THE OREGON SENTINEL

WEDNESDAY, JUNE 30, 1880.

RELIGIOUS.—Rev. T. L. Jones will preach this (Wednesday) evening in the M E. Church, Jacksonville.

NOTICE.—Champions of Honor will hold a special meeting at Odd Fellows Hall on Wednesday evening, June 30. A full attendance is requested. By order of A. C. JONES, W. C.,
W. L. BILGER, W. S.

CHERRIES.—This office is indebted to Mrs. Boschey for a large basket of delicious cherries, may the frost always miss those trees and the frosts of time spare the head of their good owner.

FINE THRESHER.—J. W. Simpson of Little Butte arrived on Monday with a splendid new thresher and horse power which he has just purchased and with which he proposes to thresh all Jackson County.

This is the way the "Elko Post" puts it: Garfield began on acanal boat. He will soon be at the helm of the ship of State. From the canal boat to the Presidency of the United States. Such life in the American Republic.

RECOVERING.—Wm. Carll Div. Agt., of the O. & C. Stage Co., is, we learn, fast recovering from a serious affection of one of his eyes, which has troubled him for some time. His efficient first Lieut. P. G. Strickland, of Roseburg, keeps things moving and stages are now making more regular time than ever. "Strick" is a wheel horse that never gets string halt or blind staggers.

LAKE COUNTY.—Rev. Father Blanchet returned on Friday evening from a three weeks visit to Lake county. He observed considerable depression on account of the heavy stock losses and says, that in many localities, the stench from carcasses of cattle and horses is almost intolerable. Crops, especially in Goose Lake valley, were backward on account of long continued snow and cold weather. Barley and rye were looking well and grass seemed unusually plenty.

OREGON'S MEMBERSHIP.—Gov. Thayer has nominated as members of the International Commission for Oregon, in accordance with the provisions of an act of congress approved April 23 1880, C. H. Lewis and Levi White as commissioners, and Henry Failing and Frank Dekum, all of Portland, as alternates to perfect arrangements for an International Exhibition, to take place in New York city in 1883, celebrating the 100th anniversity of the treaty of peace and recognition of American Independence, by an exhibit of the arts and manufactures and products of the soil and mines of this, our great and glorious country. The appointments will be made by President Hayes.—[Statesman.

The Lake county "Examiner" says work will soon commence on the Pit River obstructions and the Fish Commissioners will put a half million young fish in that stream.

There are seven criminal cases to be tried at the present term of court in Lake county.

After tomorrow daily stages will run between Linkville and Lakeview—time thirty-six hours.

A young lady of Alturas made a visit to Goose Lake lately, only to find her coffin. We are glad to say that it was Frank Coffin of the "Examiner," and we hope their life will not be troubled with squalls, other than those usually lulled with paregoric.

The "Examiner" says water is still very high in Lake County and gives an account of a very narrow escape from drowning at the ford on Chewaucan river.

PHILADELPHIA, June 25.—The "Press" says: The Democratic party after spending years in deriding the "man on horseback," after constantly denouncing military leadership and government or persistently reviling the defenders of the Union, stultifies itself, and, failing in every effort, at last seeks to masquerade into power under the name and shield of a soldier. The nomination of General Hancock represents no idea or principle but that of supposed availibility. He was a good soldier, but there his title begins and ends.

The "Inquirer" says: If a candidate, to be considered not hopelessly weak, should be able to command the vote of his own State, that General Hancock cannot do. There was scarcely one in a long list of Democratic aspirants for the nomination who would not have been stronger than he in the Empire State, which is also the pivotal State of the campaign. There was scarcely one who would not have been in all the States, a more formidable candidate than he.

NEW PATENTS.—Dewy & Co's SCIENTIFIC PRESS Patent Agency has received official notice of the issues of the following patents to Pacific coast inventors, for the week ending June 22, 1880:

J. H. Allen, Sacramento, Cal., belt tightener; J. & T. D. Douglass, S. F., preparation of lime juice; D. Harris and E. E. Ephraim, S. F., umbrella; J. Haffner, Springville, Cal., plow; G. Holland, S. F., compound; F. Langmask and P. Streiff, S. F., velocipede; J. W. C. Rhind, S. F., switch for cable railroad; J. F. Walthour and W. H. Chenery, S. F., rowing machine.

E. F. Ely, Santa Roza, Cal., drying apparatus; W. R. Finch, Eureka, Cal., fireman; W. C. Fitch, Sacramento, Cal., newspaper file; C. W. Hoit, Petaluma, Cal., gratifying tool; P. Kelly, S. F., boot and shoe; F. W. Lamb, Hydesville, Cal., gate; Wm. Prindle, Santa Clara, Cal., track clearer.

Rev. M. A. Williams will hold divine services at Brownsborough School House, Little Butte, on Sunday July 4th, at 11 o'clock, A. M.

Rev. J. S. McCain has accepted the position of carpenter at the Klamath Indian Agency. Mr. McCain is evidently not ashamed of labor.

Dr. Will Jackson will be back from Crescent City on July 5th. You that have the toothache can stand your misery 'till that time—can't you?

Some females have just been arrested in Kentucky for the manufacture of illicit whisky. This is the first recorded instance of a woman keeping still.

Rev. M. A. Williams will preach here on Saturday July 10th at 11 A. M. and on Sunday, July 11th, will administer the sacrament of the Lord's Supper.

The boom doesn't seem to have reached Confederate bonds yet; twelve bonds amounting to $12,000, sold for one dollar at a bric-a-brac auction New York.

Don't forget that there will be a glorious old celebration at Kerbyville on July 5th winding up with fire works and a grand ball at the Union Hotel.

The "Tidings" says that G. W. Walshire, Dr. J. M. Taylor, J. A. Cusick and J. W. Riggs will start for Washington Territory, via. Linkville about July 1st.

The "State Line Herald" learns that a quartz ledge has been discovered in the hills, dividing Chewaucan and Summer lake valleys, but gives no particulars.

Judge Mason of Lake county passed through town on Sunday on his way to Roseburg to bring his daughter, who has been attending school in the Willamette, home.

The thermometer was 100 deg. in the shade at the residence of Adam Klippel on Sunday. In other portions of the town it ranged from 92 to 96 degs. —somebody fan us!

Pryor Eaton started for California on Monday. He took with him his fine blooded horse "Bob Ingersol" and will enter him in the races at the State Fair at Sacramento.

The "Standard" is now satisfied that fully 300 votes were bought by Republicans in Portland. Take them, Tony, at half price, vote them and then let us know if the count makes you any happier.

There is to be a free educational entertainment, conducted by Prof. Rogers and Rev. J. S. McCain, assisted by Mrs. Rogers, Miss Scott and others at the Court House to-morrow evening.

The survey of the Crscent City road was completed yesterday and Mr. Howard is expected home on Friday. We will be able to give the public some facts in relation to the road next week.

We had a pleasant call from Mr. Magruder of the firm of Haymond & Magruder on Friday. He reports crops quite short down the river and in Sam's valley this season, and thinks rain could hardly save them.

Go to Kahler Bros. and get a drink of ice cold soda from their fountain.

We are glad to hear that "Curly" Webb is making a success of the Livery business at Linkville. Curly never robbed a travellers horse in his life nor ever turned out an outfit that was not safe and reliable.

General Hancock's nomination gives the South the choice between two Union Major Generals with this difference—one was a Volunteer the other a West Pointer and the latter will suit the Southern idea very well.

Our old friend, Will Hays, dropped in on Friday looking as fresh and smiling as a full blown rose. He gave no figures, but we judge his many claims panned out very well last Winter and we are glad to hear of it.

Notice the advertisement of W. J. Wimer, the hotel keeper at Waldo. "Billy" is one of the most genial boys in Southern Oregon and if he don't know how to keep a hotel, we would like to know who does. Patrons will find that he bears acquaintance.

The Democratic press of Oregon can only account for the loss of the State by crying fraud, fraud. It exhibits the average intelligence of the democratic editor who can only account for a natural result by assuming that their own precious have been applied.

It is a nice question; whether the South will submit to the "iron rule" of Union General; or the Union General wear the collar of the Southern leaders. As the leaders want power, they will cringe for it and as Hancock wants the Presidency he won't refuse it on any terms.

It is said that English's nomination is on account of his bar'l. If we are not mistaken, he contributed a dollar to the Chicago sufferers and the people of Sacramento made up a purse and returned ninety nine cents of the contribution. No use depending on that bar'l.

Three of the ladies of St. Mary's Academy left yesterday for Portland, where they will take a six weeks vacation, and certainly there are no educators more entitled to rest. They will re-open the academy in the latter end of August, when it will again, no doubt, receive as large a patronage as usual.

The old board of Commissioners will hold their last meeting to-day. It is to be hoped that the court will give he promised aid to the survey of the Crescent City road. Messrs. Magruder and Anderson will retire after two years of service of having been exceedingly careful of the public funds for which they will probably receive little thanks.

Rev. L. L. Rogers, of Ashland occupied the pulpit of the M. E. Church here, on Sunday evening last and preached a very eloquent sermon, the subject being the parable of the "talents." We are afraid, like Mr. Rogers, that they are too many who neglect to use their opportunities to advance themselves and assist those around them and who live only for the present moment.

The San Francisco Golden Era makes this good point:

A number of Republican journals are denying that Garfield ever was a minister with a vehemence that implies a belief that to be a preacher is discreditable if not disgraceful. This is uncalled for. If Garfield preached the religion of Christ and practiced what he preached, he need not be ashamed of his ministerial career.

We learn that Dr. L. S. Thompson, formerly a resident of Jacksonville, has located at Goldendale W. T. and intends practicing his profession. When here the Dr. was recognized as a physician of sound judgment and was one of those men whose genial presence in a sick room is better than drugs, and we expect to hear of his success in his new location. His own health is improved since his return to this coast.

The "Mining & Scientific Press" really our most valuable exchange has just completed its fortieth volume. It is a complete compendium of all mining news, all advances in mining machinery and a scientific record of nearly everything of interest to the mining and mechanical world. It is published by Dewey & Co., San Francisco, and we cannot see how any intelligent miner or mechanic can do without it.

We acknowledge the receipt of a complimentary ticket to the State fair, to be held at Salem to-morrow. We regret inability to attend as it promises to be of unusual interest. On Monday, July 5th, there will be a Mammoth National Celebration on the grounds, to conclude with fine display of fireworks in the evening. Orator of the Day, Hon. J. C. Caples, Portland. Reader of the Declaration, F. M. Bewley, Esq., Salem.

The Sterling hydraulic company have now over three acres of bed-rock exposed. If the creek pays one-half as well as it usually does we predict a clean up next Fall, of an even half bushel of gold dust. The public will never know what the yield will be, as the owners have (to newspaper men) a very disagreeable way of minding their own business, but Supt. Ennis always smiles sweetly when asked "how's Sterling" and he never smiles for nothing.

The literary exercises closing the school year of Ashland College are highly spoken of by all who witnessed them. Mr. and Mrs. Nichols have resigned, and their places have been filled by Prof. Royal of Willamette University, and Miss Ella Scott who is very highly spoken of by the Yreka "Journal" and others from California as an accomplished vocalist and musician. The prospects of Ashland College are brightening; and we are glad that our county can thoroughly educate its youth, making it unnecessary to go abroad for the educational advantages.

The Ashland "Tidings" thus bewails the advent of a new industry in that town: "It appears as though we have been mistaken about the position of the people of Ashland upon the liquor business. The saloon is now running with entire publicity, and the proprietor stalks about, master of the situation. A fine, which was imposed upon him several weeks ago by the Recorder, remains unpaid, and no move has been made to collect it. The Town Trustees tells us that they did not receive the promised support of the citizens in meeting the expenses attendant upon the legal action taken against the saloon, and concluded to let the matter drop. This is exceedingly unfortunate for the town, and if the saloon be allowed to continue as it is Ashland will in a every short time drop from its position as a refuge for rum-tempted victims, a home of security for youth, to the common plane of towns in which the liquor business is unrestricted. When this is accomplished our town will have lost a most important factor of its growth and prosperity, as will be conceded by all thinking and observant citizens who have noted the influences which have built it up. Already some of our neighbors, good citizens, who strive hard to let liquor alone, and succeed to a great extent when there is no saloon to tempt them with the pungent fumes from its doors, are seen staggering about the streets, and this is but the early fruits of the saloon. When the full harvest is gathered in, who shall count the blasted lives, who shall estimate the misery of ruined hopes and prospects. And the responsibility cannot be charged alone upon the man who keeps the saloon. It is shared by the citizens who sustain him, or allow him to continue, in the business."

Buy no sewing machine upon the recommendation of agents, or other interested parties. Examine for yourself and let common sense guide you in your selection, always remembering that the best is the cheapest. Many thousands of persons have purchased inferior machines, used them a month or two, and then traded them off at one-fourth their cost, simply because they did not stand the test when in practical use. That old reliable machine, the Singer, has stood the test for thirty-five years, and has never been found wanting when called upon to do any kind of work. The people appreciate this machine, having purchased over 3,000,000 of them, and the sales of the Singer company exceed those of all other companies combined. Last year's sales were over 431,000.

## THE COUNTY POOR.

Hon. F. B Sprague, formerly commandant at Ft. Klamath, now Probate Judge of Delaware county, Ohio, has been kind enough to send the following under date of June 14, in reference to the cost of keeping county poor. The facts contained therein shou'd be noted by our County Court and by that of other counties in Oregon. Judge Sprague says:

DELAWARE, O., June 14.

Editor Sentinel.—I see frequent reference in your paper in relation to the cost of keeping paupers in your county, and as a statement of the cost of keeping such persons here may be of interest to your readers I have taken the pains to examine our records with a view of making a comparison. We have two kinds of paupers, or rather two modes of keeping such persons. This county (Delaware) owns 200 acres of land upon which has been constructed buildings for the accommodation of persons who do nearly all the work upon the farm, and grow everything consumed by them except groceries. There are living at this Infirmary about one hundred persons and the cost of keeping them including the wages of Superintendent, Matron &c. is about 15 cents per day, or $54.75 per year each person. Then we have a number of paupers who are kept outside of the Infirmary; persons who are so situated that they cannot be taken there. To keep these costs about $1.37 per week or $71.24 per year. These figures include clothing, medicalattendance, the pay of our Infirmary directors &c. and is arrived at by taking the whole expense connected with maintaining the poor, and dividing by the number of paupers provided for. Connected with one Infirmary is the County Asylum for the care of the incurable insane, being such cases as the State will not provide for at the regular Asylum, and the cost of this maintainance is included in the above statement. I will send you a pamphlet containing all the laws of our State relating to paupers and Infirmaries that you may be able to compare them with your own.

F. B. SPRAGUE.

## OREGON KIDNEY TEA.

Read the following testimonials, not from persons 3,000 miles away, whom nobody knows, but from well known and trustworthy citizens of Oregon, whose names, written with their own hands, can be seen at our office:

UMATILLA, Ogn., Jan., 20, 1880.

Having received great benefit by the use of the OREGON KIDNEY TEA, I take great pleasure in recommending it to those suffering from kidney troubles or backache as a speedy and sure cure.

J. A. PERKINS.

PORTLAND, Ogn., March 25, 1880.

Having tried the effects of the concentrated extract of OREGON KIDNEY TEA, we cheerfully bear witness to its beneficial agency in affections of the digestive organs. It is simple, safe and sure; is easily taken and restores healthy vitality to the organs it is intended to operate upon with assured success.

## A CARD.

JACKSONVILLE June 23, 1880.

EDITOR SENTINEL:—I herewith ask permission to make a little explanation to the public through the columns of your paper. During the sitting of the last Grand Jury for this county I was indicted for an assault upon one Jane McCully of this town, to which indictment I, through the urgent request of the District Attorney and the friendship that he expressed for me in the matter, was overpersuaded to plead guilty to the charge; when the facts are that I never committed any such offense or any violation of the law in this or any other State. I would not have pleaded guilty had it not been for the advice I received from Mr. Neil, whom I presumed to be my friend, and the assurance that he gave me that the Court would not place my fine over $15. All that I have to say to those that are busying themselves about me and my affairs is to, attend to their own business, and if they have any record against me in any place where I have lived to produce it or quit their attempts to injure my character. Yours, respectfully.

E. T. KUGLER.
