

NOTICE.

Land Office at Roseburg, Oreg., June 20, 1880. To All Whom it may Concern: Notice is hereby given that I have designated the OREGON SENTINEL as the paper in which I shall hereafter publish all pre-emptions, homestead and applications for mining patents for lands lying near Jacksonville, Jackson county, Oregon.

CIRCUIT COURT.—The Jackson Circuit Court met at the Court House on Monday last in an adjourned session, taking up a lot of unfinished chancery business.

CHINESE EXPOS.—The enumeration of Jackson county made in June demonstrates the fact that we now have only 329 chinamen against 634 in 1870—a falling off in ten years of 305.

HE HOLDS OVER.—R. B. Hatton of Lake county will hold over as County Clerk, Frank Cheesman, Clerk-elect, not having qualified in time to take his office. We understand Mr. Cheesman has been detained at the Dallas as a witness in a tedious murder trial, and hence the delay in qualifying.

FAILED.—We learn from the "Plaindealer" that the firm of Caro Bros, Roseburg, have failed, an attachment having been levied on their stock by part of their creditors a few days ago. An assignee was appointed, to whom the firm assigned their property for the benefit of all creditors. Orville Baker was appointed receiver.

MOSQUITO RAID.—The myriads of mosquitoes along the swampy portions of the Lake country, ye local is informed, do not confine their operations to the night time. They respect neither man or beast and the safest way of traveling in that region is with a mosquito bar wrapped around you. The Rogue river valley is entirely exempt from these pests.

L. O. O. F. INSTALLATION.—D. D. G. M. Helman, of Ashland, installed the officers of Jacksonville Lodge No. 10 at the regular meeting held last Saturday evening. The following is a list of the new officers: N. G. Frank Krause; V. G. F. Luy; R. S. Austin H. Maegly; P. S. S. J. Day; Treas., John Miller; W. Jos. G. Wisdom; I. G. Peter Boschey.

Colon, Unter Chief; John Schumpf, Bei Chief; E. Jacobs, Priestor; Max Muller, Schriftfuhrer; Herman Helms, Gehulfschriftfuhrer; Veit Schutz, Schatzverwahrer; E. Jacobs, Verwaltungsverath.

SLUNG SHOOTING.—The practice of throwing slung shots by some of the Jacksonville boys has become quite annoying of late. Charlie Weideman a lad of 14, was hit in the eye by one of them, the other day, it came near putting out the eye. It is time that parents and others having charge of the youth of Jacksonville should put a stop to this practice, before any more damage is done.

THE AURELIAN LITERARY.—On Monday last the Aurelian Literary Society elected the following officers for the ensuing term: Wm. Mentor, president; Wm. L. Bilger, vice-president; Miss Sophia Nickel, secretary; James Cronemiller, treasurer; Adam Klippel, censor; James Kincaid, sergeant-at-arms. So society meets every Monday night, at the quarters of the Young Men's Library Rooms Association.

SPRAINED ANKLE.—Some weeks ago an eight year old daughter of Adam Schmidt's sprained an ankle by stepping out of the door. The sprain was not considered serious at first, and it was thought the foot would soon be all right. But instead of getting better the foot continued to get sore, until now when a painful surgical operation has become necessary, the nature of which we have not been fully apprised of.

INSTALLATION.—The officers of Refuge Council No. 9, C. of H., of Willow Springs, were installed for the present term on Sunday July 18th, A. A. Barnsbury of the Grand Council presiding; the following are the names of the officers installed: Thos. Wright, W. C.; A. L. Barnsbury, Lt. C.; C. McDonough, W. H.; T. P. Kahler, W. S.; Wm. Wright, W. F. S.; Mrs. E. J. Wright, W. T.; Miss Clara Dean, W. W.; W. E. Kahler, P. W. C.

STATE TEACHERS ASSOCIATION.—The Oregon State Teachers association will meet in Salem, Aug. 25th, to continue for three days. Teachers and educators in all parts of the state are urgently invited to attend and participate in the deliberations. Prof. Powell, Superintendent of Public Instruction, says that arrangements will be made for half fare rates on the principal lines of travel for all who may attend the association.

HYMEN'S DOINGS.—The residence of John Cimborisky was the scene of a quiet wedding on the night of the 18th inst, at which Mr. Archibald Lamb of Ashland, and Miss Katie Cimborisky were principals. The nuptial ceremony was performed by Rev. Father Blanchet. Mr. Lamb being engaged at the Ashland Flouring mills the newly wedded couple will reside in Ashland. The bride's parents have the thanks of the SENTINEL office for a basket full of wedding dainties. Next Thursday another wedding will take place in this city, namely that of Mr. Kaschaeffer and Miss Brittain.

The people of Indiana were defrauded of their rights and cheated out of one million dollars a year by the partisan decision of the Democratic Supreme Court overthrowing the constitutional amendments.

July 14th and 15th were scorchers. On the former day the thermometer danced among the nineties, and on the latter it jumped to 104 degrees in the shade. If this weather don't make the corn grow, we don't know what will.

Prof. J. H. Skidmore, formerly of Ashland Academy, but latterly principal of the Umpqua Academy, has been chosen principal of the Academy at Sheridan, and will enter on his duties September 1st. Prof. Skidmore is a first class educator.

In the neighborhood of old Fort Lane the storm on Saturday evening last partook of the nature of a whirlwind, uprooting a number of large pine trees, leveling fences and upsetting a number of frail out structures. Quite a blow that, for Rogus river valley.

Secretary Earhart will accept our thanks for a copy of the Oregon Swamp Land case, embodying the decisions of Hon. Secretary of the Interior. It is a valuable document and establishes the title of the State of Oregon to all the swamp and overflowed lands within its limits.

The white mantle of snow on Mt. Pitt is fast vanishing out of sight. The continuous hot weather and the recent high water in Butte creek is telling the tale. It will soon be safe to visit the opening in McLoughlin's snow-clad crown.

Joseph Hanna of upper Rogue river is burning a kiln of earthenware. So says the Big Butte correspondent of the "Fillings." The clay in that part of Jacksonville county is admirably adapted for pottery purposes and the industry of Mr. Hanna should be encouraged.

The following choice paragraph is making the "rounds of the press," after the lapse of some years. "Old mother Gossip's health is falling. Her nervous system is very much shattered. The exciting scenes of the last few weeks have kerfuffled the old Gal. She talks of going to Hog Heaven to pick up."

It is a noticeable fact that notwithstanding the hot weather flies are very scarce. At this time last year the house fly was very troublesome. The birds also are not as plenty as formerly. It is suggested that these winged messengers have gone to higher altitudes to escape the dust and heat of the valley.

The head of Squaw Lake and Silver Fork of Elliott creek have been made the objective points of an excursion party of Jacksonvilleans, composed of the following gentlemen and ladies, and left here early this morning: Wm. Geo. Devendorf, who was a partner with H. C. Ranson on the reservation ranch, has disposed of his interest in the same to his partner, and started for the East, via Jacksonville. George was a good citizen, and we are sorry to hear of his leaving us.—Crescent City "Courier," July 14th. Mr. D. will remain in Jacksonville a few days before going East.

Garfield's candidacy is growing stronger from day to day. There will be no stay-at-home Republicans this time. The people have no desire to re-mote Gen. Hancock from his present military position as Commanding General of the Department of the East.

Democratic papers are trying to make it appear that Conklin, Cameron and Logan are lukewarm in the support of Garfield. The Republican nominee for President has no more enthusiastic supporters than these gentlemen. They will be heard from in due season in the pending campaign.

The Del Norte "Record," in its issue of the 10th severely criticises the men of Crescent City for not celebrating the Fourth of July. The ladies it says wanted to celebrate and had already commenced to prepare for it, but the citizens not lending a helping hand the celebration fell through. The ladies now charge the men of Crescent City with a want of patriotism.

We are sorry to learn that the wheat crop and fine garden of J. E. Harvey was almost totally destroyed by the furious hail storm that swept the country east of Bear creek on Friday last. The barn of John Sly, in the same locality was blown down and a cow and nearly all his chickens killed. One farmer estimates his loss at \$1,000 and all reports say the loss is very serious. It is said that the storm was the result of the meeting of two clouds approaching from opposite directions.

The Boston "Post" says: "Garfield was once a mule whacker, while Hancock was always a gentleman." To which sneer the Boston "Journal" retorts: "To be a driver on a canal boat at 17; to acquire an education by his own unaided efforts; to be a president of an academy at 26; to be an active member of the State Senate at 28; to be a Major-General and a member of Congress at 32; to be a United States Senator-elect and the Republican candidate for the Presidency at 48—is this a discreditable career!"

General Garfield participated in a Fourth of July celebration at Painesville, O., and made a notable speech. As Hancock is being run as the reconciliation candidate, and some of his utterances of kindly feeling for the South are being made the watchwords of the Democratic campaign, his supporters and the South are commended to the following sentence of General Garfield's speech: "I trust the time is not far distant when under crossed swords, and the looked shields of Americans, North and South, our people shall sleep in liberty, love and harmony under the union of our flags of stars and stripes."

THE SHOWER.—Last Friday afternoon Jacksonville and vicinity were visited by a refreshing rain storm accompanied by heavy thunder and lightning, continuing about one and one-half hours. The two days preceding the weather had been oppressively hot and the clouds hovering around the low mountains in the distance gave evidence that the atmosphere was charged with electricity. The quick flash of lightning and the loud report of thunder, resounding all along the heavens, vividly reminded one of a summer storm in the Eastern States. But notwithstanding such storms are of rare occurrence in this country without lightning rods, yet everywhere seemed to enjoy the "outpouring from on high," albeit it was accompanied by considerable wind which prostrated some of the growing corn and the maturing wheat, etc. The benefits to the general health of man and beast by cooling the atmosphere, completely allaying the dust, and refreshing the parched fields and meadows, far outweigh the damage the storm may have caused.

I. O. R. M. INSTALLATION.—Last Tuesday evening the newly elected officers of Oregonian-Pocahontas Tribe of Red Men were installed by D. D. G. S. E. D. Foudray, assisted by Past Great Sachem Cimborisky, in the presence of the members of the Tribe and their families and a few invited guests. The following are the officers installed: Sachem, H. K. Hanna; Senior Sagamore, Chas. Nickell; Junior Sagamore, T. T. McKenzie; Keeper of Wampum, Louis Solomon; Chief of Records, C. W. Savage; Prophet, H. Pape; Sannaps, E. H. Autenrieh and Robt. Garrett; Warriors, T. J. Kenney and J. C. McCully; Braves, Sol. Wise and Robt. A. Miller; Guard of Forest, Adam Schmidt; Guard of Wigwam, C. Krutzer. After the close of the installation ceremonies several hours were pleasantly spent in social intercourse. Refreshments were served by the lady relatives of the members and the Jacksonville brass band furnished music for the occasion.

CHANGE THE TERM.—For years it has been a matter of complaint among attorneys and others that the June terms of court for Jackson and Lake counties come so close together,—the former as now fixed by law, convenes the 2nd and the latter the 4th Monday in June,—necessitating an adjournment of the Jackson circuit court, which is the cause of much delay and needless expense to litigants. In view of these facts an effort is being made to petition the ensuing legislature to change the date of the Lake circuit court from the 4th Monday in June to the first Monday in September.

TEACHERS EMPLOYED.—The Board of Education of Jacksonville on the 15th instant engaged the following teachers for the ensuing school year: Principal and teacher department No. 1, J. W. Merritt; dept. No. 2, Levi Willis; dept. No. 3, Charles Prior; dept. No. 4, Miss Belle Carr. The Fall term of the school will commence the 2d Monday in September. A number of new charts, maps, globes, &c. have been purchased, and will add to the attraction of the school room.

A keen political observer suggested that Hancock's chief weakness in the struggle for the presidency lies in the fact that he is a representative of the West Point idea. The enthusiasm over Hancock's name, he thinks, was at flood tide immediately after his nomination. He will never be as strong again.

The Democracy in Indiana is not a happy family by any means. M'Donald is sure that he was kuffed by Hendricks. Hendricks is equally positive that it was M'Donald that had him ignored by the Convention. They both hate English as one who has dug the ground from beneath their feet. All three despise Landers, the head of the State ticket, as a bombastic demagogue and he sneers at them as a set of money grabbing old pelicans, who are as stupid as they are pompous. Let the land play!

THE COUNTY HOSPITAL.—The Commissioners of Jackson county advertise for sealed proposals to keep the County Hospital for a period of one year from Sept. 15, 1880, and also for a period of two years from said date,—the contractor obligating himself to feed, clothe, lodge and provide medical aid for the poor sent to the hospital,—every bid to be accompanied by a sufficient bond,—all bids to be in the hands of the County Clerk at 12 o'clock, Wednesday, August 4th, 1880, and the lowest responsible bidder will get the contract.
