STAGE DELAYED .- The C. & O. Stage did not arrive last Monday from the Bouth until six hours after time. The cause was a runaway near Bass' station in which the stage was upset and a general smash up occurred. There were four massengers on board but no one was seriously hurt.

JACKSON COUNTY CROPS .- The rains since harvest began, added to the damage caused by rust, have together cut the crops, in the Willamette valley, very short. Jackson county has as usual fared best. The damage by rust is light and the rains which have fallen have done little injury to grain.

RE-APPOINTED .- The many friends of Rev. D. A. Crowell will be pleased to learn that he has been re-appointed, by the Annual Conference, which convened last week, at Portland, to this eircuit for the coming year. Rev. L. L. Rogers is appointed for Ashland and Rev. W. T. Chapman goes to Corvallis.

ST. MARY'S ACADEMY .- The fifteenth scholastic year of this splendid institution of learning commenced last Monday. Its past success is an insurance of its future prosperity. Pupils should not fail to commence with the term, if possible. For terms of tuition and other particulars refer to advertisment in this paper.

Any one having a clue to the perpetrator of these vile acts would confer a favor on the public by giving his name

MELON SUGAR-The "Pacific Rural Press" recommends those who have soil adapted to raising water melons to try making sugar and syrup of them. In Hungary, Italy, and other foreign countries of the temperate zone, the business is found quite profitable. No country on the globe is better adapted to producing melons than many parts of Jackson county. Would it not be wisdom for those who know they have land suitable for the production of melons to experiment a little? It would cost nothing but a little labor.
