THE LAW OF NEWSPAPERS

1. Subscribers who do not give express notice to the publisher, are considered as wishing to continue their subscription.
 2. If any subscriber orders the discontinuance of their subscription, the publisher may continue to send them until all arrears are paid.
 3. If subscribers neglect or refuse to take their newspapers from the office to which they are directed, the law holds them responsible until they have settled the bill, and ordered their discontinuance.
 4. If subscribers remove to other places without informing the publisher, and the newspapers are sent to the former direction, they are held responsible.
 5. The Courts have decided that refusing to take newspapers from the office, or removing and leaving them uncollected, is prima facie evidence of intentional fraud.
 6. The postmaster who neglects to give legal notice of the neglect of a person to take from the office the newspaper addressed to him, is liable to the publisher for the loss of the same.

Fishery Matters.

B. B. Redding, one of the Fish Commissioners, who has just returned from the McCloud River, states that salmon are quite plentiful in that stream, they having gone up a month earlier this year than usual. It is estimated that twelve million eggs will be hatched this year. The California Commissioners will purchase two million to replenish the stock of fish in the Sacramento, and the United States Government on its own account will give a million more for distribution in California waters. Several millions will be sent East to stock the streams flowing into the Atlantic. It is also stated that the Chinese at Aptos are catching shad and selling them at fifty cents each, and many of this fish weighing from four to six pounds have been caught. They do not obey their instincts of returning to the streams of their birth, but go into other streams where they find convenient spawning grounds. On the 18th of June 150,000 shad were placed in the water at Tehama, added to the 300,000 previously put in, makes 450,000 as the whole number received in California. The trout sent from this State to the Hawaiian Islands are doing well, and of their own accord have stocked several streams emptying into the ocean near the streams where they were originally placed. During the high water that recently prevailed in the Sacramento River many of the fish that had been placed therein found their way into many of the sloughs and ponds, where they were left, cut off from the main stream. Efforts are being made to catch and return them to the river. The Commissioners report that the fishermen this year are obeying the law relating to Sunday fishing, and promise to also observe the close season, which begins next month.

THE SUTRO TUNNEL.—This great undertaking has at last been accomplished, under the persevering pluck of Adolph Sutro. For years, under adverse circumstances, Sutro has persistently prosecuted his scheme of opening a tunnel to the Bonanza mines at Virginia City, Nevada, for the two-fold purpose of draining the mines and affording fresh air. The expense of drifting this tunnel through solid rock has been enormous, but Sutro's financial ability proved equal to the task. By this tunnel the temperature of all the mines will be greatly reduced to a cooler state, and render them healthier and easier to work.

Salem Record.—We learn from the best authority that the people of Silverton and vicinity propose to subscribe two-thirds of the money to build a railroad from Salem to this flourishing town. One citizen alone says if the funds cannot be raised in any other way, he will subscribe for sixty thousand dollars of stock as soon as the books can be opened for the purpose.

Two of the members elect on the Workmen's ticket, who are to represent the great commercial city of San Francisco in the Constitutional Convention, became citizens just one month and ten days before the election. Honors are easy in America, for sure.

The kind of dentists this country wants is those who extract teeth without payin'.

Oregon Appropriations.

The Engineer in charge of this district has received a copy of the River and Harbor bill and has been directed to report to the War Department whatever he recommends under the following appropriations, viz:

The appropriation for the mouth of the river reads as follows:
 "For the improvement of the mouth of the Columbia river, Oregon, \$5,000, the same or so much thereof as may be necessary to be expended under the direction of the Secretary of war in making thorough survey of the bar at the mouth of said river, and in the preparation of a plan and estimates for its permanent improvement; any balance to be used in the temporary improvement of said bar."

The Engineer in charge has anticipated this letter and reported what was required, on June 29th. It is expected to continue dredging at the various bars on the Lower Willamette and Columbia, as the appropriation is not sufficient to build either of the projected dams and keep the dredgers at work at the bars, also when the effect of the dam, if completed would be felt. The dredger will start out on July 15th, as the river will then be low enough to commence work on the Upper Columbia and Snake, the work will be confined to Five-Mile Rapid and Pine Tree Rapid on the river, and bids will be called for by advertisement as soon as authority from Washington is obtained. On the Upper Willamette, the work will consist of removing rocks, near Rock Island.

At the Cascade Canal the work of constructing locks will be commenced soon as the title is approved for the land; the work will be advertised as soon as authority is received from Washington so that the contract may be awarded, and the contractor be ready to commence work as soon as the title to the land is approved.

The survey of the mouth of the river will be commenced in August. This will be a very elaborate work, as the size of the Columbia river renders it necessary to make an extensive survey. It is possible that the immediate work may be in direct charge of an officer, who will report to the engineer of this district to assist him.

Surveys are ordered in the bill at the following places; but the engineer in charge has not yet received orders about them: Clearwater river, Idaho; Cape Foulweather, Oregon, to ascertain its adaptability as a harbor of refuge; Coquille river, Oregon; the entrance to Coos Bay; Port Orford, Oregon, to ascertain its adaptability as a harbor of refuge; Coquille river, Oregon; Rogue river, Oregon, between Scottsburg and its mouth.

It will be observed that another survey has been ordered at Port Orford. Major Robert made a complete report on this subject in 1873. It will also be observed that a survey has been ordered of Rogue river, between Scottsburg and its mouth. Scottsburg is on the Umpqua river, some distance north of Rogue river.

Specifications and forms for advertisements for work on Cascade canal, and on the Snake and Upper Willamette rivers have been prepared and forwarded to Washington with a request for authority to publish at once.

Another modification of the President's celebrated Civil Service order has been made. Officerholders may now not only contribute to campaign expenses, but may also "belong to committees and joint conventions." We are now just about where we were before the order was issued.

An Illinois man, who is a resident of a better country, is the question on the railroad train, and now the maiden lady had better commence proceedings in for a breach of promise.

SANFORD'S RADICAL CURE FOR CATARRH INSTANTLY RELIEVES.

6,000 FEET ABOVE THE SEA.
 O. Sanford & Co., Denver, Col., large and influential druggists. They have prepared this Radical Cure for Catarrh, after a long and successful experience. No other disease is so alarmingly prevalent in that region. They speak of the following gentlemen as among their best customers:

SORRILY AFFLICTED.
 J. O. Boscworth & Co., Denver, Col.: Gentlemen,—I have used your Radical Cure for Catarrh, and I can give you the most satisfactory evidence of its efficacy. I have been afflicted with Catarrh for four years, and have tried every remedy known to man, but have not found relief until I used your Radical Cure. I have now used it for four years, and I can give you the most satisfactory evidence of its efficacy. I have now used it for four years, and I can give you the most satisfactory evidence of its efficacy. I have now used it for four years, and I can give you the most satisfactory evidence of its efficacy.

GREATLY AFFLICTED.
 Messrs. J. O. Boscworth & Co., Denver, Col.: Gentlemen,—I have used your Radical Cure for Catarrh, and I can give you the most satisfactory evidence of its efficacy. I have been afflicted with Catarrh for four years, and have tried every remedy known to man, but have not found relief until I used your Radical Cure. I have now used it for four years, and I can give you the most satisfactory evidence of its efficacy. I have now used it for four years, and I can give you the most satisfactory evidence of its efficacy.

TRIED EVERYTHING.
 Messrs. J. O. Boscworth & Co., Denver, Col.: Gentlemen,—I have used your Radical Cure for Catarrh, and I can give you the most satisfactory evidence of its efficacy. I have been afflicted with Catarrh for four years, and have tried every remedy known to man, but have not found relief until I used your Radical Cure. I have now used it for four years, and I can give you the most satisfactory evidence of its efficacy. I have now used it for four years, and I can give you the most satisfactory evidence of its efficacy.

REV. J. H. WIGGIN SAYS:
 One of the best remedies I have ever used for Catarrh, is Sanford's Radical Cure. I have used it for four years, and I can give you the most satisfactory evidence of its efficacy. I have now used it for four years, and I can give you the most satisfactory evidence of its efficacy. I have now used it for four years, and I can give you the most satisfactory evidence of its efficacy.

COLLINS' VOLTAIC PLASTERS
 For Local Pains, Lameness, Soreness, Weakness, Numbness and Inflammation of the Joints, Liver, Kidneys, Spleen, Bowels, Bladder, Heart, and Muscles, are equal to a variety of doctors and acres of plants and shrubs. Even in Paralysis, Epilepsy or Fits, and Nervous and Involuntary Muscular Action, this Plaster, by holding the Nervous Forces, has effected Cures when every other known remedy has failed.

Price 25 Cents.
 Ask for Collins' Voltaic Plaster, and insist on having it. Sold by all Wholesale and Retail Druggists throughout the United States and Canada. **WEEKS & POTTER, Proprietors, Boston, Mass.**
