FROM ASHLAND.—A large delegation from Ashland visited Jacksonville last week, among which we noticed Jesse Honck and wife, A. D. Helman and wife, J. M. McCall, Jacob Wagner, W. W. Keaton, J. D. Fountain, S. W. Kilgore and H. S. Emery.

ADDITIONAL MAIL SERVICE.—Wm. Carl passed through town last week on his way south. He was making arrangements for starting the half daily service for transporting third-class matter over the line of the O. & C. Stage Co., and thought he would have it in running order some time this week.

DECLINED.—We have received an article in reply to one in the "Times" of a couple of weeks ago entitled "Our Boys," with a request to publish, but decline it for two reasons. One is that the name of the real author is not attached to the article in question, and the other is that it is too personal. The reviewer can not be used for the purpose desired.

PRIZES IN NEVADA.—From W. H. Chappelle, who has just returned from Nevada, the Roseburg "Independent" says that the average prices paid for stock there are as follows: Cattle from yearlings to full grown, \$10 to \$25 per head; beef on foot, four to five cents per pound; stock sheep, \$2 to \$2.50 per head; mutton sheep per head, \$3 to \$3.50; hogs on foot, five to seven cents.

ON TIME.—In order to get ahead of all other bidders a certain citizen of this county last week forwarded a bid to Washington for a new mail route for which a petition has been in circulation for some time past. The petition and bid were enclosed in the same envelope, and if "fast" is worth anything, the favored citizen ought to be successful in securing the contract.

RIVER SURVEY.—A. W. Presley informs us that the survey of Regue River from Rock Point to the sea proved a failure by the expending of the boat at a point a short distance below the mouth of Galice creek, and the loss of their provisions and tools. E. G. Eastwick, the engineer in charge, states that the river can not be made navigable for any sum of money that Congress would be liable to appropriate for this purpose, and the matter will end with this experiment.

JOHN FRESHOUR CONVICTED.—From a private letter written by W. J. Ellis of Tulare county, Cal., to Sheriff Bybee of this place, we get the following information in regard to the trial of John and Joseph Freshour, on a charge of cattle stealing, for which they were arrested in this county several months ago by Sheriff Bybee and Deputy Sheriff Ellis: John was convicted on two of the indictments, and was sentenced to the State Prison for eight years on one and three on the other—eleven years in all. Joseph Freshour's trial was postponed until the present week.

SERVICE INCREASED.—Through the efforts of Senator John H. Mitchell the mail service between this place and Big Butte is to be increased from two to three trips per week, the extra service to commence on February 1st. This will be good news to the citizens of this locality, and is a change that ought to have been ordered some time ago. Pat McMahon, the present contractor will hereafter have charge of the entire line to Big Butte, expecting to run a stage from here to Eagle Point, and from there to the terminus of the route, he will carry the mails on horseback.

Applegate Items.

Our regular correspondent at this place sends us the following items from that locality:

Frosty nights and cool days. Everybody enjoying good health.

The New Year has come and going on, but I have not heard of any accidents caused by "swearing off." Hope there may be none.

In a former letter I did not say "gratify" the assertion, but it should be "qualify," but let it pass and let me make this apology to those who were then called hoodlums, by saying that they were so far outdone in hoodlumism by some church members that they are ashamed now and behave well wherever they go. A question for Theologians—can a church member going to prayers in the church, having a ten inch blade butcher knife strapped round him, said to be "armed with the sword of the spirit?"

It certainly is enough to make Bill, Peter, Mack, Ed. Jos and several other bachelors feel down in spirits to hear of the many weddings recently. But having borne the stings of fortune in ill they know, they are cautious not to fly to those of matrimony; yet I hear it whispered that several intend breaking ranks and joining the enemy. But let that go, so here we have in Josephine county, by Rev. Woodridge, Mr. Clarke to Miss Lewis, that is they got married. Also Mr. Weatherly to Miss Lewis, and, and—but as the returns have not all come in from the several precincts I will not attempt at the majority, but will state that legions in Josephine have lately got married and others are on the eve of marrying, while still others are standing idly about seeking for some one to have them, and some skulking, yet wanting to marry. I will only add that just let them marry if they think there is no hereafter, for bills must be spread on thick to keep well, and constantly to be renewed.

As an indication of better times on Applegate than elsewhere I will state that the three halls took in nearly four hundred dollars and all were held in about a week's time. At the last one down the river, Finnigan's hall was nowhere, for one man was knocked through the window of the ball room, while others have to undergo repairs. Applegate you are aware is noted for a skulking, but the safe impeachment that people will such big yards down here, is overdrawn; but we as a people know that the eyes of the world are on us, hence we use choice language not overdrawn.

COMMITTEE ON RAILROAD.—The following named gentlemen have been appointed by E. K. DONT FORGET IT.

If you are troubled with nervousness, are disheartened, tired of life, fear death or feel out of sorts as the saying is, you may safely conclude that you have the dyspepsia or Liver Complaint.

The liver is very apt to become torpid this season of the year as poisons arising from stagnant water or decaying vegetation are more numerous and are through inhalation taken into the blood. Unless the liver is strong and active, and furnishes a supply of fresh and pure blood to drive out the impurities, the above mentioned symptoms surely follow, and if not heeded, end in more terrible diseases and death. White's Prairie Flower proves itself the Great Liver Panacea. Its action on the liver is different from any other medicine ever compounded. Its cures are truly wonderful. Try it. Price twenty-five cents and seventy-five cents. For sale by E. C. Brooks.

FIRE COMPANY.—An effort is now being made by some of the young men of this place to organize an engine company, and a meeting of those interested is hereby called to meet at the City Hall this evening at 7 o'clock. The company, when organized, propose using the old hook and ladder truck now owned by the city until such time as a new engine can be purchased out of the fund set aside for that purpose. Jacksonville has been visited by several very disastrous conflagrations during the past few years, which might have been checked with half the damage providing a good fire department with engine and water had been on hand at that time. The engine fund amounts to about \$900, nearly enough to purchase a good second-hand engine in San Francisco—and the balance required could be easily made up by the dramatic association recently organized giving entertainments for the benefit of that fund. Attend the meeting and express your views on this important matter.

THE NEW YEAR'S BALL.—The ball given by the German Social Club at Veit Schutz's hall on New Year's night proved an immense success both in attendance and general management. The music furnished by the Jacksonville String Band and the supper by Madame Hoint were up to their usual standard, and gave the best of satisfaction. Considerable amusement was afforded by the distribution of presents from a tree in the center of the hall, after which dancing was continued till near six o'clock in the morning. Ninety-six tickets were sold. We learn that this Club contemplate giving a masquerade ball at some date not far distant.
