

A Republican County Convention is hereby called to meet at Wildersville on the 8th day of May, 1880, at 1 o'clock P. M. for the purpose of nominating candidates for the following offices, viz: 1 Senator; 1 Representative; 2 County Commissioners; 1 Sheriff; 1 County Clerk; 1 Assessor; 1 Treasurer; 1 Superintendent of Schools; 1 Surveyor and 1 Coroner.

It is recommended that primary conventions be held at 1 o'clock P. M. on the first day of May, in the several precincts. The several precincts will be entitled to one delegate and one for every 15 votes and fraction of 8 or over, based upon the vote cast for Governor, at the June election, 1878, which gives the following representation: Kerbyville 4, Althouse 4, Williamsburg 3, Galice Creek 2, Waldo 2, State Creek 2, Leland 3, Penrol 2.

C. H. CALDWELL, Chm. Republican Central Committee.

FOUND.—On the night of the last "Legion" meeting, a watch charm—prove property and pay for this notice and it will be forthcoming.

MAY DAY.—Steps are being taken to give the little folks a holiday on the first of May, at Beckman & Linn's park. We are truly glad to hear of this movement, as it always brings so much pleasure to the children, and we think the place selected much more preferable than Bylee's Grove, on account of its greater facilities as many will go there that would not go to the former place.

REPUBLICAN PRIMARY.—On Saturday the Republican Primary was called to order by Geo. Brown, and B. F. Dowell was chosen chairman and A. H. Maegly as secretary. The following persons were elected as delegates to the convention to be held on the 10th inst, namely: Max Muller, J. C. McCully, M. Bellinger, Geo. Brown, Frank Krause, Mat Obenchain, B. F. Dowell, R. C. Armstrong.

ST. MARY'S ACADEMY.—The last term of the scholastic year of this institution will begin on the 12th inst. It is steadily flourishing, and the very large number of music pupils, over thirty—bears witness to the proficiency of the teachers who, without any special effort secure so much patronage. The Academy has achieved an enviable reputation, which is shown by the large attendance of boarding and day pupils.

IN PORTLAND.—Dr. L. S. Thompson, one of the pioneers of Scottsburg, and well and favorably known here as an old resident, is now sojourning in Portland. He attended the duties of Mail Agent on the Railroad but they were too arduous and he was forced to discontinue. The Dr. is a gentleman of extensive practice and good judgment and he will probably look round for a location.

THE CALIFORNIAN.—This magazine for April is on our table, still improving in flavor. "Ond," a Nevada tale by Gaily is getting interesting and the story of the settlement of Australia and New Zealand is most instructive and readable. The description of Arizona is worth the price of the magazine and the whole book is filled up with gems of literature, essentially Western and a reflex of the peculiarities of Western life. By the A Roman Publishing Co., San Francisco, \$3 per year.

THE GREAT COMET.—The famous comet of 1843 is making the rounds again, and is expected to illuminate the Presidential canvass this summer. In 1166 it shone with a bright near which equalled the sun itself, in 1402 it was so brilliant as to be visible at noonday; in 1454 it is said to have eclipsed the moon; in 1749 it inspired with terror the unlettered throughout the world, and in 1843 it gave aid and comfort to the Millers, assisting to alarm those who heeded their predictions of the speedy destruction of the world by fire. Should it return this year with its accustomed style, it may be expected to so conduct itself as to create a profound sensation.

LODGES ORGANIZED.—E. W. Ryan, Grand Lecturer of the I. O. G. T. and D. G. W. C. T., on Thursday evening, April 1st, 1880, re-organized Eagle Point Lodge No. 526, I. O. G. T. at Eagle Point, with the following officers: F. B. Inlow, W. C. T.; Alice Simons, W. V. T.; M. Purden, Sec.; F. Inlow, A. Sec.; Ed. Simon, F. S.; Ella Parker, Treas.; John Daley, M.; J. Lewis, D. M.; J. M. Buck, Chap.; Francis Daley, Guard; W. W. Parker, Sen.; S. Emery, R. H. S.; J. G. Grosman, L. H. S.; Eber Emery, L. D. Also on Friday evening, at Central Point, he organized Central Point Lodge No. —, with 15 Charter members, and installed the following officers: Fred Hunter, W. C. T.; Myra Wisley, W. V. T.; Benj. Beall, Sec.; L. P. Maury, F. S.; Laura Wisley, Treas.; J. H. Wisley, Chap.; John Beall, M.; M. Maury, D. M.; Asbury Beall, Guard; Frank Amy, Sen.; Bell Higginbottom, R. H. S.; S. Obenchain, L. H. S.; Benj. Beall, L. D.

W. F. & Co. as LETTER CARRIERS.—An attempt is being made by the Post Office Department to prevent Wells Fargo & Co's. Express from carrying letters. We can not perceive what is to be gained, as this company pays the Government full postage on every letter carried and is really a valuable auxiliary of the postal service. To us Western folks the "express" is a cherished institution that provides transit for letters, that insures greater safety than the mails usually do, and if business men prefer paying a slight additional rate for their service, it need not concern the department. We hope the letter carrying of this Company will not be interfered with as it is of the very greatest convenience and benefit to the business public.

The O. & C. R. Co. has generously reduced the fare for delegates to the State Convention to half rates. Mentor can be found at the New York Store almost buried in new and desirable goods—he sells at cost. S. F. Flood has severed his connection with the Roseburg "Star" and C. L. Musher has taken full charge. Governor Perkins of California, has signed the new revenue law, a synopsis of which we published last week. Mrs. Scott has removed to opposite Adam Schmidt's where she will attend to dress making in all its branches. Notice Mr. Myers' ad. and take the valuable qualities of the Percheron stock into consideration before breeding. Miss M. Wrisley has gone to Roseburg to teach school—seems the Jackson county school marms are in demand. A pleasant social dance was held at the Club Room last Friday evening as a farewell to Joe Beach and Henry Weber. Dr. T. T. Cabanis, formerly of this place, has been appointed post surgeon and ordered to Camp Howard, Idaho, for duty. Mrs. L. W. Berry has received a fresh installment of millinery goods and can be found at the residence of Jas. A. Cardwell. Mrs. Newman Fisher left for San Francisco last week where she will purchase a stock of Spring and Summer goods for this market. An Ellensburg correspondent of the Crescent City "Courier" says Rogue river is so muddy that salmon will seek some other stream to run up. N. Langell offers his fine stock of ladies' and children's shoes and men's and boy's boots for sale at cost. Call and see that he is in earnest. Great preparations are being made for the Red Men's celebration on May 12th and a large attendance is looked for from neighboring places. Republican county convention next Saturday at one P. M. for the purpose of electing six delegates to the State Convention at Portland, April 21st. The Pacific Coast Postal Index published by L. P. McCarthy, San Francisco, monthly, is a complete guide to all postal matters on this coast. Only \$1 per year. Mr. Bybee has turned over the sole control of his race track for the year to Dan Cardwell and the latter places it at the disposal of the jockey club for the May races. Henry Mensor challenges any Oregon runner for a race of 100 yards, to be run at Jacksonville on May 13th, for \$100. Who wants it? He invites correspondence. Mrs. and Miss Prim have a large stock of millinery goods on the way, to arrive in a few days, and the ladies will do well to give them a call before purchasing elsewhere. Dr. J. A. Callender has located permanently in Jacksonville and will attend to all professional calls. Until further notice he can be found at the residence of John Miller. The Legion of Honor gave another pleasant entertainment on Friday night. The committee to arrange the next program is Mrs. Dowell, Miss Rhoda Kenney and Wm. Cardwell. The dance at the Drake farm on April 30th, in honor of the 60th birthday of Dr. P. Jack, was well attended—52 tickets having been sold. Quite a number were present from this place. The Roseburg "Independent" says the road between Roseburg and Jacksonville is in splendid condition. Persons who have just come over the road have a very different opinion. The Republican county convention for Josephine county meets at Wildersville May 8th, and primary meetings are to be held on the 1st. See the appointment in another column. The attention of farmers is called to an article on hop culture, to be found on the outside of this issue. If any can be found with sufficient patience to wait till the hops yield, it would be a valuable crop in this county.

THE "RECORD" SAYS

counterfeit coin is in circulation in Crescent City. Won't some one counterfeit a half dollar so we may see what coin looks like? We have about forgotten. The finishing touches are now being given to Holt's new hall, the plastering having been about completed. The hall, dining room and sitting room will be ready for the Red Men's ball on May 12th. Klippel means in German, a "Club" and some persons are wicked enough to suggest, that the Democratic dictators in Jackson county have indulged too much in the "clubbing" process to win the affection of voters. Measles have made their appearance in Jacksonville but do not appear to be spreading, being confined to Mr. Brown's family. No one need be alarmed as the weather is most favorable and at this season they are usually harmless. From Mr. L. P. White who has just returned from Jerome Prairie, we learn that the late storm has been very severe on cattle down Rogue river. Mr. W. heard that many were dying from the effects of chilling snow and want of feed. Notice the advertisement of Frank Bros. of Portland, and if you want anything in their line call at Mrs. Bilger's hardware store, their established agency, and order. This house always gives full satisfaction and fills orders, or repairs promptly. At the last meeting of the Eintracht the following officers were elected: President, Fred Grob; Vice President, Veit Schurz; Secretary, John Cimbrusk; Treasurer, Fred Loy. The society will not give a May-Day picnic as has been reported. Nearly \$20,000 in taxes has been paid to the County Treasurer by Sheriff Bybee. This amount is exceedingly small for this time of year and those delinquent may expect a call from the Sheriff whose expenses must now be paid in addition to the tax. The Yreka "Union" says a citizen of Jacksonville was seen a few days ago in Yreka, loaded down with "bo-logna," "meat-wurst" and other dainties of that kind, and was steering for home. It looks as if we needed a railroad to bring in some supplies. We learn that a new ordinance will be introduced at the next meeting of the Board of Trustees making it a punishable offense for the discharge of firearms within the city limits. We hope to see this become a law and an example made of the first one violating it. Mr. Mat Obenchain brought us a sample of very excellent sorghum syrup, last week. It was manufactured in the valley and is really a very nice article. There is no reason why every family who have an acre of corn land should not make their own syrup. Some of the parties who were present at the dance on Applegate on the 30th ult. came home minus several buggy robes, they having been stolen while the owners were at the dance. The guilty parties are suspected and an effort will be made to bring them to justice. The following money order business was transacted in the Jacksonville P. O. during the past quarter: Number of orders issued, 748, amounting to \$15,968.10; fees on same \$13.30. Credit with deposit on money order account, \$12,346; orders paid amounting to \$3,435.18. A correspondent of the "Examiner" from Alkali (Lake county) says the loss of stock will range from 10 to 40 per cent in different localities in that county. The greatest loss is in Langell valley, but it is unsafe to compute losses until the result of the last severe storm is heard of. A. W. Presley has sold his saw mill on the Sterling road to Joseph G. Wisdom, who takes charge of the business at once. Mr. Wisdom is a man of large experience in this business and will give satisfaction to those patronizing him. All kinds of lumber will be furnished at the lowest rates. The late election in San Francisco resulted in a complete rout of Kearney and Kalloch. The Republican candidate for Senator, Byrnes, was elected by 4,669 and the citizens ticket by 7,949 majority. Kearney's day of usefulness is over and when his sentence expires he had better go draying again. Mr. McKenzie informs us that if sufficient buckwheat is raised, a bolt will be put in the new mill for buckwheat flour. Robt. Cameron of Uniontown has plenty of the silver hulled variety for seed at the price of the purchase. Besides the value of the crop for bees and flour it is the best of chicken feed. The Yreka Post Office has been made a money order office for France and Algeria, in addition to being a British, German, Canadian and U. S. money order office. Some changes in the money order regulations have also been made, towards simplifying the work of making out orders and remitting the same.—"Journal". The people of Ashland are wrestling with the saloon problem just now. Ashland has prospered wonderfully if it is thought necessary to put the finishing touch to the education of youth, and teach them idleness and vagrancy and make them a burden to society a saloon should be started at once. The Yreka "Union" has suspended publication, cause, lack of support. We are sorry to lose this exchange as Mr. Bird has made it an interesting paper. It has been conducted in a pleasant gentlemanly style and it seems strange that the Democrats of Siskiyou should allow it to stop. Good bye, Bro. Bird, we hope you may find some business with more money in it.

MINING ITEMS.

Miners on Footh creek are all busy yet with every indication of a good clean up. Kahler, McDonough & Co. have resumed ground sluicing in Ft. Lane diggings. T. L. Beck of Willow Springs has discontinued cleaning up and is again ground sluicing. The Squaw Lake company are moving much dirt that prospects fairly and have plenty of water. Sam Lackland of the Palmer creek mine is piping night and day, gravel looking well and water flush. The Applegate Gravel Co. are preparing to start in on a new and more favorable location, where they will have more dump. Barkdale & Kline in the Blackwell district are yet unable to sink on their rich quartz pocket but are doing well sluicing the ground adjacent to it. Capt. Ankeny has returned from Galice creek and says both the English and Blue Gravel companies are enjoying full ditches of water, with a prospect of a long washing season. The Sterling Co. are just about ready to begin washing in their rich ground and are now running their two pipes and a full supply of water. The heavy snow banks, at the source of supply, will enable this company to work all summer. Brad Dean of the Willow Springs district was in town on Saturday with a nice lot of gold dust. He reports the most of the miners as having resumed ground sluicing, the water supply being flushed by the late heavy rain. Supt. Benner of the Centennial was still piping night and day in good ground. Ralls has a full head of water on the richest ground in the camp and is said to be making an ounce per day to the hand. From David L. Hopkins, who has just returned from Josephine county, we learn that the miners of that section have plenty of water and a good prospect for the supply continuing for some time. Wimer & Co. are making the dirt fly at their mines with excellent prospects. The Brown brothers have changed the location of their hydraulic and are now piping in a strake of gravel that prospects well, and Mr. Hopkins thinks the mines in that locality will make a better showing this year than for some time past.

SHOOTING AFFRAY.—On Saturday night about ten o'clock as Wm. Caldwell, who resides on Bear creek, was about starting for his home from Manning's stable, he was met by a man named John J. Lathrop, said to be an old stage driver, and who had been trying to engage Caldwell in a quarrel during the afternoon. On the way down to the stable Lathrop fired two or three shots, probably from drunken bravado, and aroused Mr. Manning who came from his house to the stable, and found the two men engaged in a wordy row. He had loudly urged on the ground when Lathrop drew a pistol and fired two shots at Caldwell, one passing through his coat and the other making a flesh wound in his left side. Manning wrenched the weapon from Lathrop's hand and found it to be his own, having been taken from the stable office, to which Lathrop had free access. Caldwell's wound is slight, which considering the fact the men were only a few feet apart, is almost miraculous. Lathrop was found on Sunday morning secreted in his house, and was arrested and lodged in jail by Sheriff Bybee. On Monday he was examined by Justice Huffer and discharged as the Justice thought the evidence insufficient to procure his conviction.

AN OLD PIONEER GONE.—On Saturday night William Burke, familiarly known as "Uncle Billy Burke," laid down his earthly burden and was gathered into the host of the unknown. Mr. Burke was among the earliest settlers of this valley, having come here in 1852. He conducted the Union Hotel in this place for some time and afterwards engaged in the saloon business and in mining and stock raising. He had been for some time in feeble health, but was out on Saturday evening for a short time, but during the night he was taken suddenly ill and passed quietly away. Mr. Burke was a kind hearted, genial and inoffensive citizen, a native of the county Longford, Ireland, about fifty-six, or seven years of age, and was laid away to rest on Monday in the Catholic cemetery, the last rites of that church being performed by Father Blanchet—"Requiescat in pace". The "West Shore," for March, published in Portland by L. Samuel, is at hand and very readable. We call the attention of the publisher to the fact that the Siskiyou mountains are between Oregon and California—not in Toluonne county; that there is no Jacksonville in California; that the floating island is in Squaw Lake, Jackson Co., Oregon; and its description should be credited to the OREGON SENTINEL.

The Roseburg "Independent" says: "Chas. Strange, of Jackson county, was conveyed to the insane asylum last Monday." Incorrect, Bro. Kelly, Chas. Strang had charge of an insane man, but he, himself has no symptoms of insanity, on the contrary he is a bright, intelligent young gentleman. Take the e from his name and there will be nothing strange about him. We hear that Uncle Fred Heber met with a painful accident while harrowing last week. While engaged in clearing cloas from the harrow, his teeth started to run and one of the teeth struck him in the leg making a very severe wound from which he is slowly recovering. More bargains at the New York Store than ever offered before in Jacksonville—Look for yourself.

PERSONAL NOTES.

Rev. M. A. Williams will preach at the M. E. Church here next Sunday. J. D. Hanks, a well known stage driver is hotel keeping at Myrtle creek. Frank M. Nickerson has taken charge of the district school at Wildersville. Capt. Connor, of the steamship Oregon, died in his state-room on the 23d ultimo. Sheriff Bybee and B. F. Dowell left for Josephine county yesterday on a business trip. J. G. Wall, Esq., returned to Crescent City from San Francisco after two months absence. Dillon is waiting for his customers to come and settle up—he warned in time, lest trouble begin. We are glad to say that Mr. K. Kubli, whose condition has been quite critical is now improving. Mr. G. W. Wimer of Waldo was in town yesterday. He reports every one busy in Josephine county. Mrs. Dr. B. A. Ford, mother of the late Mrs. Dr. Robinson of this place, died in Portland last week. Mrs. George McKnight, of Footh creek, is visiting friends here, and is the guest of Geo. W. Elliott. Jas. G. Birdsey has recovered from his late illness and reopened his blacksmith shop at Central Point. Mrs. I. W. Berry has received a full line of the freshest styles in millinery goods and is now prepared to suit her customers. Jake Marcuse is now in his new store, next door to Schumpf's barber shop, where he has lots of cigars and fancy goods. Clinton Scheffelin, accompanied by his two daughters, Misses Lizzie and Lottie Scheffelin, paid Jacksonville a visit this week. Fred Flood and Adam Klippel will conduct the "Times" until Mr. Nickell's return from the State Convention. We will treat them kindly. David Birdsey, of Rock Point, informs us that he wintered his sheep this year without any loss, but his lambs are not doing so well. Charles Vivian, the well-known actor and singer, who visited this place several years since, died at Leadville, Colorado, on the 20th ult. at the age of 34. Chas. Nickell represents Jackson county in the Democratic convention, at Albany to day. It is surmised that Ed. Autenrieh, who accompanied him, goes in the capacity of legal adviser. Dick Klippel, who is wrestling with houlders at the Squaw Lake mine made a flying visit on Monday. His hands are so swollen that he can't see the difference between a "hair space" and a crowbar. Hoin Deniff who was so severely injured by a slight cave in his mining claim, on Sunday March 28th, died on the night of the 31st. The unfortunate man was completely paralyzed and suffered but little pain up to the moment of his death. W. G. Kenney started for Roseburg last Sunday night intending to take charge of Jos. Clough's thoroughbred stallion Scamp-down during the present season. We hope the Roseburg folks will treat Billy well as that is the kind of treatment he deserves. John A. Boyer and John Miller were elected Representatives to the Grand Lodge, I. O. O. F., at the meeting of Jacksonville Lodge No. 10, held last Saturday evening. Mr. Boyer is also the Representative for Table Rock Encampment. The Grand Lodge meets in Portland on the third Tuesday in May.

REAL ESTATE TRANSACTIONS.—Deeds record d in the Clerk's office since the last issue of the SENTINEL: Thos. Bickmore to Zelpha Satterfield, land in Table Rock precinct. Consideration, \$1,800. J. J. Fryer to J. G. Grosman, land at Eagle Point. Consideration, \$25. C. H. Pickens to Narcissa Farmer and E. P. Pickens, quit-claim deeds to certain property in Table Rock precinct. Consideration, \$1. U. S. patents to John Sutton and J. J. Nichols have been recorded. Sam Colver to Isabell Rose, donation land claim of John Thurber in Phoenix precinct. Consideration, \$1. J. C. Birkhead to Joseph L. Hockett, lot in Phoenix. Consideration, \$200. Sam Colver to Joseph L. Hockett, lot in Phoenix. Consideration, \$50. U. S. patent recorded for Geo. W. Baily. Sam Colver to Mary L. Curry, 4 acres land in E. L. N. precinct. Consideration, \$400. Bay no sewing machine upon the recommendation of agents, or other interested parties. Examine for yourself and let common sense guide you in your selection, always remembering that the best is the cheapest. Many thousands of persons have purchased inferior machines, used them a month or two, and then traded them off at one-fourth their cost, simply because they did not stand the test when in practical use. That old reliable machine, the Singer, has stood the test for thirty-five years, and has never been found wanting when called upon to do any kind of work. The people appreciate this machine, having purchased over 3,000,000 of them, and the sales of the Singer company exceed those of all other companies combined. Last year's sales were over 431,000. D. H. FEATHEWS, Agent, Jacksonville, Or.

After long travail the Supreme Court have reversed the decision of the Circuit Court for Jackson county, in the case of the Coyote Gold & Silver Mining Co. vs. Wm. & Walter Ruble, Prim dissenting. The legal fraternity here express the opinion that the Court went out of its way to find reasons to reverse the decision, and that its judgment was rendered on new points set up by the Court and entirely outside of the case. What a pity it is that demagoguism and stupidity can reach the bench! Thayer, who appointed the Judges argued and won the case, and still the bar grumbles at a Governor pleading before a tribunal of his own creation. It does look queer even to a layman. Birdsey & Vance propose putting a \$5,000 stock of goods into their store at Slate creek this Spring. Insurance for this amount was taken with J. Nunan yesterday. A full and complete stock will be kept, and residents of that locality will do well to give them a call. Jay Beach's advertisement of his celebrated horses Altamont and Wilburn will be seen elsewhere. Read their pedigree which is fully authenticated. More calico for a dollar at the New York Store than any other place in Jacksonville see if there ain't. You will find the lowest prices and best assortment at Mensor's New York Bazaar.
