

RELIGIOUS SERVICES.—Rev. D. A. Crowell will preach at the M. E. Church, Jacksonville, at 11 a. m. next Sunday, Jan. 18th.

IMPROVEMENTS AT KLAMATH.—We learn from reliable authority that new quarters are to be built at Fort Klamath next Spring for the enlisted men; one for the cavalry and one for the infantry.

SOLAR ECLIPSE.—The solar eclipse announced for Sunday afternoon last took place with due precision. During the most of the afternoon heavy clouds obscured the sun, but at 4 p. m. they broke away and the partial eclipse was plainly visible without the aid of smoked glass.

RECOVERING.—The McFerrin family residing near the desert are all nearly well. A report was circulated that they had "malignant diphtheria" or "black tongue," which had the effect of keeping the neighbors away and greatly distressing the family without cause and creating unnecessary alarm.

A LITTLE DELUGE.—On Friday the tail-race at the Willow Springs mines choked up and backed the water until a large volume had accumulated. When it broke it nearly submerged Wm. Peninger's farm, flooding his barn and out-houses so that he had to remove his stock; but not before some of his hogs were drowned.

DAM CARRIED AWAY.—During the heavy rain on Friday last Bear creek raised so rapidly that the dam of the Eureka Mill was swept away, and the changing current seriously damaging the county road between the mill and Central Point. Steps have been taken to protect the road from further washing, which would be inevitable should another warm rain ensue.

EN ROUTE.—We had a call from our genial friend, Lieut. E. H. Shelton, who was en-route from Ft. Klamath to Walla Walla last week to join his wife who is seriously ill. He reports a very heavy snow-fall in Lake county, the snow being about six feet deep at the "post" and five deep on the road from Fort Klamath to Linkville. Stockmen and merchants considered the prospects very gloomy.

MIRAC.—On Thursday night last Geo. Chase discovered that the stone culvert across the "run" in the Herrin lane had washed out, and in attempting to cross at the side of the road got his leaders mixed. It was with difficulty that he saved them from drowning until help arrived, and he utilized W. F. and Co.'s box by propping up the stage to keep it from capsizing until things were righted. Who wouldn't be a stage driver, out in the chilly night!

A SLIGHT FLURRY.—There has been a little "discord" in our neighboring town of Ashland lately, in College circles, that threatened to discount our little "organ" war. From our best sources of information it appears that an effort was made to eject a music teacher from the faculty, but she still remains mistress of the situation. A card in the last "Tidings" numerously signed, warmly endorses the teacher, but it is to be regretted as "cards" create a suspicion in the public mind that somebody needs bolstering up. We are glad to say that all is apparently peaceful again.

THOSE OPIUM DEN.—The "Times" has at last discovered that there are opium "dens" in Jacksonville, but thinks we have greatly exaggerated, and remarks that only a "depraved few visit the dens." We will say for the information of the "Times" that the SENTINEL had materially checked the evil by a kindly and earnest warning to the young men who were thoughtlessly yielding to the habit before the "Times" noticed it. Consequently it is only those who are called by that paper the "depraved few" who still indulge and they are to be pitied more than blamed. We know exactly what we are talking about.

WORSE AND MORE OF IT.—A. Davison, lately returned from Yreka, says the late storm was heavier in Siskiyou county than here, snow was three feet deep on the summit of the stage road pass. He thinks the loss of stock across the State line will be even heavier than here, as there is less feed provided. Since Mr. Davison's return it has stormed all the time, and our latest advices are that the snow was seven feet deep on the highest points of the road. Sleighs are now run instead of stages between Barron's and Cole's. This is the first time in ten years that the mails had to be carried in sleighs across the Siskiyou mountains.

RED MEN INSTALLATION.—The Pocatotts Tribe of the Improved Order of Red Men installed the following officers on the 7th of this month: Henry Pape, Sachem; Geo. Elliott, Senior Sagamore; Chas. Nickell, Junior Sagamore; Louis Solomon, Keeper of Wampum; Frank Lorraine, Guard of the Wigwag; Adam Schmidt, Guard of the Forest; E. D. Foudray, 1st Sannap; James McCully, 2d Sannap; T. J. Kenney, 1st Brave; Aaron Barnaburg, 2d Brave; John Cimborosky, 1st Warrior; David Cronemiller, 2d Warrior; H. K. Hanna, Prophet. After the installation the members and invited guests adjourned to the Club Room where a bounteous collation awaited them, followed by a dance which was pretty generally participated in by those present. Music by the Jacksonville String Band.

Settle up. Potatoes scarce. Roads execrable. Hay \$15 per ton. Winter breaking up. Days are lengthening. Eggs are not to be had. Read N. Ficke's new ad. Everything thawed out. What is a Leap Year gift? Legion of Honor on Friday. Telegraph lines demoralized. Chickens beginning to look wise. Chinese New Year occurs Feb. 1. We can't most always sometimes tell. Snow reported two feet deep at Linkville. Suits, worth \$15 for \$9, at the New York store. Old Fellows installation at Ashland next Saturday. Fifteen yards print, for \$1 at the New York store. Three undershirts for \$1, at the New York store. Fine ornamental clocks, at the New York store, at cost. Six pounds refined sugar for \$1, at the New York store. Cotton batting, 27 1/2 cts per pound, at the New York store. Baled hay is selling at \$20 a ton, and loose hay at \$15. The "Tidings" reports several cases of measles in Ashland. There will be a party at Dan Fisher's on the 30th of January. For a first-class sewing machine—for sale cheap—call at this office. The eclipse of the sun last Sunday afternoon lasted only 35 seconds. Hats in all colors, worth \$2.50 for \$1 each, at the New York store. For the very best and cheapest job work, come to the SENTINEL office. Coffee, extra Costa Rica, 3 1/2 pounds for one dollar, at the New York store. Folly's wild reign must be brief if you want to have a long life of usefulness. We learn that Peter Simons is seriously ill at his residence near Eagle Point. Tobacco in all brands first quality, 65c per pound, at the New York store. Wes. Manning, L. L. Savage and L. G. Ross left here last week for Linkville. Table oil cloths in all colors first quality, 50c per yard, at the New York store. The heaviest gale ever experienced on this coast visited Astoria on the night of the 8th inst. Dr. Callender returned to Roseburg last Saturday, after a sojourn in our midst of over one week. The other day the sheep shed of W. B. Kincaid in Manzanita precinct was blown over by the storm. The transfer at Bybee's ferry is all right now, the damages caused by the late freshets having been repaired. Bill heads, posters, cards and everything in that line, neatly printed at the SENTINEL office. Call and learn our prices. Morning before Christmas the thermometer went down to 24 degrees below zero at Alturas, Modoc county, California. Christmas and New Year's toys, etc., worth \$2.50 for \$1, worth \$1 for 50c, worth 50c for 12 1/2 cts, at the New York store. Kaspar Kuhl will accept our thanks for a calendar for 1880, issued by the Phoenix Fire Insurance company, for which he is agent. If you want to make your family happy or friends in the East a desirable present, subscribe for the SENTINEL; only \$2.50 a year. We heard last week that an assistant postmaster had been appointed for Jacksonville. It was a post "mistress," a little small one, and all in the family. The telegraph was badly demoralized again last week by the heavy storm, there being no communication with Portland or San Francisco for several days. Material improvements have been made at the postoffice by P. M. Muller. It is now arranged so that the window is closed while mails are being distributed. The "Del Norte Record" of Jan. 6th says, the roads are almost impassible in all directions from Crescent City, with very little chance of improvement before Spring. A Philadelphia dispatch says, the contract was let to construct 750 miles of the Texas Pacific Railroad, being the section between Fort Worth and El Paso. Joe Beggs, the "boss" freighter, has been heard from. He is engaged in building a scow with which to navigate the road between Roseburg and Robert's hill. The hay barn of the Beall Brothers, was blown over by the wind on the 9th instant, as were also many of their fences. The fences and out-houses of Gen Ross shared the same fate. The great eclipse of Sunday was a fruitless attempt on the part of old "Sol" to divert attention from Matt Dillon's fine whiskey. Nothing can eclipse it and no smoked glass required.

W. H. Woodbury, postmaster at Crescent City, informs the "Courier" that a tri-weekly mail service will be established between that point and San Francisco via Eureka in about three weeks.

Falkner, Bell & Co.'s wool and live stock circular, San Francisco, notes a falling off of nearly 22 per cent in 1878 of the wool trade of the Pacific coast. Cause, decrease of the number of sheep.

A great deal of Eastern mail for Southern Oregon goes per steamer by way of San Francisco and Portland. The steamer "California" which arrived at Portland on the 5th brought six tons of mail.

The "Cereus" of Ashland College for December is on our table, somewhat belated. Prof. Rogers' Thanksgiving sermon, delivered at the M. E. church in Ashland is one of the main features of this number.

The mail contractor on the Butte creek route (McMahon) informs us that the snow at King's on Big Butte was thirty inches deep on Friday last. The last storm was telling very hard on stock, especially on sheep.

John Slagle's barn near Willow Springs fell in with a crash during the high wind the other day, burying a mare and a colt. The animals were extricated after considerable exertion, but were more frightened than injured.

The "State Line Herald," published at Lakeview by the Watson Bros., has entered on its second year of existence greatly enlarged and improved. It is attracting much attention to Lake county and doing good work for its section.

Oregon street wants a new bridge across Jackson creek, one that every rise in that stream will not wash out. We should think Jacksonville could afford a more substantial bridge at that point than any of its short-stringered predecessors.

Last Saturday Mrs. Amanda Bilger, accompanied by her sister, Mrs. Kreutzer, left here for Roseburg where she expects to remain some weeks in the family of Dr. Callender for the benefit of her health, which has been failing for some months.

Sheep are now dying in large numbers in the valley. It is probable that only those bands that were healthy, in good condition and amply supplied with food at the beginning of the storm, will weather it through without a loss of more than fifty per cent.

A prominent farmer tells us that many sheep are dying from eating poisonous weeds in the hay. It would be well for our farmers to investigate and discover the weed if possible to do so. When such weeds are known and recognized they can be eradicated with growing.

We hear that a large band of sheep belonging to Mr. Webb of Siskiyou county, Cal., are diminishing at a terrible rate. Webb had twenty-two thousand head at the beginning of the storm and has already lost five thousand. It is feared that he will lose his entire band.

The case of B. F. Dowell against the city of Portland, for illegally assessing B. F. Dowell for a lot he never owned, appealed by the city from the decision of Justice Wiley last Fall, has been decided by Judge Bellinger in favor of the plaintiff, and assessed his damage at \$145.45 and costs of the action.

During Gen. Grant's visit in Jacksonville, Florida, January 5th, the thermometer stood 80 degrees in the shade, with beautiful sunny weather, and the magnolia filling the air with perfume. On the same day we, in Jacksonville, Oregon, had freezing weather with the thermometer at 28.

Owing to the death of M. D. Pomeroy the wagon road interest has received a serious setback. He was on his way to San Francisco for the purpose of enlisting the assistance of the business men of that city in the enterprise, and there is little doubt that he would have succeeded in his efforts.—Crescent City "Courier."

The sharp wind which prevailed here on the 9th instant, blew down quite a number of frail fences and rickety out-houses. In the lanes down the valley, we are informed, miles of fences and a number of hay sheds were prostrated. It has been many years since Jacksonville and Rogue river valley experienced such a "blow."

We learn from R. M. Garrett, mail contractor on the Waldo route, that there has been a heavy snow fall in Josephine county during the past week. On the Hays' hill it was three feet in depth and about two feet deep along many miles of the road. Sheep were dying in considerable numbers, and the people of Josephine county will be heavy losers in stock.

The small attendance at the Court House last Friday night was very discouraging to our Amateur Minstrel Troupe. Our boys who have assisted with their musical talents on many public occasions gratis, should not have been slighted in this manner. But the remarkably blustery weather was perhaps a valid excuse for the light house on the night alluded to.

We regret to note the death of John J. Nichols, formerly of Douglas county, which took place at his residence in Sam's Valley on Sunday morning last. The health of the deceased had been failing for some time and last week he caught a severe cold which proved his last sickness. Mr. Nichols was a man of upright character and sterling integrity and a good and useful citizen whose loss will be felt. He leaves a wife and family to mourn his departure. He was insured in the Pacific Mutual Life Insurance Co. for \$1,000. Coats, worth \$8 for \$4.50, at the New York store.

Weather Report for 1879. REPORTED BY REV. M. A. WILLIAMS, NEAR JACKSONVILLE, OR. LAT. 42 DEG. 21 MIN.; LONGITUDE 123 DEG. 55 MIN.; ALT. 1800 FT.

Table with columns: Month, Mean Temperature, Rain in inches, Coldest near Sunrise. Rows for Jan through Dec.

REMARKS. January—Foggy six days. February—Foggy one day. July 27 warmest from two to four, 98 deg. August 9th, warmest from two to four, 98 deg; nine days smoky. September—Eleven days smoky. October—Three days foggy. December—Three days foggy. Total rainfall in inches 24.03.

ASHLAND ITEMS.—We are happy in a short respite from public entertainments of any sort. Squire Waters has sold his house and lot on Granite street to Christian Farlow, who has been living in Ashland for some months. The price received is \$825.

Ashland post-office in 1879 issued 1264 money orders and forwarded 519 registered letters. O. R. Myer and H. T. Chitwood built an ice house on Bear creek, near town, one day last week, and put up about 25,000 pounds of ice for next Summer's use.

The brick work on the Odd Fellows' building, Ashland, has been finished, notwithstanding the snowy state of the season, and will be topped off with a fire-proof gravel roof. T. O. Andrews vacates the foremanship of the Ashland Woolen Factory, and will shortly be superseded by Mr. McMahon, formerly of Lacon, Ill., but now of Leavenworth, Kansas. Capt. A. D. Helman, our postmaster, is one of the oldest incumbents upon the Pacific Coast, having been postmaster at Ashland ever since the office was first established here, in 1856.

J. R. Burke met with a distressing accident at the factory of Marsh & Co., Tuesday afternoon. He was at work with the moulding machine, when his hand was struck by the revolving bits, and three fingers, the first, second and the little finger, were almost severed from the hand and were shockingly lacerated. Dr. Royal dressed the wounded hand, and thinks that with good care it may heal so as to be a useful member, but it will never be as flexible and strong as before the accident. It has been a great loss to the family since Mr. Burke had his elbow severely cut by the same machine, or a similar one.—"Tidings."

VERY CHANGEABLE.—The people of Rogue river valley are treated to all kinds of weather this winter. Nature seems to be at war with itself, and our reputation for mildness of climate and generally very severe and chilling backsets. The general thaw the forepart of last week was followed by some vivid flashes of lightning and the rumbling of thunder on the night of the 5th and the morning of the 6th instant. On the 7th Jacksonville and vicinity were visited by a pouring tropical rain, which continued all forenoon and turned into a snowstorm toward evening. The waters which came rushing down Jackson and Daisy creeks soon caused those streams to assume formidable proportions, running over their banks and spreading over the low places below town. The timber of the bridge crossing Jackson creek on Oregon street were again moved out of place, and the ground floor of P. J. Ryan's new barn was flooded by the waters of Daisy creek. On the morning of the 8th the mud in the streets was frozen sufficiently stiff to bear up the weight of a man, followed by a snowstorm that lasted all forenoon of that day. When the storm let up the fallen snow was found to measure 4 1/2 inches on the level. On the 9th it rained all forenoon, rapidly melting the snow of the previous days, and at half past 12 a heavy wind came down from the South, blowing a perfect gale and threatening to level all the rickety structures in its course. The wind lifted the light wooden building in the rear of the residence of Adam Klippel on Fifth avenue, used as a carpenter shop and wood shed, dumping its roof and sides in the middle of the street. The gale continued uninterruptedly for two hours, alternating with rain, snow and sunshine.

BEAUTEFUL PORTRAIT.—There is on exhibition, at Mr. Beckman's banking office, a very finely executed portrait from the brush of Miss Anna Benner, who is now located in Jacksonville, having her studio at Mr. Britt's residence. Miss Benner comes among us a stranger, but bringing pleasant letters of introduction from friends in the North. She is prepared to paint portraits in oil or give instructions to others, and her merit as an artist is quite apparent from the beauty of her work.

QUARTERLY MEETING.—The second quarterly meeting of the M. E. Church for Jacksonville circuit will be held at Phoenix on Saturday and Sunday, Jan. 24th and 25th. Preaching on Saturday at 11 a. m., after which the quarterly conference will be held. All the officers are requested to be present as important business will come before the conference. The usual quarterly meeting services will be held on Sabbath. All are invited to attend. D. A. CROWELL, Pastor.

MINERS UP JACKSON CREEK are all busy as beavers. Gin Len on Little Applegate is steadily at work day and night with two pipes. Every miner on Applegate that we can hear from is at work utilizing the fine supply of water.

Sterling Mining Co., which had to suspend operations on account of some "slides" in their ditch, resumed piping again to-day. From Wes. Ingram, who called on Saturday, we learn that all the ditches at Willow Springs were flush. T. L. Beck will move more of his rich dirt this season than he has moved for the past two winters, and every miner in the camp was busy. The Egan astraya was still at work on good rock.

We met W. H. Benner, superintendent of the Centennial mine, a few days ago, who informed us that the water supply was ample for his six inch pipe, and the prospect for a long continued run very good. The Centennial prospects well and no doubt will pay its owners well this season. The ground is now so thoroughly saturated with water and there is so large an amount of snow in the mountains that miners will undoubtedly have the largest water supply ever known in Southern Oregon. Many of the wells in Jacksonville are full to the surface with water, and many cellars have to be abandoned.

SUPREME COURT PROCEEDINGS.—Among the proceedings of the Supreme Court from the "Statesman" we find the following: W. H. Effinger presented to the court affidavits and papers charging Sidney Dell with being guilty of contempt of the court by reason of having written and caused to be published false statements as to the findings and opinions of the court in the case of Hewitt and Walker vs. Goldsmith and Teal; tried and decided at the January term of the court, 1879.

The Coyote Gold and Silver Mining Company, respondents, vs. W. N. Ruble and Walter Ruble, appellants, appeal from Jackson county; set for hearing the 19th day of January. John Weiss, appellant, vs. the Board of County Commissioners of Jackson county et al., respondents, appeal from Douglas county; motion to dismiss allowed. The latter case involved the right of the County Commissioners to lay out and open a county road within the corporate limits of Jacksonville. It was transferred to the second district as Judge Hanna had been seated in the case, there dismissed on demurrer and appealed to the Supreme Court. Its dismissal leaves the main question still undecided.

THE UNDERSIGNED HAS OPENED a general variety store with Geo. W. Elliott on Main street, where he will keep a full assortment of cigars, tobacco, smoking articles, candies, stationery, cutlery and toys. He invites the public to give him a call and assures all that they will call again. Latest papers from the East always on hand. JAKE MARCUSÉ.

HENRY WEBER, BOOT & SHOEMAKER, NEXT DOOR TO SCHUMPF'S BARBERSHOP, Jacksonville, Oregon. WOULD RESPECTFULLY INFORM the citizens of Jacksonville and surrounding country, that I have opened a shop, and should be pleased to serve them in my line of business. Custom-made work and repairing promptly and neatly executed on the shortest notice. HENRY WEBER. LINKVILLE SALOON, MAIN STREET, Linkville, Oregon. J. K. LEABO, Proprietor.

HAVING TAKEN CHARGE OF THIS popular resort I am now prepared to furnish the best of Liquors, Wines, and Cigars, and ask a share of the public patronage. J. K. LEABO. IMPORTANT NOTICE. HAVING BEEN INSTRUCTED BY the Board of State Land Commissioners to forward all notes upon which interest is due for more than one year to the Clerk of said Board at Salem, I hereby give notice to all persons knowing themselves indebted to come forward at once and make payment, as I must make a statement of such delinquencies by the last of the year and also forward said notes. The forced payment of these notes may be avoided by prompt action in this matter. N. W. MAN FISHER, Treasurer of Jackson County, Oregon, Jacksonville, Dec. 10, 1879. SETTLE UP! ALL THOSE KNOWING THEM selves indebted to Inlow of the Eagle Pol. t. Store, either by note or book account, must settle the same by January 1, 1880. All t. o. notes and accounts not settled by that time will positively be placed in the hands of an officer of the law for forced collection. H. T. INLOW. Notice. Having sold my butcher shop I hereby notify all persons indebted to me for meat that they must make payments for the same by the 10th of January, 1880, or I will have to force collections. I must have money. The books and accounts are in the hands of M. Caton, who is authorized to make settlements. W. M. BYRNE, Jacksonville, Ogn. Dec. 23, 1879. Notice of Settlement. Having sold my butcher shop to N. Ficke this is to notify all persons indebted to me on account for meat furnished, that they must make immediate payment of the same to Milo Caton, who is authorized to collect and receipt for all money. W. B. HAY, Jacksonville, Jan. 5, 1880.

Arthur Langell writes us the following from Langell valley, under date of Jan. 6th: Snow has fallen here to the depth of twelve inches at my house; at "Horse Fly" four feet with a crust which makes it bad for stock. Horses have been found standing under juniper trees for four days on account of the crust. Old settlers think this winter will kill more stock than the hardest winter ever known in Lake. Very little hay here, and feeding commenced six weeks earlier than usual, and my impression is that if the storm continues six weeks longer two-thirds of the cattle in this section will perish. Sheep will die by the wholesale. Langell valley is covered with ice eight inches thick on which teams can pass easily. The above being dated prior to the last heavy storm, the perilous condition of stock in Lake county will be realized.—Ed.

REAL ESTATE TRANSACTIONS.—The following deeds have been recorded in the County Clerk's office since our last report: State to Prudence M. Walker, confirmatory deed for school land, in Manzanita precinct. Original consideration, \$71.92. John Conway to Mary Ann Bealls, land in Ashland precinct. Consideration, \$250. A. D. Helman to James D. Fountain, land in Ashland. Consideration, \$50. John R. Helman to James D. Fountain, land in Ashland. Consideration, \$410.

W. H. Hunter has lately returned to this valley after an absence of the Fall months in Reading, California, where he has been working at his trade (blacksmithing). He represents Reading since the teaming closed, as extremely dull, with times hard and very little business doing. The fact of Reading being a railroad terminus did not seem to give that town a more life and animation than towns a hundred or more miles away from the cars.

SOCIETY ELECTION.—At a regular meeting of Jacksonville Stamm No. 148, U. O. R. M., held at their hall last Thursday evening, the following officers were elected for the ensuing term: O. C. Newman Fisher; U. C. S. Cohn; B. C. Jacob Meyer; Secretary, M. Muller; G. S. H. v. Helms; Treasurer, Veit Schutz; P. E. Jacobs. The installation will take place next Thursday evening.

STOCK PROSPECTS.—It is now conceded by experienced stockmen that even so low as in Jackson, Josephine and Lake counties will be immense. The long continued storm has weakened and impoverished cattle to such an extent that as soon as the ground becomes soft and miry they will be unable to get food and will consequently perish.

INSTALLATION.—The Ruth Rebekah Degree Lodge No. 4, installed the following officers last Monday evening: N. G. Mrs. W. J. Plymale; V. G., Mrs. Newman Fisher; R. S. C. Ulrich; F. S. K. Kubli; Treas., S. M. Fred Lay; Con., John A. Boyer; Warden, F. Lay; I. G., W. J. Plymale; R. S. N. G., Mrs. K. Kubli; R. S. V. G., Mrs. John Miller; L. S. V. G., Mrs. C. Ulrich; O. G., Veit Schutz.

BORN.—McFERRIN.—To the wife of S. B. McFerrin of Manzanita precinct, on January 4th, 1880, a son. MULLER.—Born Jan. 7, 1880, to the wife of Max Muller, a daughter.

DIED.—NICHOLS.—Died, Jan. 11, 1880, at Sam's Valley, of consumption, John J. Nichols, aged 37 years.

NEW ADVERTISEMENTS. City Market! CALIFORNIA ST. N. Ficke, - Proprietor.

THIS WELL KNOWN MARKET, OPPOSITE Kahler & Bro.'s drugstore is better prepared than ever to furnish the public with the choicest quality of FRESH BEEF, PORK, VEAL, MUTTON, HAM, SALT MEATS, BACON, Superior, SAUSAGE, LARD, ETC., The most favorable inducements offered to patrons, and no effort will be spared toward giving general satisfaction. N. FICKE.

SIXTEENTH YEAR. ST. MARY'S ACADEMY, CONDUCTED BY THE SISTERS OF THE HOLY NAME.

THE SCHOLASTIC YEAR OF THIS school will commence about the end of August, and is divided in four sessions, of eleven weeks each. Board and tuition, per term, \$40.00 Bed and bedding, 4.00 Drawing and painting, 8.00 Piano, 15.00 Entrance fee only once, 5.00

SELECT DAY SCHOOL. Primary, per term, \$4.00 Junior, " " 8.00 Senior, " " 10.00 Pupils received at any time, and special attention is paid to particular studies in behalf of children who have "but limited time. For further particulars apply at the Academy. ROBERT KAHLER.

East of the Mountains. Arthur Langell writes us the following from Langell valley, under date of Jan. 6th: Snow has fallen here to the depth of twelve inches at my house; at "Horse Fly" four feet with a crust which makes it bad for stock. Horses have been found standing under juniper trees for four days on account of the crust. Old settlers think this winter will kill more stock than the hardest winter ever known in Lake. HENRY WEBER, BOOT & SHOEMAKER, NEXT DOOR TO SCHUMPF'S BARBERSHOP, Jacksonville, Oregon. WOULD RESPECTFULLY INFORM the citizens of Jacksonville and surrounding country, that I have opened a shop, and should be pleased to serve them in my line of business. Custom-made work and repairing promptly and neatly executed on the shortest notice. HENRY WEBER. LINKVILLE SALOON, MAIN STREET, Linkville, Oregon. J. K. LEABO, Proprietor.

HAVING TAKEN CHARGE OF THIS popular resort I am now prepared to furnish the best of Liquors, Wines, and Cigars, and ask a share of the public patronage. J. K. LEABO. IMPORTANT NOTICE. HAVING BEEN INSTRUCTED BY the Board of State Land Commissioners to forward all notes upon which interest is due for more than one year to the Clerk of said Board at Salem, I hereby give notice to all persons knowing themselves indebted to come forward at once and make payment, as I must make a statement of such delinquencies by the last of the year and also forward said notes. The forced payment of these notes may be avoided by prompt action in this matter. N. W. MAN FISHER, Treasurer of Jackson County, Oregon, Jacksonville, Dec. 10, 1879. SETTLE UP! ALL THOSE KNOWING THEM selves indebted to Inlow of the Eagle Pol. t. Store, either by note or book account, must settle the same by January 1, 1880. All t. o. notes and accounts not settled by that time will positively be placed in the hands of an officer of the law for forced collection. H. T. INLOW. Notice. Having sold my butcher shop I hereby notify all persons indebted to me for meat that they must make payments for the same by the 10th of January, 1880, or I will have to force collections. I must have money. The books and accounts are in the hands of M. Caton, who is authorized to make settlements. W. M. BYRNE, Jacksonville, Ogn. Dec. 23, 1879. Notice of Settlement. Having sold my butcher shop to N. Ficke this is to notify all persons indebted to me on account for meat furnished, that they must make immediate payment of the same to Milo Caton, who is authorized to collect and receipt for all money. W. B. HAY, Jacksonville, Jan. 5, 1880.
