

NOTICE.

Land Office at Roseburg, Ore. June 20, 1880. Notice is hereby given that I have designated the OREGON SENTINEL as the paper in which I shall hereafter publish all pre-emptions, homesteads and applications for mining patents for lands lying near Jacksonville, Jackson county, Oregon.

WANTED.—Four cords of sound, well-seasoned wood. For further particulars call at the SENTINEL office soon.

SCHOOL OFFICERS ELECTED.—At Eagle Point, Arthur Pool director, A. J. Daly, clerk; District No 54, W. G. Bishop and Sam. Furry directors, and J. N. Woody, clerk; Big Sticky district, C. W. Cooper and L. B. Faith directors, and W. P. Berry, clerk.

NEW RULE.—Obituary notices and lodge resolutions will be inserted in the SENTINEL at half-rates. Notices of entertainments, meetings, etc., other than those of a charitable, benevolent or public-spirited nature, published at reasonable prices. There will be no deviation from this rule in the future.

NEW ENTERPRISE.—Articles of incorporation have been filed with the Secretary of State, organizing the "Oregon Boot, Shoe, and Leather Company," in Portland. The capital stock is \$50,000, divided into 500 shares of \$100 each. One or more tanneries are to be operated in connection with the jobbing business. Messrs J. W. Brazer, Geo. L. Hibbard and John Switzer of Portland are the incorporators.

NO MORE WHISKEY AT THE MILITARY FORTS.—Capt. D. J. Ferree of Lake county was in town on Monday and favored us with a call. We learn through him that the President through the War Department issued an order on the 22d day of February, prohibiting the sale of ardent spirits at all Military Post Traderships in the United States, and that order went into effect at Fort Klamath on the first of March last. No more whisky for our soldiers.

BRIDGE CONTRACT LET.—Last Tuesday the commissioners of Jackson county awarded the contract for building the bridge across Ashland creek in the town of Ashland, to B. S. Freeman of Phoenix at \$740. The contractor agrees to have the structure completed in two months and ten days from the 21st day of March. It is understood that the town authorities of Ashland will appropriate an additional sum of about \$460, which will insure a bridge possessing all the elements of strength and durability.

NOTHING TO DO.—With the opening of spring quite a number of our able-bodied young men will leave for points on this coast, mostly north, where there is a better prospect of employment. Want of regular employment for our surplus labor talent, is one of the main drawbacks to the prosperity of this part of Oregon; and unless we are speedily connected with the outside world by a wagon road to the coast and bonds of steel with the outside world, this state of things is liable to continue for an indefinite period of time.

FARMERS, READ.—Mr. Z. T. Wright, representing the J. I. Case Threshing Machine Co., is with us again for a few days. And owing to limited time will not be able to call on all. Any one wishing anything in their line will do well to call on Mr. Wright at Madame Holt's Hotel, or by dropping a letter through the Post Office. He will be pleased to call on all that may wish anything in their line, i. e., Thrashers, Headers, Engines, Saw Mills or their celebrated Center-draft Walking and Sulky Plows. Mr. Wright will only be in Jackson county about ten days.

THE WOOL MARKET.—The transactions in the Boston wool market for the week ending March 18th amount to 21,000,000 pounds. Ohio and Pennsylvania fleeces commanded 40 and 45 cents for qualities ranging from X to XXX; Michigan, Wisconsin, and Missouri 45 and 48; a lot of 15,000 pounds Kentucky (combed) sold at 32 cents; a large amount of wool, unwashed fleeces, from the above States sold at 30 cents; 275 pounds of fall California sold at 19 and 20 cents. Pacific coast wools ranged at low prices, 375,000 pounds having been taken at 30 and 35 cents.

WAS IT AN EPIDEMIC?—Early last Sunday morning the quiet village of Phoenix was suddenly thrown into commotion by the announcement that fifteen dogs had just been found dead in the streets and alleys of that burg, and others were in the last agonies of death. The disease which had so suddenly decimated the canine race of Phoenix is unbeknown to the owners of the dogs, and strong suspicions were entertained that it was not the hog cholera but something else that did it. Our reporter says that among the quadrupeds killed were some highly prized by their owners.

GOOD SENTIMENT.—Whitelaw Reed of the N. Y. Tribune, in his address before the school teachers of Xenia, Ohio, gave expression to the following sentiment, which our educators all over the country will do well to heed: "Strengthen the basis of the school system before you increase the superstructure. Teach fewer things but teach them so they will be absolutely known. Make the course of study more compact and manageable; postpone the accomplishments, banish even science and drawing, and first give the child what will be essential to the practical business of life and a basis of self-improvement."

Mr. Heinman, wife and daughter, who last fall came to this valley from the Powder river country for the benefit of the health of Mrs. Heinman, who is suffering from asthma, are preparing to leave here for their home in Northeastern Oregon, and are only waiting for the weather to get settled. They intend to travel in company with Dr. Danforth's train, at least part of the way.

The Del Norte Record says: "We are informed by those who are posted that as soon as the weather clears up, immediate steps will be taken in regard to the building of the wagon road from this place to Waldo, and those who have subscribed to the enterprise will be called upon to come down with the coin." R. M. Garrett informs us that Messrs. Johnson, Malone and Gasquet intended to come over the route this week to take a look at the survey, preliminary to commencing operations.

NATIVE SUGAR AND MOLASSES.—We understand that a number of our farmers have prepared portions of their fields for the cultivation of the early amber and sorghum sugar canes, for which the soil and climate of Rogue River valley is so well adapted. It is to be hoped that the cultivation of these useful canes in our midst and the manufacture of their juices into sugar and molasses will be carried on to such an extent as to supply not only the home demand but have a good surplus left for export to other markets. We have no doubt that as soon as this industry can receive the attention that its importance demands, and the manufacture of the staple articles can be an assured fact, orders for our sugars and syrups will be coming in from abroad. Messrs. J. B. Wisley and E. P. Walster, who in the past have been engaged manufacturing syrup from sorghum cane, will this year have largely increased facilities for making molasses and sugar. The Department of Agriculture has just furnished them, through Senator Grover, with valuable information about the manufacture of sugar from the different kinds of sorghum cane, upon which information they intend to experiment the coming season.

ANOTHER STRAW.—If straws tell which way the wind blows, we may infer that other people besides those of Rogue river valley, feel an interest in the extension of the Oregon & California railroad. The daily Oregonian of the 22d of this month quotes the following from the London Standard of a late date: "The buying of the Oregon and California railroad stock has been actively resumed, in consequence of an agreement between the Anglo-American syndicate and the Frankfort committee for constructing a proposed link line to unite the completed portions of the railway."

WIDE AWAKE FOR 1881.—Send for our new price list for Spring and Summer. Note the reduction in all lines, dry goods, clothing, boots, shoes, etc., ready for distribution March 1st, mailed free. Address, Red House Trade Union, Sacramento, Cal., the great one price house of the coast.

Rows include Jacksonville, Heber Grove, Log Town, Phoenix, Ashland, Manzanita, Prater, Myers, Little Butte, South Prairie, No report, Antelope, Chimney Rock, Willow Springs, Independence, Nound, Dardanelles, Antioch, Upper Butte, Sam's creek, Missouri Flat, Wagner Creek, Grant's Pass, North Phoenix, Rock Point, Evans Creek, Uniontown, Lower Applegate, Prairie, Unity, Green Mountain, Foots creek, St. Helensville, Thompsons Creek, Schleffelin, Meadows, Rogue River, Josephine, Brownsborough, Bridge Point, N. Sam's Valley, S. Butte Creek, Forest, Table Rock, Trail Creek.

HYMAN'S DOINGS.—On the morning of March 23d, a large number of friends and relatives assembled at the residence of Judge H. K. Hanna, Jacksonville, to witness the marriage ceremony of Mr. Samuel W. Lackland to Miss Kate Dorwin, performed by Rev. M. A. Williams. The bride was elegantly attired in a gray pongee travelling suit. The groom wore the conventional black. The wedding breakfast being served immediately after the ceremony, the bride was made the recipient of a number of beautiful and useful presents. The groom is one of the proprietors of the Star Gulch Hydraulic Mining enterprise and a surveyor by profession. He is an industrious and intelligent young man of good moral habits. The bride is a stepdaughter of the Hon. H. K. Hanna, Judge of this judicial circuit, and is an accomplished and lovely lady, noted for her many good qualities of both heart and head. After the congratulations and breakfast were over, Mr. and Mrs. Lackland got aboard the north-bound stage on their way to Portland, their objective point being Canyon City in Grant county, Or., where they expect to reside temporarily, and in which county Mr. Lackland will be engaged all spring and summer surveying Government land. May God's choicest blessing accompany them on their journey of life, is the devout wish of the writer of this.

NEWSPAPER CHANGED.—The State Line Herald changed hands on the 16th of this month, Hon. J. H. Evans, Register of the Lakeview Land Office, having purchased the same from the Watson Brothers, who retire from the printing business on account of financial embarrassment superinduced in part by the destruction of their office by fire last July. It is reported that C. B. Watson, who has been in Washington since last December, is on his way home, the happy possessor of a commission from President Garfield as U. S. Collector of one of the ports of entry on Puget Sound. Good luck to you, Chabliet!

DIED.
