Religious Directory.

M. E. Church.—Religious services every Sunday at the usual hours, by the Rev. Erwin M. A. Williams, D. A. Crowell and A. Harrison

Catholic Services.—Services will be held at the Catholic Church in this place every Sunday at the usual hours in the morning and evening, Rev. Father Blanchet officiating.

M. E. Sunday School.—Regular meeting every Sunday afternoon at 2 o'clock

Catholic Sunday School.—Regular meeting every Sunday afternoon at 2 o'clock

Fire Company.—We thought we were to have a fire company organized in Jacksonville. It has frozen out during the late cold spell!

Went to California.—Steve Hubbard is now taking care of stock for the O. & C. Stage Co. at Cole's station, on the California side of the mountain.

Separated.—We have authority for stating that Ed. Cawley and his wife Affie have agreed to discontinue their matrimonial relations. Mrs. Cawley returned on Saturday last to the home of her father, Dr. Colvig, at Rock Point.

On a Visit.—Dr. Jesse Robinson, formerly of this place, is on a visit to old friends in the valley. The Dr. has taken a trip down the river, where he is interested in mining operations with Mr. Bybee.

Collecting Indians.—We learn from Mr. Arthur Langell that the troops are busy collecting straggling Indians throughout the Lake country. They are to be removed to the Yakima reservation.

A Treaty.—Madame Holt, of the Franco American, has our thanks for a nice present of fresh oysters from Shalwater Bay. Their flavor was excellent and they were duly appreciated. The Madame's boarders must live well.

Stock Suffering.—We learn that the stock on Hatte creek is suffering severely from the long continued cold weather. Many cattle are in a nearly starving condition and even if warm weather should start the grass a large number cannot survive.

Came Ashore.—The schooner "Elvonia" parted her moorings at Crescent City on the night of January 29th with a full cargo of redwood lumber. She belongs to Messrs. Hobbs, Penney & Co., of San Francisco, and will probably be a total loss.

Novel Farming.—Joe Beggs informs us that in passing through Cow creek valley a few days since he found Mr. Harly Elif filling hog holes in his fence with snow. Beggs is responsible for the statement and presumes that Mr. Elif expects the snow to last all next summer, which we hope it won't.

Preaching.—Don't fail to go to the Heber Grove school house on Sunday the 16th inst. and hear Elder Peterson on infidelity. The Elder will preach at Willow Springs on Sunday the 9th inst., the subject at the latter place being "The law of the spirit of life."

Position Filled.—We are glad to see that Mr. John Boyer has received the position in Mr. Beekman's banking and express office made vacant by the death of U. S. Hayden. Mr. Boyer is a very worthy and deserving citizen and we offer him our congratulations.

Railroad Meeting.—A meeting of the committee of the N. G. R. will be held in Jacksonville to-day. We hope the meeting will be a full one, and that a good report of the willingness of our people to aid in the survey will be made. Do not let the public interest in this matter die.

Postal Order.—An order has been issued by the Post Office Department directing Postmasters to receive any money that has been declined a legal tender in exchange for Post Office orders. Hereafter Postmasters were required to receive only treasury and national bank notes, and since the change the business of the Jacksonville office has been largely increased.

Backed Out.—Last week there was a candidate for admission to a lodge of Good Templars on Applegate. The lodge has the whole world for an "ante room" and the candidate was forced to sit outside on a log during a heavy snow storm and await its action. When the committee informed him that the ballot had been favorable he expressed himself disgusted with cold water, especially in a crystalline form, and spent his admission fee at Bolt's for something to start his blood into circulation again.

LOCAL ITEMS.

Stages on time. Miners generally idle. The freeze still continues. Circuit Court next Monday.

County Court meets to-day. Weather distressingly bright. Beggs' team gone North to-day.

R. F. Dowell is at present in Portland. County taxes collected to date \$12,745.10.

Chew Jackson's Best Sweet Navy Tobacco. Several communications crowded out this week.

Prospects of cattle market next Spring. Mr. Wm. Gass will start for home in a few days.

Valentines at Kahler Bro's and Breckenfeld's. Sheriff Bybee returned yesterday from his mines.

Over two hundred pupils in the District School. Read what Mrs. Merriman has to say as Administratrix.

W. J. Plymale lost a horse on Sunday last. Read his ad elsewhere. Mr. Flitner from Yreka proposes to start a skating rink in Jacksonville.

Thanks to Veit Schutz. His beverage is fit for a German Prince. Arthur Langell in from Lake county—perhaps looking for a partner.

We hear that there are a great many scabby sheep in this county just now. Chas. Cogswell, Esq., of Lakeview, has gone to Salem on State land business.

In the month of January just ended Post Master Muller issued 192 money orders. Breckenfeld is still at the old corner with a large and desirable stock, very cheap.

Reames Bros. invite their friends to call and see how very cheap they sell for cash. Col. Stone, Supt. of the O. & C. Stage Co., went South to Yreka Saturday last.

Rev. Mr. Hardison will preach next Sunday morning at the M. E. Church. Mr. Booth's fine horse "Scamper-down" will commence the season on Feb. 20th.

Capt Winters has gathered up about 350 Pintos who will be taken to Yakima on once. E. F. Walker has a force of ten men on his Grave Creek ditch and is daily adding to it.

We furnish our readers this week with two very important decisions by Judge Deady. Land patents for James R. Neil and Cyrus W. Pickens are in the land office at Roseburg.

Don't forget the dance at Mr. Ralls' new house near Willow Springs on the 21st inst. Mr. John Blalock, of upper Evans Creek, reports the weather too cold there for mining.

School tax collected to date in Jacksonville District \$925.23. About \$400 yet uncollected. Everything in the neighborhood of Grave Creek frozen up and miners idle for want of water.

Matt Shannon is now doing the shoeing on the middle division of the O. & C. Stage company. Outside is "Daisy's Mission," written several years since by the editor for the "Overland Monthly."

Mining matters reported exceedingly quiet in Josephine county owing to the long continued freeze. There will be a spelling bee at Phoenix this evening. Not only fun but instruction for the young folks.

The friends of Mrs. Wm. Hoffman are informed that she is doing as well as possible with her broken arm. Matt Dillon has something that would make an Irish lord or any other man happy if he took just enough.

S. B. Ramsey drove 150 head of fine beef cattle out of Langell Valley last week for the San Francisco market. Messrs. Hale and Worden, the latter a brother of "Sikes," brought in a band of cattle for John Orth from the Klamath basin last week.

Some of our Ashland folks got into a row last week and a fight occurred, which shows that our neighboring town contains some naughty people. Professor Kogler has sent to New York for a splendid Chickering piano for the use of his pupils, and the Professor is just the gentleman to bring music from it.

Mr. W. C. Myer, the enterprising stock raiser of Ashland, was in town last week. We would like to hear from him regarding a county fair.

L. Herling, Jr., is father to the finest boy ever found in San Francisco. Louis is too happy, and says he wouldn't swap it for the Bank of California.

We hear that an iron fence very elegant in design and finish has been brought to Rock Point by J. E. Beggs. It is intended to enclose the resting place of the late Mrs. F. Birdsey.

Walter Moss is canvassing Jackson county for the Salem "Mercury," published by W. F. Cornell. It is an excellent Democratic journal, and has the largest circulation of any Democratic paper in Oregon.

S. Marks & Co. give notice in another column that they have decided on discontinuing the forwarding business after February 15th, and shippers will govern themselves accordingly.

The roads north of here, especially through the Grave Creek hills and north of Canyonville, are reported in a very bad condition. Partly frozen and partly thawed out and in places covered with ice wheeling is not only difficult but dangerous.

The "Teller" committee are still engaged in taking the testimony in the southern fraud cases. The investigation is expected to be a teller in the next Presidential campaign, but its work will probably be in vain unless the bulldozing spirit gives way to fair dealing in the southern states.

Some Democratic papers afraid to defend the late corrupt Democratic administration are trying to divert their readers with a hue and cry about the Investigating Committee. We are glad to say that the number of papers that do so is small, but what they lack in numbers they make up in political intensity.

The "Bed Rock" Democrat published at Baker City, in speaking of the report of the Investigating Committee says: From what we have seen of the committee's report we are satisfied that the committee has faithfully done its duty, and we do not believe any Democratic paper should lower itself so as to become the apologist of Democratic corrupt officials.

Colt Sold.—We learn that Mr. J. H. Penn has sold one of the fine Morgan fillies he took to Roseburg, for \$300.

Money Order Business.—The Jacksonville Post Office issued during the year 1878 1,620 money orders, amounting to \$16,020.03.

Confined to Bed.—We hear that School Superintendent Fountain is seriously ill at his home in Ashland, having been confined to his bed for several days.

Festivities at Phoenix.—A few days ago the head of a gentleman at Phoenix collided with a brick-bat, discharged by a juvenile catapult named Nicewarmer, and was seriously damaged. The owner of the head brought it to town on Monday for repairs.

The Stockholders of the Grave Creek Ditch & Mining company will meet at the Grave Creek House on the 20th day of Feb., 1879, at one o'clock, p. m. A full attendance is required. By order of Directors. DANL CROSMILLER, Sec.

Drive Slow.—The last legislature passed a law to prevent fast driving over any public bridge at a rate faster than a walk under penalty of \$10 to \$100. A county or public bridge on any highway is one whose width exceeds ten feet and the public will take notice that the law is in full force and effect.

A Hint to Young Men.—A few days since we asked a young lady acquaintance why she remained single among so many young men? "Well," she answered "I have not been asked yet, and if I were I really do not feel stout enough to make a living for two." The answer we are afraid, contains a whole volume of truth, and may teach a lesson for many places as well as Jacksonville.

Precinct Jury List.—Following is the jury list for Justices' court, Jacksonville precinct, for the year ending Dec. 31, 1879. It was drawn on Monday by Justice Haller, assisted by Wm. M. Turner and C. W. Kahler as provided by law: L. J. C. Duncan, J. N. T. Miller, J. A. Cardwell, James Lawrence, Wm. Jackson, Peter Britt, John Orth, Nat Langell, E. R. Reames, E. D. Foundry, W. A. JOSEPHINE COUNTY ITEMS.

Wilderville, Ogn., Jan. 27. Ed. SENTINEL.—The long looked for storm has come at last and the miners were happy for a season at least, but their happiness seems to be of but short duration as it is again freezing off nights.

Bybee, Hawke & Co., at the Josephine diggings, have commenced piping with two pipes. The other companies further down the river are also at work with the exception of the Pickett creek company. The Green Bros., at the Sugar Pine ledge, are now running two arastras and have six men in their employ taking out quartz.

An exploring party of seven or eight left here the other day to explore the new cave lately discovered on the left fork of Cheney creek, and within about four miles of this place. The cave has been but partially explored. Some of the rooms that have been explored are said to be very beautiful. It is of lime stone formation and bids fair to become quite a curiosity in its way.

Messrs. Watts and McAllister have completed the survey of the Cheney creek ditch. It is something over four miles in length. Mr. Weatherly is putting up a new saw-mill on Jackson creek.

HAWKEYE. BADLY MISTAKEN.

The "Times" rather broadly hints that we are the author of our own correspondence, and in so doing makes an ungenerous and we trust an unintended charge, as it is beneath the dignity or manliness of any editor to say elsewhere anything he is ashamed to say in his editorial columns. We assure the "Times," that the correspondence is as genuine as it is apparently distasteful. It appears to have been stinging to the "Times," but it should have stung more deeply, and it is difficult to express the disapprobation with which a late scurrilous and profane article in that paper has been received by the public. It is a great mistake to suppose that we were the author of the letters referred to, and which do credit to the intellect and morals of the writers, and it is a still greater mistake to suppose that we are either afraid or ashamed to express our opinion on any proper subject in its appropriate editorial place in the SENTINEL.

SERIOUS ACCIDENT.—We regret to say that Mrs. Jane McCully met with a very painful accident on Thursday last. Stepping outside of her kitchen door she slipped on the frosty ground, falling heavily, fracturing the radius of the right arm near the wrist, and also dislocating the wrist joint. Mrs. McCully is under the care of Dr. Aiken and doing very well.

PROPERTY SOLD.—Eighty acres of the "Horse" property, levied on to satisfy a judgment in favor of Ahler Rand was sold by Deputy Sheriff Seybert on Saturday. It was purchased by Wm. Hoffman for

BOARD OF TRUSTEES.

A called meeting of the Board of Trustees was held on February 3d, President Linn in the chair and all the members present. The President ordered Mr. Nunan to act as clerk. Mr. Langell moved that all business be suspended and the business of the meeting be to draft proper resolutions on the death of our worthy Recorder, U. S. Hayden, when the following were offered and passed:

WHEREAS.—It has pleased Almighty God in His wisdom to remove from our midst by death since our last meeting our worthy and efficient Recorder, U. S. Hayden, therefore be it

RESOLVED.—That by this sudden and affecting dispensation of Providence this Board has lost a useful, energetic and upright member, society one of its brightest ornaments, the Town of Jacksonville a trusted officer, doing his utmost to further its interest and prosperity, filling the office of Recorder for eighteen years with credit to himself and an honor to the town of Jacksonville. The community lose a good citizen and a kind benevolent gentleman, whose absence will long be felt in our midst.

RESOLVED.—That this Board tender their sincere sympathies to the bereaved relatives of the deceased.

RESOLVED.—That in token of respect for our lamented friend and honored fellow officer, that the members of this Board, and the officers of this town wear erape for the space of thirty days; and also that this hall be draped in mourning for the same length of time.

RESOLVED.—That these resolutions be entered in full upon the journal, and that the clerk of the Board forward a copy of the same to the relatives of the deceased.

D. LINN, President. J. NUNAN, Recorder Pro tem. A COUNTY FAIR.

We regret the apathy that has been manifested by our farmers for many years with regard to an annual exhibition of stock and agricultural products. There is no reason whatever that we should not have a yearly gathering of the farmers, stock raisers and manufacturers of Jackson county that would not only be instructive and profitable but enjoyable to themselves and families. With our neighbors across the Siskiyou range the County Fair is the great event of the season. From every part of the county farmers gather to show their products and to interchange thought on the noblest pursuit of mankind, stock-raising, to try the speed and strength of their roadsters and discuss the relative merits of their sheep and cattle, and their families attend to enjoy the society of their friends and neighbors. We do not suggest a mere horse race or a fair devoted exclusively to the trial of the speed of fine horses, although that must necessarily be a prominent feature, but we mean an exhibition of every product of our industry. The Agricultural Society of Jackson county is still in existence, and we think that if they would take early steps, the first one the securing of ground for a half mile track, they would receive substantial encouragement from the community and make a fair a success next Fall.

THE INDIAN BUREAU.

The joint committee on Indian affairs appear to be almost unanimous in the recommendation that the control of the Indians be transferred from the Interior to the war department. There will, no doubt, be a tremendous effort to prevent the change but it is to be hoped that it will be made at once. The condition of Indian matters is now so bad, owing to the parsimony of Congress and the total failure of the "peace policy," that it would be difficult to make it worse. Fear is the most powerful argument with an Indian, and under the present system when all else has failed and he becomes unmanageable the aid of the military is invoked to restrain him. The restraint should come direct and the transfer would end the continual conflict between the civil and military authorities. The moral culture of the Indian, if it is possible, need not necessarily cease. If the churches be honest and we would be loth to think they are not, they can take the gospel among the Indians more easily than they can carry it among foreign pagans, and of course they will be furnished every facility for his conversion. We do not desire the change because we endorse the hue and cry against civilian agents. We believe they have been much belied and their failure is more the result of a misunderstanding of Indian character than of dishonest practices. A change would simplify the government of the various tribes by bringing them in direct contact with the only power they fear and would return a large army of civilians to industrial pursuits. We earnestly hope it will be made.

DIED.

KINCAID.—At the residence of his mother near Williamsburg, on Thursday, January 30th, Geo. Kincaid, aged 8 years.
