M. E. Church.—Religious services every Sunday at the usual hours, by the Rev. M. A. Williams, D. A. Crowell and A. Hardison

Catholic Services.—Services will be held at the Catholic Church in this place every Sunday at the usual hours in the morning and evening, Rev. Father Blanchet officiating.

M. E. SUNDAY SCHOOL.—Regular meeting every Sunday afternoon at 2 o'clock
CATHOLIC SUNDAY SCHOOL.—Regular meeting every Sunday afternoon at 2 o'clock

CHANGE AT KLAMATH.—Mr. L. M. Nickerson will take the place of J. H. Rook on Feb. 1st, as Agent for the Klamath Reservation. Mr. Rook will probably return to the Willamette valley.

ON A VISIT.—Mr. William Gass, formerly of this place, arrived on the southern stage from S. F. on Saturday evening. "Billy" is a guest of Alex Martin, where his mother, Mrs. W. W. Fowler, still remains.

FAT BEEF.—John Orth has purchased 20 head of fat beef cattle from Thatcher & Worden of Linkville, and upon their arrival here, about the first of next week, he proposes furnishing the finest beef ever sold in this market.

ACKNOWLEDGEMENT.—We are under obligations to Messrs. Webb & McDaniel of the "C. O. D." Saloon for a sample of the celebrated Boon beer. It is nourishing but will not intoxicate, and if you will drink try Boon and be virtuous and happy.

SULPHUR BATHS.—We learn that the warm sulphur baths near the Eagle Mills have been refitted and are now ready for the public at a nominal charge. The water is warm and pleasant, highly impregnated with sulphur, and said to be exceedingly healthful.

HIGH WATER.—Owing to the heavy rains north of here Cow creek was so much swollen that on Thursday last the southward bound stage was delayed about twelve hours, not arriving until after midnight. It has since been running on time, the water having subsided.

DESTROY YOUR STAMPS.—The Collector of Internal Revenue at Portland has issued a circular directing dealers in liquors, tobacco and cigars to completely destroy the stamps on empty packages and cigar boxes. We publish this notice so that dealers may avoid the penalty of the fine.

GONE NORTH.—Col. W. S. Stone, Supt. of the O. & C. Stage Co., accompanied by Division agent Carl, left for the north on Friday morning last and will go to Roseburg. The company are gradually re-stocking the stage line and expect to have it in splendid order when called on to make fast time.

KEARNYSM.—We learn that a movement is on foot among the miners of Galice creek for the expulsion of Chinese laborers from the large mining claims in that locality. It is to be hoped the information is incorrect, as such a course on the part of miners might lead to serious trouble.

THE NARROW GAUGE.—From a private letter from Ellensburg we learn that a deep interest is taken in the railroad project, and that a considerable sum can be raised there to defray the expenses of a preliminary survey. On the return of Mr. Hume from San Francisco in February action will be taken. In the meantime we hope the members of our committee will not be idle, but keep the ball rolling.

INSTALLATION OF OFFICERS.—At a meeting of Ashland Lodge No. 45, I. O. O. F., held on the evening of January 18th, John A. Boyer, D. D. G. M., installed the following officers: I. O. Miller, N. G.; R. P. Neil, V. G.; J. W. Riggs, R. S.; J. H. Helman, P. S.; A. D. Helman, Treas.; W. Baldwin, Warden; P. L. Fountain, R. S. N. G.; J. Conaway, R. S. V. G.; J. B. Russell, R. S. S.; J. Brown, L. S. S.; P. Ball, O. S. G.

IN TROUBLE.—We regret to hear that the Academy building and grounds attached thereto are to be sold under foreclosure of mortgage, given by J. H. Skidmore and held by W. C. Myer, on the eighth of February, and we hope that it will not impede the progress of the school, which has added so much to the prosperity of our neighboring town. The elegant seats of the school, which are of the latest pattern, have been attached by E. K. Anderson, but being movable will probably be considered as personal property and sold for the benefit of that creditor.

LOCAL ITEMS.

Pay your school tax. Chinese New Year over. Stages are making good time.

Thanks to Veit Schutz for past favors. Chew Jackson's Best Sweet Navy Tobacco.

A number of recruits are expected at Fort Klamath. Circuit Court will meet on Monday, February 10th.

Two horses are advertised as strays in another column. Read "Democrat's" opinion of Senator Mitchell's services.

"Ducks" for the wicked—those slaughtered on Sunday. Hens seem to have resumed business, as eggs are plenty and cheap.

A new Post Office has been opened at Dardanelles, Jackson county. Mrs. Peterson, wife of Elder Peterson, is suffering from a badly scalded foot.

A very pleasant social party was held at the Club Room last Friday evening. Newman Fisher will take silver or anything but Butlers greenbacks for goods.

John Hockenjos is putting up another new house near the Methodist church. Himes, the boss printer of Portland has furnished us with a neat calendar for 1879.

Postmaster Cole seems to have turned the cold shoulder to his senatorial benefactor. Jas. Leslie's horse "Black Prince" has been sold to parties in Sprague River Valley.

U. S. Paymaster J. B. M. Potter has gone to Fort Klamath to pay off the boys in blue. We call attention to the correspondence on the first page of this issue. It explains itself.

Jacksonville amateurs are rehearsing, so look out for a good performance about court week. Rev. Mr. Hardison will fill the pulpit of the Methodist Church next Sunday morning.

Skating is the Sunday excitement at Lakeview, there being no church in that benighted region. Only about one-third of the special tax for school purposes has been collected up to this date.

Elder Peterson wants to meet infidels at the Heber school house on the 3d Sunday in February. Mrs. Wm. Hoffman, we are glad to say, is doing very well, her broken arm giving her but little pain.

Mr. Britt has an orange tree bearing fruit, but not in quantities sufficient to affect the fruit market. Chas. Griffith brought a load of Rogue River salmon to town on Monday which met with ready sale.

Mr. Hunt Magruder, of Rock Point, was in town last week and reports everything quiet down the river. The sale of Badger's wagon making stock and tools took place on Saturday—purchasers numerous and prices low.

Mat Obenchain reports the snow slowly disappearing from the range on Big Butte, and stock doing tolerably well. E. Jacobs has been appointed administrator of the estate of Evi Sebring, deceased. Read his notice elsewhere.

N. Fisher, Local agent of the Board of School Land Commissioners, calls for interest due the Board in another column. Grover rises so frequently to white-wash his official record that he is now regarded in Washington as a "rising" senator.

Senator Colvig of Douglas county, who was taken with typhoid fever during the session of the last legislature has finally recovered. Several candidates for the office of Marshal have already made their appearance, the town election being still over a month distant.

Literary "delirium tremens" is the name given by one of our citizens to the remarkable article referred to today by our correspondents. J. H. Penn, who left here last week for the Willamette, is at present at Roseburg, and will probably not be here for several weeks.

Matt Dillon, next to Donegan's, has some of the very worst poison ever passed over a bar. If you don't believe it compare it with some other he has. At a regular meeting of the Board of trustees, held on last Tuesday evening, a number of bills were audited and ordered paid. The committee on streets was directed to examine the sidewalks on Oregon and other streets, report the condition of same and recommend such improvements as they deem necessary.

Sheriff Bybee is getting out of patience and will have to add mileage to unpaid county taxes. Delinquents will bear in mind that it costs money to travel.

A Miss Bender, in Cincinnati, recently received as a wedding present from her father of 375,000 hogs packed in brine. It might safely be inferred that she was a greece-yan-bender.

Pocahontas Tribe Imp. O. R. M. of Jacksonville, will visit Yreka in a body on May 12th. We warn our neighbors across the Siakiyou to insure their scalps.

Judging from the frequency with which he rises to explain Mr. Grover seems to have used the crown of thorns prepared for him by the investigating committee as a senatorial cushion.

"Williams Creek" postoffice, Mr. John T. Layton P. M., located at Mr. Layton's store near the mouth of Williams creek, is now open, the P. M. having received the key last week.

The case of Postmaster Cole, of Portland, has not yet been decided by the Postmaster general. If Mr. Cole destroyed Mitchell's or any other senator's speeches he should be removed at once.

At a shooting match in Sams Valley last Saturday for a fat beef the four quarters of the animal were carried away respectively by C. C. McClelland, John Cardwell, Geo. Simmons and A. L. Akers.

We regret to state that U. S. Hayden has been confined to his room for the past week with a very severe attack of pleurisy. As we go to press we learn that Mr. Hayden is in a very critical condition.

From every part of the valley we hear that the plows are busy, the rain of last week having thawed out the ground. If the present fine weather continues a large amount of ground will be sown.

School tax in Jacksonville District is due and payable. On the 7th of Feb. the delinquent list will be turned over to the Sheriff for collection and costs added. If you desire your school to prosper pay your school tax.

We are sorry to announce that Mrs. Stone, wife of Col. W. S. Stone, has been obliged to seek the climate of California for the benefit of her health. She is a sufferer from asthma, and is at present sojourning at San Rafael.

S. Johnson, of Leland, has been appointed on the railroad committee in place of Mr. Lewis Ash, who has removed from Jackson to Douglas county. Mr. Isham is an energetic man and will, no doubt, canvass his precinct throughout.

Some of the finest beef ever slaughtered for this market is hanging in Bybee's shop and yet he is unhappy and has sent up the valley for a band of cattle that have been fattened by Casey at the Mountain house—let them come.

On the outside of to-day's issue will be found a reminiscence of southern Oregon which is a matter of record, and written up to refresh the memory of our Jackson county readers. Its moral is if a man wants to be hung let his desire be gratified.

Jacob Meyer will soon re-open the wagon shop adjoining Mr. Donegan's premises which was formerly occupied by J. L. Badger. Administrator's sale of the tools and wagon manufacturing stock of J. L. Badger, deceased, took place last Saturday.

Mr. Oscar Kiborn, U. S. Ganger for the District of Oregon, has been on an official visit to Jackson county. He gauged all the packages of Smith & Hockett at Phoenix and Jos Wetzler and Raphael Moratt at Jacksonville, returning to Portland on Thursday last.

An item is going the rounds of the Oregon press to the effect that a man is under sentence of death at Jacksonville. This is untrue. Samuel Rath is in jail here awaiting his trial on a charge of murder, but it is hardly fair to anticipate the verdict of a jury or publish him as convicted before he has been tried.

Jackson Grant, the Indian who several years ago stole Col. J. N. T. Miller's horse Brick Pomeroy, for which offence he was sent to the penitentiary, has been convicted of the murder of Dennis Spellin at Portland last Summer. Last week the death sentence was passed upon him by Judge Bellinger, to be carried into effect on the 21st day of March, 1879.

Roscoe Conkling has been re-elected to the U. S. Senate from New York, John A. Logan from Wisconsin, J. Donald Cameron from Pennsylvania, Orville Platt from Connecticut, Geo. G. Vest for the long term and General James Shields for the short term from Missouri and Daniel Voorhees from Indiana. The election of Logan and Carpenter is notable, and the return of Conkling is evidence of Mr. Hayes' weakness in the Empire State.

MINING NOTES.

Miners in a bad humor. Weather clear and bright. Ed. Smith has found a ledge up Jackson creek that prospects well.

Smith & Waisman are still drifting on their own property in Jacksonville, with fair returns. Sam Bowden is engaged in putting in a four foot flume for Wimer & Simons at Waldo, Josephine county.

Many of the miners on Foot's creek and Gall's creek have made a good start but are in need of more water. The "Blue Gravel," Ankeny and Co., on Galice creek, is again working, the pipes being run night and day.

The Grand Applegate Mining Company are still pushing work on their ditch and expect to be washing gravel by March 1st.

C. C. Brogan & Co., of the Star Gulch mine, are constructing a large reservoir, which will enable them to work part of the time as soon as it is completed.

We learn from R. M. Garrett that all the streams on Lower Applegate and in Josephine county were running full, and that there was much activity among the miners.

We hear that the owners of the Saltmarsh mine on Sterling creek intend drifting their ground next Summer being satisfied that it will pay for that kind of work.

Accounts from Silver creek are still favorable. A considerable number of men have located themselves there for the Winter and will keep the trail open for pack animals.

Kahler, McDonough & Co., intend sinking at another point on their ledge near Gold Hill. The placer mines owned by those gentlemen near Fort Lane are ready for work but idle for want of water.

Work on the Nickelson mine in Scotch Gulch is being pushed ahead, notwithstanding the unfavorable state of the weather. The ground is being drifted and worked with a puddler, which is said to be a success.

G. Karewski is constructing a flume to carry water from Beaver creek to some mining ground that he purchased last Fall. He expects to have the flume completed in time to make a thorough test of his ground this Winter.

We have been shown some very rich rock from the lode of Hanna, Elliott and Autenrieth, near Willow Springs, and if they have much rock as good as the sample shown they are all right. We hope it will prove a bonanza.

Eckleson, Kahler & Co. started their pipe on the Palmer creek claim on Thursday last, working only one day and night. Their giant worked splendidly, washing off a large piece of ground and making them still more anxious for water.

Mr. Klippel of the Squaw Lake Company, was in town Monday and reports everything in readiness for pipping, but fears that the last "freeze" will oblige the company to shut off the water to prevent their ditch from being closed up by ice again.

Sheriff Bybee started for his Slate creek mines on Monday last. Piping was commenced at these mines immediately after the rain storm of last week and they now have sufficient water to keep both pipes running for some time. Mr. Bybee will be absent about ten days.

Mr. Howard has surveyed 80 acres of mining ground near Savage's on Rogue River near Grants Pass which prospects exceedingly well. Water is taken from Savage creek and the parties interested are J. B. Wrisley, E. M. Plymale and two of the Savage Bros. The enlargement of the ditch will be at once commenced.

From Mr. Honer Harkness, of Grave creek, we learn that the miners in that section have an abundance of water and are all busy at work. Seven or eight men are now engaged in digging the Walker ditch which will be about a mile long when finished. Piping will not be commenced on this claim for about a month yet.

Litigation with regard to several tracts of mineral land is anticipated, several mining claims having been located on the homestead entry of Samuel Hall, deceased, and it is said that the validity of the title to Jas. Herd's cash entry is to be tested. These cases will soon be tried before the officers of the land office of Roseburg.

REAL ESTATE TRANSACTIONS.—Recorded since our last report: L. Applegate to L. D. and L. B. Applegate, parcel of land in Ashland precinct. Consideration, \$100.

R. B. Hargadine to Lindsay Applegate, 160 acres. Consideration, \$200. Lindsay Applegate to L. B. Applegate, parcel land in Ashland precinct. Consideration, \$100.

A WORD FOR OUR NEIGHBORS.

We have lately heard a number of persons from the country complain of the lack of accommodation we have for visitors, one of the causes of complaint being the lack of convenient places to hitch their teams. Frequently people from the country come here intending to remain only a short time and object to the alternative of putting their team in a livery stable, or paying a fine of five dollars for hitching it to a shade tree.

Recognizing the fact that the prosperity of a town depends largely on the patronage of the country, the people in Ashland have sensibly provided a public hitching place with the approval of the stable keepers. A business man who desires success will be accommodating and courteous to his customers, and what is true of one merchant is true of an aggregation of them. We think that public sentiment will endorse our remarks and justify the expense of constructing suitable hitching posts for the accommodation of visitors at near the centre of the town as may be. The whole matter is respectfully referred to the trustees for their consideration.

AN INTERESTING FAMILY.—We have an old pioneer in Jackson county, Mr. James Savage, of Rogue river, who has raised a family of thirteen children, and we challenge Oregon to match it for musical and mechanical talent. The boys, four in number, are between the ages of fourteen and twenty-three, and have manufactured by their own unaided labor three violins and a bass viol, all of exquisite tone and finish, and on which they execute difficult music, having been without an instructor. The instruments are made of Oregon cedar and maple, and but recently one of the boys was offered forty dollars, which was refused, for his violin. The boys can make a rifle or a wagon, shoe a horse, mend a clock or watch, work out an algebraic problem, swing a pick in the mines or follow a reaper with equal success. The girls of the family, nine in number, have the same musical talent and are not ashamed to wrestle with kitchen work, afraid to mount a bucking horse or row their skiff across the river even when it is dangerously swollen. They are a specimen of Oregon "Savages" that ask no aid from the government—they can paddle their own canoe.

BUTLER'S MONEY.—We have been shown a one thousand dollar note of Butler and Pomeroy's absolute money. It is dated at Swindleville, Oregon, and evidently a swindle on the face of it, but the farmer who received it took it as pay for a dozen of eggs, and says the swap was even for the eggs were decayed. One of the endorsements on the back of the note is as follows: The poor man's money. The more he has of it the poorer he is. Another read thusly: "Gold is a coward. This money is not afraid of anybody." But the best is the following: "The people want cheap money and plenty of it. This is cheap as dirt, and plenty as the lice and locusts of Egypt."

PROBATE COURT PROCEEDINGS.—The following are the proceedings in this Court since the last report, Judge Day presiding: Estate of R. T. Hamilton, deceased, petition to sell personal property at public or private sale. Granted.

Estate of A. Stewart, deceased, second semi-annual exhibit filed. Examined and approved.

Estate of Wm. H. Merriman, deceased, final account filed and final hearing set for Tuesday, March 4th, 1879, at 10 o'clock, A. M.

In the matter of the estate of Chas. Casey, deceased. Citation ordered to the administrator to show the condition of said estate.

A POINTED ENQUIRY.—We are in receipt of a letter of enquiry from Mrs. Belle Lynch, late proprietress of the Ukiah "Dispatch," in which she rather pointedly asks: "Is there room in your place for a lawyer who is a gentleman?" We have replied that our lawyers are all gentlemen, most of them gentlemen of leisure, but we infer that "Belle" has a poor opinion of the moral and social status of the legal fraternity in Oregon. They have the polish of Chesterfield, the graces of Beau Brummel and the innocence of the babes in the wood.

JURORS.—The following is a list of jurors drawn for the February term of Circuit Court, which commences on the 10th prox.: Daniel Chapman, John Head, Wm. B. Kincaid, W. F. Songer, E. DePeant, B. E. Roesser, D. F. Parrish, John Ashmud, S. Saltmarsh, L. A. Rose, R. A. Cook, J. J. Nichols, Lyman Chappel, R. V. Beal, E. W. Berry, Jas. D. Buckley, P. Dunn, John Orth, Thos. McAndrews, John O'Brien, L. J. C. Dunnean, Geo. W. Isaacs, S. A. Carlton, John G. Vanduyke, John E. Harvey, A. S. Jacobs, E. Wirtz, V. S. Ralls, J. J. Bradley, Thos. Stimpson, John L. Grubb.

TELEPHONIC.—The "Bell" telephone,

lately mentioned as having been put up between the residences of Messrs. Turner and Autenrieth, has been fairly tested and is an undoubted success. Conversation between the two points is carried over the wire so distinctly that every word is plainly articulated and perfectly audible. The notes of a large musical box at one end and the tone of the instrument was as clear at the other end of the wire as if the music were in an adjoining room with only a slight partition between it and the listener. Voices of friends were easily recognized and the striking of a clock, carried some distance from the telephone, through with great distinctness to the other end of the line. This is, perhaps, the most wonderful triumph of electrical science, but is so simple that it must become of universal use, either for purposes of business or social amusement. Mr. Autenrieth is the agent here and always glad to explain and exhibit the telephone to those who have not seen it.

JUST COMPLAINT.—Some of our citizens in the lower end of town and some beyond the town limits have complained of the deposit of dead carcasses along the creek bottom. The effluvia from carrion is neither pleasant nor healthful, and as a sanitary measure the Trustees should require that the carcasses of all dead animals be buried instead of permitting them to be dragged off just outside the town boundary and left to offend the sight and smell of our neighbors. The latest complaint is that a dead cow was deposited across the channel of Jackson creek, making a dam and turning the water into the road leading north east from town, and we are assured that if this thing is repeated too often retaliation will be resorted to. Two "wrongs," however, never make one "right" and in the absence of proper action on the part of the trustees we think such offenses could be construed as the creation of a nuisance and be punished by fine. We hope the very next offence will be so punished.

ARTICLES OF INCORPORATION.—Articles of association of the Rogue River Hydraulic Gold Mining Company, Josephine county, State of Oregon. The purpose for which said corporation is to be organized is to do business in Josephine County, State of Oregon, as a hydraulic and gravel-mining company, and to buy and sell and deal in such real and personal estate as may be necessary to the successful prosecution of said business. Principal office of business is at Canyonville, Douglas county. Capital stock, five hundred thousand dollars (\$500,000) to be divided into shares of two hundred and fifty thousand at two dollars each. Incorporators: Wm. F. Briggs, H. Hampton, R. A. Jones, J. N. Muncy, G. N. Youm, George Ross, H. W. Stevenson, G. N. Fawcett, Geo. W. Weidler.

Postal Agent Steel passed through yesterday en route for Portland, having just returned from an official visit to Washington. Mr. Steel assures us that he is not a candidate for the Portland postoffice, but would prefer the appointment of Mr. Chittenden, should a vacancy occur. We believe the public are fully satisfied with Mr. Steel's discharge of duty in his present position, as he has been an energetic and faithful officer and would prefer that he retain it.
