CATHOLIC SUNDAY SCHOOL.—Regular meeting every Sunday afternoon at 2 o'clock.

HAPPY.—Bob Kahler is the happy father of a fine boy born on the 16th inst. Bob is also happy in enjoying the reputation of being the best manufacturer of hair oil in Oregon.

CHANGE.—The officers of the O. & C. stage Co., were obliged to wait for a change in the weather and roads before changing time. They intended to change time a week ago but the stages will probably continue to run as heretofore for a week yet.

CIRCUIT COURT IN JOSEPHINE.—There is nothing of any importance on the Circuit court docket in Josephine county. It is understood the case of the State vs. J. J. More, for larceny in which a new trial was granted, is to be transferred from Josephine to Douglas county.

GOOD WORK.—Road Supervisor L. Shideler has taken out all the old wooden culverts on the road between Lucy's and Van Dyke's and replaced them, eight in number, with stone culverts. It is a sensible and permanent work and the example should be followed wherever practicable.

FINE COLT.—We saw on Saturday a "Scamperdown" colt, belonging to Frank Ball, two years old in June, that for form and action is, without exception, the finest colt we have seen in Southern Oregon. He shows blood, unmistakably, and will no doubt prove with training to be as fast as his sire.

PROMPT SETTLEMENT.—Mr. J. Numan, agent for the "State Investment," settled the loss incurred by Jesse Houck of Ashland by the late fire at that place, on Monday. The amount allowed, \$600, was quite satisfactory, there was no bickering or vexations or delay. Insure with Numan and keep your money at home.

Mrs. P. P. Prim's new stock of millinery goods is expected here this week and after their arrival she can be found in the building on California street formerly occupied by Dr. Robinson. She has a large stock of hats, of her own selection, which she will offer at the lowest possible prices. Call and be convinced. She expects to be ready for business by next Saturday.

CHALLENGE.—I hereby challenge any and all foot racers in Jackson, Josephine and Lake counties, to run from eighty to one hundred yards any time between now and the 5th of July, for one hundred dollars and upwards, a forfeit of fifty dollars to be put up by June 1st. HENRY MESSOR.

We suppose the above is authoritative enough to suit the "Times."

SINGULAR CIRCUMSTANCE.—Jake Pence, of Steamboat, killed a deer last week and on opening the animal found in it a white fir limb, over a foot long and as large as a broom stick. The limb had passed through the animal's liver, and when found it was close to one side of its heart. The wood, which was quite smooth, had evidently been in the deer's stomach for some time, and penetrated it while jumping a log.

BONDED.—The owners of the old Fowler ledge, at Steamboat, have made B. F. Dowell trustee, with full power to incorporate, which will be done next month. About \$300,000 was taken from a rich pocket in this ledge but the rock which was lying in a horizontal position broke abruptly off and the ledge was lost. A tunnel has been started by the owners, James Herd and Richard Cook, to strike the ledge at a greater depth.

AQUITTED.—The persons arrested for an alleged assault on D. W. Wilbee at a school meeting on Applegate, came to town on Thursday and the trial was set for next day. Four of the number, H. Jones, Manly Raxford, Blake Baldwin, John McDaniel, were tried by a jury in Justice Huffer's court on Friday, and the evidence being very slight and more against the accused than the accused they were promptly acquitted, the complaint against the others, Wm. Farris, John Loomin, Wm. Sonsson, and old man Carr was dismissed by the District Attorney.

MINING NOTES.

The Centennial, at Willow Springs, is yielding over an ounce to the day to the hand and running three hands.

John Bolt is piping in his claim on Farris gulch, in rich ground. Pieces worth three and four dollars are frequently picked up.

Frank Ennis threatens to "duck" some editor for exposing his telephonic arrangements. He remarked that his "Hollyhock" never says hash but yells out "refreshments" in the most lady-like manner.

We regret to note that Thos. Dews, an old citizen of this county, is very ill at his residence on Applegate and that there is little or no hope of his recovery, his disease being softening of the brain.

We are informed that Messrs. Haymond & Magruder of Rock Point will soon commence the erection of a safe and substantial bridge across Rogue river at that point, and intend to finish it as soon as possible.

It is said that a new set of hinges have been ordered for the penitentiary. The door has been opened so often since Thayer was made Governor, for the egress of pardoned convicts, that the hinges are worn out.

Read the notice of Mr. J. H. Penn, who desires to dispose of his real and personal property. He has a very desirable residence, with considerable valuable fruit, and some fine young stock which can be had very cheap.

A Washington dispatch of the 18th says: Henry R. Kincaid, of Oregon, employed for a number of years in Secretary Gorham's office, was notified today that his place will be hereafter filled by another Oregonian named Gilroy.

The "Times" has made the astounding discovery that a hole has been burnd in one of the cells of the jail. We will inform that enterprising journal that the hole was burnd nearly two years since, and the circumstance nearly forgotten.

The Spring has been very backward in the highlands along Big and Little Butte creek in consequence of the late cold rains. No gardening has yet been done and it will be some time before the ground is in condition for the plow.

We had not the pleasure of attending the last entertainment given by the Amateurs on Saturday evening, but hear it spoken of in terms of general satisfaction, every one connected with it having done credit to themselves. The receipts were \$71.00.

The murderers of Mrs. Hagar are all caught. If they are to be punished it must be by hanging as it is useless to send convicts to the Penitentiary under the benign administration of Gov. Thayer. He thinks it is wicked to restrain people of their liberty.

Some disparaging statements having been made here against "Ophir" his owner publishes the most conclusive affidavits of responsible parties in Chico regarding his qualities. This valuable horse should have at least a fair show and falsehoods circulated about him will only add to his popularity.

The Yreka "Union," noticing Henry Mensor's challenge, says there is a youth over in Siskiyou that would run if the stakes were an object, say about two thousand a side. Raise it to two million, Bro. Burrows, and although not much on the run we will give your youth a rattle, as Henry declines Siskiyou county.

Postmaster Helman, of Ashland, has been instructed to find a responsible party and re-let the mail contract on the route between Ashland and Lakeview. There have been twenty-three failures in the connection reported by P. M. Helman, and many more from the other end of the line.

The resignation of Judge Harding, of the third District, under the attacks of the "Bourbon press," is unmistakable yet the unscrupulous sheets continue to demand his "resignation." Save your powder, gentlemen, the Judge has plenty of resignation but none to spare, and will hold the fort till the end of his term. Democrats generally do.

A letter just received from Ex-Senator Mitchell gives the information that service on route 44,150, between Jacksonville and Crescent City, via Waldo, has been increased from two to three trips per week. There is no increase of the schedule time and it is doubtful whether Mr. Garrett, the present contractor, will perform the increased service, as it would result in loss to him.

Messrs. W. A. Hamilton and J. K. Johnson, of Crescent City, are expected here shortly to examine the route between here and that place and ascertain the feeling of our people with regard to the construction of a narrow gauge railroad. From all the information we have the route to Crescent City is more practicable than that to Ellensburg, and probably little difference in the respective harbors.

THE KLAMATHS.

We have received several letters from Lake county asking us to protest against the proposed removal of the Klamaths. One concludes as follows: "We don't want any more Indian wars out here, and we will have one sure if any attempt is made to remove the Klamaths; all their land is not worth the life of one white settler and it is against our best interests to take them away. If Grover and Slater are going to disturb the peace of this county without any benefit to us the people out here will wish they had elected somebody else. How do you people in the valley like the idea of losing their market as the Post will go too?"

We have entered our protest against the removal of these Indians. We have done so because it would be inhuman, would produce war and would be a violation of good faith with that tribe. The last argument of the correspondent, while potent, is not worth much if weighed against the plans and interests of politicians.

COST OF HOME EDUCATION.

That the patrons of our public school may compare the cost of education at home with the cost of education in other places, we present the following statistics. The figures in the table give the cost of education, at the places set opposite, for each pupil of the average number belonging to the public schools during the past year:

San Francisco \$38.78
Boston 31.40
Springfield, Mass. 30.39
St. Louis 30.12
New York 29.38
Pittsburg 25.12
Cincinnati 24.34
Portland, Or. 23.20
Columbus 22.18
Cleveland 20.72
Chicago 20.06
Detroit 18.62
Jacksonville, Or. 11.84

Our citizens who recognize the high standard and efficiency of our own good school will hardly grumble at the cost of its maintenance when they understand that it is only one third the cost of a public school in San Francisco.

JACKSON COUNTY HORSES.—This county excels in the matter of fine stock and has already established quite a reputation in this line. Since the importation of the Percheron stock into this county by W. C. Myer that gentleman and others interested in the breeding of this stock have sold forty-five Percheron horses for the sum of \$13,375—or an average of about \$295 each. These horses were all taken out of the county and are now scattered over the entire coast. The colts sired by Penniger's Mike, owned by Jas. A. Cardwell of this place, make even a better showing than this, as five of his colts—Barney Flanders, Selim, Dick, Major, and Tamposon sold for \$6,500 and five others brought \$2,200. Besides this C. W. Kahler has a four year old filly of this stock for which he has just refused an offer of \$1,000. We have a number of other fine blooded stallions in this county, among which might be mentioned Scamperdown, owned by Booth & Clough, and the trotting horse Sir Walter, owned by Geo. W. Stephenson, and Ophir, the property of S. L. Daniels. Scamperdown and Sir Walter have a number of fine, promising young colts that will all bring good prices when they are older. Ophir has no colts in this valley, having only been brought to this county last fall, but had an excellent reputation in California from where he was imported.

REAL ESTATE TRANSACTIONS.—The following transactions in real estate have been recorded since the last issue of the SENTINEL:

Fanny Pelling to Wm. Wooley, 100 acres in Little Butte precinct, \$10,000.

B. N. Modisette to Susan N. Modisette, premises in Ashland. Consideration, \$500.

J. A. Bayley and wife to Sarah A. Farnham, 4.88 acres in Ashland precinct. Consideration, \$31.

H. Fox and wife to J. A. Bayley certain parcels of land in Ashland precinct. Consideration, \$150.

Alex. Martin to P. Donegan, 160 acres in Table Rock precinct. Consideration, \$500.

Saml. Colver to Thomas Aspinwall, lot in Phoenix. Consideration, \$1.

SERIOUS ACCIDENT.—On Thursday last Mr. Joseph Hess, of Yankee creek, near Simpsons, was out hunting, and when mounting his horse to return home his rifle was accidentally discharged, the ball passing through the elbow joint of his left arm and shattering it and the bones of the arm in a fearful manner. Dr. Aiken was called and performed amputation on Friday night, and although Mr. Hess is over seventy-five his recovery is not uncertain. The wounded man was brought to town on Sunday and is very comfortable.

A CALIFORNIA REFUGEE.—A sad, dejected man arrived in Jacksonville the other day by "walker's" line. Weary and footsore he drifted into Dillon's and placing his chin in the palms of his dirty hands he set his elbows on the bar and peered wistfully into the kind face of the host. "Barkeep" he said mournfully, "I'm a refugee!" "A refugee?" asked Mat. "Yes a wanderer and in a bad dilemma," remarked the visitor in a hollow whisper. "Its got two horns" he continued, "the horn of plenty and in a horn, and that's what's the matter." "Cheer up old fellow" said Mat as he passed the bottle to the melancholy stranger "and explain." "Don't talk about the nectar of the Gods" remarked the tramp as he poured down a brimmer of pure corn juice, "thats good enough for a refugee." "I'm a refugee" he said again, "a California capitalist; I'm fleeing from the new constitution; it's awful severe on capitalist. You see our bullion is all locked up, and when we travel we're kind of short—yes its awful on married men! Tender-foot pat's exhausted. "Barkeep" he murmured pathetically, "I'm a capitalist in trouble, couldn't you set me up once more and give a distressed banker a start while he seeks some spot where his coin will be secure from villainous tax gatherers?" "The host "set em up." The Spring blossom brightened on the capitalist's nose and as he vanished sucking the ragged moustache that had been dipped in the delicious beverage, Mat wondered if the adoption of the new constitution in California would really drive many of her capitalists into Oregon.

CHURCHES OF THE NORTHWEST.—From the "Pacific Rural Press" we gather the following religious information: The Baptist convention of the North Pacific coast embraces six associations with a membership of 3,454. The Catholics, Diocese of Oregon City, claims a population of 20,000, and the Diocese of Nesqually, (Washington Territory) has a population of 12,000. The Congregationalists have a membership of 996 with 28 preaching stations in this State and Washington Territory. The Jews have only one synagogue in this State and none in Washington Territory. The society, although not very large, is in a prosperous condition. The Oregon Conference of the M. E. Church in this State numbers 3,798 members and the Columbia River Conference has a membership of 1,714. The Presbyterians—Synod of the Columbia—have twenty churches and 1,371 members, the second Presbytery of Puget Sound has seventeen churches with 768 members, and the third Presbytery of Southern Oregon has seven churches numbering 193 members. The United Presbyterians have six churches in this district. The Protestant Episcopal Church has thirty-four churches in this diocese with a membership of 883. In addition to this the Seventh Day Adventists have seven churches, the Unitarians seven and the Universalists five in this district.

EGYPTIAN CORN.—We have been presented with an ear of Egyptian corn, raised on the ranch of George Jackson in this county. The seed was originally brought to the United States from the Egyptian catacombs, where the germ had been preserved for thousands of years and it is said to be exceedingly prolific, yielding as much as eighty bushels per acre. The specimen we have very much resembles a "head" of broom corn, but the grain has no perceptible husk and makes very sweet and palatable hominy without a lye process. We have tried the hominy and find it delicious and superior to Indian corn. It is worth the attention of our farmers as it is said to do well on dry ground. Seed can be procured at Ryan's.

WRECK OF THE GREAT REPUBLIC.—We learn by telegraph that the steamship Great Republic, plying between Portland and San Francisco, struck on Saturday night while crossing the Columbia bar on her upward trip. She went to pieces on Sunday, and unfortunately ten lives were lost, the vessel and cargo being a total loss. The carrying capacity of this steamer was immense, she having brought over one thousand passengers to Portland a few weeks since. She was an old vessel, and probably unable to withstand what a better vessel would have lived through. It is not probable that our merchants have sustained any loss as they usually ship by the old line.

Eagle Point is one of the most beautifully situated valleys in this county and it is rapidly improving. It now contains two stores, a flouring mill, two blacksmith shops, one elegant church building and many neat residences. Several new buildings will be constructed during the coming Summer.

Deer are more numerous in the hills and mountains along the source of Big Butte creek than they have been for several years.

PLEASANT PARTY.—A very pleasant little party was given at the residence of Mrs. Bilger on Wednesday evening last, on the occasion of Master Willie's seventeenth birthday. The girls can now keep the run of Willie's age.

NEW ADVERTISEMENTS.

State of California, County of Butte, ss.

T. P. HENDERLICKS, Notary Public, Butte County California.

JOHN L. KINNEY OF THE TOWN of Chico, County of Butte, and State of California, being first duly sworn, deposes and says that he is well acquainted with the stallion Ophir, and that said horse to dependent knowledge is a sure getter of colts, and that all his colts are turning out nicely, and that said deponent is now the owner of two colts of said horse, and that all the colts of said horse are as fine and promising as any stock there is in this part of the country, and that whenever handled for that purpose are displaying the speed of a T. P. HENDERLICKS.

Subscribed and sworn to before me this 14th day of April 1879.

Geo. J. BOGANS, Notary Public, Butte County California.

State of California, County of Butte, ss.

JOHN L. KINNEY OF THE TOWN of Chico, County of Butte, and State of California, being first duly sworn, deposes and says that he is the owner of the stallion Ophir, that he and Geo. Perkins of Oroville, purchased said horse, Ophir, from Judge J. E. W. Lewis, of Oroville, at the age of one year, that said Kinney & Perkins have been the owners of said horse for eight years, and during the whole time he has never failed to get foal, in fact he is one of the surest getters of colts in this section of country, and that the colts of the said horse, Ophir, whenever and wherever they have been handled for that purpose, have invariably shown superior speed, and that the pedigree and speed of said Ophir is truthfully set forth in the annexed bill hereto attached. J. L. KINNEY.

Subscribed and sworn to before me this 14th day of April 1879.

Geo. J. BOGANS, Notary Public, Butte County California.

He has a Record of 2:35.

PEDIGREE.—Ophir was sired by the celebrated trotting stallion Kentucky Hunter, in by Broken Leg Hunter of New York; grand sire, Sorrel Hunter; great grand sire, Old Kentucky Hunter; great great grand sire, Highlander.

Sorrel Hunter's dam was Sir Henry mare from Kentucky, from which the name of his sire originated, the name of Hunter was derived from his English Hunter blood.

Kentucky Hunter's dam (from a Moonshine Mare) was sired by the trotting stallion Harden Hunter; grand sire, Sorrel Hunter; great grand sire, Kentucky Hunter; great great grand sire, Highlander.

This is a correct pedigree of Kentucky Hunter, and makes him about seven-eighths Hunter or perhaps, better known as Messenger blood, and which has been thoroughly proven to be the fastest and best stock of horses ever introduced into the United States.

Ophir's dam was sired by David Hill; her dam was sired by Prince Albert, a Messenger owned by William Reynolds, of Colton County California. Ophir's dam is now owned in Santa Clara County by Dr. C. L. French; her dam is owned by D. M. Beale, of Butte County. They are both fine, large and splendid roadsters.

Pedigree of Ophir's Dan's Sire—David Hill was sired by B. Beck, Linc; he by David Hill's celebrated trotting stallion, Black Hawk; he by Sherman Morgan; he by Justin Morgan, and he by Tom Britton, who was imported from England, and used by General Delancey as a charger on Long Island in 1777. David Hill's dam was got by Hambletonian; he by Abdallah; he by old Hennelein, and he by Imported Messenger. The dam of Hambletonian was Charles Kent's mare by imported Hambletonian.
