was engaged in crossing some supplies for the company. There were two Chinese in the boat but one escaped by clinging to it. The body has not yet been found.

VISITORS.—We noticed the pleasant faces of Messrs Leeds and Merritt of the "Ashland Tidings" at the picnic grounds on May day. The young gentlemen avowed that they came for a day's relief from labor, but we observed them taking notes of the spring styles, and it is hard to tell what may come of it. The young ladies of Ashland must be wide awake if they expect to win.

MUSICAL.—The third term of Mr. Theodore Kugler's instruction in music ended on the 3d inst., and the fourth term will commence on Monday next. It is hardly necessary to say that Mr. Kugler is a very accomplished teacher and that his instruction has done much to elevate the style of music here, and that the opportunity of his tuition should not be neglected.

BIDS FORWARDED.—Postmaster Muller having advertised for bids for carrying the mail between Jacksonville and Wright's, on Upper Applegate, nine proposals were deposited with him on Saturday last. They were immediately forwarded to the Department, and as it is understood that some of the bids are very low so that service or development of line stock is not certain.

ACROSS THE SISKIYOU.—The following citizens and citizenesses left for Yreka on Friday last to enjoy the celebration of "St. Tammany's" day at Yreka: E. H. Autenrieth and wife, D. Cronemiller and wife, T. J. Kinney, and wife, E. D. Foudray and wife, Adam Schmidt and wife, J. C. McCully and Miss. Issie McCully, Chas. Nickell and Miss. Sophie Nickell, Hon. H. K. Hanna, Henry Pape, James Birdseye, John Cimborisky, T. T. McKenzie, Aaron Barneburg and Wm. Penniger. On Saturday a large number of the people of Yreka met our delegation about three miles North of town with the Yreka band and escorted them into the city. Sunday was spent in visiting the Forest House and in visiting friends. On Monday the exercises of the Order took place, and the Oration, delivered by Judge Hanna, is said to have been a masterly effort. The ball on Monday night was immense, and the whole affair is reported to be the largest and most successful society celebration that ever took place in Yreka.

Affairs on the mail route between Ashland and Lakeview continue in a bad condition, and the manner in which the mails are being carried is simply disgraceful. It is barely possible that there is rascality in the Department as

Mr. J. Q. Willits returned from the North on Wednesday last, and will immediately take charge of the school at Linkville.

Miss Vinnie Hess is to start to-morrow for Crescent City to visit relations. Her sister, Mrs. M. A. Brentano, is expected here this week.

Mr. J. H. Penn will sell at auction on the 17th inst all his household and kitchen furniture. Bargains may be had at private sale until that time.

Billy Carl, Division Agent is "whooping up" things on the Stage line. If Billy aint a stage man we dont know where one will be found.

We hear that Geo. E. Briggs, of Josephine county, is quite ill having experienced a severe apopleptic stroke, having been speechless for some time.

Read Jos. Hyzer's advertisement and share your patronage with him. He is a first-class house and ornamental painter and will give you satisfaction.

Mr. J. Q. Willits has accepted a position with Messrs McCall and Co., of Ashland as book keeper and will therefore not go to Linkville.

Mr. Al. McKenzie, of the Centennial mine, has gone to Oakland to assume his position on the railroad, and will not return here until water comes again.

Dan Fisher, who took the contract of sinking a shaft for Mr. Macnevin North of Rogue river has got down about forty feet with plenty of quartz in sight.

Dont forget J. H. Penn's sale on Saturday (17th.) Besides household furniture he has a number of valuable horses. Everything will be sold at some price.

The large number of "bloated capitalists" who will be exiled from the sunny clime of California by the new constitution may be called victims of "capital" punishment.

or feathers and take along a spary hydraulic pipe for a friendly smoke our friends in Yreka need feel no alarm, and without doubt will give them a kind reception.

Our protest against the removal of the Klamath Indians has found an echo in Lake county, as an earnest petition against the removal, numerously signed by the citizens of Lake county, has been forwarded to Washington. If our Senators desire to represent the people fairly they will prevent any interference with that tribe.

JOSEPHINE CIRCUIT COURT.—The following are the proceedings of the May term:

State vs. M. Woody; held in Justice's Court to keep the peace. Dismissed.

State vs. Geo. Lewis. Same as above.

Grand Jury presents a true bill been round the world, and when a man finds a barrel of old Bourbon like that he has found meat, drink and lodging."

The two counterfeiters, Hicks and Baker, were arrested in this county in 1877 and convicted by the U. S. District court have escaped from the penitentiary. Warden Miller offers a reward of one hundred dollars each for their arrest. It is thought they will come here to recover the dies which were, no doubt, cached some where in this neighborhood.

A large meeting was held at Crescent City on Wednesday night last to consider the question of a narrow gauge railroad to Jacksonville and to take steps to secure the construction of a harbor of refuge at the former point.

Committees were appointed to visit this section of country, and we hope the interest taken with regard to renewed connection between Rogue River valley and tide water will have some practical result, if it be only the construction of a good wagon road. The committee Mr. J. G. Wall and another gentleman will be here on Friday.

Mr. W. D. Moller, foreman at the Sterling mine was caved on yesterday afternoon and from what we hear the unfortunate man's injuries will probably prove fatal, one of his thighs and one arm being broken and his hips badly crushed. The bank was very heavy and we fear the report has not been exaggerated.

George and Daniel Green are running two arastras steadily at their ledge on Galisee creek. Their rock is averaging thirty dollars per ton with a large supply in sight. The boys will have a good thing for themselves and their children.

Water at the Centennial is failing but the company struck their best pay just before the supply began to fail. We hear that a giant will be put in operation next Winter, and with a half way good season the company will realize handsomely.

The Applegate company is still pushing work on their ditch. From the superintendent, Mr. J. Fitzpatrick, we learn that the ditch, five miles in length, will be full of water by the 10th inst., but it will probably be three weeks before piping can be commenced.

MAY DAY FESTIVITIES.—The programme for the children's festival on Thursday last was very faithfully carried out. The pretty ceremony of crowning Miss Carrie Beckman "Queen of the May" and Master Andrew Hubbell King was creditably performed, and

the boys, went down last October, and is a sharer in the fund. The boys have sent a large amount of rich specimens to their parents, and their energy and pluck have evidently been well rewarded.

ANOTHER CAVE.—Another magnificent limestone cave has been discovered in Josephine county, on a branch of Cherry creek, nearly South of Wilderville. A partial exploration reveals one of the grandest chambers from the ceiling of which are suspended the most brilliant stalactites and crystals that reflect the flashing torches and suggest the wonderful grandeur of the grottoe were Alladdin was imprisoned. Some of the specimens brought out are very beautiful, and as access is not difficult a party will soon make a more extended exploration.
