

THE SENTINEL.

NASBY.

He Wants to Be a Granger and with the Grangers Drink.

(Which is in the State of Illinois.)

Things an't workin'z smooth with uz ez I could wish, in our movement for the relief uv the hardhanded agricultooralists uv Illinois.

Our first mistorchoon occurred in the election uv officers our county Grange. I got a list of the officers, and went on to fill'em.

"What am I to hev?" I asked. Billins run his intellectooal eye down the list.

"Wood it soot you too be Flora?" he replied.

"Anything?" wuz my answer. Whereupon I was elected Flora, and the list wuz published in the country papers.

There was a guffaw all over the country. Not one of uz knowed that Flora wuz a female!

But we endored the lature of the populaz in this blunder, and went to work vigorosly to drum up recruits.

We held daily meetings in the back room of the Jackson Hotel; discussing the wrongs uv the laborin classes.

But we endored the lature of the populaz in this blunder, and went to work vigorosly to drum up recruits.

"Observe," said Blathers, "that yeomanry a puttin in his unrequired toil. My sole aches for him."

And to drown his sorrows at the site, Mr. Blathers ordered a glass of whisky, remarkin to the landlord in the most absent-minded manner to just chalk it down, when the landlord hevin heard the concluddin sentence of the order, in an ekilly absent-minded manner didn't bring the likker at all.

That afternoon I got hold of three farmers, and had a long and satisfactory talk with them. They were in-censed agin monopolies, and were ready to join in a movement to bust em.

"Are you willin to jine sich a holy croasade?" I demanded. "Are you willin to jine an organization wich will give the farmers uv the country a proper reward for their labor, which will give em, in short, wuz belongs to em?"

"Then, come with me," sed I. I rushed em into the back room of the Jacksonville Hotel.

"Billins, Blathers, Pettus," I yelled exultingly, "here is three honest yeomanry who has been ground into the dust by thevian monopolies, who want their rites—here is three recruits for our noble army of freemen!"

"Mr. Pettus, you are agoin' to restore to the farmers wuz is their own, ain't you?" sed farmer No. 2.

"Pay me for the load uv potatoes yoo bought uv me last winter," shouted No. 2, sezinn Blathers.

"Pay me for the load of wood I drew yoo last fall, wuz a year ago," shouted No. 3, goin' for Pettus.

The farmers didn't git their pay, and we hev abandoned all hopes uv sekooring them. There is no use uv sympathisiers with labor tryin to do anything with men who take sich narrer and grovelin views uv things ez the men do.

e'm ask each other wat earthly good it cood possibly do labor and laborin men to elect three sich infernal beata to offa. This is the reward we get for our services in awakenin the masses to a sense uv their wrongs.

I shel keep on a little while, though. I kin avoid the fate that overtook my friends, for I heavn't bin here long enuff to git in debt.

PETROLEUM V. NASBY, (Wunst Postmaster—now Farmer.) Chinese Sheep.

During a recent visit to the State Fair we were shown a number of varieties of sheep, ranging in breed from the Merino, Cotswolds, etc., down to the common stock, but we have just heard of an entirely new breed, specimens of which are owned by Mr. C. J. Mulkey, who imported them direct from China per good ship Edward James.

Assuring my patrons that no pains will be spared in looking to their interest, I ask for a continuance of their past favors.
