WEDNESDAY, JUNE 23, 1880.

OUR POPULATION .- It seems that the population of Jacksonville will but little exceed 800 which is at least 200 less than the general estimate. That of Ashland will be nearly 150 more which shows great progress in the latter town within the last five years.

LARGE ENIGRATION .- During the past two weeks, Mr. Krause, who has been taking the census in Ashiand, precinct, stopped forty-five wagons containing emigrants, all bound for the Klickitat Valley, W. T. They were all from California.

Two HEARTS THAT BEAT AS ONE.-This evening is to witness the nuptials of Mr. Dan Cardwell and Miss Rhoda Kenny. After the wedding there will be no expensive trip but theyoung couple will quietly commence housekeeping in one of Mrs McCully's pounds.

SERIOUS ACCIDENT .- On Saturday night as Stephen Booth was returning home, accompanied by his son, one of the wheels of his wagon dropped into a chuck hole throwing Booth from the for yourself. high seat to the ground. One of his eyes was filled with gravel and he sus-tained very severe bruises but fortu-nately had no bones broken.

FESTIVAL.—The ladies of the Presbyterian Church, propose to give a fevstival on Tuesday evening, the 29th Inst., at the Hall in Madame Holt's new building. Strawberries, Ice-Cream Lemonade, &c., will be furnished on the occasion. The proceeds to aid in Church, all are respectfully invited to to the New York Store.

MINING EXPERTS IN COLORADO .-The Ouray (Col.) "Solid Muldoon" says that under the local mining laws of Ouray county, mining experts scalps will be taken at \$4 each in payment of taxes. When a New York mining expert arrives in Ouray with letters of recommendation from "prominent Eastern capitalists,"he is given just four hours to skip, and he generally skips.

CORNER IN FLOUR.-The proprie tors of the Ashland flouring mills have purchased all the surplus flour in the valley, at least enough to control the market and the price may be expected to advance to \$20 per thousand soon. It should never be less than that figure as it is impossible to produce it at late ruling prices and leave a margin for profit for the farmer.

DIMPLES TO ORDER -A New York paper heralds a manufacturer of dim ples, who comes from Paris, of course, and whose moous operandi is described as follows: "I make a puncture in the day. skin at the point where the dimple is required that cannot be noticed when of the muscle. Then I excite a slight ler's. inflammation, which attaches the skin to the subcutaneous hollow I have formed. In a few days the woundif wound it can be called-has healed, and a charming dimple is the result."

SINGULAR COW TRAP. - Arthur Langell of Langell's valley tells a hard story of the way an unfortunate cow became entrapped during the severe winter in Lake county. It appears that in his locality the snow fell to a great depth, on which was formed a crust so hard that it supported cattle in their wanderings in search of food. While browsing in the timber a cow of and got her leg so firmly caught in county range. the branch of a juniper tree that she was unable to extricate it. In this position she starved to death, the snow melted away and the poor animal langshigh up in the juniper as a record of the dreadful winter.

is said to be an excellent stopping Goop Work .- We hear from team- place with the cleanest of beds and a sters, who are certainly the best judg- first class table. es, that the work done by Lieut. Symons on the road, through the Grave creek hills is a very great improvement which will enable them to haul greater loads than they ever did. Symons good judgment should have F. W. Bashford of Ashland has been detailed on this work as he has been commissioned a Notary Public expended the appropriation in a practi- for the ensuing two years cal and common sense way, using the proper appointment for localities where there was no local road labor or tax available. This appropriation is part of the work done in Congress by Senator Mitchell and combs, at John Millers. our people may thank him for it.

GRAND COUNCIL OF C. OF H .- The Grand Council of this organization, which met at Ashland on the 11th inst, was a very interesting affair. Ten councils, represented by 122 delegoing forward to Roseburg but it is gates were presided over by Dr. L. E. V. estimated that the clip will be twenty per cent less than that of last year. have been of the most interesting character. The order is in a very flourishing condition in this county and is attracting the attention of many substantial citizens who are thus lending their aid in the cause of temperance, and who recognize the necessity of earnest and active work in its behalf. The following are the grand officers duly the hay crop in that county as good elected and installed: J. A. Cardwell, G. W. Com.; Dr. J. M. Taylor, P. G. Com.; Miss M. Merriman, G. Lt. Com.: H. A.
