

# OREGON SENTINEL.

JACKSONVILLE:  
WEDNESDAY, NOVEMBER 17, 1880.

## NOTICE.

To All Whom It May Concern: Notice is hereby given that I have designated the OREGON SENTINEL as the paper in which I shall hereafter publish all proceedings, homestead and applications for mining patents for lands lying near Jacksonville, Jackson county, Oregon. W. F. BENJAMIN, Register.

**THANKSGIVING SERVICES.**—There will be Thanksgiving services at the M. E. Church, at 11 o'clock next Thursday, the 25th instant. All are invited.

**CHANGE OF TIME.**—On Monday a new time-table went into effect on the O. & C. Stage route. The stage from the South now arrives at Jacksonville at 7:30 A. M.; and from the North at 10:30 A. M.

**PREACHING.**—Rev. D. A. Crowell will preach at the M. E. Church, in this place, next Sunday at 11 A. M. Elder M. Peterson will preach at the Willow Springs school house, at the same hour, next Sunday, Nov. 21st.

**PIANO TUNING.**—Paul Schoen will be in Jacksonville sometime after the 18th to attend to all business required of him in overhauling pianos and organs and to leave orders for instruments. Parties leaving orders at Bilger's hardware and tinware establishment, will receive his prompt attention on his arrival in town.

**LOW RAILROAD FARES.**—Railroad competition in the East has culminated in a great reduction of passenger rates. Single passengers now travel from Chicago to Kansas City, a distance of 440 miles, for \$5. From St. Louis to Kansas City, 325 miles, for \$2.50. Cheap traveling this! When will the good times reach the Pacific coast?

**NO SECOND STORY.**—The petition of the citizens of Jacksonville praying for the addition of another story to the Town Hall now in course of construction, was denied, it appearing from an estimate presented by contractor, Linn, that the addition of one story would cost some \$2,400. The Board did not feel authorized to incur such an additional outlay.

**RATIFICATION AT ASHLAND.**—The election of Garfield and Arthur, to the Presidency and Vice Presidency of the United States will be appropriately celebrated in Ashland on Thursday evening, Nov. 18th. Speaking and singing may be expected, and the arrivals will be for the 329 burials for the success of Garfield and Arthur and good government. Let the multitude turn out to celebrate the great event of 1880.

**THE ENTERTAINMENT.**—Last Sunday night the Hoits had was the scene of an enjoyable entertainment given by the re-organized Legion of Honor. The performances consisting of music, singing and recitation were given by an overflowing house of delighted listeners. David Lamb acting as presiding officer. An opportunity was given to sign the pledge, to abstain from spirituous liquors for a period of three months, and about 60 persons enrolled themselves.

**A NICE ORGAN.**—The Methodists of the Taylor street church, Eastman, are going to have a very fine organ, which is to be put in position by Jan. 30th. It is a grand instrument, of great capacity—as fine as any North of California. It costs \$500. It is being manufactured in Oakland, Cal., by the same firm which made the famous mouth organ in Kallcho's Temple in San Francisco. It will be of great service in concerts, musical entertainments and regular church work.

**GREAT SALE OF LANDS.**—R. W. Mitchell, of the U. S. Land Office, returned from his upper country trip last Sunday, says the water "Unions" He was selected by the O. R. & N. Co. to pass upon the figures in the great land sale from the N. P. R. R. Co. to Mr. Villard and his associates. Mr. Mitchell, who, in company with Mr. J. Armstrong register as Colfax, visited several portions of the land embraced in the sale says that the Faruington country is the best in this territory. Upon his report 149,010 acres have been transferred to the O. R. & N. Co.

**RAILROAD EXTENSION.**—The Salem "Statesman" says: "The Oregonian Railway Company is pushing with great vigor the construction of the lines on each side of the Willamette valley Southwest, looking to a thorough connection with the Central Pacific and California. An engineer with suitable aids is making an examination of the mountain passes with a view of selecting the most practical route into the Southeastern part of the State. From present reports the route by way of the Middle Fork of the Willamette, North of Diamond Peak, gives promise of being the most feasible and direct."

**A DIRTY WRETCH.**—It appears the people of Douglas county are finding out what sort of a bar-pin Dr. L. E. V. Coon is. The Roseburg "Independent" calls him a "dirty wretch," who attempted to commit a personal indignity upon two young men of that town. Taking all the facts into consideration, that have come to light about this sweet-scented individual, the "Independent" advises the people everywhere to look out for the man, and warns Coon not to return to Roseburg. One evening last week the public were so worked up against Coon that he certainly would have been handled roughly if he had been found in town.

Applications for monuments, addressed to R. S. Dunlap, local agent, will be promptly attended to.

No Thanksgiving proclamation has yet been issued by Gov. Thayer and presume that the residents of this State who wish to devote the 20th of this month to thanksgiving for the many blessings received must do so under the proclamation of Mr. Hayes. The poor success attained by the Governor with his last thanksgiving proclamation is probably the reason he does not issue another.  
Says the "Oregonian's" Salem correspondent: "The Governor has committed the sentences of the following prisoners: Oct. 29th, John Lynch, sent from Multnomah county Jan. 18, 1879, for two years for larceny; Nov. 10th, John Hughes, sent from Wasco county June 30, 1877, for four years for perjury; Nov. 8th, James Shea, sent from Grant county June 21, 1878 for three years for larceny; cause in all cases above noted, uniform good conduct and term of sentence being nearly expired; Nov. 4th, J. H. Weston sent from Clatsop county, February 10, 1880, for two years for larceny, sentence commuted on condition of taking ship for England and not to return to this State during the period for which he was sentenced to imprisonment."

Linkville and Klamath Wagon Road.—The County Court of Lake county has leased to the Linkville and Klamath Wagon Road Co., George Nourse President, the county road from Linkville to Modoc Point, to be used as a toll road. The lease is for twenty years, and the company is to build a good clay road and keep it in good order. The rates of toll to be charged not to exceed the following: For six-horse team, 2 wagons, \$3; for same, one wagon, \$2.50; four-horse team, one wagon, \$2; two-horse team and wagon, \$1.50; two-horse team and light wagon, \$1; loose horse per head, 12 cents; cattle per head, 10 cents; sheep per head 5 cents. [Ashland Tidings.]  
The project owned by Geo. Elliott in the Willow Springs quartz ledge was last Monday sold by that gentleman to George Schump. The latter is now sole proprietor of this mine and we hope to see him do well.

Elder Chapman.—Rev. W. T. Chapman, of Corvallis, Presiding Elder, Eastern district, Oregon Conference, M. E. Church, is now in this part of the State holding quarterly meetings. On Sunday the 6th instant he was at Ashland, and Sunday the 14th at Grant's Pass, preaching to very attentive audiences. Elder Chapman was one of the instrumentalities to found the Ashland College. He informs us that the institution is just entering upon a career of great usefulness which would soon be felt all over Southern Oregon and Northern California. He says he knows of no point in this part of the coast that is so well adapted for an educational center as Ashland. He also says there are influences at work that will soon place the College on a sound financial basis.

Our friends in Del Norte county are strongly talking wagon road. A majority of the Board of Supervisors, lately elected, favor the construction of said road at the expense of the county to Smith River, a distance of fifteen miles.  
Col. John E. Ross has just returned from a brief hunt in the upper mountains, bringing with him three deer and one bear. The game is unusually fat, as a venison ham presented to this office, abundantly attests. The Colonel is a good shot.

A dispatch from Springfield, Ill., dated Nov. 12th, says that all State bonds are called in, interest to cease after January 1st. The State will then be out of debt and have \$100,000 in the treasury. This is one result of continued Republican administration in the State.

Eighteen hundred and eighty is waning. This is its 324th day and there are only 42 left to do leap year work in. The time for improving your opportunities, ladies, is growing shorter every day. Many bashful bachelors and others are anxiously awaiting developments.  
Taking the late election as a criterion, the voting population in Jacksonville is greater than it is in Yreka. Jacksonville cast 410 votes, Yreka 330—a difference of 81 in favor of the former. Yreka may be able to out-run us in a foot race but she can't out-vote us in an election.

The Reno "Gazette" says Col. Moore, contractor of the Nevada & Oregon Railroad, has ordered the rails and rolling stock for the road, and will have them shipped soon from New York. The contractor is on his way to Reno, and will begin work on the road as soon as he arrives there.  
The apartments of the county jail occupied by Crickett and Frick, charged with horser stealing, the other day were found to contain a pistol, an iron bar and other missiles. It was evident that an escape had been planned, as the bar had been taken out of one of the prison windows.

Joseph C. Overbeck, of Myrtle Creek, was in town several days this week, visiting his relatives. From here he goes to Eastern Oregon, where he will work for the Telegraph Co.  
John Miller has received his new goods and completed the furnishing of his store and can now show as fine display of goods in his line as can be found anywhere. In addition to his usual stock of goods he now keeps a full assortment of lamps, chandeliers, etc. Look out for his new ad next week.

CIRCUIT COURT PROCEEDINGS.—The following proceedings took place since our last report:  
State against J. M. Crickett, larceny of a horse. Tried by jury. Verdict guilty. Defendant sentenced to two years in penitentiary.  
State against A. C. Frick, Indictment reversed. Verdict not guilty.  
Grand Jury find bill against Ernst Berowski; larceny in dwelling house.  
Grand Jury find bill against D. A. Covert for burning property. Case set for trial Wednesday, Nov. 17th.

Case of Karewski vs. Hockett, civil action; continued.  
Sarah Henry vs. Charles Henry; divorce, continued.  
Si Sing vs. O. Chou, writ of habeas corpus, dismissed.  
The Grand Jury, through its foreman, Thos. G. Reames, made the following report, dated Nov. 11, 1880:  
The Grand Jury for the November term have the honor to report that they examined the public buildings of the county and find them comfortable and well kept, except the Court House, which is unsuitable. The county records were also examined and were found well and neatly made. The poor of the county appeared comfortable and satisfied.

AN EARTHQUAKE.—It appears from the "Bulletin" that Portland was visited by an earthquake on the night of the 3d of November: At 9:30 o'clock residents in the western part of town felt a distinct earthquake shock. Buildings trembled perceptibly for at least 30 seconds. Some persons were aroused from their beds by the shock, and for awhile were frightened. On the hills west of Twelfth street the shock was stronger than elsewhere, but, as the political excitement was intense down the street, the earthquake was not generally noticed on the main thoroughfares.

Says the "Statesman": Residents in Salem state that they could plainly see smoke issuing from Mt. Hood, on Thursday morning, the 4th inst.  
BEAT HIS FRIENDS.—On election day so we are informed by a gentleman now here from Portland, one of the Democratic papers of that city published an extra in the afternoon, in which it was claimed that New York had gone for Hancock by 90,000 majority. The extra was circulated quite extensively, probably with the hope of influencing some votes in Portland, and on the strength of the telegram Democrats of that city gained courage and commenced betting heavily on Hancock's election. It is scarcely necessary to say that the dupes who lost their money are highly chagrined and incensed at the rascals who published the lying telegrams.

The fishery at the mouth of Smith River has ceased operations owing to the lack of facilities for taking care of the fish. Their cans gave out some time ago, and they then salted the salmon, but now their supply of salt has given out, and, although the river is full of fish, the season is so nearly over that they cannot procure a new supply in time.—Del Norte Record.

PICTURES.—Mr. Sawyer will remain but a few days longer, as he must go to Ashland soon. Don't wait till his last day. All are pleased with his work here, and we wish him success at our sister town.  
We regret to announce the death of Miss Elsie A. Emerson, formerly of this county, but more recently of Lane county, where she had moved with her parents.

Eastern Tourists.—Probably more Eastern tourists have visited this Northwest Coast during the present season than ever before, and they all bear testimony to our unsurpassed natural advantages and great resources and are enthusiastic in regard to our future when railroads shall have superseded the tedious ocean steamers and population comes pouring in. The proprietors of the Oregon Kidney Tea are equally sanguine of its future, for it has thus far cured every case of backache or disease of the kidneys and urinary organs that it has been tried on. Sold everywhere.

## The Rights of Married Women.

Below we give in full senate bill No. 42, which in a measure is calculated to greatly relieve the social condition of women. The bill became a law by the Governor's signature, Oct. 20, 1880:  
For an act to establish and protect the rights of married women.  
Be it enacted by the Legislative Assembly of the State of Oregon:  
SECTION 1. All laws which impose or recognize civil disabilities upon a wife which are not imposed or recognized as existing as to the husband, are hereby repealed; provided, that this act shall not confer the right to vote or hold office upon the wife, except as is otherwise provided by law; and for any unjust usurpation of her property or her natural rights, she shall have the same right to appeal in her own name alone to the courts of law or equity for redress that the husband has.  
SEC. 2. Henceforth the right and responsibilities of the parents in the absence of misconduct shall be equal, and the mother shall be as fully entitled to the custody and control of the children and their earnings, as the father, and in case of the father's death, the mother shall come into as full control of the children and their estate as the father does in case of the mother's death. All laws and portions of laws inconsistent with the foregoing are hereby repealed.  
SEC. 3. This act shall take effect and be in force from and after its approval by the Governor.

The Chicago "Times," a Democratic paper, says: Hope is very generally expressed here that the whole conspiracy to foist upon the country a forgery as a desperate means of contributing to the defeat of Garfield will be fathomed to the bottom, and the responsible parties, no matter what their position may be, adequately punished. It will be a warning to rascals who might be disposed to employ similar expedients in future political campaigns. Republican journals now have good cause to give Abram S. Hewitt some pretty hard rubs for his unfortunate endorsement of the forgery, and they are improving their opportunity to the utmost.
