We trust that they may be greated with a full liouse and assure all who attend that they will be entertained in a manner that well give entire satisfaction

Stanging Appear .- On last Wed. at this office last week, newlay an altercation occurred in front of P Donegan's shop between Mr. Jacole lish and a man named L. T. Keith, in them all out of danger, regard to an account which the latter claimed from the former. From words blows were given and, in the strucele which ensued. Keith received a stab in the left side. Mr. Ish was arrested, and upon a preliminary examination he was held to await the action of the next grand jury, in a bond of \$1,000. Keith is recovering.

ASHLAND WOOLEN MILLS .- Mr. Jas. Thornton, of the Ashland Woolen Mills, was in town last Saturday looking after the interests of that establishment. He informs us that they have wool enough on hand to last until next Spring's clip. Orders for goods are constantly pouring in and all are being promptly filled. Siskiyou County.-The people of Siskivon succeeded in partially freeing themselves from a long periol of servitude to one set of partizan leaders at the late election. Our old friend Al. Burrows a bedrock Republican, is elected County Treasurer and Hon. E. Steele, of the same political faith, is made Superior Judge. The contest for State Senstor and Sheriff is very close and the old sterotyped majorities for the "regular ticket" are greatly reduced. The people rule.

Coming to Remain .- Mr. Adam Klippel, brother of Hon. Henry Klippel, now a resident of Oregon, Holt county, Missouri, is expected to take his departure from that place on the 18th for Jacksonville, where he proposes to locate permanently. He will bring his family with him. Mr. Klippel spent several months here last year and cannot be contented to remain in the inhospitable climate of Missouri after having breathed for a time-our lum at East Portland, pure mountain air.

SAW MILL BURNED .- Wisdom & Snyder's saw mill, near Sterling, was burned to the ground on last Thursday night. The origin of the fire is not known but it is supposed to have been caused from sparks, falling in the saw dust and escaping observation until all had retired for the night, when it turned so rapidly that when discovered it was too late to save anything. This is a serious loss, not only to the proprietors, but to the public. We have not learned whether they will re-build or not. The loss is estimated at about
