

THE OREGON SENTINEL

THE LAW OF NEWSPAPERS

1. Subscribers who do not give express notice to the contrary, are considered as wishing to continue their subscriptions.
 2. If any subscribers order the discontinuance of their newspapers, the publisher may continue to send them until all arrearages are paid.
 3. If subscribers neglect or refuse to take their newspapers from the offices to which they are directed, the law holds them responsible until they have settled the bills, and ordered them discontinued.
 4. If subscribers remove to other places without informing the publisher, and the newspapers are sent to the former direction, they are held responsible.
 5. The Courts have decided that refusing to take newspapers from this office, or removing and leaving them uncalled for, is prima facie evidence of intentional fraud.
 6. The postmaster who neglects to give legal notice of the neglect of a person to take from the office the newspaper addressed to him, is liable to the publisher for the subscription price.

RAILROAD PROSPECTS.

On our first page we publish an article from the Jacksonville SENTINEL, in reference to building a railroad from Crescent City to Jacksonville, which would greatly benefit this section, provided we get no road from Reading. The building of such a road would no doubt prevent the building of a road from Reading to Roseburg, or at least delay it much longer, until the country more to afford sufficient trade to make it pay. To stop work, however, will require an extension or surrender of the franchise, which we believe expires this year, unless twenty miles more of road is built north of Reading. There has been so much talk about railroad to the coast lately, ending in apparently nothing but talk, that we place but little faith in its consummation. The route mentioned in the SENTINEL ought to be very accessible, and a road easily built over it, with a prospect of proving successful, if the harbor of Crescent City be improved. We hope it will be a reality as the SENTINEL seems to think, and we are satisfied to think that it would receive encouragement from this county. Even if it should be continued to Siskiyou, it would open communication to work off the surplus products of Rogue River Valley, and leave our Siskiyou farmers the benefit of the markets in our own section, without obliging ruinous competition of the Oregon producers, for want of a good market in Southern Oregon for the large surplus raised there.—Yreka Journal.

DON'T FORGET IT.

If you are troubled with nervousness, are disheartened, tired of life, fear death or feel out of sorts as the saying is, you may safely conclude that you have a complaint.

**The Fast Trotting Stallion,
 OPHIR!**

WILL STAND THE PRESENT SEASON OF 1879, commencing on April 1st and ending July 1st. He will be at Ashland Tuesdays and at Phoenix Wednesdays; the rest of the week at Manning's stable, in Jacksonville.

He has a Record of 2:35.

PEDIGREE—Ophir was sired by the celebrated trotting stallion Kentucky Hunter, he by Broken Leg Hunter, of New York; grandsire, Sorrel Hunter; great grandsire, Old Kentucky Hunter; great-great grandsire, Highlander.

Sorrel Hunter's Dam was a Sir Henry mare from Kentucky, from which the name Kentucky originated, the name of Hunter was derived from his English Hunter blood.

Kentucky Hunter's dam (from a Moonshine Mare) was sired by the trotting stallion Harden Hunter; grandsire, Sorrel Hunter; great grandsire, Old Kentucky Hunter; great-great grandsire, Highlander.

This is a correct pedigree of Kentucky Hunter, and makes him about seven-eighths Hunter; or perhaps, better known as Messenger blood, and which has been thoroughly proven to be the fastest and best stock of horses ever introduced into the United States.

Ophir's Dam was sired by David Hill; her dam was sired by Prince Albert, a Messenger owned by William Reynolds, of Colusa County, California. Ophir's dam is now owned in Santa Clara County by Dr. C. L. Francis; her dam is owned by D. M. Beavis, of Butte County. They are both fine, large and splendid roadsters.

TERMS—Single service \$20, payable in advance. For the season, \$50, payable at the end thereof. Insurance \$40, payable when it is ascertained that the mare is in foal.

All possible care will be taken by an experienced hand, who thoroughly understands the treatment of mares and horses, to avoid accidents; but will not be responsible should any occur. Pasturage furnished at reasonable rates. S. L. DANIELS, Proprietor.

**PRICES REDUCED.
 THE IMPORTED PERCHERON STALLION**

Pride of Perche. White Rose and foal.

WILL MAKE THE SEASON BEGINNING APRIL FIRST AND CONTINUE till July 1st: Tuesdays and Wednesdays at the livery stable of W. J. Plymale in Jacksonville, and Monday A. M., Thursday and Saturday of each week at my stables near Ashland.

The first imported French stallion that came west of the Alleghenies came into Union county, Ohio, in 1851. This horse was called LOUIS NAPOLEON and showed the grand value of this stock. Up to 1869 there were sixty-two more imported into the United States, and in the last ten years there have been five hundred and sixty-six imported. Some counties in Ohio and Illinois give business to from twelve to fifteen imported stallions, as well as a number of grades.

The grades of this stock are now going into the Chicago and New York markets and readily bring from fifty to seventy five per cent. more than the common stock of work horses. The above shows the reputation this stock has where they have had over a quarter of a century's experience with them.

See the money brought into this county by the sale of WHITE PRINCE colts and fillies. There have been forty five head sold and taken out of this county which brought \$13,317, an average price of near \$296 each. They were mostly sold when under two years old—many of them at weaning time. They were taken to California, Eastern Oregon, Washington and Idaho Territories. Favorable reports have come from all, and in several instances the purchasers have ordered or come and bought more.

WHITE PRINCE has not made a season here since 1873. Every business man knows that large, well formed horses have always been in demand at good prices. There has been a good deal said that the Percheron stock that I have introduced on this coast at great cost was a failure, a humbug, and did not suit the wants of farmers and teamsters, &c. These parties that give currency and credit to the above are, no doubt, interested in some other stock and never owned or gave the Percherons a trial.

Hear what RELIABLE MEN, that are well known in this county, say on this matter! We, the undersigned, having bred, owned or used colts sired by the imported Percheron horses introduced into Oregon by W. C. Myer, of Ashland, believe this stock to be a VALUABLE ACQUISITION TO OUR STATE, as those bred here all show their origin in a VERY MARKED D. GREY, having a square, solid make-up, with good bone, fine form, kind disposition and good action for animals of their size. Those old enough to work give good satisfaction on the farm or road as team animals, and find a ready market at the highest prices for which work horses are sold. The produce from the half-bloods, colts and fillies, show the Percheron blood.

In view of these facts there can be no doubt that the introduction of the Percheron has and will cause a valuable improvement of our common stock, and add to the financial interests of the country.

I could with the above get like endorsements from parties that have bred or owned young stock from my horses in California, Umpqua and Willamette valleys, Eastern Oregon, Washington, Idaho and Montana Territories and British Columbia.

PRIDE OF PERCHE was selected in France by the same party that brought out old Louis Napoleon. (He then had 25 years experience with this stock) and was purchased from one of the best breeders in France. His produce in this State show him to be a No. 1 stock horse.

Terms—\$20 the Season.

ARABIAN BOY and BOBBY BURNS will each serve a limited number of mares and be at my stables. ARABIAN BOY \$35 to insure. BOBBY BURNS, the Shetland, \$15 to insure. Pasturage 62 1-2 cents per week; will use due care but will not be liable for accidents or escapes. Ashland, March 26th, 1879. W. C. MYER.

CHEAPER

Of me than ANY OTHER DEALER in the business, because I sell at WHOLESALE PRICES FOR CASH, and at a slight advance where sold on EASY INSTALLMENTS. Agents and Piano Tramps who make LARGE PROFITS are requested to open their batteries UPON ME or my INSTRUMENTS at once. The public will soon ascertain it is to THEIR ADVANTAGE to give me a call, and find that MY PIANOS AND ORGANS WILL WEAR AS WELL, keep in tune as long, and SAVE MONEY FOR THE PURCHASER. Don't be fooled or humbugged by anything you hear. "Talk is cheap" (usually.) The man or woman who is talked into paying exorbitant prices, pays very dear. BEST OF REFERENCES GIVEN AND SATISFACTION GUARANTEED.

SMITH'S PIANOS & ORGANS.

In order to introduce THESE MAGNIFICENT PIANOS on this Coast, I have put the prices MUCH LOWER than other FIRST-CLASS MAKERS, and as I do not propose to make any agents, (who generally extort large profits from the consumer) I expect to be severely handled by such persons in the Piano business.

The materials used in their construction are of the VERY BEST kind, and the wood thoroughly seasoned. They are substantially made.

DURABILITY, TONE and the power of MAINTAINING TUNE LONGER than any other piano made, are the characteristics of these instruments.

The greatest possible attention is given to their tone and touch, and I have no hesitancy in offering them to the public as FIRST-CLASS PIANOS in every respect, and warrant them to stand in any climate.
