville last Wednesday, en route for Fort Lapwai, I. T., where he has been ordered. He was all through the Modoc war, from the first fight on Lost River until its final termination. The Lieutenant is a brave officer, and is highly respected by his companions in arms. His gentlemanly bearing made him a special favorite among those who had the good fortune to form his acquaintance. We bespeak for him the best wishes of the people of Southern Oregon, and hope he may find his new home both pleasant and profitable.

BEAT IT WHO CAN.—A hunting party composed of Judge Prim, Ex-Sheriff Reams, John Miller and D. W. Cox went on a hunt last week to Lost Prairie, some forty-six miles from Jacksonville. Although they were out but a few days, they killed sixteen deer and an elk. We believe this to be the most successful hunt that we have had the pleasure to record.

SERIOUS ACCIDENT.—The oldest son of Mr. Samuel Hawkins, of Antelope, met with a serious accident last Saturday. He was kicked by a horse, fracturing the under jaw in two places. The boy is doing well under the medical care of Dr. Danforth.

COUNTY HOSPITAL.—Sealed proposals for keeping the County Hospital will be received at the County Clerk's office until 12 o'clock M., October 8th, 1873. See advertisement elsewhere.

MARRIED. At the residence of Mrs. Eunice Jamison, on Little Butte Creek, September 24, 1873, by Elder M. Peterson, Mr. Thos. H. Whelpley to Miss Mary Ellen Jamison, all of Jackson County, Oregon.

COUNTY STATISTICS.—By the Assessor's books it appears that the total taxable property in Jackson county amounts to \$1,729,118. The total number of polls is 1,064. The tax levy is as follows: school tax, 3 mills; State tax, 5 1/2 mills; county tax, 7 mills; special tax, 1/2 mill; building fund, 2 mills; total 18 mills. State poll tax, \$1; county poll tax, \$1; hospital tax, \$2.

SPECIAL NOTICES.

Undeveloped Vigor.

The feeble and debilitated usually imagine they are in a much worse condition than they really are. The resources of nature are not easily exhausted. Even when strength and appetite fail, when the eyes are heavy and lustreless, the complexion pallid, the nerves tremulous, the body attenuated, and the mind depressed, there is generally a reserve of latent power behind such palpable evidences of weakness. Various modes of treatment are resorted to by physicians, in the hope of developing and rendering available this store of sleeping vitality, but the surest, and indeed the only thoroughly safe and reliable means of awakening the dormant energies of the system is a course of Hostetter's Stomach Bitters. Electricity, shower baths, the flesh brush, sea bathing, etc., may be well enough in their way, as auxiliaries, but they do not reach the source of the evil. All physical debility proceeds either from the derangement of the functions of the assimilating, secretive or vital organs, or from a sluggish constitution. In either case, and also in cases where both causes exist, the Bitters will invariably produce an immediate and salutary change in the condition of the patient, and eventually effect a complete cure. None of the dangerous Alkaloids, too often administered as tonics, can be otherwise than deleterious under such circumstances, and to give mercury is positively criminal. The direct effort of the great vegetable specific will be manifested in an increase of appetite, a more cheerful frame of mind, a gradual return of strength, an increase of flesh, and a healthier complexion. Meanwhile, however, the constitution, if inert and feeble, will have been roused and renovated by the subtle invigoration contained in the Bitters.

To cure a cough, to relieve all irritations of the throat, to restore perfect soundness and health to the most delicate organizations of the human frame—the Lungs—use Dr. Wistar's Balsam of Wild Cherry, which is still prepared with the same care in the selection of ingredients as when it was introduced to the public by Dr. Wistar, over forty years since.

Edward Bayer, Esq., Horton, Kings Co., N. C., writes that an astonishing cure has been effected on his daughter by the use of Johnson's Anodyne Liniment. The whole spine became diseased, she lost the use of her limbs, and her back was rounded up like a bow, in consequence of having taken cold after being inoculated for the knee pox. She is now well.

We pledge our reputation on the assertion that any educated physician, after a careful examination of the recipe, will say that Parson's Purgative Pills possess more merit than any other pill now offered for sale.
