

NOTICE. Land Office at Roseburg, Ore., June 30, 1880. To All Whom it may Concern: Notice is hereby given that I have designated the OREGON SENTINEL as the paper in which I shall hereafter publish all pre-emptions, homestead and applications for mining patents for lands lying near Jacksonville, Jackson county, Oregon.

RELIGIOUS.—Rev. M. A. Williams will preach here to-morrow at 11 A. M. Services here in the M. E. church to-morrow evening by Rev. W. T. Chapman, Presiding Elder.

NEW SCHOOL BOOKS.—A portion of the school books adopted in this State has been received by Wm. Hoffman, agent, and are ready for exchange or introduction until October 1, 1881. For terms apply to the agent at the Express office in Jacksonville.

A LECTURE.—Prof. L. J. Powell, Superintendent of Public Instruction for Oregon, now on a lecturing tour through this part of the State, will deliver a free lecture in Jacksonville, Monday evening May 23d. Place where the lecture will be held and subject to be announced next week.

HAIRLESS FOAL.—Wm. Harper of Rock Point precinct has a foal, only about a week old, as innocent of hair as if it had been scalded and scraped, with the exception of a few hairs on the upper part of the neck. This freak, the toothed baby at Crescent City and the three legged colt would make quite a menagerie.

STRAWBERRY FESTIVAL AND BEAN PUDDING.—The ladies of the Presbyterian Church, will give a Strawberry Festival, etc., on Thursday evening, next, May 19th, in the basement of the church. Proceeds for the benefit of the new church. A most delightful time may be expected as some of the festivities will be novel.

A FINE ORGAN.—The P. C. Advocate says: The grand pipe organ weighing six tons, to be used by Taylor Street M. E. Church, Portland, arrived per steamer a few days ago, and is now being placed in position. In quality, tone and workmanship it is pronounced by leading organists of San Francisco to be superior to anything on this coast.

OBITUARY NOTICE.—Died on upper Rogue river, May 7th, 1881, of cancer in the breast, and after a very painful and lingering illness, Mrs. Adessa Newman, aged 50 years. Deceased was a native of Pennsylvania and came to Oregon many years ago. She leaves a husband and large family of children, four by a former husband, to mourn her loss. Her remains were brought to the Jacksonville cemetery for interment.

FOR THE OLD HOME.—T. L. Beck of Willow Springs left on the south bound stage to-day for the old home in Missouri. He goes to meet an aged mother and loving kindred from whom he has been separated for twenty-six years and the meeting will be a mutually joyful one. Mr. Beck leaves here a host of warm friends, many of whom assembled, a few evenings ago, at the residence of Mr. John Swindon to bid him good-bye and all wish him a speedy return.

REST FOR AN OLD PIONEER.—The remains of H. Althouse, the discoverer of Althouse creek, one of the richest streams in Josephine county, were sent by express this week to his sister in Albany for re-interment. His bones have lain for many years beside the stream named after him, but last winter the heavy floods washed away the soil exposing the coffin, and, on learning the facts, his sister Mrs. J. E. Young, took steps to have them removed to a quieter resting place.

ERNATA.—Speaking of the productiveness of the Ashland Woolen Mills our type last week made us say, that the factory manufactured in twelve months 3,000 dozen blankets and 7,500 dozen socks. It should have read, 3,000 dozen socks, and 7,500 blankets. The figures as to the amount (in yards) of cassimeres, doeskins, flannels, overwear and underwear, turned out in the same period of time, we failed to get when we visited the establishment. We have no doubt the showing in that respect would have been equally as satisfactory.

MODEL TRAMP.—The Yreka Journal tells a good story of a tramp who purchased the store, ranch and other property of Bob Pitts, on the Sacramento road for \$20,000, paying down with the nonchalance of a Gould, an \$18,000 check. The wanderer then took possession, presented the late proprietor with a new suit out of the stock, sold many goods for cash and accompanied by Mr. Pitts went to Shasta to pay the other \$2,000 but slid out from there with a good "stake." Is there any country in the world that can match the California tramp?

NEW GRAIN BINDER.—G. Karewski is agent for the Deering twine binder and is in daily expectation of the first shipment. It is said to be the most complete self-binder in use, simple and easily understood, making tightly bound sheaves of uniform size, or of any desired size, and working admirably in down or tangled grain. From Mr. Karewski's long experience here he knows just what is wanted for harvesting and has selected the Deering from many others as the most desirable of all. He will have a large number ready for harvest and will show all points of excellence to farmers calling on him.

What is from \$2.20 to \$2.30 at Liverpool per cent. That is, it costs from 50 cents to 60 cents to carry it from any part of the United States to England, whereas 30 cents would be enough. Grain producers of the West pray for a reduction of freight on bread stuffs.

Win. Knox, who was arrested last week for assault with a deadly weapon having presented a shotgun at H. B. Black, was examined before Justice Huffer and discharged, it appearing that he was only defending property that he was in possession of. The expense to the county in witness fees was \$82.

Our trans-Atlantic cousins are greatly exercised at the discovery of trichina in pork imported from this country. It seems no ordinary amount of cooking kills trichina. Tests show that in boiled hams the heat does not penetrate into the flesh far enough to kill the parasites. So beware of "biled ham" and never eat it raw.

A letter from the late editor of the Star referring to the course of District Attorney Hamlin in the canyon road case appears in the Mercury. If Mr. Baker is entitled to credence an explanation is due from Mr. Hamilton, and to say, when Baker was editor, that he could possibly lie would have been rank blasphemy—does he lie now!

The saloon, we mentioned last week as in the building where the county poor are kept, is partitioned off and is only to dispense wine, beer and other non-intoxicants. It will not interfere with the county poor at all, at least so the contractor informs us. The editor of the Times can now take a dose of soothing syrup or a little ver- mifuge.

Mr. Matt Dillon and family will leave on Monday's stage for Philadelphia, where they intend to reside hereafter. Matt takes with him the kind wishes of many friends, made by his genial qualities and warm heart, who will always be glad to hear of his prosperity. He is accompanied by James Hart who will remain for a while in California.

The three robbers who plundered a store at Turner's station in Marion county, and fought the Deputy Sheriff's posse so desperately, were pursued by ten of the Capitol guards last week but making better time than the pursuers, reached South Salem first drank a quart of lager and then took the brush again. It is unknown when the guards will open the campaign again.

The Tidings contains a grand description of the marriage of our friend Sikes Worden, of Linkville, and Miss Kate Allred. Over sixty guests were present including Col. S. G. Whipple and the other officers of the Post, the ceremony taking place at the residence of Capt. Ferree. Sikes is a brick of no common clay and we hope his voyage on the unknown sea will be prosperous.

Miss Charlotte O'Brien, daughter of Smith O'Brien, writes to the Pall Mall Gazette, a sickening letter describing the horrors of an emigrant steamer. She says she has seen 1,750 living souls packed like sardines in a box and the description equals that of the 'middle passage' in the phony days of the African slave trade. Is it any wonder that there is a popular outcry against corporations!

The programme for the closing exercises of Ashland College will be as follows: Examination of classes, Monday, Tuesday and Wednesday, May 23d, 24th and 25th; Annual Sermon, Sunday, May 22d; Annual Lecture and Literary exercises, Monday evening, May 23d; Musical Entertainment, Tuesday evening, May 24th; Amity- versary and Graduating exercises, Wednesday evening, May 25th.

He was accompanied by Charles Whittaker, who represents the State of Oregon and both will proceed to Warner, Harney and Malheur lakes where they will examine all swamp land claims and return here during the summer by way of Sumner lake and Sicau valley.

The Tidings says that the bridge under construction at that place is to be widened to 21 feet giving two tracks of ample width, a contract having been let by the Board of Trustees to complete the foundations at \$650. The Tidings ends the move which is a most sensible one. It is reported that our townsman C. C. Beckman, himself a competent mechanic, had the weight of his judgment in favor of the additional width.

MINING ITEMS.

A handsome piece of gold worth \$24 was taken from the claim of Carr Bros. on Foot's creek recently.

Winton & Helms have on exhibition the handsome piece of quartz taken from the Roten ledge.

T. L. Beck has two hands bottoming up on his rich claim in the Willow Springs district. Cleaning up will occupy several weeks.

Richard Cook is engaged on the Davenport ledge up Jackson creek and is taking out some very fine looking quartz but no assay has yet been made.

The English and Blue Gravel companies are now engaged in cleaning bed rock, having discontinued panning. The cleaning up process will take fully a month.

We were shown a piece of solid gold weighing 856 that was taken out of a claim on Galice creek last week. It was a beautiful nugget entirely free from quartz.

H. F. Seybert is still at work on his ditch on upper Little Applegate. He finds a very flattering prospect on the divide between Little Applegate and Wagner creek.

Messrs. Lane, Duffield & Co. took out of their rich claim a nugget weighing 854. It was nearly the shape of an egg and might have been laid by Eoy's famous goose.

Three nuggets of gold weighing \$24, \$16 and \$12 were lately taken from the claim of Keaton & Klippel on Poorman's creek. The aggregate yield was most satisfactory.

The Green Box of Galice creek have at last completed their tunnel, striking their ledge (Sugar Pine) at a depth of 140 feet and finding their quartz richer than ever.

Willis Hays has piped off about one half acre of dirt sixty feet in depth in the Rogue river district but a heavy slide coming in just as the water was falling prevents a full clean up.

A pump is to be put in at the Barkall & Cunningham vein in the Blackwell district during the summer, the water interfering very much with the work of sinking. Several hundred dollars have been taken out lately with a hand mortar.

Wm. Bybee has gone to Josephine county to contract with a gang of Chinese to dig the extension of his ditch, four miles in length during the summer. It will tap the main Illinois river and will furnish continual water for his rich ground.

The elder Orme, of Foot's creek, has just returned from Tombstone, A. T. He reports rock taken from the ledge, owned by his sons on Foot's creek, as assaying \$114 in silver and \$26 in gold to the ton. Alex Orme will be back from Arizona in July and commence work on the ledge.

Developments are still going on in the Roten ledge lately discovered on Kane creek, in the Willow Springs district. About \$600 was taken out last week with a small arrastra and a piece of quartz, weighing twenty five pounds, taken from next to the casing of the ledge is almost yellow with fine free gold.

Twelfth of May Celebration.—The anniversary of St. Tammany was duly celebrated by the Pocolontas Tribe of Improved Order of Red Men and their families, and a few invited pale faces. The intellectual exercises commenced at 2:30 P. M. and were conducted according to programme at their Grand Wigwam in the Orth block. The worthy Sachem introduced Ist Sinnap Autenrich as the first speaker, who extolled the virtues of Tammany, the illustrious patron saint of their noble order; Warrior Cimbrosky made the short talk, in the course of which he drew forth a magnificent and costly regalia, which he presented to past Sachem, H. K. Hanna, who was taken completely by surprise at this unlooked for token of friendship on the part of his brethren. Next, was a short talk by Brother Baldwin, a visiting Red Man of Klannath tribe No. 8 of Linkville. The intellectual portion of the entertainment was heightened by the superb solo singing of Mrs. Feathers. Her cultivated voice and unembarrassed appearance, demonstrated that she is entirely familiar with duties of this kind. Prof. Scott's string band, assisted by Adam Schmidt and Frank Folk, enlivened the entertainment by several soul stirring pieces. The quartet, consisting of the Misses Linn and Miller, R. H. Klippel and Sol Wise, furnished a number of excellent pieces. The afternoon exercises wound up by a beautiful collation of the good things of this world for the "inner man." And all present did ample justice to them, including "ye local" of the SENTINEL.

On Wednesday morning at 1 o'clock L. F. Allen, of Josephine county, died after a lingering illness of several months. Mr. Allen was long a resident of that county and known as a worthy citizen. He was a veteran of the Mexican war, and for many years suffered from a wound received in the service of his country. His remains were taken to Williamsburg on Thursday for interment.

THE CHAMPION.—Mrs. Ben. Haymond of Rock Point is the champion fisher for this season. On Thursday evening she hooked a fine salmon trout weighing six pounds while fishing in Rogue river and landed it safely after a hard struggle of nearly an hour. It is said that the lady was considerably excited for fear of losing it and maybe considerably proud of her skill.

Men's white shirts open back or front at the New York Store for \$1.00 each.
