Religious Directory.

M. E. Church.—Religious services every Sunday at the usual hours, by the Rev. J. M. A. Williams, D. A. Crowell and A. Hardison.
CATHOLIC SERVICES.—Services will be held at the Catholic Church in this place every Sunday at the usual hours in the morning and evening, Rev. Father Blanchet officiating.
M. E. SUNDAY SCHOOL.—Regular meeting every Sunday afternoon at 2 o'clock.
CATHOLIC SUNDAY SCHOOL.—Regular meeting every Sunday afternoon at 2 o'clock.

RELIGIOUS APPOINTMENTS.—Rev. D. A. Crowell will hold services at the M. E. Church next Sunday morning at 10 o'clock, and at Manzanita the afternoon of the same day.

WILL NOT GO.—We are informed by Mr. S. Booth that he will not take his celebrated horse Scamperdown to the Fair at Yreka this season. The premiums offered will not justify him in doing so.

FROM LINKVILLE.—H. M. Thatcher of Linkville arrived in town last Saturday. Misses Ella Prim and Annie Miller also came under his escort. Mr. Thatcher started for home on Tuesday by his own conveyance.

HAS RESIGNED.—Postal Agent Steele has sent up his resignation and has been appointed to a position in the Portland Custom House vice J. H. Ward. It is rumored that Ben Simpson is to take Mr. Steele's place in the Postal service.

NOT CAPTURED.—Two unknown men are reported to have attempted to rob Mr. Watkins keeper of Brown's ferry on Rogue River, on the night of the 5th inst. It was thought last week that the officers were on their track but we have no report of their arrest.

ROSH HASHANAH.—To-morrow and Friday are days for religious observance by the people of the Jewish faith. E. Jacob's place of business will be closed from the 18th until the 22nd. The day of Atonement (Yom Kippur) occurs on the 27th. On that occasion business will be suspended by Jewish citizens generally.

SISKIYOU COUNTY FAIR.—The District Fair will commence at Yreka on Wednesday, October 1st and will continue until Saturday. Liberal premiums are offered in the various departments and lively competition is expected. We hear of many on this side of the mountains who intend going, and a larger attendance is anticipated than ever before.

NEW FIRM.—Messrs. W. A. Snider, A. W. Presley and K. Fields have formed a partnership for the purpose of carrying on the lumber business at the old stand of Wisdom & Snider, near Sterling. This mill was burned to the ground a couple of weeks ago, but the work of re-building has been commenced and the new proprietors expect to have it in running order in about a couple of weeks. The engine and boiler were not damaged by the fire and will be used in the new mill.

LOST.—Three of the boys who are at work with the Eckleson surveying party got lost while returning to camp not long since and spent a night in the mountains without grub or blankets. They had the surveyor's chain with them and would probably have been left a prey to the grizzlies had it not been that the contract could not be completed without that useful article. The "boss" talks of putting bells on the wanderers when they start out again.

The election in Maine last Monday resulted in a large Republican gain of the vote of last year. The Greenbackers cast a larger vote than the Democrats. In that State it requires a majority of all the votes cast to elect and neither of the three parties having such majority it devolves upon the legislature to decide the contest. The Republicans have a clear majority in both houses which will insure the choice of a member of that party for Governor. The Democrats really cut no figure in the contest.

SCAMPERDOWN SOLD.—Joseph Clough has purchased S. Booth's interest in the horse Scamperdown, paying \$850 therefor, and is now the sole owner of this celebrated stallion. Mr. Clough gave \$750 for the other half interest some time ago, making \$1,620 that horse cost him—and cheap at that. Joe proposes taking him below this Fall, and if any one doubts that he is the fastest horse in Oregon they will most likely have an opportunity of trying his mettle for some amount they wish to put up.

J. H. Hoffman will start for Lakeview next week for the purpose of establishing himself in the stove and tinware business at that place. The temperature at Dillon's saloon is always the same even during this "hot spell." If you don't believe it call around and watch his thermometer.

C. J. Howard came up from Josephine county last Thursday. He intends removing back to this place, with his family in October, to remain. G. W. Holt has just burned a brick kiln containing 100,000 bricks. This will be enough to complete his new hotel and he will have some to spare.

Postal Agent Geo. A. Steele came up from Portland on last Sunday's stage to look after the mail matters. He will remain in Southern Oregon several days. Wm. Eaton has been awarded the contract for gravelling four hundred yards of the Herrin lane and he is now engaged at the work. The price paid him is \$398.

Chas. J. Howard, County Surveyor has purchased a lot in the west-end of town and will build a residence this Fall. If you have any surveying to do give him a call. Prof. Schmidt received, last Tuesday by express from Kohler & Chase of San Francisco, an elegant cornet. It came uninjured and is a first class leading instrument.

Miss Edith Danforth, daughter of Dr. L. Danforth, started for her home in Illinois last Tuesday. She had been spending a few months in this place visiting relatives. The Roseburg "Independent" denies that Rev. J. H. Skidmore has gone to Yamhill county to teach school and says that he is still employed on Sol. Abraham's new store at Roseburg.

President Hayes and a number of his cabinet officers are swinging round the circle in Ohio. He is probably looking for some neglected friend to appoint post-master at Jenny creek. Miss Lizzie, daughter of Herman v. Helms, returned from a six months sojourn in San Francisco, last Sunday. She came by stage in company with Gen. Thos. G. Reames.

P. G. Strickland has been appointed Receiver of the Metropolitan hotel at Roseburg and papers demanding a dissolution of co-partnership between Perkins and Hendrick have been made out. The vote against Chinese emigration at the recent election in California was almost unanimous. The sentiment of the people on that subject can no longer be misunderstood by Eastern sentimentalists.

We promised not to tell how Sam Lackland and Joe Osterbeck got lost not long since while out surveying and will keep our promise even if they have to live on blackberries straight for the rest of their lives. Last Monday morning was a busy time with the juvenile population of Jacksonville. Old Pacific Coast readers and spellers were brought in to Mr. Wm. Hoffman in a perfect deluge, to exchange for new books.

Wm. Carl, Division Agent on the O. & C. Stage line, and Jos. Clough, his partner on the Roseburg and Coos Bay Mail route, arrived in town last Sunday. Mr. Clough returned to Roseburg by to-day's stage. Sturgis & Becker have four miles of their mining ditch completed on Jackass Creek and will finish the remainder in about four weeks. They own some of the richest mining ground in the county which this ditch will supply.

Mrs. R. J. Burns, mother-in-law of Thos. G. Reames, died at the latter's residence on Friday last. She had been in frail health for several years but was not considered in a dangerous condition until a short time previous to her death. Ex-Governor Chadwick and Major Eugene Feechet arrived in town from Portland last Saturday. They started for the Grand Applegate mines on Monday and will visit all the mines in that region before they return. They will spend four or five days in the mountains.

R. P. Cardwell, Deputy Collector of this district, accompanied by E. C. Lord of the firm of Hotaling & Co. of Portland and San Francisco, came up from Roseburg by private conveyance last Thursday. They came by the way of Kerbyville and proceeded to Ashland on Saturday. Sterling, alias Soule, alias Ely, etc., etc., the clean shirted bummer and bilk, is playing his confidence game on the people of Lake county, Oregon, and Modoc county, California. The fellow has about got to the end of his rope. He is too well known to evade justice much longer.

The District school, under the management of Prof. Merritt, H. C. Fleming, Chas. Prim and Miss Belle Carr, opened on Monday last. The attendance averaged about forty pupils in each department on the first day. The new school books have arrived, and Squire Hoffman, the local agent, is prepared to furnish them in exchange for those formerly in use or sell them at introductory rates. A small amount additional is charged for exchange.

"They are just going off like hot buck-wheat cakes with syrup on 'em," was what we heard Dave Feathers remark as we passed the Singer office the other day. Stopping to learn what the excitement was, he stated that he was selling on an average one sewing machine a day. A. O. Eckleson, accompanied by a party of surveyors have been employed this week surveying an extension for Klippel Hanna & Co.'s mine. The company propose bringing the waters of Silver Fork to their mines and will then have an abundant supply of water all the year round.

"Golly didn't I get away with Mr. Hoffman though" was the expression of one bright six year old to another last Monday after having exchanged his old and tattered First reader for a new one of the Independent series. From the looks of some of the books exchanged we think the boy was right. By private letter and also by Mr. Thos. G. Reames, who returned from San Francisco last Sunday, we learn that Mr. Turner is still improving. The occultists who are attending him have no doubt of the success of their operation. We shall expect Mr. Turner home in about four weeks.

W. H. Shook returned from Lake county last week where he has been for some time past. Billy is now the owner of a farm in that county besides being interested in a band of cattle. He confessed to us that he now thought of settling down and—well the girls all know what that means.

Al. McKenzie accompanied by Chas. A. Alisky, of Portland, arrived in town last Thursday. Mr. Alisky is interested in several mining enterprises in this county and comes to look after the same. Mr. McKenzie will take charge of the work on the Grand Applegate and remain for several weeks. At the Klamath Agency last Saturday, says the "Tidings," the contract for furnishing 50,000 lbs of flour and 50,000 lbs of beef, net, was awarded to Thatcher & Worden, of Linkville, at \$2 75 per hundred for the flour, and \$3 39 for the beef. Newman Fisher has the contract for 1,000 lbs corn meal at \$4 40 per cwt.

By the official returns from Siskiyou county as published in the Yreka "Union" E. Steele, for Superior Judge, has 202 majority, and Al. Barrows gets away with his man by a majority of 66. The official count from the district will be necessary to decide who is elected State Senator, the Democrats claiming Mathews' election by seven majority.

An emigrant, accompanied by twenty-five members of his family, passed through town last week on his way to the Willamette valley. He stated that the rest of the family would arrive early next Spring. They were all members of the New Constitution party of California and expect to hold the balance of power in this State next election.

H. F. Johns, of Washington City, has been spending several days in town. Mr. Johns is agent for the Government to look after those who trespass on public lands by cutting timber unlawfully. He is also correspondent for a leading newspaper at the Capital. At present his health is quite poor and he proposes to remain for a few weeks in Southern Oregon hoping to be benefited thereby.

We shall next week endeavor to present figures showing the aggregate amount of freight passed over the railroads from Roseburg to Portland and from Reading to San Francisco during the past year upon which the people of Jackson and Josephine counties are required to pay tariff charges. The people will thereby be informed what amount of the proceeds of their labors is consumed in keeping alive lines of transportation that seem to care nothing for their interests.

ASHLAND NORMAL SCHOOL.—This institution was formally opened for the reception of pupils on last Monday. The exercises were of an imposing character and a large concourse of people were in attendance. Prof. L. L. Rogers delivered his inaugural, which is highly spoken of, as is also an address by Prof. W. I. Nichols. The Brass Band from this place was in attendance. The school commences under the most encouraging promise of success. In our next issue we hope to give a full report of the opening exercises and also the address delivered by Prof. Rogers.

THE MINSTRELS.—The Jacksonville Minstrels made their debut at the Club Room last Wednesday evening and were greeted by the largest audience that has assembled in town during the season. Every seat was occupied and little standing room was left on the floor. We only state what is said by all who attended the entertainment, when we say it has seldom been excelled by any troupe that has visited Southern Oregon. Some of the actors excelled in their parts but all did well. The songs, conundrums, jokes and recitations were nearly all new and the manner in which they were rendered was unique and comic. The music was excellent and the cornet duet, by Prof. Schmidt and son, was in the highest degree artistic and exquisite. The troupe will visit Yreka during the District Fair and give a number of entertainments there and at intermediate towns. We commend them to the public as worthy of liberal patronage.

THE PIONEER RE-UNION.—The meeting of the Southern Oregon Pioneer Association at Ashland last Thursday was a very pleasant affair. The attendance was large although many were detained at home to attend the completing of their harvest work, who would otherwise have been present. The oration, by Jas. R. Neil, is highly spoken of by those who had an opportunity to listen to it, as replete with facts pertaining to early pioneer life, besides being delivered in the happiest manner. The Jacksonville Brass Band enlivened the occasion with excellent music and the Ashland Glee Club sang several appropriate pieces in their exquisite style. The dinner was sumptuous and the appointments for the meeting were fully and elegantly supplied. The ball in the evening at Houck's Hall was an enjoyable affair and a splendid finale to a very happy reunion.

FIRE.—Last Tuesday night about one o'clock fire was discovered in Mat. Shannon's shop, located on the corner of Fourth and C streets. When first discovered the flames were issuing from the north side of the roof and but for prompt action on the part of those who arrived first on the scene the building would have been destroyed and the fire would have spread to adjoining houses. The origin of the fire is supposed to have been a spark from the forge during the evening which caught in the roof until the late hour when it was discovered. The loss sustained was about one hundred dollars.

AN AUDACIOUS THIEF.—Says the Portland "Bee," of September 9th: On Sunday last while Archbishop Blanchet was at dinner some villainous wretch entered his room and stole his valuable gold watch. The Archbishop prized the timepiece very highly, not merely for its intrinsic value, but on the account of its having been presented to him by the laity. A strict search has been made, but up to the present time it has not been recovered. We hope the scoundrel who stole it will be overtaken and Judge Bellinger given an opportunity to haul him over the coals.

REDUCTION IN FARE.—From E. P. Rogers, General Freight and Ticket Agent, we learn that the O. & C. R. R. will sell excursion tickets during the continuance of the State Fair at Salem for \$6.25. This amount pays fare from Roseburg to the Fair Grounds and return, and the tickets can be used for ten days. Quite a number of our citizens will take advantage of this reduction in railroad fare and pay Salem a visit during the State Fair to commence at that place on October 1st.

JOCKY CLUB.—The horsemen of Lake county have formed an organization called the Linkville Jockey Club. Following is the list of officers: Col. J. N. T. Miller, President; S. B. Cranston, Vice President; J. W. Hamaker, Secretary; Sikes Worden, Treasurer. Geo. T. Baldwin, J. T. Forbes and S. B. Cranston were appointed a committee on constitution and by-laws, and Geo. Nurse, Sikes Worden and H. L. Webb a committee on track.

OVER THE GRADE.—A week ago last Tuesday a six mule team, attached to a heavy load of freight, fell over the grade on the Pitt river mountains. Every animal was killed and the driver narrowly escaped with his life. The team belonged to A. J. Baughan of Shasta valley and was loaded with goods for parties in Yreka. The freight was damaged but little.

BIG APPLEGATE.—The mines along this stream if properly worked are inexhaustible. The volume of water flowing along its channel is sufficient to remove and deposit the lighter debris without obstructing the stream in such a manner as to destroy the dump along the whole line of placer diggings following its course. But there is not water force enough to remove the larger, nor even the moderate sized boulders, and to keep the channel open they must resort to the derrick and deposit the heavy stone outside of the bed of the stream or but a few years will have elapsed until the mines will be rendered valueless. The opinion we here express is that of the most experienced miners with whom we have conversed on the subject. We shall refer to it again.
