THE CONDITION OF OREGON.

We take the following handsome compliment from the San Francisco Examiner, and are glad to note that Mr. James O'Meara has not yet forgotten the land of red apples and never failing crops:

Oregon does not rapidly increase in population. The want of railroad connection is the cause. Her great future has yet to come. Fifty years hence she will be among the richest and greatest States in the Union.

WASHINGTON, Feb. 4.—The senate military affairs committee today reported favorably on a bill for payment to the State of Oregon the amount expended by the authorities and citizens in aid of the suppression of the Modoc war, with an amendment reducing the total amount from \$223,600 to \$180,000.

The same committee also took favorable action today on a bill to appropriate \$50,000 for improvement of the military wagon road between Scottsburg and Camp Stewart, Or., and referred it to the committee on appropriations with a recommendation for its incorporation in one of the general appropriation bills.

The committee also agreed to recommend the passage of the bill giving the court of claims jurisdiction of the claim of Robert Dunbar, for losses occasioned by breach of contract on the part of the government regarding the possession and care of buildings on Port Orford military reservation.

A woman on Coos Bay, a short time since, says the News, induced her husband to mortgage his ranch to get money for her to take a trip to San Francisco. He had papers served on him the other day for a divorce. His wife applied in San Francisco. Such is life.

This joke, considering that it comes from Scotland, is not bad: Why is professor—the greatest revivalist of the age? Because at the end of every sermon there is a great awakening.

CATARRH

A PHYSICIAN'S TESTIMONY. 30 Years a Physician, 12 Years a Sufferer. Tried Regular Remedies. Tried Patent Medicines. Permanently cured by SANFORD'S RADICAL CURE.

MESSRS. WEEKS & POTTER.—Sir: I have practiced medicine for thirty years, and have been a sufferer myself for twelve years with Catarrh in the nasal passages, fauces and larynx. I have used everything in the modern medicine with out any permanent relief, until finally I was induced to try a patent medicine (something that we all despise) and very soon I got hold of yours. I followed the directions to the letter, and am happy to say that I have had a permanent cure. Your RADICAL CURE is certainly a happy combination for the cure of that most unpleasant and dangerous of diseases.

Yours respectfully, M. D. D. W. GRAY, M. D., Of Dr. D. W. Gray & Son, Physicians and Dispensaries, Iowa, March 27, 1877.

The value of this remedy must not be overlooked in the cure of those

SYMPATHETIC DISEASES,

Affections of the Eye, Ear, Throat, Lungs and Bronchial Tubes which in many cases accompany a severe case of Catarrh. The inflamed and diseased condition of the mucous membrane in the case of all these affections, and until the system has been in a proper condition, the influence of the RADICAL CURE will be but a temporary relief. It is in that short time that the way from Malice to California, and is every where acknowledged by druggists and physicians to be the most successful preparation for the thorough treatment of Catarrh, even when compounded. The fact will be demonstrated that within six years over 250 different remedies for Catarrh have been published, and to-day, with one or two exceptions, their names cannot be recalled by the best informed druggist. Advertising may succeed in forcing a few names, but the remedy cannot be distinguished from the medical properties, it is absolutely certain to fail into merited obscurity.

Each package of SANFORD'S RADICAL CURE contains Dr. Sanford's Improved Inhalant Tube, with full directions for its use in all cases. Price \$1.00. Sold by all wholesale and retail druggists and by WEEKS & POTTER, General Agents and Wholesale Druggists, Boston, Mass.

In order to introduce THESE MAGNIFICENT PIANOS on this Coast, I have put the prices MUCH LOWER than other FIRST-CLASS MAKERS, and as I do not propose to make any agents, (who generally extort large profits from the consumer) I expect to be severely handled by such persons in the Piano business.

The materials used in their construction are of the VERY BEST kind, and the wood thoroughly seasoned. They are substantially made.

DURABILITY, TONE and the power of MAINTAINING TUNE LONGER than any other piano made, are the characteristics of these instruments.

The greatest possible attention is given to their tone and touch, and I have no hesitancy in offering them to the public as FIRST-CLASS PIANOS in every respect, and warrant them to stand in any climate.
