MORE ABOUT THE BARON.—Baron Von Marburg, alias Wilhelm Miller, Lieut. Miller, etc., seems to have made himself very numerous. Marshal Crosby has just received a letter from C. A. Basche of Denver, detailing a swindle amounting to \$1,300 and adds that the Baron ought to be in jail for life.

Neathamer, U.; Mason Beagle and E. L. Parra, Aids to L. C.; Ella Miller and S. Neathamer, Aids to W. C.; W. Neathamer, W.

SHOOTING AFFAIR.—On Sunday afternoon an altercation took place between Jack Montgomery and John F. Earl, in which the former was dangerously, if not fatally, shot. It seems that an electioneering party went out to Rafael's wine cellar about half a mile North of town, and while there a political discussion arose between Earl and Montgomery, both having drunk considerable wine. Montgomery was angry and quite aggressive, wanting to pit a young man named Stevens from Josephine county, against Earl in a fight. Earl who is quite peaceable, begged off, saying that it was a stranger and desired no trouble with men whose names he did not even know.

Our correspondent on Applegate finds his system badly out of order, pulse 50, but it will be steadier tomorrow when the knot is tied. Good bye Mac; wish we could have been there, but you have our congratulations. Supt. Benner of the Centennial mine, brought into the SENTINEL office on Monday a very beautiful specimen of gold containing a small admixture of quartz and weighing fifty dollars. It was picked up while cleaning up on Saturday.

Dr. O. P. S. Plummer, formerly of Jacksonville is a candidate for the Legislature from Multnomah county. The Dr. is a gentleman of rare attainments and first class ability and there should be more like him in the Legislature. We hope that he may be elected. The "Times" advises its readers to look out for "campaign lies." It need not be alarmed at all; the people of this county can discriminate between truth and falsehood, lies hurt no one, and it is only the truth that the "Times" and those it supports need fear—that is bad enough.

June 1, 4th. G. F. PENNERAKER.

HIS HONOR STILL HUNTING.

EDITOR SENTINEL:—I have just learned through J. J. Hays that His Honor, the ring candidate for County Judge, has paid our precinct a visit in the interest of himself and Chief. Finding ring voters so scarce in this neighborhood and in his anxiety for their safety he went over the line into Josephine county, who after a few "smiles" from a bottle of electioneering cordial, pledged their support.

He also struck an old line Republican and knowing the happy effect of a chemical preparation that causes men to cling so affectionately to an aving post he pulled a bottle on him, although it made for "Repub" see doubly the number of voters there was "nary one" for the ring. The citizens of that neighborhood have for some time been soliciting His Honor to bridge a small stream in their vicinity, but he has never had the time until recently to visit the locality and look after their interests.

He now sees they need the bridge badly, but his time in office will expire so soon that he cannot contract it now, but if re-elected he will give them a contract to put in a \$200 bridge.

How strange it is that some minds become so clear and acute to the public weal just preceding an election.

I am fearful that if he depends on our precinct to elect him he will not contract the building of that bridge, for there are so many of the voters of this precinct that have a "Nat" in their eye that they cannot see any benefit to be derived from his election.

K. D. E. GRANTS PASS, OGN., May 29, 1880.

JACKSON DISTRICT COUNCIL CHAMPIONS OF HONOR.—The District Council held its 2nd session at Jacksonville, May 29th, 1880, at 1 o'clock p. m.

The afternoon was wholly devoted to business of the order at Odd Fellows Hall. The following councils are now organized in Jackson county: Volunteer council No. 2, Asland; Advance No. 3, Phoenix; Victory No. 4, Jacksonville; Mutual No. 5, Prairie District; Eureka No. 6, Eagle Point; Revue No. 7, Sams Valley; Monitor No. 8, Wagner creek; Refuge No. 9, Willow Springs; Rescue No. 10, Rock Point.

All of which were represented by delegates in the district council session, besides many visiting members from all or nearly all the councils. Alta Council No. 1, is at Lakeview, Lake county and not in this district, and since the session of the district council we learn that another council has been started at Rock Point, being Rescue council No. 10, and making 9 councils in this county altogether now, there are about 400 members in this State, and the number appears to be steadily increasing.

A convention of members of the councils in this State will be held at Asland, on June 11th & 12th, to organize a grand council. Steps have been taken to organize another council at Foot's creek. The entertainment at Holt's hall in the evening was very interesting, the published programme being well carried out. The various lodges, clothed in their hand some regalia, marched down from the Odd Fellows hall about 8 p. m. and in less than half an hour Holt's large hall was crowded with an appreciative audience.

A. C. Jones, Esq. was master of ceremonies, and after appropriate addresses by Mr. Autenrieth, Dr. Coon and Prof. Merritt, the musical and literary exercises of the evening commenced. The audience seemed well pleased and we are glad to note the great interest that is being taken in this new organization. Its object is most worthy and it will afford us pleasure to note its further progress.

AN EXCURSION COMING.—From New York, Cincinnati and Chicago papers we learn that a grand excursion to the Pacific coast is now organizing in the Atlantic and Western States, and the trains with the excursionists will leave Chicago Wednesday, June 16, via the Chicago and Northwestern railroad. It is proposed to take in various points in California, Oregon and Puget Sound. The excursion is under the supervision of Rev. Isaac Dillon, pastor of the Methodist Episcopal Church of Salem, Oregon, and the proceeds to be applied in liquidating the indebtedness still hanging over the new church edifice at that point. The round trip tickets from Chicago to San Francisco and return are selling at \$139. From Chicago to Salem, Oregon, and return \$167.50. Half-fair rates have been guaranteed to all who join this excursion party to Oregon over the O. S. N. Co. line of steamers and the Northern Pacific Railroad leading to Puget Sound, W. T. Also over the O. & C. Railroad lines to all parts of the Willamette valley. The excursionists expect to visit the Oregon State Fair at Salem, between the 1st and 10th of July. Tickets are all first-class and are for 60 or 90 days, at the option of the excursionist.

A butter, egg and cheese convention was held in Indianapolis the other day and the estimate of the butter and cheese was given at \$350,000,000 annually. The only crop that equals this is corn, which is only one-fifth greater. It is one-third more than cotton, one-fifth more than wheat, one-seventh more than the hay crop. As an evidence of the magnitude of these products in the general commerce of the country, the statement was made that butter and cheese had paid \$5,000,000 in freights to railroads, and \$1,000,000 to ocean steamships. The United States is now the leading country in these products, as it is in corn and cotton. Why is it that the dairy industry of Southern Oregon does not receive more attention?

"THE OLD WAR HORSE."

Our neighbor seems to think that by trying to revive a bad feeling among Republicans against Mr. McKenzie, it is aiding Mr. Klippel. We really cannot perceive why Mr. Klippel should be particularly endeared to Republicans. When he was beaten for elector in 1876, by 1133 votes, he took an active part in the shameful "Cronin" business and assisted, by taking possession of the door of the room in which the electors met, locking and unlocking it at Cronin's order. Mr. Klippel testified that he knew he was defeated, and yet willfully and knowingly took part in setting aside the fairly expressed will of the people of Oregon. Mr. Klippel's course in this matter should not bring him many Republican votes, nor, indeed, does it entitle him to the votes of the fair minded men of his own party. Mr. K. is a professional politician, using the party machinery to his own advantage. He is very successful in defeating the will of his own party in conventions from which grey headed, substantial taxpayers are excluded, but if he happens to be powerful enough to control the freemen of the county at the polls, he must not be disappointed. If he is to be elected, let it be by the votes of those of his own party who admire the selfish management that has brought him to the front at the expense of others as deserving as he.

ELSEWHERE WILL BE FOUND A NOTE FROM Jacob Ish, declining for good reasons, the nomination for the Legislature on the People's ticket. The vacancy has been filled by another gentleman of equally honest purpose and ability, Conrad Mings, and certainly no one need be ashamed if he and his colleague, Mr. Atkinson are sent to represent Jackson county in the Legislature. These men will represent the people of this county. They will not be handicapped by any party obligations. They are intelligent, active men who know the wants of this portion of the State and able to make their influence felt anywhere. They are not indebted to political tricksters for their nomination and therefore will be untrammelled in their course and responsible only to the people for their acts. This is as it should be. If the fountain is tainted, the stream cannot be pure. If men are indebted to a spurious convention for their nomination; more or less taint will attach to them, and though honest themselves, they are more or less the slaves of party manipulators. We believe Messrs Stanley and Smith to be respectable gentlemen; but their competitors on the People's ticket have been nominated by the better system, and will be correspondingly free from any bad influences and better able to exercise untrammelled judgment.

IT APPEARS AS IF THE "Democrat Times" has gone out of its way just a little, in abusing the Greenbackers of Josephine county. It may be policy to do so but it is not justice. Those who believe in the "Greenback" theory are honest in their convictions and are at least entitled to respect, and while we disclaim any right to interfere in politics of an adjoining county, we must say that the Greenbackers and Republicans in Josephine county have presented a ticket composed of well qualified and respectable citizens. It remains for the people of their county to say whether they will select them as public servants or not, and any outside interference is unwarranted and impertinent. The attempt of the "Times" to damage this ticket will not succeed.

DR. MCKENZIE.

A special effort is being made to defeat this gentleman, but the host of friends that he has are standing manfully by him. So far as qualifications are concerned, there is no more fitting candidate on the People's ticket and if any man will show that "big-hearted" Tom McKenzie ever refused to divide his last half or his last sack of flour with a worthy object of charity we will say don't vote for him. Mr. McKenzie is known for his pub in spirit and liberality and well deserves the honor he asks for.

Buy no sewing machine upon the recommendation of agents, or other interested parties. Examine for yourself and let common sense guide you in your selection, always remembering that the best is the cheapest. Many thousands of persons have purchased inferior machines, used them a month or two, and then traded them off at one-fourth their cost, simply because they did not stand the test when in practical use. That old reliable machine, the Singer, has stood the test for thirty-five years, and has never been found wanting when called upon to do any kind of work. The people appreciate this machine, having purchased over 3,000,000 of them, and the sales of the Singer company exceed those of all other companies combined. Last year's sales were over 431,000.

D. H. FEATHERS, Agent, Jacksonville, Or.

CRESCENT CITY ROAD.

The latest from the surveying party under Mr. Howard is a letter to Mr. Wimer under date of May 25th. Mr. H. writes: "Everything is favorable, we are getting a very direct line for the road on a grade of one in sixteen and a half feet on the Oregon side and about one in twenty-five feet on this (the California) side, the ground is good and no rock until to-day, but we have plenty of brush and logs. We are doing our best but our progress is slow owing to brush and logs and cutting trail to our camp through."

Mr. Howard suggests that the Crescent City folks put a surveyor in the field to survey out even as far as Gasquets with orders to confine himself to a grade of one in sixteen and a half. Mr. Howard also adds that the ground, so far, is better and the grade lighter than he anticipated.

DECLINED.

Mr. Jacob Ish declines the Legislative nomination in the following note: Hos. J. E. Ross—

Chairman of People's Convention: Sir.—Having been nominated for Representative by the People's convention without the slightest intimation, I find it impossible to accept the position on account of business. Thanking the Convention for the honor conferred, I most respectfully decline.

Yours truly, JACOB ISH. Jacksonville, May 26, 1880.

THE CHINESE LEG.

The Democratic papers in Oregon, ready to pick up falsehoods are publishing the lie about Judge Watson desiring the naturalization of Chinese. Last week we dared the "Times" to produce the proof, which it said could be easily obtained. It has not produced it. It can not produce it; and we now brand the statement as a proven falsehood almost too contemptible to notice and which will be of no advantage here at Judge Watson's home.

ALL SAID.

The issue before the people of this county is now made and this being our last issue prior to election day we have said all we have to say. We have spoken earnestly to the people, suggesting the proper course without dictation. We have been earnest and tried to avoid offence. We have said no word that is untrue, and rest the case with the people, willing to abide by their decision, let it be what it may.

RUNAWAY.—On Sunday afternoon Col. Ross' team became frightened just South of town and got the advantage of him. They ran furiously into town, but he headed them into a fence, checking them up but was thrown violently on the fence sustaining severe bruises. He had a little child of Evan Regins' that was thrown over the fence, but only slightly injured. The escape was fortunate and we are glad to say that the Col. is again on his legs.

HUMORS OF THE CENSUS.—One of the oldest and most respectable of the census takers of Jackson county thought he would practice a little last week; so as to train himself for his official duties. Approaching a lady of decided, but unostentatious age, he made a profound bow and enquired, "how old madame?" The lady gave him a look that would have made a barrel of vinegar crystallize into acetic acid and replied sharply, "old enough sir!" The census man felt as something had sat down on him and has not practiced any since.
