

AGENTS FOR THE SENTINEL.

S. M. Pettengill & Co., New York; Geo. P. Rowell & Co., New York; Rowell & Cheesman, St. Louis; L. P. Fisher, San Francisco; D. H. Stearns, Portland.

WOOL PURCHASED.—During the past two weeks Mr. J. R. Cameron has purchased over fifty thousand pounds of wool in this valley, which is probably only about one-fifth of the clip.

RETURNED.—Charley Howard, County Surveyor, returned from Josephine county last week and is again on hand to run lines, find corners or do anything in the surveying line.

FINE LUMBER.—J. P. Parker, of the Butte Creek Steam Sawmill, is now turning off about twenty thousand feet of dressed sugar pine weekly on his planing machine. He makes "rustic" moulding etc. in any quantity.

RECOVERING.—We are glad to note that the wife of Capt. O. C. Applegate has so far recovered from her long illness as to be able to visit friends in Ashland. It is hoped that the milder climate of this valley will be beneficial.

SCHOOL MEETING.—Do not forget the school meeting at two o'clock P. M. next Saturday. The question to be decided is whether Prof. Merritt is to be retained in this district and the school kept up to its present standard or not.

A MISTAKE.—The "Times" of last week stated that an indictment against Frank Elliott was dismissed for want of evidence. No indictment was ever found against "Frank Elliott," and as there is only one person in this county so named it places him in a disagreeable position.

FOR LAKE COUNTY.—District Attorney Neil left for Lake county yesterday. He was accompanied by his father, who goes on a recreation trip and may be absent several weeks. His Honor, Judge Hanna, and A. C. Jones Esq. will leave to-day.

COURT IN LAKE COUNTY.—The Circuit Court will convene at Lakeview on Monday next. One of the cases to be tried is that of Wm. Wallace for murder, transferred from Grant Co. on change of venue. Wallace was once tried in Grant county, but the jury failed to agree.

MIND READER.—Prof. Rice, the celebrated Mind Reader, will be here on Monday evening next. He comes very highly recommended by the press, and his entertainment will no doubt be highly interesting. Veit Schutz Hall, admission fifty cents. Read advertisement.

SETTLE UP.—Simon Caro has returned to Jacksonville and hereby gives notice to those indebted to the firm of Fisher and Caro that immediate settlement must be made or the accounts will be placed in an attorney's hands to be made forced collections. No further notice will be given.

NICE PRESENT.—Miss Kate Hoffman presented the "band" with an elegant cake on Saturday last, the work of her own hands, as an acknowledgment of their services at the Festival. It was surrounded with rose-buds of frosting, enclosing a beautiful little bouquet of real flowers, and did credit to the maker.

PAYING WELL.—We learn that the claim of H. S. and W. Q. Brown, at Althouse, is paying splendidly. Under the management of those gentlemen more dirt has been moved than during the past four years. They open their claim under many difficulties, not the least of which, lack of experience; and their perseverance deserves reward.

SAINT MARY'S ACADEMY.—The examination of the pupils of this institution took place last Friday owing to the proposed absence of Rev. Father Blanchet, who will leave for Josephine county to-morrow for a visit of about two weeks. The school will close on Friday next, and the Sisters will start for a visit to Portland of about a month, as a rest after their labors. During this time the scholars will enjoy a vacation.

THAT PROPOSITION.—The "Times" of last week contains a proposition from Captain Fauntleroy to survey a railroad line to Crescent City for six thousand dollars, and he is quite specific as to the manner of payment. We saw this proposition several weeks ago but did not think it worth publishing. If our people were able to build a road, we have our own engineers who would locate a preliminary line for less than half that sum, and warrant its correctness. When the people of Southern Oregon go into the railroad business it will be time enough to secure engineering skill.

THE ASHLAND COLLEGE.

This Institution, thanks to the liberality and sound judgment of our Ashland neighbors, will be reopened on the 15th day of next September. There has been a complete reorganization, elevating its standard to that of a College and Normal school, and the very high order of ability represented by the faculty gives solid assurance of the success of the institution. As necessity may dictate additional teachers will be added until all the advantage of a thorough commercial education will be added to its present facilities. This School will supply a want long needed in Southern Oregon. There is no longer a necessity for sending pupils abroad, and it will afford special facilities for those who desire to enter the educational field themselves. Not only to our sister town but to the whole county will this College be of advantage, and the names of Messrs. Rockfellow, Wagner, Atkinson, Billings and Taylor as Trustees are a sure guarantee that it is on a permanent foundation. It should, and we trust, will be liberally patronized.

A CARD.

We, the members of the Jacksonville Brass Band, desire to return thanks to Miss

very beautiful cake presented to us as an acknowledgement of our slight services. We fully appreciate the delicate compliment paid us, and our services can always be commended by the ladies of Jacksonville in the interest of religion or education. With high esteem we remain

Adam Schmidt, Fred Luy, Geo. Brown, H. Hockenjos, Geo. Hockenjos, Geo. Schmidt, Julius Schmidt, Chas. Walters, Edward Helms, Rich'd Kippell. Jacksonville, June 18, 1879.

HARBOR OF REFUGE.—From the published testimony of sea captains elicited by the Board of Engineers for the Pacific coast, so far, seems to be in favor of Crescent City. Most of them concede that a permanent sea wall could be more cheaply constructed there than at any other point. They generally think a breakwater useless except for the improvement of a local harbor or the development of its commerce or the protection of small coasters. Capt. Fauntleroy made a very strong argument in favor of Crescent City, urging the importance of the trade of Del Norte, Siskiyou, Josephine and Jackson counties, and showing the certainty of railroad connection between Crescent City and the interior as a result of the selection of that point for the breakwater. The Board will shortly visit all the places between San Francisco and Portland and examine them before deciding.

EVASION OF LAW.—Last week a fellow who had been hanging round apparently to take the advantage of the usual crowd during a term of court, opened on the public square, what was no more nor less than a lottery. Papers of needles were sold for fifty cents, and a chance to draw an envelope which might contain a dollar bill given away. The game is a simple fraud, and as a matter of course the seller invariably wins. In several States the courts have held in cases very similar to this, that an evasion was equivalent to a violation of law, and it seems improper for the town to license any such game. At all events the poor gulls who bite are good subjects to laugh at, and the blick who plays the game can do all the laughing, as he gets well paid for it.

NOTICE.—The Stockholders of the Galice Creek Mill and Mining Company are hereby notified that the annual meeting of the company will be held at the office of C. W. Kahler, in Jacksonville, at 4 P. M. on the 1st day of July, 1879.

J. W. MERRITT, Sec.

NEARLY FINISHED.—The large building connected with Houck's hotel at Ashland, built under the superintendence of Mr. G. W. Ford, will be completed by the 1st of July. It is the intention of Mr. Houck to give a grand ball in the spacious hall of this building on the Fourth of July.

TO MR. JOSEPH TAYLOR.

Mr. Joe Taylor, of Portland, replies to the item made in your paper recently in regard to Mr. Joe Clough's proposition to run the horse "Scamperdown" against any Oregon horse, single dash of four miles. In order to give Mr. Taylor latitude we will modify that proposal. We will run Scamperdown against any named Oregon horse Joe Taylor has control of, at any time in October, 1879, in Jackson county, Oregon, for \$1,000 or \$2,000. Five hundred dollars is to be placed with Wells Fargo & Co. as a forfeit August 1st, 1879, the race to be either mile heats, three in five, two mile heats, two in three, or single dash of four miles. Now Mr. Taylor if you wish to run let us know. In regard to coming and going we will say this: When we take Scamperdown from Jackson county we propose to pay our own expenses, and if any one comes here to run us they must be expected to do the same.

Yours truly,

STEPHEN BOOTH, JOS. L. CLOUGH.

SCHOOL APPOINTMENT.—The second apportionment of school money for the year 1879, as made by School Superintendent Fountain, is as follows: Jacksonville, \$261.50; Heber Grove, \$86; Logtown, \$45; Phoenix, \$59.50; Ashland, \$245.50; Manzanita, \$42.25; Fraternal, \$72.50; Myer's, \$30.50; Little Butte, \$49; South Prairie, \$25.25; Antelope, \$43; Chimney Rock, \$17.25; Willow Springs, \$39.75; Independence, \$33.75; Mound, \$41.75; Dardanelles, \$36.25; Antioch, \$52.50; Table Rock, \$20; Upper Butte, \$30; Sam's Creek, \$35; Missouri Flat, 22.50; Wagner Creek, \$61.50; Grant's Park, 17.25; North Phoenix 38.25; Rock Point, 15.25; Evan's Creek, \$45; Uniontown, \$43; Lower Applegate, \$18.50; Prairie, \$29.75; Unity, \$10.75; Green Mountain, \$41.75; Foots' Creek, \$42.25; Sterlingville, \$37.75; Thompson Creek, \$14; Schieffelin, \$37; Meadows, 38.25; Rogue River, \$29.75; Josephine, \$29.75; Bridge Point, \$29; North Sam's Valley, \$23.75; South Butte, \$21; Forest, \$22; Brownsborough, \$27.75.

THE FESTIVAL.—The festival under the auspices of the ladies of the

and roses, and every table was decorated with beautiful bouquets, not brighter than the cheeks of the maidens who so gracefully attended to the wants of the public. The chief attractions were the delicious strawberries and cream, and the cake made by the ladies of the church, but the postoffice and fish pond, the latter especially, were objects of interest and added greatly to the general enjoyment. Young and old are entitled to much credit for their management, and to mention any particularly would be invidious. The entertainment was enlivened by the sweet music of our brass band, gratuitously furnished, and it was decided to be the most enjoyable affair that has taken place for many years. The nett receipts were \$127.

WAS HONORABLY ACQUITTED.—The promitutive with which the jury returned a verdict of "not guilty" in the case of Wm. H. Parker, accused of larceny and tried at the last term of court, was a complete vindication of that gentleman's character. The jury only took time enough to cast their ballots, and the vote was unanimous. The result was no surprise to this community, and although ably defended by A. C. Jones and E. H. Auteierth, the latter gentleman making one of the prettiest and most forcible appeals ever heard in our court room, the evidence did not require any defence. This is another result of the odious Grand Jury system; the impoverishment of an innocent man and entailment of great and unnecessary expense to the county.

OUR BAND.—The ladies of the Presbyterian church tender their thanks to the band for their kind services on the night of the Festival, and in this connection we must say we feel a little proud of our musical organization. Prof. Powell complimented it as far superior to any band South of Portland, and not inferior to any in that city. Its members now are Adam Schmidt, leader, E. Flat Cornet; Fred Luy tenor cornet; Geo. Brown E. Flat tuba; Charles Walters baritone; Henry Hockenjos alto; Geo. Hockenjos B. Flat cornet; Geo. Schmidt B. Flat cornet; Julius Schmidt alto; Edward Helms bass drum and Richard Kippell snare drum. Schmidt, Brown and Luy are all old musicians, while the remainder of the band are mere boys, but very proficient and full of musical talent. A quantity of new music has been sent for and we expect long to boast of the champion band of Oregon.
