THE OREGON SENTINEL

WEDNESDAY, AUGUST 25, 1880.

NOTICE.

Land Office at Roseburg, Ogn. } June 30, 1880. }

To All Whom it may Concern: Notice is hereby given that I have designated the OREGON SENTINEL as the paper which I shall hereafter publish all pr emptions, homestead and applications for mining patents for lands lying near Incksonville, Jackson county, Oregon. W. F. BENJAMIN, Register.

DISTINGUISHED VISITOR. -The chair man of the Oregon Railway Company, the Right Hon, the Earl of Airlie, of the House of Lords, has left London for Oregon, to examine the prospects for an extension of his narrow gauge railway to a connection with the Cen tral Pacific. He will visit all por-tions of South-East and Southern Ore

A LARGE YIELD .- Thomas Eglin in forms the Corvallis "Gazette" that on the 14th inst. he witnessed the harvesting of twelve acres of wheat, on the farm of George Looper, near Tangent, Linn county, which yielded sixty-seven bushels per acre, and that the whole field of only forty-four acres produced Store. 2,600 bushels, or an average of about fifty-nine bushels per acre. This wheat, we are informed, was planted in Aug. of last year.

PIONEER RE-UNION .- The fourth an nual re-union of the Pioneer Society of Southern Oregon, will be held at the Court House enclosure in Jacksonville, on Thursday September 16th next; a cordial invitation is extended to all, whether members or not. Families are requested to furnish provisions for the occasion. Members who are delinquent for their yearly dues, are earnestly requested to pay the same to K. Kubli, Treasurer, to meet current ex-penses. WM. HOFFMAN, Sec.

FOREST CENSUS .- Prof. Sargeant of Harvard College, special census agent for making an examination of the var-ious government forests, passed through Jacksonville one day last week on his Lakeview "Examiner. way to Redding. He was accompanied by Dr. Engleman and another gentleman. If the party could have examined the forests of the Cinnabar region, also those on the line of the propose wagon road from Waldo to Crescent City, and also the forests in the Cascades between here and Fort Klamath, the Professor could have gained much valuable information, which he cannot gain by travelling on the stage line.

HYMENIAL.-Dr. Danforth's rest idence on Valley street, Jacksonville was the scene of a nuptial occasion or Wednesday, August 18, 1880, at which Mr. John Eagan and Miss Sherry A Dean, both of Willow Springs, were chee the principal actors. The interesting fine. marriage ceremony was witnessed by a select company of invited guests

and friends, and the two were pronounced one by Judge H K Hanna, in accordance with the laws of the State of Oregon. The SENTINEL, being duly remembered by the bridal confined to his room by sickness for party, joins in the sentiment that their happiness and succes in life may be as about.' enduring as the everlasting hills.

THE NEW "BOOM."-Ja ksonville has taken a fresh start in the right direction. - The spirit of inprovement is manifesting itself in more ways than one. New houses are being constructed and old ones remodelled and made to look as good as new. The in-

terior details of McKenzie & Foudray's steam flouring mill, at the head of Third street are being placed in a state of readiness. The 25-horse power en-give will furnish sufficient power to set in motion all the elevating, grinding and bolting machinery in the well appointed establishment. On Monday the first grinding was done, in order to test the

working capacity of one of the three sets of burs with which the mill is supplied. The proprietors with their sistants are getting everything in readiness to commence to grind as soon as possible after the first of September. In the meantime large quantities of wheat are being received at the mill, and everything betokens a prosperous future for the men who unertake to furnish our citizens with e "staff of life."

Judging from private letters and We next notice the fine Presbypapers received from the Central and terian Church, corner of Sixth and Western States of the Union the times California streets, which is gradually is one of the board of ten Indian comioners of the United States been for a number of years. HUNTER'S EMPORIUM

Notice.

FINE HORSES .- Col. J. N. T. Miller arrived a few days since from Lake county, bringing with him 35 head of horses, selected from his large band near Linkville. These horses, not withstanding the rough trip across the mountains, are fine looking animals, and show many excellent points. Their sire was a colt of Old Vermont-that famous old horse that has done so much to improve the equine race of Oregon. Mr. Miller has long been in the stock business, and has raised some tine horses. "Brick Pomeroy," a horse formerly owned by the Colonel, and of the same stock as these he has with him, he sold a few years since to Sen ator Jones, of Nevada, for the han some sum of \$2,000.-[Statesman.

coming Winter. SEVERE WINTER IN THE ARCTIC .-From Lieut. Hand of the U. S. revenue cutter, Thomas Corwin, who brought in the steamer Leo to San Francisco, charged with the violation down Rogue river. of the revenue laws, it is learned that the past Winter in the Arctic seas has been the most severe within the memory of the natives, and it is feared that there is but little hope of the rescue of the Jeanette and the missing whalers The Corwin approached within 130 miles of Wrangle Island on the 3d of July, but was prevented from approach ing nearer by the impenetrable mass of ice. No news of the missing ships could be obtained, and the only hope for the Jeanette appears to be that she reached Wrangle Island before her presumed destruction. The whaling fleet in the Artic had only killed nineteen whales.

ACCIDENT TO CAPT. SMITH .- A Severe if not fatal accident happened to Capt. Thos. Smith of Ashland on Saturday- the 21st instant. He was in charge of a spirited two-horse team and result. wagon loaded with wood and was accompanied by Mrs. J. R. Tozer. When at Tolman's tanyard he halted to water his horses, taking off the bridles. The team from some cause or another got scared and run away. They ran the wagon against a telegraph pole breaking it as well as the wagon in pieces. The team becoming detach ed from wagon never stopped until they reached home. Mrs. Tozer managed to jump off the wagon unhurt, but a large piece of the telegraph pole flew within six inches of her head. The wagon run over Mr. Smith inflicting such injuries from the effects of which it is feared he will not be likely to recover. Mr. Smith is memberelect of the of the Oregon Legislature September next. At this writing we are without further advices as to Mr. the San Francisco and Marysville mar-Smith's condition.
