Pat McMahon informs us that he wrote twice to Senator Groves on mail matters but that both letters were unopened. Mr. Groves' constituents should not complain as it takes all the Senator time to explain his official record as Governor, and that is probably all the use he will ever make of his position as Oregon's representative.

Applegate Items.

The health of our people is pretty good.

This has been a splendid Winter on stock so far, is all looking well at present.

Weather still cold and frosty. The general desire is for rain, but still it does not come.

The most of our miners are studying how to amuse themselves while waiting for rain, and looking rather blue.

Nothing being done in the farming line, as the ground is frozen too deep, and fears are entertained that the grain sown in the Fall is very much injured by the freeze.

L. McAllister & Co. are now having a ditch surveyed, taken from Cheney creek, and five or nine miles long, by Alex. Watts. It is intended for the ground between Cheney creek and Cheatham's ranch.

I paid the Picket creek mines a short visit, but did not find them doing much as they had not enough water from both ditches to run the small pipe, but they are well prepared to make the dirt fly when the water does come. No work being done on any of the small claims.

Williams creek has the champion laughist of the coast, he being able between and at meal times to laugh longer and louder than any one else; and that creek has also the champion wife beater and choker, for recently he choked his wife so hard that she was entirely senseless for sometime, but I do not think it fit to disgrace your paper with his name.

He had been paying his devotions to the damsel for sometime but would have switched off long ago but was fearful of the old woman; still he ventured to take another gal to a party, but now he repents in sackcloth and ashes, for he came back and is now again the chosen vassal. This is the way A. and J. told me.

SEVERELY INJURED.—We regret to learn that Ed. Cavley, who formerly drove between Rock Point and Levens, was seriously injured near Callahan's Ranch, in Scotts Valley. For some time he had been driving between that place and Yreka, and on Thursday last, finding considerable ice on the grade just north of Callahan's, he stepped off the stage to put on the rough lock. He stepped off his team.

A young and fractious one ran, dragging him a distance over the road.

Ed. was severely injured.

Ed. was lately married to Miss Affie Colvig of Rock Point, is a worthy young gentleman and his many friends along the road will be sorry to hear of the accident.

CHINESE NEW YEAR.—Our pagan neighbors ushered in their "New Year" on Monday evening with the usual barbaric ceremonies. A free lunch of "loast" hog with "blandly sauce" was spread and "John" jabbered and chatted and screamed with delight as the night wore on and the sauce had its due effect. The fearful music and the beating of gongs was omitted this year probably in deference to feelings of the American portion of the community. The Chinese say they are poor this year but it seems that like some of our own people they can always find means for a new year's spree.

TELLURIC MINE.—Yesterday we had a conversation with Messrs. Briggs & Muncey of the above named mine and were informed that on the 6th inst. they struck the main ledge and are now over six feet therein. The tunnel is now drilled in to the depth of 410 feet and the ore shows a fine assay, and the company feel confident of ultimate success. These mines are situated in the Cow Creek mountains, but a short distance from Canyonville, and it is a demonstrated fact that for richness of mineral deposits these mountains excel.—"Statesman."

LOCAL ITEMS.—We will always be under obligations to our subscribers who will take the trouble to send us items of news. People frequently complain that the papers contain but little news of local interest, but they do not reflect that it is so difficult to gather them. If people in every precinct would send us an occasional item they would thus exchange with each other and keep posted through the press. We will always be glad to hear from our subscribers.

THE WEATHER.—There is, we are glad to note, every indication of approaching storm. The barometer is steadily falling and the temperature is rising. We hope for storm but will not attempt to make any predictions, being neither a weather prophet or the son of one. We are like the boy, however, whose father was a weather "sharp"; we can always come within a day of it—the old man could tell the day before, the boy the day after. Let it rain.

MARRYING UNDER DIFFICULTIES.

Last week a young resident of this county, enamored of a Josephine county damsel, called at the residence of Mr. Hughes in Kerbyville. "Are you Charley Hughes?" he asked. "I am," replied Mr. Hughes with his blandest smile. "Are you the clerk's office?" inquired the youth? "No," said Charley, "but I am the clerk, who do you want to marry?" The necessary information received Mr. Hughes asked if she was old enough. "Yes," said the boy, "I brought a man along to swear she's eighteen besides here's her dad's consent." "Are you twenty-one?" asked Mr. Hughes. "No sir I ain't." No license then. "Oh that's played out," remarked the determined swain. "I'm only eighteen but here is my dad's consent too." The license was issued and the young fellow wanted the clerk to marry them forthwith. "Sorry I can't do it," said Hughes. "I only authorize others to do the marrying, but I will put you on the right track. Judge Floyd can do the job." However, the couple started, and reaching the Judge's residence, the mystic words were soon spoken and the twain made one. Turning to the Judge the groom asked "married for sure, no go back on it?" Assured that the knot was securely tied, the groom informed his honor that money was scarce and asked him if he couldn't wait for his pay. "Why of course," said the kind official, "that's all right." Returning to Kerby the couple announced that they couldn't pay their hotel bill, and they sailed out for home blessing the man who invented the credit system and feeling that poverty was no serious bar to real happiness.

The cases of Jackson county vs. Lake county and John Orth, County Treasurer vs. George Nourse, County Treasurer were on motion of defendant continued to give them time to procure copy of transcripts from Lakeview, the original transcripts forwarded to the clerk of the supreme court having been lost without their fault. These cases will both come up and be decided at the present term, but probably not for a month or six weeks yet, owing to the length of time it will take to get the new transcripts. Mr. Watson, attorney for the plaintiffs, unwilling to remain so long, placed the plaintiffs' cases in the hands of Governor Thayer and Julius A. ... returned home.

Judge Deady's court, has been surrendered by his bondsmen and committed to jail with the privilege of jail limit. William has thirty days in which to decide whether he will pay the judgment of about thirty-seven thousand dollars or declare under oath that he is unable to do so, and he may yet beat the United States and Mr. Dowell on the execution. "Verily the way of the transgressor is hard."

Doty was convicted at the November term in 1875, sentence four years. Case appealed to Supreme Court and affirmed March, 1876. Sentence would have expired March, 1880. Knowles was convicted of assault with intent to kill at the February term, 1877, sentence three years. Time would have expired March 1880. Wilson, convicted of grand larceny at the July term, 1872, sentence nine years which would have expired August 1881.

CALICO PARTY.—A very pleasant and enjoyable affair may be expected at the rooms of the Jacksonville Social Club on February 14th—St. Valentine's day. The ladies are to attend attired in simple calico and the gentlemen may appear in full dress if they see fit. The announcement that the Club will give a party is a sure guarantee of its success. Supper wherever you please. Let us all go and have a good time.

TAX COLLECTED.—Sheriff Bybee has collected up to date a little over \$11,000 of taxes due for 1879. The whole amount to be collected is \$33,135 98. Taxes are coming in so slowly that the Sheriff will be obliged to visit the delinquents, and the thirty day's grace having expired, those who have not paid their tax may expect mileage added.

A prominent citizen returned home the other night with a bad attack of neuralgia and tried to unlock the front door with a bit of bologna. Throwing his watch in the corner he stuffed his boots under the pillow, hid a spare piece of limburger in his wife's new hat, and feeling exhausted sat down on it to rest. There were private theatricals in the house-hold that night.

We hear that J. B. Thomas, of the Meadows, is to take the place of C. C. McClelland on the railroad committee, the latter gentleman having been injured by the upsetting of his wagon lately and unable to canvass his precinct.

REAL ESTATE TRANSACTIONS.—Recorded in the County Clerk's office since our last report:

Board of School land Commissioners to A. J. Doty, two parcels of land in Little Butte precinct. Consideration, in one \$50 and in the other \$100.

E. D. Foudray to J. A. Wilson, lot in Jacksonville. Consideration, \$400.

H. T. Inlow to A. J. Doty, land in Little Butte Precinct. Consideration, \$50.

Frank Ennis, of the Sterling mine, was in town Monday to interview the "weather sharp." He reports a heavy fall of snow at the head of Little Applegate, which will insure water for the Sterling and Len's mine late in the Summer.

CHANGE OF LOCATION.—Dr. J. W. Robinson has taken rooms at the residence of B. F. Dowell, where he can be found at all times when not at his office on Oregon Street.
