FOR KLAMATH.—J. W. Manning and Joe L. Clough started for Fort Klamath on Monday last to deliver fourteen mules purchased in this valley for the Government service. The mules purchased are all fine animals.

BACK ON A VISIT.—Frank Cluggage, an old-time resident, and at one time owner of our present town-site, has been in town several days during the past week on a visit. He is now largely interested in stage lines and mail contracts in Nevada and Arizona, and will return in a few days.

MILITARY.—The Walla Walla Union says: Last Saturday Major Jackson's Company 1st cavalry arrived at the Fort. They were paid off on Wednesday, and on Thursday left for the Umatilla Agency, where they will camp for a short time. It is expected they will winter at Fort Walla Walla.

INDIAN SUPERSTITION.—It is a general belief among the Indians of this coast that at some period not far distant all the dead Indians, whether killed in battle or those that died a natural death, will all arise from their graves and become, as they once were—good, healthy warriors. They then expect to stand and even chaffee with the whites, and hope to drive them out of the country.

INDIAN DANCES.—The Indians now in this vicinity have been holding dances on Kanaka Flat each evening for a week past—charging their white brethren an admission fee of 50 cents each to witness the performance. Quite a large number from town visited the show on the first and second evenings, but as one visit generally satisfies the audience, they have not been repeated.

HELD TO ANSWER.—The preliminary examination of J. C. Corum, on a charge of attempting to kill John Cummins, was concluded in Justice Huffer's Court last Wednesday and the defendant held to answer before the next Grand Jury in the sum of \$200. The bonds were given and the defendant returned to his home in Little Butte precinct on the following day.

OUR NARROW GAUGE.—No aid or assistance of any kind, to help build our narrow gauge railroad to the coast, was received from the State Legislature, but the projectors of that scheme seem to feel confident of their ability to carry it to a successful completion nevertheless. A right of way is all they ask. We hope to see their prediction, "that it will be in running order in less than two years," verified.

COLT SHOW.—A number of the colts by James A. Cardwell's "Penner's Mike" were exhibited in this place last week, making a fine family of horses as were ever placed on exhibition anywhere. Five of the colts were present, among which were the following: "Gen. Grant," an exceedingly fine two-year-old, owned by J. H. Penn; "Marrango," a two-year-old owned by Capt. B. B. Griffin; and three sucking colts owned by O. Harbough. They are all of remarkable size, action and symmetry of form, and noble representatives of the blooded horse.

INDIAN TROUBLES.—Mr. Dixon informs the "Plaindealer" that his boys in the South-Eastern part of the State, write him that the Indians in that locality are as troublesome now as they were at any time during the war. Cattle-men are compelled to look up their stock in companies of ten to twenty well-armed men. Only a few days since these blood fiends cut off French and a man named Chapman from the company, and chased them several miles, the party barely escaping with their lives. These red fiends should be attended to.

Now is the time to agitate the matter. Commence now and get those together who are interested and have them elect officers and regularly organize, and offer premiums that will induce the people to take a lively interest in such matters and compete for the prizes, etc.

RED MEN'S RE-UNION.—A delegation of members from Yreka Tribe, No. 53, Improved Order of Red Men, composed of P. G. Strickland, Ed. Autenrieth, Chas. LeBeau, H. Dinkle, James Scofield, Dr. F. G. Hearn and Wm. Thompson arrived here on Monday last to pay a fraternal visit to Oregonian Pochontas Tribe of this place. A number of the members of our lodge, with the Jacksonville Brass Band at their head, went out to meet them on Monday, and escorted them through town with flying colors. The visiting members attended the regular meeting of our lodge last evening, and after the adjournment a number of invited guests, not members of the organization, were admitted, and a short time spent in social recreation. After this all repaired to the Club Rooms, where a grand Ball was given by the Jacksonville lodge in honor of the Yrekaans, and at the time of going to press everything seemed to go on as "merely as a marriage bell." A special effort was made to make the visit of the Yrekaans an agreeable one, on account of the splendid reception given to the Jacksonvilleians at the last Yreka Fair, and they declare that we have been successful. They expect to return home this evening, well pleased with their trip.

YREKA PREMIUMS.—The premiums for exhibits made at the Siskiyou Agricultural Fair were announced last week and Jackson county secured the following:
For the best thoroughbred, Booth's stallion, Scamperdown, took the first prize—\$35; and for the best two year old, Evan Reames' stallion, Dave Kirby, received the first prize of \$25.

For the best graded horses, George Stephenson's stallion, Sir Walter, received the first premium of \$30.
For the best roadster, J. N. T. Miller's screaming John was pronounced to be the best and received the first premium of \$30.

F. M. Plymale, best Indian corn, white, \$2.50.
F. M. Plymale, best varieties of apples, \$5.
A. G. Rockefeller, gate, "Occident," \$10.

The total amount expended in premiums at the Fair was \$949.50.

SHOOTING APPRAY.—A Young Kearneyite arrived here from California last week, and getting into a row with a Chinaman while perambulating through Chinatown drew a pistol and fired at one of the Mongolians, but without taking effect. Marshal Helms and Deputy Sheriff Seybert arrested him and entered a charge of an assault with a dangerous weapon. Recorder Hayden fined him \$10 and costs, and not having the bullion with which to liquidate is now boarding it out at the calaboose.

FROM NEVADA.—Jay Beach returned from the Nevada State Fair last week. He reports it a success throughout both in the matter of attendance and the number and quality of stock displayed. His fine trotting horse Altamont, was entered in a trotting race for which a premium of \$800 was offered, but as the race did not fill it failed to come off. Altamont was left there in charge of Capt. Work to compete for the premiums offered for thoroughbreds, but the result of the awards has not yet been heard.

A suspicious individual was last week arrested by Marshal Helms on the charge of robbing Savages saloon, but as none of the booty was found on his person he was again set at liberty.

That Challenge.

The Yreka "Union" of last week has the following in regard to the proposed race between Booths "Johnny Schmoker" and the Etina Mare, "Nellie Hawkins."

To S. Booth, Jacksonville. We will run the Etina mare, "Nellie Hawkins" against "Johnny Schmoker," over the Fort Jones course, at the meeting to be held the last of this month, a single dash of three quarters of a mile, or half mile heats, best two in three, catch weights, for \$500 a side. We will also give the Peacock mare a chance in this, on the same terms.

HAWKINS & TURNER, Etina.

The above is in answer to the challenge published in the SENTINEL last week by Mr. Booth, but instead of accepting it they make an entirely new race. To accept this Booth would hardly have time to reach the Etina course, without any time for training whatever. Mr. Booth informs us, however, that his challenge is still open, and his proposition is as follows: He will run "Johnny Schmoker" against "Nellie Hawkins," known as the Etina mare, or any other horse in Siskiyou county, a single dash of one half mile on the Siskiyou county Agricultural Society's track at Yreka, on Christmas day, for \$500 a side. Schmoker is to carry 100 pounds and the mare can take catch weight. Whenever they wish to take this each party is to place \$250 in the hands of Wells, Fargo & Co. as a forfeit, the balance to be forthcoming on the day of the race. Put up or shut up.

REAL ESTATE.—The following are the real estate transactions recorded since our last report:

Patrick H. O'Shea & wife to Wm. Ruble certain mining ditches, water rights and mining claims in Cayote mining district. Consideration, \$4,000.

John Robertson to William Ruble, certain mining ditches, water rights and mining claims in Cayote mining district. Consideration \$1,000.

PECULIAR ACCIDENT.—A rather peculiar mishap occurred to Holman Peters on his last trip from Roseburg, while bringing freight from that place here, the circumstances of which were about as follows: He was on top of the Grave Creek hill, and wishing to come down easy, constructed a rough lock with a rope. He had only gone a short distance down the hill when the rope broke, and their being no brake on the wagon at all Mr. Peters had to jump off and let the team go to save his own life. They only went a short distance before the wagon went off the grade, and in swinging around a curve one of the horses was thrown over a stout sapling, and getting caught in the harness was suspended in mid-air. After the accident an immigrant from Missouri passed that way, supposed to be C. Day, of Mendocino county, Cal., and seeing the horse in the tree, made the remark that this was the most productive country he had ever seen. Strange to say the only damage done was the spilling of several sacks of salt and the harness spoiled in cutting down the fruit from the aforesaid tree.

STATE OFFICERS ELECTED.—The Legislature, in joint convention assembled, last Wednesday elected the following officers for the ensuing term: For Pilot Commissioners, Thomas Robertson, of Portland, and A. Van Dusen and John Hobson, of Astoria were elected. For Canal Commissioner, C. F. Beattie received 58 votes and was declared elected. For Register of the La Grande land office, J. H. Shinn was nominated and elected. For State Librarian, X. N. Stevens and Miss Elmore Simpson were placed in nomination; the former received 46 votes and the latter 36, and Stevens was declared elected.

WILL DISSOLVE.—Cameron & McCully will arrive from Lake county with their band of sheep in a few days to remain in the valley during the coming Winter. We learn that their partnership will then be dissolved, and each will take one half the flock. Robt. H. Moore has purchased a half interest in that portion owned by J. C. McCully and they expect to keep them at the Humphrey place on Rogue River. Mr. Cameron's sheep will be kept at the old place—the Barnes ranch.

J. S. Howard was over on Applegate last week taking the altitude of several points along the ditch of Owen, Ma-gruder & Co.

INDIAN COUNCIL.—Our city has been overrun for a week past with delegates from the different Indian tribes in this locality, who have gathered here for the purpose of holding a grand religious pow-wow. The occasion of their meeting here at this time is the arrival of two special Agents—George Harney and John Adams—sent by Indian Agent Wm Bagly, of the Siletz Reservation, to induce them to go on the reserve at that place. Representatives of the tribes at Cottonwood, Yreka, Sacramento, Shasta and Klamath are present, including Allen David, Chief of the Klamaths, Hamburg John and Tye Jim of the Shastas and chief Frank of the Sacramentos. The "big talk" occurred on Wednesday and Thursday of last week, when Messrs Harney and Adams both urged them to abandon their present mode of life, and instead of running wild, as they now do, to come on the reservation, take up farms and become civilized. A number of the Indians signified their willingness to do so, and as soon as provision for their transportation is made they will start for their new home. Harney and Adams returned to Siletz reservation on last Friday's stage.

SUDDEN DEATH.—The many friends of Miss Katie Wilder, oldest daughter of J. L. Wilder, of Josephine Co., will be grieved to learn of her sudden death at her home on Saturday morning of last week. Only last September, while in the bloom of youth, she was surrounded by her many friends who came to celebrate her eighteenth birthday, and to-day she is lying in the cold, cold grave. Her friends and relations have the sympathy of the entire community in their sad bereavement.

STATE FAIR.—The State Fair closed on Saturday last, after running ten days, but did not prove a success financially on account of the continued bad weather. The exhibits made were larger than ever before, but the attendance was slim compared with other years. A heavy rain fell on each day of the Fair except two, and then it was so damp and muddy that a visit to the Fair grounds was not enjoyed.

FIRST PREMIUMS.—The improved Wilson sewing machine was awarded the first premium at the Oregon State Fair, on the following counts: As the best family sewing machine; for the greatest variety and excellence of work; for the best specimens of chenille work; for darning attachment; for work box cover; for embroidering attachment; for plaiting attachment; for sewing on buttons.

SUSPENDED.—All the moveable mining property used at Tolman's Middle creek mines will be taken to the Grand Applegate diggings. This would indicate that the stockholders in the first mentioned mines have refused to furnish any more "mud" with which to pay salaries of officers, and operations have been permanently suspended.

Neuman Fisher and C. Coleman arrived home on yesterday's stage. Their trip to the Bay city don't seem to have effected them maternally—"Times."

No, don't think it did, either, but it did effect the former "paternally." Possibly it was only a case of sor-stroke.

All Sorts.

We learn that the Brown Bros., of Althouse, together with several other amateur burnt cork artists in that locality, intend paying Jacksonville a visit some time this Winter to give an entertainment here. We hope they won't "back out."

The Ball given by the Red Men in honor of their Yreka visitors, at the Club Rooms last evening was still going on when we went to press. Prof. Scott's string band furnished music for the occasion and Madame Holt provided the supper.

Owners of vineyards in this locality are now engaged in plucking the luscious grape from the vine, preparatory to making wine therefrom. Only about half the usual quantity of wine will be made this season on account of the heavy frosts last Spring.

The dance at Colver's hall in Phoenix last Thursday night was a pleasant affair, and the supper given by Mrs. Lagenbury was up to its usual standard. The attendance was not very large, however, probably caused by bad weather, but those present enjoyed themselves hugely nevertheless.

Wm. M. Turner returned from a visit to his mines in Josephine county on Saturday last. The shaft now being sunk was fifty-three feet deep when Mr. Turner left, but the bed-rock had not yet been reached. Operations for bringing a ditch on these mines will be commenced early in the Spring.

GAVE IT UP.—A certain young man of this place, who is contemplating matrimony, has given up the idea entirely after hearing of the attempted suicide of a newly married man of this county on the second day of his supposed wedded bliss, which rumor says occurred in this valley quite recently.

CHURCH DEDICATION.—On Sunday, Oct 27th, at 11 o'clock, A. M., the Eagle Point Catholic Church will be solemnly opened. The public is respectfully invited. Should the weather prove quite stormy, the dedication services will be postponed to the Sunday following.

FEATURE OF SUPERIORITY.

The superiority of WHITE'S PRAIRIE FLOWER for diseases of the stomach, Liver and Blood consists in its uniting harmoniously with the gastric juice, strengthening and enabling it at once to dissolve the food. If the gastric juice is weak the food ferments, giving rise to sour stomach, the patient also suffering from insufficient nutrition. It aids the Liver, over which it has a specific power, in filtering impurities from the blood. Its action on the kidneys is likewise salutary, increasing the secretions. As a blood purifier, by enriching the chyle, it is without a peer, curing some of the most obstinate and long-standing cases on record. It is pronounced by one and all The Great Blood and Liver Panacea. Price 25cts. and 75cts. For sale by E. C. Brooks.
