LUCKY BOY.—A few weeks ago Allen Hughes, a boy about 15 years old, son of Elias Hughes of Big Butte was herding his father's sheep when the dogs jumped on a couple of large panthers.

LONG MAY IT WAIVE.—For several years there have been no halliards on the flag staff in front of the Court House and, although liberal offers have been made, no one could be found with nerve enough to receive a new set.

SORGHUM SUGAR.—Mr. Goddard brought into our office last week, a sample of Sorghum sugar made from the Early Amber cane.

On Sunday next, 16th, Rev. M. A. Williams will occupy the pulpit in the M. E. Church here at 11 A. M. and on the same day Rev. D. A. Crowell will preach at Phoenix, at the same hour.

The scholars of the public school are enjoying a week's vacation on account of the public festivities. Studies will be resumed again on Monday next and the last time will be made up in June.

Edward E. Turk of Canyon City suicided on April 29th by shooting himself through the head. Turk was a prominent Odd Fellow and was formerly a resident of Eureka, Cal. Cause: financial difficulties.

The Crescent City "Courier" has entered on its fifth volume. It is an earnest advocate of everything calculated to promote the interest of its section and is carefully edited.

A sad calamity occurred at the mouth of the Columbia, on Monday evening 4th inst, a small striking fleet of fishermen's boats, carrying 500 of them. It is estimated that twenty-five lives have been lost.

Fine ornamental clocks, at the New York store, at cost. Friend Strickland and "Billy" Carl are among the visitors to-day.

All the loaded teams bound for this valley crossed Pitt river on Monday. Mr. N. Delanatter, of Kerbyville, and family are visiting at Squire Berry's.

The best sporting, blasting and giant powder, fuse, caps and wads at John Miller's. It is said that 50,000 emigrants will arrive in New York during the month of May.

Read the ordinance just passed by the Board of Trustees, published elsewhere. Nothing preventing, Archbishop Seghers will be at Waldo on Sunday, the 23d inst.

M. Baum and lady, of Ashland, are in town to-day, also Mr Phillips and Prof. Nichols. Johnson & Hunter, Blacksmiths, have dissolved partnership, Johnson continuing the business.

Celluloid shirt bosoms, cuffs and collars are the latest agony. Tobacco juice can't soil them. A large number of our Catholic population attended their church at Eagle Point on Sunday last.

A wagon load of young men was overturned near town a few days since but no bones were broken. Miss Lucy Burnett, of Douglas, niece of Mrs. M. Hanley, arrived on Sunday and is visiting at her uncle's.

Work is progressing on the new Presbyterian church, a large portion of the frame having been erected on Monday. On last Wednesday, the sale of the Emeline quicksilver mining stock was postponed until to-day, when it will be sold.

Simon Caro is agent for the SENTINEL at Roseburg and buys all the wool offered him. Get his receipt for this paper. On Saturday night one of the fine horses of the Stage Co. was kicked by his mate, having his hind leg broken and rendering him useless.

On Monday morning a little daughter of H. v. Helms was severely kicked in the head by a horse. Fortunately, only a scalp wound was inflicted. Hon. J. M. McCall of Ashland was in town Saturday. He will not attend the Chicago Convention, but has sent his proxy to Ex-Senator Mitchell.

Three of Joe Beggs' prairie schooners sailed out from here on Monday morning for Roseburg, there being a large amount of freight at that point. Mr. Hanley finally found purchasers for his land of sheep, having sold them to Wyland & Ferrill for \$1.10 per head. This comes of advertising in the SENTINEL.

Dr. George Kallier arrived here with his family on Monday and intends locating permanently among us. It is said that he will enter upon the practice of medicine here. The O. & C. Stage Co. changed time on Saturday. Stages will now arrive during the day in Jacksonville and the time will be shortened one day between Roseburg and Roseburg.

The grand hall of Madame Holt's new building is most tastefully decorated and notwithstanding its immense capacity it is expected that it will be well filled this evening. F. M. Overbeck, is wrestling with lightning at Yreka, filling Mr. Peck's place, while that gentleman is here. The young ladies of Yreka will find him a "lightning striker."

On Sunday next, 16th, Rev. M. A. Williams will occupy the pulpit in the M. E. Church here at 11 A. M. and on the same day Rev. D. A. Crowell will preach at Phoenix, at the same hour. The scholars of the public school are enjoying a week's vacation on account of the public festivities. Studies will be resumed again on Monday next and the last time will be made up in June.

Edward E. Turk of Canyon City suicided on April 29th by shooting himself through the head. Turk was a prominent Odd Fellow and was formerly a resident of Eureka, Cal. Cause: financial difficulties. The Crescent City "Courier" has entered on its fifth volume. It is an earnest advocate of everything calculated to promote the interest of its section and is carefully edited.

We wish it continued success. Prof. J. Q. Willis and family arrived here on Friday last and have taken up their residence among us. Mr. W. is teaching in the Uniontown District and intends going to and returning from his school daily. A sad calamity occurred at the mouth of the Columbia, on Monday evening 4th inst, a small striking fleet of fishermen's boats, carrying 500 of them. It is estimated that twenty-five lives have been lost. Eight or ten bodies have been recovered.

More bargains at the New York Store than ever offered before in Jacksonville—Look for yourself. It is doubtful if our miners have ever had a season so favorable for successful operations. Nearly every claim in this and Josephine counties is being still run with a full head of water and the supply will probably be ample for several weeks.

The weather during the past week has been most extraordinary for the month of May. Heavy rains, extending far North, have completely saturated the ground and softened the roads which were fast drying out and there is still no indication of permanent good weather.

Reports from all parts of the valley, with regard to crops, are very flattering. With the exception of a few very moist localities, grain everywhere is in a flourishing condition. Corn ground is generally prepared but very little is planted yet, but there is every promise of a bountiful harvest.

From across the Siakiyous we learn that Temple & Co. of the Bunker Hill claim have moved their pipe about four hundred yards up the hill and cleaned up \$2,100 after a nine days run. All miners at Happy Camp are still engaged in pipping.

A grand and final struggle for supremacy is expected to take place, next Saturday among our Democratic friends. Those who hold the reins must look sharp or power will slip away from them, like quicksilver through a greased quill and then—good bye!

Under the operations of the new constitution freights over the railroad to Reading have advanced over fifty per cent. Heretofore, Jackson county freights have been hauled at much less rates than those for Yreka, but discrimination is now done away with.

We learn from Robt. Wilkinson, just returned from Roseburg, that there are about forty men at work on the Grave creek hills, improving the roads. In some places the road is almost impassable, the team with which he was traveling miring down several times.

The Board of Supervisors, of San Francisco, unanimously adopted a resolution to impeach and remove from office Isaac M. Kallioh, the mayor of that city. There is little doubt but that he will soon step down. He will be tried in one of the superior courts.

A lady was heard to ask a friend on the street the other day: "Annie, is it proper to say this 'ere and that 'ere'?" "Why Kate of course not," is the reply. "Well," said Kate, "I don't know whether it is proper or not, but if you want to be happy go to Schump's and take a bath."

On Wednesday last, the pleasant, familiar face of Alex. Martin appeared among us, he having arrived from Oakland on Tuesday night per stage. "Jerry" received a hearty welcome from his many friends and will probably remain here for a couple of months.

Mat Obenchain and E. C. Brooks were spilled from a buggy on Sunday afternoon, a little north of town, in trying to see what rapid transit they could make on a side hill. Fortunately, the damages were slight, but Mr. Obenchain was considerably bruised up.

S. Booth, Dan Cardwell and Wm. Shook returned from Roseburg on Sunday last, having been there to deliver the rules purchased of Booth & Cardwell by Government—the number delivered being thirty-eight. They report the road between here and Roseburg as absolutely fearful, being a perfect "wallow" for miles.

Mr. P. D. Hull, formerly editor of the Jacksonville "Times," gave us a call yesterday. He reports having had a pretty rough trip from Jacksonville to this place, the road being badly cut up and snow in Quartz valley about six feet in depth and very rotten, necessitating the use of snow shoes.—Lake County "Examiner."

Yreka has a "Dive" which the "Journal" notices as follows: "Anybody desirous of hunting a fight, can always be accommodated every Saturday night at the 'Dive.' It won't do to knock the chip off a man's shoulder, or tread on the tail of his coat, if you wish to enjoy the sight of daylight next morning with your optics."

Complaints are being made that the stench from carcasses of dead animals will be intolerable during the Summer, and it would seem as if those lying near the public roads should be removed by Supervisors. Common sense and a regard for health should prompt any person near whose premises carcasses are lying, to bury them out of sight.

Rev. A. J. Hunsaker, Baptist missionary, will commence his work at Ashland on Friday evening, 14th inst., and remain there until Monday next. On Friday, 21st inst., there will be a mass meeting of the Baptists of Jackson county at Manzanita, and Mr. Hunsaker asks that there be a large attendance. Mr. H. will then proceed to Umpqua.

Should Oregon go Democratic, of which there is not the slightest danger, the American people would naturally conclude that her people "fully endorsed" the attempt to bribe a Republican elector, appointed by over one thousand majority. Then bribery and the politicians' bar! will be recognized as among the settled principles of our blemished form of Government.

The City Sexton, Mr. Dunlap, has called our attention to a most contemptible piece of vandalism that has lately come to his notice. It is the digging up of flowers, that friends have planted on the graves of their loved ones. It is difficult to find fitting terms to denounce this petty thieving and, should Mr. Dunlap detect the perpetrators, they may expect a vigorous prosecution.

Attention is called to the concert to be given by Prof. Kugler on Thursday (to-morrow) evening. Mr. Kugler's reputation as a musician is a sufficient guarantee that those attending will be pleased. He is to be assisted by some of his selected pupils and his performance on the "Zither" will be worth more than the admission fee.

From Frank Ennis, we learn that work is being pushed night and day on Blue Gravel and the English company's claim, everything indicating a good return. The same gentleman says that the tunnel of Green Bros. has struck a wide ledge of good quartz, at a depth of one hundred feet below their old works, and that it will fully \$50 per ton. Their mine is now in a condition to attract capital.

The "Things" says most of the Ashland freight will come through Portland this Summer but hopes that it will soon be coming through Crescent City. Let the people of Ashland put their shoulders to the wheel, and by their substantial assistance they can realize this hope. Another item in the same paper shows that the new mill in Siakiyous county is turning out splendid flour and of course the people of Ashland must seek another market and it can only be found at the coast.

Some inconsiderate papers, that can only find fault, are demanding that the O. & C. Stage Company commence their "fast" time between Roseburg and Reading, the schedule calling for "fifty-two" hours. It is only surprising that this company succeed in dragging their stages through the mud wallow between those points, on any time, and there is no sense in demanding impossibilities. The company are always anxious to begin "fast time," require no spurring and are the best judges when to begin.

According to the Yreka "Journal" the California Assembly performed at least one wonderful feat. It says: "Our late Legislature passed a bill declaring Klamath river navigable. It is a rough old stream to navigate, although it contains plenty of water from Klamath Lake to the Ocean. The cataraacts, rapids, eddies, whirlpools, sand bars, etc., are dangerous for anything but canoes well managed. Might as well try to navigate some of its tributaries, such as the Salmon, Trinity, Scott and Sassta rivers."

The following visitors are here from Yreka to participate in the festivities of the "Red Men." E. H. Schofield and wife, Geo. H. Peck and wife, F. Riley and wife, D. Ream and wife, S. Vance and daughter, E. J. Munroe and wife, E. Rainous and wife, S. J. Soules and wife, A. W. Nilsen and wife, Jay Niles and wife, W. A. B. Mills and wife, Theobald Young and wife, L. Nordheim, A. D. Terwilliger, Chas. LeBeau, R. F. Gibb, Mrs. A. H. Barrows, Miss Delia Winkler, Miss Sophie Winkler, Miss M. DeWitt, Miss Clara Hovey, Miss Emma Schlegel, Mrs. Thos. Orr and daughter.

According to advertisement, the contracts for building three bridges were let on Wednesday last. The bidding was spirited, there being considerable competition. The bridge across Elk creek is to be built by S. B. Hull for \$1,162.50. That across Little Butte, at "Milers" by James Miller for \$930, and the bridge across the same stream at Peter Simons, near Eagle Point, by Edwin Smith at \$930. The bidding was \$7.75 per lineal foot, including approaches, and for "string beam" structures which are to be covered. We hear, since the bidding, that the plan has been changed and the common "five stringer" plan is to be adopted.

Yesterday at 8 A. M. a large number of our citizens accompanied by the brass band started South to meet and escort our Yreka friends into town. The cavalcade, largely augmented, returned about noon headed by the band and marched through the principal streets and the visitors were then gradually domiciled in the quarters selected for them as the guests of Jacksonville. On meeting the visitors at Phoenix a grand procession of nearly forty vehicles was formed, and taking up the line of march, with the band playing and banners flying they reached town without a single accident, to rest and prepare for to-day's exercises.

Messrs. Numan and Turner waited on the Board of Commissioners at their last session, and presented reasons why the portion of the expense of the survey of the Crescent City road, to be borne by Jackson county, should be paid from the county treasury. The aid asked was so manifestly equitable that the court unanimously agreed to take favorable action at the next regular meeting (June 2d) before which time a final report is expected from the surveyor. Should the road project end with the survey, which is highly improbable, the expense so far incurred will fall equally and hardly be felt and the favorable action of the court in aid of an enterprise, in which the whole public are interested, will meet with general approval.

The following from the Lake county "Examiner" is respectfully submitted for the consideration of a paper in Jacksonville that assumes to be "official." The "Examiner" is Democratic, therefore its opinion will not be questioned by any Democratic "brother." "We have frequently been asked why the 'Examiner' does not claim to be the 'official press of Lake county,' as nearly all the county printing is done in our office. In reply to these inquiries we will say that since the repeal of the Litigant Act in 1874 there has been no such thing as an official press of any county, and to lay claim to such a title in the manner that our contemporary does would be to flaunt, lie at the head of our columns, and should we derive any benefit therefrom it would be obtaining goods under false pretenses, neither of which we propose to do."

DEATH OF MRS. BENEDICT.

In the last issue of the SENTINEL we noticed the dangerous illness of Mrs. Rial Benedict and to-day, it is our painful duty to note that she was called hence on the morning of the 7th inst. Mrs. Benedict was one of the pioneer women of Oregon, emigrating from the State of Illinois to the Willamette valley in 1852 and removing thence to Rogue river valley in the Fall of 1854. After the commencement of Indian hostilities in 1855 she started for Illinois in company with her husband and being attacked by Indians, on Slate creek, barely escaped with her life, several bullets being shot through her veil. Returning to Jackson county, 1860, she remained here ever since, with the exception of a few months, during which she re-visited the old home and brought her aged mother to this county. Mrs. Benedict was a most estimable lady and a true representative woman of the West, full of spirit and endurance tempered with all the kindly and gentle graces of womanhood, and she laid down her burden with all the full assurance of reward for all her toils and privations. She leaves no family but a bereaved husband and a host of sorrowing friends, who, on Friday last, saw her remains laid away in our beautiful cemetery.

Port Orford has been selected by the Board of Engineers for the Pacific coast as the most suitable point for a harbor of refuge. It is probable that the Board considered the question of maritime wants only, as that point will not be of much value in connection with interior commerce as the mountains surrounding it are high and rugged. Speaking of the selection, the "Chronicle" says: The proposed breakwater will be 2000 feet in length, and will protect about ninety acres of harbor, with a depth from four to twelve fathoms. The cost of the improvements will be in the neighborhood of \$5,500,000. The extension of the rock-wall to a distance of 3000 feet farther, enlarging the protected harbor to 300 acres, will depend on the necessities of commerce in the future. The port is greatly favored by mariners from the ease of entry and departure, its freedom from fogs, its large size and its convenient location, and among coast navigators the selection of the Commissioners gives general satisfaction.

IN HOLIDAY DRESS.—Early last week our little city was dressed in holiday attire in anticipation of visitors from across the snow "Siakiyous," who come to assist in the dedication ceremonies of the "Red Men." Three graceful arches were constructed; one at Cronmiller's corner, covered with evergreens and inscribed "Freedom," another opposite the SENTINEL office similarly decorated, bearing the words of "Friendship," and a third at the corner of California and Oregon streets with "Charity" as the motto. A tastefully arranged arch of evergreens with the mystic letters "T. O. T. E." was erected at the entrance to the Hall and the grand hotel of Madame Holt, just opposite our office, was decorated with evergreens and bunting in honor of the event. No pains have been spared by the order to make the occasion a most interesting one and one that will be remembered with pleasure.

CITIZENS TICKET FOR JOSEPHINE.—On Saturday last, the citizens convention, of Josephine county, was held at Wilderville with O. F. Topping as Chairman and J. C. Elder Secretary. Kellogg; Clerk, F. M. Nickerson; Treasurer, J. M. Smith; School Supt., G. N. Hathaway; Assessor, John M. Lewis; Coroner, Henry Thornton; Surveyor, F. G. Day.
