

Republican County Convention of Josephine County.

A Republican County Convention is hereby called to meet at Wilderville on the 8th day of May, 1880, at 1 o'clock P. M. for the purpose of nominating candidates for the following offices, viz: 1 Senator; 1 Representative; 2 County Commissioners; 1 Sheriff; 1 County Clerk; 1 Assessor; 1 Treasurer; 1 Superintendent of Schools; 1 Surveyor and 1 Coroner.

It is recommended that primary conventions be held at 1 o'clock P. M. on the first day of May, in the several precincts. The several precincts will be entitled to one delegate and one for every 15 votes and fraction of 8 or over, based upon the vote cast for Governor, at the June election, 1878, which gives the following representation: Korbville 4, Althous 4, Williamsburg 3, Galice Creek 2, Waldo 2, Slate Creek 2, Leland 3, Pearol 2.

C. H. CALDWELL, Chm. Republican Central Committee

NOTICE

To those interested in the completion of the C. C. wagon road and are willing to give it their substantial support will find the subscription lists at the office of Mr. C. C. Beckman and at Reames Bros. store. We hope all will come forward and subscribe their mite towards this laudable enterprise. Those having subscribed will please pay to Reames Bros. the ten per cent levied on subscriptions toward the locating and final survey of the road, those gentlemen having been appointed treasurers.

JERRY NUNAN, E. H. AUTIER, MICHAEL HANLEY, Com.

HEAVY LOSS.—We are sorry to say that Hull Bros., on Rogue River have lost fully two thirds of their band of sheep. Hill & Donegan have lost in still greater proportion and Hill of Trail creek has lost nearly all his band.

MOWERS.—Messrs. Butler & Rockafellow are the agents of Frank Bros. at Ashland. The attention of our farmers is called to the "Wood" mowers, with enclosed gear, the lightest running, most easily managed grass cutter ever invented.

STOCK ON BUTTE.—Mat Obenchain, just from a ride over the Butte creek range says that the loss of cattle and horses in that section may now be fairly estimated at twenty-five per cent. Grass is springing up finely and he anticipates no further loss on that range.

STREET IMPROVEMENTS.—We notice that Dr. Aiken has just completed a substantial stone sidewalk in front of his property on California street. This kind of walk is very much cheaper, in the long run, than plank and all walks should be replaced with it when necessary.

CHANGE OF VENUE.—The case of Bybee vs. Robinson and Hawkett which was refused a change of venue by Judge Hanna and tried at the November term of the Circuit Court for Jackson county is now to be tried in the U. S. District Court at Portland. On the petition of Robinson, Judge Deady takes jurisdiction of the case and it will probably go to trial in July.

TWO MORE INSANE.—On Monday two brothers, Thomas and George Briner, aged respectively 40 and 38 years were examined by Judge Day and adjudged insane. The unfortunate men were conveyed to the Asylum yesterday morning by Mr. Manning. This makes four insane persons sent from Jackson county within the past month and we are afraid that we will soon obtain a disagreeable notoriety.

THE LEGION.—The Legion met at the Court House last Friday night with an unusually good programme. No committee on programme was appointed for the next meeting, as it is not known exactly when they will meet again, as the regular night for meeting conflicts with the proposed May Day picnic, which is partly under the auspices of that society. The meeting adjourned subject to call, by the President.

VINES KILLED.—W. T. Lever informs us that his fine vineyard North of Jacksonville containing nearly 8,000 vines is nearly ruined by the severe winter. He thinks that over three-fourths of his vines are quite dead, including all his fine foreign varieties, the white "Sweetwater" being the only variety that survived the freeze. We are anxious to learn that the vineyard of Granville Sears is like condition, and that even it shoots spring again from the roots, or the lower portion of the vine that was covered with snow, it will be several years before they will bear again. The French vineyard, near town is but little damaged, the vines being trimmed low having been well covered with snow during the freeze.

GOVERNMENT ROAD WORK.—Mr. Bybee has handed us a letter from Geo. H. Bonney, one of the engineers on the road work now being done under the appropriation of \$10,000, near Grave creek, in which he asks for more hands. The offer made is \$1 per day for white laborers and good board. Men will receive transportation and be provided with comfortable tents to sleep in but must bring their own blankets. The work is chopping, grubbing and grading and the pay is ready, monthly, or when a man is discharged. About thirty hands are wanted and communications may be addressed to the Superintendent at Grave creek, care Wm. Carll. The work will be under the immediate supervision of Lieut. Thos. W. Symons U. S. A., of the Engineer Corps and is to be completed by the 1st of July. Here is an opportunity for the unemployed men who are anxious to work, and no Chinese will be employed if the requisite number of white laborers can be obtained.

Hunter & Johnson of Central Point say that no blacksmith in the county shall do cheaper or better work than they and that no work will be turned away.

Mr. Jeff Grigsby of Central Point

informs us that stock on the range in that locality is doing well and a little good weather will revive a great many.

It is now generally conceded that the heavy freeze has nearly ruined the peach orchards of this county and we do not hear of a single fig tree that has survived the winter.

The celebration of the Order of Red Men to be held on the 12th of May bids fair to be the finest affair of the kind ever held here. A large number of Yreka friends will participate.

Crop prospects are very fair at present in this county. In many localities grain, especially "volunteer" is looking well and a little warm weather is all that is needed to give it a splendid start.

The late freshet in Bear creek has done considerable damage, several fords are washed out and the current has cut seriously into valuable fields. Brush and stone levees might be of advantage.

Fire was discovered in the rear of Breckenfield's store last Wednesday morning, but as the "Times" stated, its force turned out en masse, and little damage was done—by either the boys or the fire.

The Yreka "Journal" says, "the measles are prevalent in Jacksonville." Not at all, only two cases and they are convalescing. The most prevalent complaints here are political "hoing" and scarcity of money.

David Cronmiller hereby gives notice that he needs money and must have it at once. A large number of his bills have been running over one year and forbearance ceases to be a virtue. Call and settle.

Read N. Fisher's new ad. This week he has just received a large stock of goods from below and has more on the way which will arrive here soon. Don't fail to call on him when in need of anything in his line.

In another column will be found advertisements for proposals for Military supplies. Persons wishing to bid will find copies of the advertisements at this office printed for that purpose which can be had cheap.

The Langell Bros. have already lost over three hundred head of cattle in Langell valley, out of a band of about one thousand. They say it is too soon to foot up their losses yet, but fear it will reach fifty per cent.

Rev. Father Blanchet is in receipt of a letter from the "Nun of Kenmare" Ireland, acknowledging the first remittance of \$150 and returning heartfelt thanks for the timely charity of the people of Southern Oregon.

Our neighbor thinks we are "aping" another Oregon journal. It may seem so, as intelligence usually follows identical channels. But God forgive us if ever we "ape" the "Times" or find it necessary to steal our editorials.

The floor in the spacious hall of Holt's new hotel is laid, the windows are in and it is expected to be a readiness for the Red Men this week. The hall is capable of seating 500 persons and will supply a want long felt.

Frank Krause our good looking "pard" is wandering in the Northern part of the State, and today will, no doubt, distinguish himself in the State Convention. He can stand more good treatment than any one we know of and expects it.

Census enumerators will be appointed about May 1st. It is probable that four or five will be appointed for this county. Applications for appointments are wanted from Lake and Josephine counties by the Supervisor H. F. Sucksdorf at Portland.

The press on the Pacific Coast is a unit against any restrictions on the letter carrying business of W. F. & Co. That company as carriers, pay as much to the Government on each letter as private individuals, and is regarded as safer than the P. O. Department.

In Washington, the word "democracy" is a misnomer. Under Republican rule, the Senate and House galleries were free of access, now it is impossible for a poor man to enter either without being invited by the flunkies who guard the entrances.

The San Francisco "Chronicle" has just issued a handsomely bound history of its birth, struggles and great success as a newspaper. It is now to this Coast what the "Herald" is to the East and its pluck and enterprise in San Francisco journalism is unrivalled.

The ladies of Rock Point have decided to have a Leap Year party at that place on Friday evening, April 23d. Good music has been engaged and a first-class supper will be given. Refreshments will be furnished by the ladies, as also clover, etc., Tickets \$1.

"Hill's Leading Cases" a valuable publication for Attorneys, published monthly in Washington, D. C. by W. C. Hill for the low price of \$1 per year. It contains all decisions by the commissioner of the Land Office, or the Secretary of the Interior and it is difficult to see how a lawyer can do without it.

John Cimbrorsky, President of the "Eintracht" society, wishes all German men, both ladies and gentlemen, to meet at Veit Schutz' hall on May 2d, at 2 o'clock P. M. The object of the meeting is to devise some means of encouraging the speaking of the German language. A full attendance is desired.

The "Tidings" relates an unsuccessful attempt to steal two horses from Wm. Brown near Ashland on the evening of Sunday, the 11th inst. The same paper says that on Saturday evening some thief stole eight or ten bushels of oats from Thos. Smith's barn, so it is quite probable the fellow found a surplus of grain on his hands and tried to steal some horses to eat it.

MINING ITEMS.

Green. Bros are engaged on a tunnel which will strike their ledge (the Sugar Pine) fifty feet deeper. The tunnel is now in a vein that prospects very flatteringly. As soon as completed the arastras will again be started.

Wm. Griffin brought some very good quartz to town, last week, from a newly discovered ledge on Shann's creek in Josephine county. It is similar to that of the Sugar Pine, very much decomposed and showing a little free gold.

The hydraulic elevator, of Desilles, worked on his claim in Scotch gulch near Waldo continues to be a success, the only fault being lack of a large supply of water to run a larger sized discharge pipe. The claim is said to be yielding richly.

The Sterling Company have at last commenced piping in the rich ground formerly worked by Hayden and Cameron. The whole efforts of Dept. Ennis since last Fall, have been directed to the opening of a cut to this ground, and he expects uninterrupted work in it for the balance of the season.

From J. K. Johnson, of Crescent City, we learn that the Lower Gold Bluff claim is yielding \$1,000 per day. This property, located below the mouth of Klamath on the ocean beach, is one of the first beach claims worked having been operated in 1851. Its yield has been fluctuating, depending on the amount of auriferous sand deposited by the ocean swell, but it has always been considered a valuable property.

Last week we made a visit to the claim of Wimer & Simmons at Waldo and are satisfied that its richness has not been exaggerated. The "pay streak" is a bed of red loam and sand, containing very few boulders, that melts easily before the hydraulic pipe. It is a stratum near ten feet in thickness that will average fully four dollars per cubic yard. The gulch, in which the claim is, has been stripped, many years ago, paying wages with a pick and shovel, but the best of the pay was never touched and really not discovered till a few weeks since. The claim will not be fairly opened before August and will then show a depth of about forty feet and we believe will be one of the most valuable claims in Southern Oregon.

Pursuant to the call of the committee a meeting was held at the Court House on April 17th, and Mr. C. C. Beckman called to the chair with Jerry Nunan and Max Muller secretaries. E. H. Autier then stated that Jerry Nunan, Wm. M. Turner, and J. S. Howard had, on behalf of the Jackson county committee, a conference with like committees from Josephine and Del Norte counties and called for a report made by Mr. Nunan. The report was to the effect that the three committees had decided to select the very best route from Waldo to Crescent City, appointed viewers, and engaged Mr. Howard to make a final survey of the route at once, each county to bear one third of the expense. On motion, the committee was then directed to call for ten per cent of the subscriptions to defray the expense of the survey and authorized to deduct the same from the original amount. The action of the committee representing Jackson county at the conference at Waldo was then ratified and approved, Max Muller appointed to solicit subscriptions in San Francisco and the meeting adjourned subject to call.

WAGON ROAD MEETING.

A ROGUE BARON.—Last week a person arrived here from the North per stage, remaining here a couple of nights. He falsely represented himself as Lieut. Miller, en route for Ft. Klamath, but started South on Tuesday morning, leaving his hotel bill unsettled, having previously forwarded his value per stage to Ammerman's station. Suspicion was aroused and it was thought that he might be one of the Washington Territory murderers, now wanted by the sheriff of Whitman county, and Marshal Crosby and Justice Huffer started in pursuit. He was overhauled near the Eagle Mills but there being some doubt about his answering the description, he was allowed to pass on. Subsequently, he was arrested by Crosby, brought to town and found to be a German swindler advertised in the "Albion Post" perfectly. He calls himself the Baron Wm. von Marporo and is of Austrian birth. He is aged 26, is rather slightly built and about 5 feet 7 inches high, complexion florid, eyes blue, hair light brown, mustache light, small scar on forehead, two moles on left cheek near the corner of the mouth and one crooked finger on left hand. The "Baron" speaks several languages, English indifferently, and is evidently a man of culture. He is said to be a dead beat and, at all events, is a first-class liar and it is safest to give him a wide berth. The above description will enable our California neighbors to "spot" him, as he has gone thither.

Granville Naylor's fine "Sligart" stallion will be at the owner's ranch, three and a half miles East of Jacksonville every day, except Saturdays, and on the latter days will stand at the stable of Cardwell & Son in this place. "Taylor" is a fine specimen of a roaster and draught horse, 16 hands high, weighs 1200 lbs. and is well proportioned. His dam was a "Whip" mare. His grand sire was the well known Capt. Sligart imported by W. C. Myer and attention of stock raisers is called to his desirable qualities. Terms very reasonable.
