

NOTICE.

Land Official, Roseburg, Oreg., June 28, 1880. To all whom it may concern: Notice is hereby given that I have designated the OREGON SENTINEL as the paper in which I shall hereafter publish all pre-emptions, homesteads and applications for mining patents for lands lying near Jacksonville, Jackson county, Oregon.

TEACHER SELECTED.—The directors of Jacksonville school district this week selected Andrew Hubbel to take the second department of our school, recently vacated by Mr. Webster, and Miss Dora Godfrey takes the third department in place of Mr. Hubbel, promoted.

FOR REDDING.—Dr. G. H. Aiken Maj. James T. Glenn expect to go for Redding to-morrow in the doctor's private conveyance. The latter is on his return to his home at Oakland, Cal., while the former goes to meet his wife, who has been sojourning at the Bay City for some time past.

SOCIAL PARTY.—The citizens of Falls creek and vicinity will give a ball on the evening of the 16th for the benefit of Geo. W. Morris, who was so unfortunate as to lose an arm in Chandler & Morris' saw-mill near Ashland recently. The best of music and supper will be provided and a good time is anticipated.

NOTICE.—The 5th Annual Re-union of the Pioneer Society of Southern Oregon, will be held in the grove near Ashland on Thursday next, the 15th day of September, 1881. All members of the society and their friends are earnestly solicited to meet with us on that occasion. WM. HOFFMAN PRES. SILAS J. DAY SECRETARY.

SURVEYORS BACK.—Wm. M. Turner's surveying party, composed of himself, M. L. McCall, J. C. McCully, Steve Hubbard, Jesse Huggins, Wm. Brodbeck and J. N. Fields, returned last Sunday after an absence of three months. They surveyed eight townships white out and must have some lively work to get through in the time they were away.

RELIGIOUS.—Elder M. Peterson will hold services at the Baptist Church in Manzanita to-morrow morning at 11 o'clock, and at 4 o'clock same day he will hold services at the Wagner creek school house. On Sunday Sept. 18th services will be held at the Baptist Church in Manzanita in the morning, and at Lone Oak at 4 o'clock p. m. Everybody is invited.

NEW LODGE OF A. O. U. W.—The preliminaries for the organization of a lodge of the Ancient Order of United Workmen at Ashland have all been completed, and next Wednesday has been selected as the day for instituting the same. D. D. M. W., W. J. Plymale, and a number of the members from this place will go up on that date to assist in organizing the same.

SALE POSTPONED.—The property advertised for sale by J. J. Fryer, administrator of the estate of Levi Tinkham, deceased, was not sold last Saturday as advertised. The property, consisting of 321 acres land on Butte creek, will be offered for sale at two o'clock to-day at the Court House door. The price of sale are one-half of purchase price down; balance to be secured by note and mortgage on said premises and payable in six months.

SAN FRANCISCO ELECTION.—At the municipal election held in San Francisco last Wednesday the Republicans made a clean sweep, electing all their candidates by majorities ranging from 3,000 down. Blake, the Republican candidate for Mayor, is said to have received 3,000 majority. The opposition tickets to the Republicans elected two Supervisors, one in the 3d and the other in the 6th ward, and San Francisco remains a Republican city still.

RAILROAD PURCHASE.—On the authority of the Northern Pacific Coast the road has been purchased by Henry Villard; that fast steamers now running between San Francisco and San Rafael will be put between San Francisco and Saucelito, and a new line will be built from Saucelito to San Rafael, shortening the distance by tunnel, and bringing San Francisco and San Rafael within thirty-five minutes of each other. At Saucelito wharves will be built and other facilities provided for shipping grain.—"Standard"

THE RAILROAD SURVEY.—From J. S. Howard we learn that he has completed all the lines running through the valley and received instructions to discharge the men employed and sell all perishable property on hand. Further orders are looked for in about a month, it requiring that length of time to examine the notes of the surveys just completed, and the indications now are, on our guess, that the next survey ordered will be down the coast.

WEDDING.—The wedding of Rev. M. A. Williams tied the knot. We were in error last week in stating that Rev. L. L. Rogers officiated as Minister at Rev. D. A. Crowell's wedding. Rev. M. A. Williams tied the knot.

Mrs. Adam Klippel, accompanied by her daughters Miss Tillie and Ida, and her sons Edgar and Charles, started for Portland on Wednesday's stage, where they go to join Mr. Klippel, who is now employed on the "Christian Advocate."

LOCAL ITEMS.

Pioneer re-union at Ashland next Thursday. A. O. U. W. ball Sept. 28th; everybody invited. Jerry Nunan received lots of new goods this week.

J. M. Smith of Kerbyville is paying his family here a visit. A case of small-pox was discovered at The Dalles last week.

The next term of our District school commences Monday Sept. 19. D. W. Anderson brought us a lot of excellent water melons this week.

Miss Laura Hubbel has returned from a visit to Trinity Centre, Cal. Prof. J. W. Merritt and Robt. Kahler returned from their mountain trip this week.

Mrs. W. J. Plymale placed us under obligations this week for a fine lot of Bartlett pears. Henry Villard, the Oregon railroad king, is expected to arrive in the State in a few days.

Rev. B. J. Sharpe, the new Minister of the M. E. Church at this place, arrived this week. Col. Maury has rented the largest portion of the farm recently purchased by O. Harbaugh.

Read the new card of the Singer Manufacturing Co. and govern yourselves accordingly. The Board of Equalization meets Oct. 3d when all aggrieved parties should be on hand.

Genl. Thos. G. Reames and Alex. Martin are expected back from San Francisco in a few days. Prof. A. L. Johnson and Prof. Scott start for Josephine county next week on a lecturing tour.

J. C. Flood, Jr., and Miss Myra Abram of Roseburg, were united in matrimony on Aug. 24th. Rev. M. A. Williams will hold services at the M. E. Church to-morrow morning at the usual hour.

Newman Fisher will go to San Francisco in a few days to purchase a stock of goods for his store. B. B. Bookman started for Eugene City last Wednesday to be on hand to attend the State University.

The stage going north last Thursday carried thirteen passengers besides a large lot of baggage and mail. Geo. S. Howard returned from Lake county last Sunday and is now employed in the Times office.

W. H. Leeds, Editor of the Ashland "Tidings," has gone to Lake county to interview delinquent subscribers. Colorado has the smallest bonded debt, \$16,030; Oregon the smallest gross debt, of any of the States, \$76,500.

Henry Harmon of Canyonville has been visiting friends in the valley this week and returned home last Wednesday. Muller & Solomon have fenced in the yard back of their store and we learn that the Odd Fellows will soon do likewise.

J. L. Hockett has sold his saloon and distillery at Phoenix to Thomas Pankey, who will take possession in a few days. John Orth wants a settlement with all those owing him. He also has about 25,000 brick for which he will take any kind of grain.

The Misses Maggie Linn and Tillie Miller will accept the thanks of the SENTINEL corps for a supply of excellent ice-cream and cake. If, according to the Bible, the "Wages of sin is death," what an awful lot of people there are in this city who have never been paid off.

Madame Holt says she is under lasting obligations to the people of Jacksonville for their liberal patronage bestowed at the Harvest Ball. The machine shops at The Dalles employ exactly 292 men at the average wages of \$3 per diem, \$26,856 per month, or \$322,560 per year.

D. S. K. Buick and wife, at one time residents of this county, but now of Myrtle creek, arrived here yesterday on a short visit to old friends. Joe. Solomon* returned from San Francisco this week where he purchased a stock of goods, which he will open out at Breckenfeld's, old stand soon.

Matt Shannon and family expect to locate in Jacksonville again soon. Richard T. Blackwood and wife will take charge of the Soda Spring house. Rev. M. C. Miller and bride, returned on a short visit this week but will start for Roseburg in a few days, where they will be located for the coming year.

A neat fence has been built around the Presbyterian Church and painters are now employed in making what is to appear as a stone foundation underneath. We were in error last week in stating that Rev. L. L. Rogers officiated as Minister at Rev. D. A. Crowell's wedding. Rev. M. A. Williams tied the knot.

Madame Holt this week received the contract for keeping the county poor another year for \$1,700, a reduction of \$200 per year from the last contract. Mrs. Adam Klippel, accompanied by her daughters Miss Tillie and Ida, and her sons Edgar and Charles, started for Portland on Wednesday's stage, where they go to join Mr. Klippel, who is now employed on the "Christian Advocate."

C. J. Howard and party, who have been employed for about six weeks surveying government land in Lake county, returned this week having completed their work. E. Jacobs, besides having built a substantial break-water around his residence, is making sundry other improvements and has one of the neatest little homes in the country.

Another lot of marble work for monuments is looked for in a few days by the agent W. L. Recori. He is doing a good business here and all his work is of the very best. A. C. Jones is offering all of his household goods for sale at a bargain. Everything must be sold at once and those in need of anything in that line will do well to call at once.

Hurlburt's surveying party, employed in the Cow Creek mountains, has been called in by orders from headquarters. J. S. Howard and party have received the same orders. County Assessor Nichols has completed the assessment of the county outside of Jacksonville and is now at work in this place. He reports valuation about the same as last year.

John Lacy says the "Tidings," has again bought the station on Corral creek, or the Linkville road, he recently sold to H. F. Phillips. He paid some \$200 more than he sold it for. H. B. Black informs us that he has not gone to Lake county, as reported last week, but has located at Red Blankaet prairie, twelve miles from Big Butte, where he has taken up a ranch.

Last Tuesday Wm. Walker, assistant light house keeper at Cape Arago, accompanied by Al Sprague, who has been employed on the government work at Rocky Point, was drowned at Coos Bay. The infant son of Geo. W. Isaacs died at the parental residence last Thursday and on the following day was buried in the Jacksonville cemetery. The child was in his fourth year.

E. G. Hurch of Roseburg has purchased a one-half interest in the "Plainsdealer" of that place and will hereafter assist in the editorial management. We join in wishing him success. W. F. Lowe and Pat. Gleason passed through town yesterday on their way South. They are engaged in placing the lines of the W. U. Telegraph Co. in good repair for the winter.

In accordance with the proclamations issued by Governors of several States, last Tuesday was set apart as a day of prayer for the recovery of our President. No proclamation was issued in this State. If all the doctors who are criticizing the surgical treatment of the President had been allowed to carry out their plans he would have perished long ago. He is no doubt receiving the best of medical attention.

A subscription is being raised among the farmers of Benton and Linn counties to keep the Government engineers at work on the Yaquina bay improvement until the next Congressional appropriation is made. Oregon has fewer holders of national bonds than any other State—the number being only 14. Massachusetts has the highest number—16,855. But in the amounts held New York is far ahead of Massachusetts.

The two Benedictine Fathers, Revs. Father Oedermt and Frei, will officiate at the Catholic Church to-morrow, both morning and evening, for the last time. They expect to continue their travels northward next week. It is rumored that the new Presbyterian Church is to be dedicated with a wedding ceremony in high life. It is a question whether the Church can be completed in time, however, as the aforesaid parties seem to be ready now.

The party in search of the Brother Jonathan is now making daily trips, when the weather will permit, to the locality where the wreck is supposed to be. They are obliged to come to Crescent City every night in order to get fresh water. The telegraph announces another horrible ocean disaster. The Union mail steamer Teaton, with 200 souls on board, was wrecked near Cape Town. Of the whole number only twenty-five were saved. Most of them were emigrants.

F. Breckenfeld held auction at his store last Saturday with N. Langell as auctioneer and everything sold went at a good sacrifice. There are lots of goods left yet and the auction will be continued to-day, and every Saturday until everything is sold. Linkville, Ogn., says the Yreka "Journal," is growing fast, and is becoming one of the largest and wealthiest towns in Southern Oregon. Property lately sold there brought very high prices, and the business men are all doing a flourishing trade.

Max Muller and his son Ike started for Roseburg last Thursday where the former will attend to some government transportation in which he is interested. During his absence D. W. Crosby assists Wm. Jacobs in attending to Post-office and stage business. Next time you shiver at having a tooth pulled think of Joseph Brooks, of Colorado. He lay still and let a bear chew his arm off, and thereby saved the rest of his body. Come to read the item over again it was a wooden arm, but Joseph wasn't to blame for that.

Herman v. Helms felt so good over the new eleven pound male arrival at his house this week that he presented the SENTINEL office with a bottle of champagne. We hope the boy may live to be one hundred years old, become President of the United States, and never get shot.

A numerously signed petition has been presented to the Douglas County Court, asking that the assessment of the Oregon and California Railroad Company be fixed at \$23,000 instead of \$4,000 per mile, as at present. This is done in consideration of favors extended to the people there by the company. At the funeral of the late Jerry Woods last Friday, his term of white horses was dressed in mourning and hauled the stage containing employees of the C. & O. Stage Co. in funeral procession to the cemetery, followed by the entire stock and pages of the company in town at the time.—"Yreka Journal."

The Lakeview, Or., papers say that Goose Lake Valley is now sorely afflicted with grasshoppers and crickets. Myriads of these pests are devouring everything green in their path of travel. A band of crickets will march two or three miles a day, and leave the earth behind them destitute of the last vestige of vegetation. A San Francisco Court has decided that a railroad ticket is only good for the trip for which it was bought. A man bought a ticket to go on a certain train, but failed to go. He went the next day and was put off because the ticket was dated the day before. He brought suit for \$5,000, but the Court decided against him.

D. H. Feathers, Frank Huffer and W. W. Cardwell started for Coosburg last Thursday morning in a private conveyance, from where they will take the train for the Willamette. Feathers is going after his wife, who is visiting friends at Seaside. Huffer and Cardwell will attend the State University at Eugene.

The Apaches in Arizona are again broken out slaughtering soldiers and officers in Genl. Carr's command. It is now feared that a general Indian war will result, and Genl. Carr declares the Indians have been preparing for this outbreak for six months. Six companies of infantry left San Francisco on the 5th for the scene of disturbance. The Ashland "Tidings" says that the whole of Co. C, 1st Infantry, and a part of Co. L, 1st Cavalry, has been ordered out on detached duty, to build the telegraph line between Fort Klamath and Ashland, and began work at the Fort Tuesday morning, setting the poles. They will proceed direct through to Ashland with this work, and stretch the wire as they return.

Mr. Joseph Satterfield of "The Meadows" has brought us some fine white turnips from seed that was raised this summer. That is, the turnip was planted in the Spring, the seed matured and sown and a large crop of roots raised from it. Mr. S. has also a good crop of potatoes growing from seed raised this year, the second crop promising as well as the first. This is good evidence of the prolific soil and favorable climate of Jackson county.

The Wheeler & Wilson new sewing machines are adapted to every grade of manufacture of stitched goods and every kind of domestic sewing. They are superior to all others in point of speed, durability, precision and ease of operation, regularity, strength, beauty of stitch, range of work, faculty of management, perfection of construction and elegance of finish. They are declared by the highest authorities the best sewing apparatus in the world.

One of the best tributes to Mr. Blaine is this from the Albany Journal: "The best abused man in the Government is Mr. Blaine. Occupying the most delicate and difficult situation ever held by a Secretary of State, he has not committed a single blunder; has been a model of discretion, reticence and tact; has escaped the interviews; has patiently and silently borne the most wanton, unjust and unprovoked abuse, and has earned the confidence of the whole American people."

As some inquiry has been made as to the grain products of the United States, says the "Oregonian," we give a summary of the report of the United States census. The report is for the year 1878. We learn that from 62,326,952 acres planted in corn there were raised 1,772,909,846 bushels, from 35,487,065 acres in wheat the yield was 287,715,626 bushels; 36,150,711 acres of oats produced 407,970,712 bushels; 2,005,466 acres devoted to barley gave us 44,149,479 bushels; the 1,844,321 acres sown in rye, brought forth 16,918,795 bushels, and the 856,304 acres of buck-wheat gave a return of 9,821,721 bushels. The total acreage for cereals in 1879, was 118,669,619, and the yield nearly three thousand millions of bushels, or an average of fifty four bushels to each individual of our 50,000,000 of population.

T. D. Parkinson, of Kelley Creek, tells the "Silver State" that what is known among cattlemen as "black leg" has made its appearance in the eastern part of Humboldt Co., and is proving very fatal to young cattle. Calves under a year old are its principal victims, and those in good condition seem to be more liable to catch the disease than poor ones. The disease generally proves fatal in a few hours. Mr. Parkinson says he examined several, which died of the disease, internally, but could discover no signs of disease in their vital organs, though the disease it affects the liver. The legs, however, appear as if they had been bruised or pounded, the flesh being quite black, hence the name "black leg." The disease first made its appearance in Eastern Nevada, about two years ago, and several young cattle died of it last fall at the Humboldt. Are there any possible precautions which can be taken against the spread of this disease? If so, stockmen should see to it.

One of the great benefits says the Yreka "Journal" to be derived from a railroad through this section and Southern Oregon, would be the opportunity of sending slaughtered beef to the San Francisco and Sacramento markets, as is doing at the East, thus saving the great trouble and cost of driving and shipping the beef on foot. Mutton, veal and pork could be also shipped in the same manner by the refrigerator cars, together with Siskiyou county ice, to keep the refrigerators cold.

Never in the history of the state has there been as large a number of patients under treatment at the Oregon asylum for the insane as there is at the present time, as shown by the following returns made to the secretary of state by acting superintendent S. E. Joseph under date of August 31, 1881: Number of patients on hand June 1, 1881, 304; admitted during the quarter, 33; returned, 3; under treatment, 340; number discharged during the quarter, 23; died, 6; number patients in hospital Aug. 31, 1881, 311. The admissions during the quarter were much larger than ever before, and the sum paid by the state for their care and treatment during the quarter amounted to the enormous figure of \$26,282.85.

HOLLOWAY'S PILLS.—Never Despair.—Something that never fails—Fever and Ague—To the sick it is of little consequence how they are cured, whether from a rational view of the disease or by the rules defined for the guidance of the profession, so long as the cure is certain and expeditious. To a suffering man the question on the relative merits of quinine or calomel is uninteresting. The faculty may wrangle and discuss their various theories, but Dr. Holloway's treatment dispels doubt ere the disciples of Esculapius have finished the first stage. Holloway's Pills are the only remedies which effect a speedy and radical cure without danger of a relapse. Read the advertisement elsewhere.

IMPORTANT CAUTION.—None are genuine unless the signature of J. HAYDOCK, surrounds each box of Pills and Ointment. Boxes at 25 cents, 62 cents and \$1 each. There is considerable saving by taking the larger sizes. HOLLOWAY & Co., New York.

TROOPS FOR ARIZONA.—Yesterday morning a dispatch was received, says the Wa-la Walla "Journal," from Gen. McDowell, dated at San Francisco, Sept. 3d, ordering Col. Grover to send one of the companies stationed at this post to report as soon as possible at the Presidio, from which point the company will go to Arizona unless hostilities cease before their arrival. Company M, with Captain Harris and Lieut. Taite as officers, was selected and will start for their destination to-morrow. They will go to Portland by rail and steamer, and then south by the way of Roseburg and Redding. The telegraph orders stated that they were to go equipped for field and service, and would not return to this post. The Company left Roseburg yesterday morning overland. Mr. N. Fisher of this place has the contract for conveying their baggage to Redding and has several teams employed at present.

A CARD.—Everyone knows that sewing machines are sold for twice what they should be, and the reason the purchaser pays two prices is because he pays: 1st, for the machine; 2d, the traveling expenses of a good road commission to the agent who sells to him; 3d, the cost of collection, etc., when he buys on time. The way to remedy this is to buy your machines for cash, at fair living prices. I will have in a few days a lot of the celebrated New York Singer Machines, got up after the best and latest styles, with elegant furniture, containing all the latest improvements, and all the attachments complete, which I can sell at \$45. Each machine is accompanied by the manufacturer's guarantee for five years. Call and see those machines, and save fifty per cent. in buying. D. H. FEATHERS, Agent.

ANOTHER PIONEER GONE.—J. N. Vannoy, of Rogue river, one of the oldest pioneers of Rogue river valley, died at his residence last Saturday after a short illness at the age of 66 years. Deceased came to this coast from North Carolina in 1850 and has resided here since. He named and was the original owner of Vannoy's ferry crossing Rogue river and was universally respected by all who knew him. He leaves a family of—children.

INDIAN RESERVATION.—Malheur Indian Reservation has been abandoned by the U. S.; and will soon be thrown open for settlement. It is hoped by our members in Congress that no job is up by the cattle kings of that region, and add to their already enormous range. The common people ought to have some chance to get homes in Eastern Oregon.

RUNAWAY.—The young man employed in carrying the mail for Pat McMahon on the Butte creek route had a runaway yesterday which appeared quite bad but done no other damage than to demolish the wagon. The mail carrier took the mail on horseback from that point on.

ORDER DRAWN.—The County Commissioners of Josephine county at the last term of court drew an order for \$3,000, their donation towards building the Crescent City Wagon-road. What are Jackson county subscribers going to do?

LOST.—A heavy gold ring was lost on the streets of Jacksonville last Thursday and if the finder will return to this office he will be liberally rewarded.

COMMITTEE MEETING.—At a preliminary meeting of the Executive Committee of the Southern Oregon Pioneer Association, held in the parlors of Honck's hotel, on the 6th inst., the following proceedings were had: The Tidings: Marshal, E. K. Anderson; Committee on Grounds, A. V. Gillette; Committee on Table, Mrs. Coolidge; Mrs. J. B. Russell, Miss Laura Anderson; Miss Kate Thornton, Miss Cordelia Smith; assistants to the above committee, James Thornton, Guinn Butler, Orlando Myer, Job Tozer, A. D. Helman; Committee on Music, Quinn Willits. The above committees are requested to meet at an early date and appoint their sub-committees. The committee announce that tea and coffee and bread and roast meats will be provided on the grounds, and that visitors provide themselves with well filled baskets of good things, except as above enumerated, with dishes and baskets well labeled, that there may be no confusion. They invite all old pioneers to come and help us recall the scenes and events of our pioneer life, while those who have more recently come to this valley, are most cordially invited to come and be their guests on that day. The committee have as yet been unable to procure an orator, and they request that each Pioneer come prepared to be called upon to address the society. The Pioneers will meet promptly on the grounds at ten o'clock, when the regular programme will be announced.

Arrivals at the U. S. Hotel. The following is a list of the arrivals at the U. S. Hotel, since our last report: SATURDAY. Web. B. Parker.....Wagner Creek SUNDAY. L. W. Stone.....Chicago Ill Steve Curran.....Mountain House MONDAY. G. W. Benis.....Colfax Cal M. S. McCall.....Ashland Frank McCord.....Silver creek Joe T. Mayne.....San Francisco TUESDAY. A. F. Merten.....San Francisco J. H. Morris.....Lewistown, Col R. D. McKinney.....Wagner Creek U. J. Stevens.....San Francisco H. Murphy and wife.....Oregon S. Hall.....Roseburg R. A. Lowe.....Portland J. H. Simpson.....San Francisco Pat. Gleason.....Portland FRIDAY. Thos. Mein.....Nevada City S. Hall.....Roseburg

THE PAROTID GLAND.—Everybody wants to know about the parotid glands, the right one of which the President is reported in a state of inflammation. A medical friend of the Cheyenne Leader furnishes the following explanation: "These glands derive their names from two Greek words which express the idea of nearness to the ear. They lie on each cheek below the ear, and, of course, forward of it. The function of these glands is the secretion of saliva, and they are the largest of all the salivary glands. Each is furnished with a tube or duct a little over two inches long, which opens to the inner part of the cheek, opposite the upper jaw. Each gland weighs about one ounce. The other salivary apparatus is composed of the sub-maxillary gland and the sub-lingual glands, which lie, as their names indicate, the former under the lower jaw and the latter under the tongue. In protracted low fevers the parotid gland is frequently the seat of fevers, and sometimes even of abscesses. Inflammation of this gland, although annoying and painful, is not necessarily a serious symptom."

STARTLING RUMOR.—Some young men out fishing yesterday on Bear creek, just below the Eagle Mills, came upon a barrel floating in an eddy of that stream. They at first supposed it to be empty and worthless, at least to contain nothing more than water, but after bringing it to the shore, their curiosity was sufficiently aroused to cause one of their number to break in the head, when they were startled to find that it contained a skeleton, which after closer examination proved to be that of a female. How or by what means it came where it was found remains a profound mystery.

by which it could be identified was found except a linen handkerchief with an embroidered border, on which were the characters, marked with indelible ink—Lynn C. Doyle.—"Tidings."

"Choice Extracts from DRUGGISTS. "We know the value of malt, hops, calisaya and iron composing "Malt Bitters." "Our lady customers highly praise them." "Physicians prescribe them in this town." "The largest bottle and best medicine." "Best blood purifier on our shelves." "Our best people take Malt Bitters." "Sure cure for chills and liver diseases."

A HEAVY LOSS.—John Zumolt passed through the valley several days ago with a band of 2,964 sheep, en route to Corrinne, Utah. When in the Stein Mountain country, he lost 1,900 head. They had been driven a long way on the day of the loss, and, being hungry, ate heartily of milk-weed and sun-flower. This is supposed to be the cause of their death.—Herald.

Nothing short of Unmistakable Benefits Conferred upon tens of thousands of sufferers could originate and maintain the reputation which AYER'S SERRA-PARILLA enjoys. It is a compound of the best vegetable alteratives, with the Iodides of Potassium and Iron, and is the most effectual of all remedies for scrofulous, mercurial, or blood disorders. Uniformly successful and certain in its remedial effects, it produces rapid and complete cures of Scrofula, Sores, Boils, Humors, Pimples, Eruptions, Skin Diseases and all disorders arising from impurity of the blood. By its invigorating effects it always relieves and often cures Liver Complaints, Female Weakness and Irregularities, and is a potent renewer of vitality. For purifying the blood it has no equal. It tones up the system, restores and preserves the health, and imparts vigor and energy. For forty years it has been in extensive use, and to-day the most available medicine for the suffering sick, anywhere.

FOR SALE BY ALL DEALERS. TWO OR MORE SERGEONS. Of the Pacific Surgical Institute, 305 Kearney street, San Francisco, will be at the Metropolitan Hotel, Roseburg, September 8, 9 and 10; at the U. S. Hotel, Jacksonville, Sept. 12, 13 and 14; at Houck's Hotel, Ashland, Sept. 15 and 16, and at the Franco American Hotel, Yreka, Cal., Sept. 19 and 20. Fully prepared to cure: 66 Spinal Disease, A knee and Hip Disease, Club Foot, Crooked Limbs, Paralysis, and all Chronic and Surgical Diseases. As this Institution is unequaled in facilities for the treatment of these affections all who are interested should not fail to see these Surgeons.

No human agency can so speedily cleanse the blood, clear the complexion and skin, restore the hair and cure every species of itching, scaly and scrofulous humors of the skin, scalp and blood as the Cuticura remedies. Clear head and voice, easy breathing, sweet breath, perfect smell, taste and hearing, no cough, no distress. These are conditions brought about in catarrh by the use of Sanford's Radical cure. Complete treatment for \$1.

The improved Wheeler & Wilson sewing machines make the lock-stitch without using a shuttle and never breaks your under thread. Fifteen yards print for \$1.00 at the New York Store.

Cuticura THE GREAT SKIN CURE. INFALLIBLY CURES Itching and Scaly Diseases, Scrofulous Humors, Ulcers, Old Sores and Mercurial Affections when all other Human Agencies Fail.

THE CUTICURA TREATMENT, for the cure of Skin, Scalp and Blood Diseases, consists in the internal use of CUTICURA RESOLVENT, the new Blood Purifier, and the external use of CUTICURA and CUTICURA SOAP, the Great Skin Cures. For Sunburn, Tan and Greasy Skin use CUTICURA SOAP, and exquisite toilet, bath and nursery soaps, fragrant with delicious flower odors and healing balsams.

Salt Rheum. Will McDonald, 2542 Dearborn street, Chicago, gratefully acknowledges a cure of Salt Rheum on head, neck, face, arms and legs for seventeen years; not able to walk except on hand and knees for one year; not able to help himself for eight years; tried hundreds of remedies; doctors pronounced his case hopeless; permanently cured by the Cuticura Remedies.

Psoriasis. H. E. Carpenter, Esq., Henderson, N. Y., cured of Psoriasis or Leprosy, of twenty years' standing, by the CUTICURA RESOLVENT internally and CUTICURA and CUTICURA SOAP externally. The most wonderful case on record. Cure certified to before a Justice of the peace and prominent citizens. All afflicted with Itching and Scaly Diseases should send to us for this testimonial in full.

Skin Disease. F. H. Drake, Esq., Detroit, Mich., suffered beyond all description from a skin disease which appeared on his hands, head and face, and nearly destroyed his eyes. The most careful doctoring failed to help him, and after all had failed he used CUTICURA RESOLVENT internally, CUTICURA and CUTICURA SOAP externally, and was cured, and has remained perfectly well to this day.

Scrofula. Hon. Wm. Taylor, Boston, says: "After three months' use of the CUTICURA RESOLVENT, and 13 years' constant suffering from humors of the neck and scalp, I am now as well as ever." I must remark on my record, I have been so cured with my success that I have stopped men on the street who were afflicted and told them to get the Cuticura Remedies and they would cure them.

Skin Humors. Mrs. S. E. Whipple, Decatur, Mich., writes that her face, head and some parts of her body were almost raw. Head covered with scabs and sores. Suffered fearfully and tried everything. Permanently cured by Cuticura Remedies.
