

OREGON SENTINEL.

JACKSONVILLE

WEDNESDAY, DECEMBER 29, 1880.

NOTICE.

Land Office at Roseburg, Oreg., June 28, 1880.
To All Whom it may Concern:
Notice is hereby given that I have designated the OREGON SENTINEL as the paper in which I shall hereafter publish all propositions, homestead and applications for mining patents for lands lying near Jacksonville, Jackson county, Oregon.
W. F. BENJAMIN, Register.

NOTICE TO SUBSCRIBERS.

The next issue of the SENTINEL will be on Saturday January 8th, and thereafter its publication will be on Saturdays.

APPRECIATED.—The ladies of Adarel Chapter O. E. S. have the thanks of the SENTINEL office for a basket of delicious cake. The compliment is duly appreciated and acknowledged with the hope that the Eastern Stars may never want.

NEW YEAR'S BALL.—Mrs. D. A. Lavenburg will give another social party at her hall in Phoenix on New Year's eve. Good music and supper will be features of the occasion and everybody is invited to attend. Tickets, \$2.

ELECTION OF OFFICERS.—Ruth Rebekah Degree Lodge No. 4, I. O. O. F., elected the following officers at the regular meeting held last Monday night: N. G., Mrs. Newman Fisher; V. G., Mrs. Frank Krause; R. S., A. H. Maegly; F. S., J. H. Hyzer; Treasurer, Mrs. F. Lay. Saturday, January 10th has been set as the night for installation.

C. of H.—At a regular meeting of Defence Council No. 16, C. of H. held on the evening of the 26th inst., at Kerbyville, Josephine county, the following officers were elected: F. M. Nickerson, W. C.; D. S. Holton, P. W. C.; Mrs. W. C. Lacy, Lt. C.; Ella McDaniel, H.; W. C. Lacy, S.; Lizzie Nash, F. S.; Mrs. E. Ryder, T.; Mr. P. Summers, W. Installation will take place at the next regular meeting of the Council.

AMICABLY SETTLED.—On Christmas eve we noticed that the organ, about which there was so much lickerish talk winter, was in the Church. On inquiry we learned that the instrument had been given to the Union Sunday School authorities to be used by them and all denominations worshipping in the Methodist church. The arrangements ought to be quite satisfactory and, no doubt, will give much pleasure to the children of the S. S.

CUTTING AFFRAY.—Last evening a row occurred in the Criterion saloon between Stephen Booth and John J. Lathrop in which the former was severely cut with a knife by Lathrop. The wound is an ugly gash in the left breast but not thought to be dangerous. Lathrop was disarmed by Mr. McDaniel, when Marshal Crosby arrested him and turned him over to Deputy Sheriff Caton and lodged in the county jail. The case will probably be examined to-day.

REAL ESTATE TRANSACTIONS.—The following are the deeds recorded since the last issue of the SENTINEL:
A. D. Helman to John Conway, property in Ashland. Consideration, \$80.
J. H. Whipple to Sarah E. Kennedy, 40 acres in Evans creek precinct. Consideration, \$500.
Francis Anderson to C. H. Dodd, 160 acres in Eden precinct. Consideration, \$161.
Barnford Robb to S. W. Lackland, mining property and ditches in the vicinity of Palmer creek. Consideration, \$1,000.

DON'T BE AFRAID.—The other evening we looked out in the rear of our office and saw a most extraordinary assemblage. It was a regular convocation of cats on a shed roof and the business seemed to be of importance as every old "Tom" was accompanied by his sister, his cousin or his aunt, and the discussion soon was quite general. We waited to hear the result, which was the strongest kind of a resolution to steer clear of Nick Ficke's sausage machine for the year 1881, and we retired quietly, feeling perfectly safe to indulge in his sausages for the next twelve months.

INSTALLATION.—The installation of the newly elected officers of Warren Lodge F. & A. M., Oregon Chapter No. 4 R. A. M., and Adarel Chapter No. 3 O. E. S. took place on Monday evening in the Masonic Hall. There was a large attendance of members of the three orders and their families, numbering over two hundred persons, to witness the ceremonies. An elegant collation was set by the ladies of the order and it was so abundant that a large amount was left from the feast. With praiseworthy kindness the residue was distributed among those whose circumstances debarred them from knowing any difference between the holidays and any other.

ATTEMPTED MURDER.—Yesterday morning a loaded revolver was discovered, set and cocked, with a string attached to the trigger and to the door of a Chinaman's house on Main street in such a way that when the occupant opened the door he would receive the contents of the pistol. Under-Sheriff Caton ascertained that the pistol belonged to Tom McKay, a half breed Indian, who says it was taken from him by two white men, who are known, while he was in a partial state of intoxication on Monday night, and his story was corroborated by another half breed. All we have to say is that any wretch who would do so dastardly a deed is a coward at heart and only needs watching from behind.

Stealing turkeys seems to be the avocation of some parties around here at the present time but should they get caught they may have to change their occupation to making brick.
It is said that all the vacant ground on the Klamath river between Cottonwood and Happy Camp has been taken up and that stream will be the scene of extraordinary mining activity next season.

Parties who attended the Christmas Ball given by Mrs. Lavenburg at Phoenix report a large attendance and an excellent time. Another party will be given at the same place on New Year's eve.
David Shook of Alkali valley is a visitor in town. He informs us that grass is springing up finely in Lake county, the snow being entirely gone, and that stock are doing better than for many years.

We sometimes wonder if people, generally, consider that it takes money as well as labor and thought to run a newspaper. Will many subscribers, who are in arrears, take the hint? If so we will feel obliged.
Christmas eve was the scene of a very pleasant social party at the residence of Mr. David Linn which lasted till nearly midnight. More social parties and fewer public dances would be a desirable and agreeable departure.

The ball given by Mr. and Mrs. Herling on Christmas eve proved a success, as usual. Quite a large attendance was noticeable, and those present pronounce the supper given by Mrs. Herling as superb.
On the 23d fourteen Chinese lepers, all that could be found in San Francisco, were put on board the Belgic and started to China. The "Chronicle" describes the condition of the unfortunate wretches as frightful in the extreme.

On last Wednesday morning the safe of J. M. Bacon of Oregon City was burglarized of \$3,356.00, private and Odd Fellows funds and Post Office money. The job is said to have evidently been committed by experienced hands.
Dr. Hugh Glenn's ranch in Colusa county, Cal., yielded 400,000 bushels of wheat the present season of which 60,000 bushels are reserved for seed. Future generations will curse landlordism in California and "Boycotting" will be in order.

The enterprising Oregonian published a double sheet on Christmas day full of interesting matter, containing, among other things, the full text of Judge Deady's decision in the Bybee Hawkett case, denying the motion to remand to the State Court.
Mrs. Hanley has our thanks for a splendid turkey with which to celebrate the birth day of our better half. May the estimable giver live to celebrate many of her own and to experience that it is more blessed to give than to receive.

At the last term of the State Circuit Court in Portland, just closed there were ten convictions for gambling the offenders being fined \$50 and costs. So it seems that where there are efficient officers the gambling law is not a dead letter after all.
As this seems to be the season for tramps and suspicious strangers would it not be wise for the town authorities to appoint a night watch for the protection of property and the control of the lawless. We make this suggestion for the consideration of the board.

Shooting a man through the body and shovelling another man's brains out are called in Virginia City, "Washin' Compliments." It was on Christmas eve A. Dussault being shot and Matthew Patterson shovelled. Verily the golden age is still a long way off!

Thanks—Ad Harmon of the "Esmeralda," in Roseburg, has our thanks for a New Year's remembrance sent by express. Coming from such a distance it is more than appreciated, flavored as it is with kindly feeling and the wish for a happy New Year is earnestly reciprocated.
The following amendment to the act creating Lake county in 1874, was passed by the last Legislative Assembly and approved by the Governor Oct. 25, 1880: Sec. 8. Until otherwise provided for, the County Judge of Lake county shall receive an annual salary of five hundred dollars.

Nine of the Yreka Journal, is canonizing the District Attorney of Siskiyou county for pushing the Edgerton prosecution, on very flimsy evidence, which has resulted in acquittal of the accused at a cost of \$1000 to the taxpayers. The Journal charges the trial to political persecution, and prompted by political spite.
There is but one paper in Oregon, older than the SENTINEL, the Oregonian, being its senior by about five years. Like the SENTINEL, that journal has always been a leader rather than a follower and time, reversing the general rule, leads it upward instead of downward. We hope to tread the thorny path of journalism many a year yet with our companion of the early days.

The soil of the Yakima country in Washington Territory is said to be very fertile. Wheat yields from 40 to 60 bushels to the acre, barley from 60 to 90 bushels and 600 bushels of potatoes from an acre is an ordinary crop. Gold is said to have been discovered on the Swank and Pehastin rivers in nuggets worth as high as \$700, late last fall.
The city election is approaching and every day it is becoming more apparent that only property holders should have the right to vote at municipal elections. The government of a town or city ought to be controlled by those most interested in its peace and welfare and not the rabble who care little for either and who turn liberty into license.

The Yreka Semi Weekly Journal speaks in very flattering terms of the giants and Cranston elevator used by the Yreka Creek Mining Co. near Hawkinsville but intimates that there is a new machine made by Strombs which will do twice the work of the Cranston machine with half the water. One of the Stromb machines is to be put down next spring by the company.
The windows of a house occupied by Chinese were smashed in by some unknown persons on Christmas eve. The owner says if the town authorities can not afford protection to property they will be held responsible for damages done by hoodlums. If our charter adds nothing to public peace and security it should be taken away as being only an expensive ornament.

On the day before Christmas we observed a crowd of young men getting very mellow by frequent visits to the saloons. They evidently are not aware that Bank Presidents, Millionaires and Merchant Princes are not made out of boys that acquire fifty dollar habits on fifty cent salaries but they will learn in good time that no young man known to drink, gamble or smoke opium is to be trusted in any responsible position. This is the cold fact, boys, and you may as well stare it in the face and don't imagine that luck will ever help you out either.

During the year 1880, Blanchet, Catholic pastor of sonville parish has traveled within his parish, and 980 it. The incessant labor of tritious pastor is well-redeemed by the unity and growth of his flock and his zeal might be profitably emulated by his Protestant brethren. On Christmas day the Father received the gift of a very handsome sofa from his congregation in Jacksonville.

HIGHWAY ROBBERY CAPTURED.—On the 23d John Van Dyke, living seven miles east of Jacksonville, discovered that his house had been burglarized of some coin amounting to about twenty five dollars and some small articles being taken. Mr. Van Dyke informed the Sheriff and their attention was directed to a couple of tramps who had been in town a few days prior to the robbery and who were beating their way northward. On following the tramps it was found that two Chinese had been stopped in the road near Willow Springs and robbed, after a little resistance, of over twenty dollars. Deputy Sheriff Coats and Jeff Croly followed up the scent and, on reaching Grant's Pass, learned that a Chinese had been robbed at Dry diggings of twenty-two dollars having been forced to hand over at the muzzle of a revolver. Immediately after the robbery the Chinaman took a near cut beating the robbers to Grant's Pass and, on their arrival, pointing them out to Mr. Dimick, who had no authority to arrest them and they continued north. Coats passed them, when near the summit of the Grave creek hill and, halting before the summit, captured them and brought them safely to town. When searched they were found in possession of a large number of skeleton keys, door, trunk and valise keys and one of them was armed with three revolvers, the other being unarmed. They are both young men the oldest not being over twenty-two, and it is suspected that a much older man who was traveling a few hours in advance, and carrying a pack, is one of their accomplices. The examination of the prisoners will take place to-day before Justice Huffer.

THE C. & O. Stage Company have petitioned the P. O. Department at Washington for the remission of fines paid, an account of missing regular trips on the Sacramento river road, by reason of the impossibility to cross Pit River last winter. There never has been a company staging through Northern California, fulfilling contracts so promptly and energetically, and to enforce the penalties for impossibilities, is not just nor within the spirit of the law. The company never failed to carry the mail through each trip, whenever it was possible to get through, and have expended thousands of dollars extra every year, both in California and Oregon, to render the roads possible, but could not prevent the rivers getting too high to make them impassible to cross, by even skills or canoes a portion of the time, to form a connection.
We think it only justice to the Stage company to add our approval to the above from the Yreka Journal and to say that if it had not been for their energy and their expenditures on the road north of here the road would have been nearly impassible. It must be added that their service has really been more than, at times, could have been expected.

THE CHRISTMAS TREE.—The festivities for the little folks at the Methodist Church on Christmas were very pleasant indeed, the being faithfully carried out and, its ornamentation being of several days. The O crowded at an early hour young and it was gratifying much real happiness among ones with so reasonable of the Sunday School children a present of goodies, and were distributed among all of whom seemed to be occasion. The music was a new organ filling the church full volume and the singing their best. The congregation dismissed about eight o'clock participate in the festive ball room and some to dre happy Christmas eyes yet to may our people see many full of pleasure.
