

Land Office at Roseburg, Ore., June 29, 1895. Notice is hereby given that I have designated the OREGON SENTINEL as the paper in which I shall hereafter publish all pre-emption, homestead and applications for mining patents for lands lying near Jacksonville, Jackson County, Oregon.

FOR SALE CHEAP.—Five head of work horses, two set of double harness and one wagon, all nearly new. Enquire at Howard's store.

LOST.—A coat and several other articles of clothing were lost somewhere between here and Central Point. The finder will confer a favor by either returning to this office or S. Schumpf.

REDUCTION OF TOLL.—The public take notice that the toll over the Rock Point bridge has been reduced one half. It is claimed that the road by this bridge is three quarters of a mile shorter than that which crosses at the Dardanelles.

SORGUM.—We this week received a gallon of sorgum syrup made by Messrs Walker & Wisley that cannot be excelled anywhere. It is equal if not superior to any of the imported articles and the gentlemen will surely build up a lucrative business in this line.

FOR THE LADIES.—Reames Bros. have just received a large assortment of ladies' ulsters, dolmans, cloaks and circulars of the latest styles and best material direct from San Francisco, which will be sold at reasonable rates. The fair sex should lose no time in examining them.

QUARTERLY MEETING.—The next quarterly meeting of the M. E. Church will be held here to-day and to-morrow. Services will also be held to-day followed by the quarterly conference and love feast on Sunday at ten o'clock A. M. and preaching at eleven A. M. and seven P. M. by Rev. B. J. Sharp.

THE LEGISLATURE SHALL.—The constitution of Oregon, article XV, section 8, says: "No Chinaman not a resident of this State at the time of the adoption of the Constitution, shall ever hold any real estate or mining claim therein. The Legislative Assembly shall provide by law in the most effectual manner for carrying out the above provision."

NEW DEPUTY.—M. Caton has resigned his position as Deputy Sheriff and Joseph H. Hyzer has been appointed to fill his place. During his term of office Mr. Caton has given the best of satisfaction and we are sorry to lose him, officially, but we have no doubt but that his successor will be equally acceptable and will make a wide-awake, efficient and trustworthy officer.

SHOOTING SCRAP.—Last Tuesday a man named Smithereen and another known as Frenchy got into a quarrel in Forbes' saloon at Linkville, where the former drew a revolver and shot, the ball passing through the saloon-keeper's pants and then glancing struck the eye of a young man who was a witness to the row. The young man who was shot is said to be in a critical condition. Smithereen, who done the shooting, is said to have taken leg bail immediately after the affray and has not been heard of since.

A VOTE OF THANKS.—We, the officers and members of Victory Council, No. 4, C. of H., take this method of expressing their appreciation and gratification for the very eloquent and heartfelt address delivered at the funeral obsequies of our late President by Prof. J. W. Merritt. We appreciate talent and real worth in our far off Oregon. If the mother of J. W. Merritt could have heard the touching address delivered by her illustrious son, she too would have just cause to be proud. It was universally felt in every heart to be the best effort ever delivered in Oregon. Who that loves his country can fail to endorse such sentiments of patriotism. May his future efforts be crowned with a like success, and may we long retain him as a sober and instructor for the young.

TRAGIC DEATH.—Last Wednesday, between the hours of twelve and one o'clock P. M., Jacksonville was the scene of the tragic death of one of her best citizens, the facts of the case being about as follows: On the day mentioned Matt Shannon and D. C. Courtney met in front of Bilger, & Maegly's hardware store and after a few words over some business disagreement between the two men Shannon struck at and knocked Courtney into the door of the store. Immediately after this, and while Shannon was on top of him, Courtney shot twice, one shot taking effect in Shannon's right breast and the other in the right cheek, the ball passing nearly through the head and lodging in the brain. Death must have been almost instantaneous. Shannon's remains were conveyed to his residence where an inquest was held with the following jurymen: K. Kubli, M. Caton, H. V. Helms, C. W. Savage, S. M. Hubbard and J. W. Cunningham. The jury returned a verdict that the deceased came to his death by a gunshot wound inflicted by a pistol in the hands of D. C. Courtney. The weapon used was a self cocking Smith & Wesson five shooter of which two chambers were empty. Courtney was arrested immediately and is now in jail awaiting his preliminary examination which will probably take place to-day. We forbear further comments at present.

LOCAL ITEMS. Everybody has a cold. Sheep shearing has commenced. County Court meets next Wednesday. The Workmen ball will take place soon. Sewing machine for sale at this office. Justice Huff's court has been kept going lively this week. Capt. E. C. Flye, of Bybee's ferry, was in town yesterday. Attend the las: day of the races at Cardwell's track to-day.

Only 25 cents is now charged for meals at the New State hotel. The Kelly-Ruble case has been set for to-day in the Circuit Court. The Eagle Mills near Ashland are selling flour at \$15 per thousand. White Bros. of the Rock Point bridge have reduced toll one half. Dr. G. H. Aiken and wife are expected back from California to-day. Rev. B. J. Sharp will preach at Sterling on Wednesday evening, October 3.

Eljah Livingston, ex-Sheriff of Douglas county, died last week of consumption. A large turn-out from Ashland was present at the memorial services last Monday. Professors Johnson and Scott will give entertainments throughout the country soon. Work on the C. C. W. R. has been suspended for the present but will be resumed soon. Read John Nolan's advertisement and give him a call when you want some good liquor.

W. H. Leeds, editor of the Ashland "Times," was among the Ashland visitors last Monday. J. M. Smith, formerly of Kerbyville, has taken a position in the store of B. F. Reeser at Ashland. Wm. M. Turner and family started for Portland last Thursday for a trip of business and pleasure.

B. P. Carivell, Deputy Collector of Internal Revenue, is here on his annual tour of inspection. E. Dinick and J. C. Campbell represented Grant's Pass at the funeral obsequies on Monday last. Chris Kritzer stood an operation on his shoulder will last week and is improving since it took place.

Geo. S. Walton and Geo. Hayes have purchased \$4,000 worth of land on Bear creek of Haskel Any. Those of our subscribers who promised an wood are requested to bring it in at once before the roads get bad. F. Breckenfeld and wife started for Pocatound last Monday. We wish them good luck wherever they may go. Old Fellows in good standing are requested to meet at their hall this evening as business of importance will come up. H. A. Cryderon account of ill health, has decided on quitting business at Phoenix, and offers his drug store for sale.

L. S. P. Marsh has taken contracts to build new houses for Haskel Any and Geo. S. Walton of Manzanita precinct. James Loomis, whose house near Rock Point was burned a short time ago, has removed to the Willamette valley. We acknowledge a pleasant call this week from W. H. Cone, representing the well known house of H. S. Crocker & Co. The Reverend Mother and Sister Mary Joseph arrived from Portland this week and are now at St. Mary's Academy.

A band of 1,500 head of sheep belonging to Nick Fiecke of this place were driven to town from Applegate this week. Mrs. Evan R. Reames and daughter left for Linkville yesterday where the family will take up their permanent residence. Quite a sum of money was raised in subscriptions by Henry Kubli this week to defray the funeral expenses of Matt Shannon. Rev. Father Blanchet delivered an excellent funeral oration at the Catholic Church last Monday in honor of President Garfield.

The Board of Equalization meets at the County Clerk's office next Monday. Aggrieved parties should make it a point to be on hand. Joe. Solomon has opened out at the old Breckenfeld stand with a large stock of general merchandise. Wm. Mensor is chief clerk. The improved Wheeler & Wilson sewing machines make the lock-stitch without using a shuttle and never breaks your under thread. Secretary of State, Earhart, has issued to Miss Eveline Hockett, of Phoenix, a certificate of admission to the deaf mute school at Salem.

Mrs. Riley Myers while returning to her home in Table Rock precinct this week was thrown from a wagon and had her collar bone fractured. Capt. Milo Caton has opened an office next door to the SENTINEL and can always be found ready to attend to any constable or collection business. Parties desiring a Singer sewing machine can leave their orders at this office or at the U. S. Hotel whenever Mr. Crosby, the agent, is out of town.

Wm. Ruble arrived from Salem this week to look after his interest in the Kelly-Ruble case which comes up to-day. Hon. Richard Williams, ex-Member of Congress, arrived here yesterday and is counsel in the Kelly-Ruble case now pending in the Circuit Court. Invited guests to the Nickel-Prim wedding will attend at the Presbyterian Church next Wednesday evening at 8 o'clock, where the ceremony will take place. The Jacksonville flouring mill is now running night and day and from the way wheat is coming in they will have to continue doing so for some time to come. Townsend & Graham have drove their band of 1,500 head of sheep from Lake county to the Angel place in this valley where they will take up winter quarters.

Mrs. Judge Tolman accompanied by her daughters Misses Hattie and Ida, arrived this week from Portland and are now visiting the old homestead near Ashland. Hon. E. B. Watson, Supreme Judge, accompanied by his family, started for Salem last Friday, where the Judge goes to attend the next session of the Supreme Court. J. I. Knight Superintendent of the C. C. W. R. was in town last Monday. He reports work suspended on the road at present but thinks operations will soon begin anew. J. N. T. Miller returned from Linkville yesterday where he has been looking after his interests for some time past. He reports health good and business thriving. Daniel Cronemiller and wife of the Klamath Agency arrived in town this week on a visit to old friends. We learn that he has accepted the position of Miller at the Agency.

N. A. Handy of the firm of Handy & Roberts of Linkville died at that place last Sunday of paralysis and was buried on the following Monday. He was about 60 years of age. A post mortem examination of the body of Matt Shannon was made by Drs. Robinson and Vrooman last Thursday when it was found that the second shot fired by Courtney was the fatal one. The Earl of Airlie, who visited Jacksonville not long since, died at Denver, Colorado, a few days since. It seems that he died several days after the first announcement of his death was made. Bids will be received at St. Mary's Academy for the removal of the old Fruit Dryer building to the lot adjoining the academy, and also for the furnishing of the building. B. F. Miller of the Sardine creek nursery brought as a fine lot of peaches of the Heath variety, and also a lot of genuine French prunes. They were the finest we have yet seen. We are informed that the cattle burr has become so thick in the county road near Central Point that it is impossible for two teams to pass each other. We hope to hear of the road supervisor doing something soon to make the road passable. Joe. Solomon says he is ready for business and will not be undersold. His stock is all new, selected by himself and he promises bargains to all who give him a call. He is also agent for the celebrated Eagle tobacco—the best in the world. Wm. Borgman, of Josephine county, this week showed us some nuggets taken out of the Silver creek mines that were beautiful. One of them weighed \$85, another \$55 and another \$48. He expresses the opinion that the creek will be worked out in another season. The Canyon Road case is to be before the Supreme Court next month. Dist. Atty. Hamilton has given a written order withdrawing his motion to dismiss. It is said that if the appellants regain their rights they will donate the road to the people of Douglas county. Among the Josephine county visitors at the memorial services of President Garfield we noticed E. M. Nickerson, Chas. Hughes, Judge Floyd, Wm. Borgman, Jas. Wilson, Dr. Holton, C. Kruse, Geo. Grotz, Mike Ryder and J. I. Knight. They returned home on Wednesday. We acknowledge the receipt of an invitation to attend the wedding of Chas. Nickell and Miss Ella Prim, next Wednesday evening at 8 o'clock P. M. A reception at the residence of P. P. Prim will follow after the ceremony. We extend congratulations in advance and hope they will never be out of coin. We are sorry to announce that E. H. Autenrieth's eyes have again taken a charge for the worse, and in company with Judge H. K. Hanna he started for Yreka this week. It is possible that he may not go any further as the San Francisco doctors say they can treat him at home as well as if he was in the city. "We hope to hear of his speedy recovery. Henry Willard, President of the Oregon Railway and Navigation Co., and all that belongs thereto, left New York, Sept. 19th for a general tour of inspection on the Pacific Coast. He will come direct to San Francisco, and from there to Portland. When that magnate arrives, it is a determined fact that some light will fall upon us, of the intention of the O. & C. R. R. Company. Fifteen yards print for \$1.00 at the New York Store.

THE RACES.—The Fall meeting at Cardwell's new track was not as much of a success on the first two days as it should have been on account of the slim attendance. A better crowd is looked for to-day however, and some good races are expected. On the first day there was a half mile and repeat race between Conthrop's horse "Little Jim," Si. McKee's "Henry" and E. Flittner's "Reuben," won by the first mentioned. Best time 55 seconds. The half mile dash was won by Geo. Stevenson's "Lilly White West," beating C. H. Reeser's "Judge T." and C. D. McCann's "Hoppicker." On the second day the first race was nine heats, best two in three, for which there were the following entries: Si. McKee's "Henry," E. Flittner's "Judge T." The latter won in two straight heats. After this there was a single dash of half mile for which "Judge T." "Hoppicker," "Capt Jinks" and "Pile-driver" were entered, resulting in a victory for "Judge T." To-day's races were to be the most interesting of any yet held and it is probable that the attendance will be much larger.

BUYING THEM OUT.—A number of the representative ladies of Ashland paid a visit to the underground saloon on Granite street last week, and remonstrated with the keeper upon his course in maintaining such a place in town in direct antagonism to the wishes and interests of the large majority of the citizens. Frank considered the matter with swimming eyes, took several drinks, poured out beer for the ladies (which they poured out on the floor, it is said), took a few more drinks with his friend, the legal adviser, and then offered to sell out to the ladies and quit the business. The ladies concluded to buy out the establishment, that is, the building and lot, and by canvassing among the business men of the town, had about raised money enough to make the purchase yesterday evening. The keeper and his partner have promised to give bonds that they will never sell any more liquor in Ashland. While we are forced to consider this a very unpromising way of accomplishing what is sought, we trust the ladies will not be disappointed, and forebear aving anything discouraging unless further developments may render it necessary.—Times.

WHICH IS BEST?—The so called "cheap" sewing machine which so-n doubles its original cost in repairs, continually disappoints expectations, as to its performance and is always a source of vexation while it pretends to work and in a short time refuses to act at all or the genuine well made reliable and durable machine whose first cost is its loss. The sewing machine like the watch to be any permanent value must be made of the best materials, highly wrought, beautifully finished carefully adjusted. It is idle to expect these conditions to be fulfilled by companies who are making "cheap machines," and are liable to abandon the business at any time leaving their customers to their own resources. To buy cheap is to pay dear in the end. The new improved No. 8 Wheeler & Wilson machine is the simplest in construction of any in the market, is the easiest to manage and is never out of order. Why therefore waste your money upon a (so called) cheap machine when for a slight advance in price you can purchase a first class machine from a reliable company who will always remain in the business and carefully watch the interests of their customers. Whereas these low priced machines are fobbed out to country dealers and when the stock on hand is sold, the companies manufacturing them drop out of the market. Consult your own interests and call or address to W. H. SHAYES, Agt. Wheeler & Wilson Mfg. Co., Jacksonville, Oregon.

A CARD.—Everyone knows that sewing machines are sold for twice what they should be, and the reason the purchaser pays two prices is because he pays: 1st, for the machine; 2d, the traveling expenses of and a good round commission to the agent who sells to him; 3d, the cost of collection, etc.; when he buys on time. The way to remedy this is to buy your machines for cash, at fair living prices. I will have in a few days a lot of the celebrated New York Singer Machines, got up after the best and latest styles, with elegant furniture, containing all the latest improvements, and all the attachments complete, which I can sell at \$45. Each machine is accompanied by the manufacturer's guarantee for five years. Call and see these machines, and save fifty per cent in buying. D. H. FEATHERS, Agent.

No human agency can so speedily cleanse the blood, clear the complexion and skin, restore the hair and cure every species of itching, scaly and scrofulous humors of the skin, scalp and blood as the Cuticura remedies. Clear head and voice, easy breathing, sweet breath, perfect smell, taste and hearing, no cough, no distress. These are conditions brought about in catarrh by the use of Sanford's Radial cure. Complete treatment for \$1. Choice Extracts from Druggists. "We know the value of malt, hops, culisaya and iron composing "Malt Bitters." "Our lady customers highly praise them." "Physicians prescribe them in this town." "The largest bottle and best medicine." "Best blood purifier on our shelves." "Our best people take Malt Bitters." "Sure cure for chills and liver diseases."

NEW WAGONS.—J. A. Cardwell has just added to his lively stock two handsome spring wagons, double seated, and a most convenient light running back board just suited for mountain travel. Try them and see how leasy they run.

THE WHEELER & WILSON NEW SEWING MACHINES are adapted to every grade of manufacture of stitched goods and every kind of domestic sewing. They are superior to all others in point of speed, durability, precision and ease of operation, regularity, strength, beauty of stitch, range of work, faculty of management, perfection of construction and elegance of finish. They are declared by the highest authorities to be the best sewing apparatus in the world.

CARRYING WEAPONS. Thursday's tragedy, if it is nothing more is at least another addition to that long list of bloody arguments which are continually crying out against the practice of carrying concealed weapons. A business transaction between two men is the occasion of some disagreement. Hot blood and high words, a scuffle, a pistol shot, a heavy thud upon the ground and one soul has winged its eternal flight while another bears the indelible seal of human blood. All that is left of the victim is laid quietly away in that voiceless city of the dead and a weeping widow and her helpless orphans are left to live in that great shadow of grief which is known only to those whose love cherish the memory of a kind husband and gentle father. But the victor has raised a bloody hand above the heads of his wife and children and set a blister of disgrace upon their forehead. Henceforth they are doomed to share his shame and their own innocence hangs the dark shadow of a dishonored name. It is the old old story repeated and repeated over and over again. If the pistol had not been ready at hand the hot blood would have cooled of itself or at most would ooze out through black eyes and broken noses and no great harm been done. And yet, despite all these terrible lessons, written as they are in human blood, and sealed with the sad tears of bereavement and the still sadder and more bitter tears of disgrace and despite all the laws and all that has been written and said of men and even boys, and many of them to continue to carry pistols almost with as much regularity and as much a matter of course as they carry a pocket-knife. No sane person believes for one moment that it is necessary for any one to carry a pistol on the streets of Jacksonville as a matter of personal protection. It is almost universally true that concealed weapons are a mark of cowardice and the dodge of a bully. A brave, honest, peaceable man who has the moral courage to run rather than lift his hand to shed his neighbor's blood, finds no need of pistols and if he did would carry them boldly and without concealment. No man ought for one moment to contemplate the possibility of his taking human life, and the moment he puts a pistol in his pocket he puts the thought of using it into his head. He becomes familiar with the thought as he becomes familiar with the pistol, until the moral bravery which would turn him pale at the very thought succumbs to a moral cowardice which shrinks only into fear of human law. If then he is driven to madness, and this is no longer difficult, his blood heats under the fire of real or fancied injury, there is no moral courage left to lift him into the cool atmosphere of his sober senses, the pistol is at hand and the old story is repeated once more. Throw away your pistols or leave them at home secluded in dark drawers, but don't come out into God's glorious daylight with the dark possibility of murder concealed in your pocket.

ADVANCING YEARS, care, sickness, disappotment, and hereditary predisposition—all operate to turn the hair gray, and either of them inclines it to shed prematurely. AYER'S HAIR VIGOR will restore faded or gray, light or red hair to a rich brown or deep black, as may be desired. It softens and cleanses the scalp, giving it a healthy condition. It removes and cures dandruff and humors. By its use falling hair is checked, and a new growth will be produced in all cases where the follicles are not destroyed or the glands decayed. Its effects are beautifully shown on brassy, weak, or sickly hair, on which a few applications will produce the gloss and freshness of youth. Harmless and sure in its operation, it is incomparable as a dressing, and is especially valued for the soft lustre and richness of tone it imparts. It contains neither oil nor dye, and will not soil or color white canber; yet it lasts long on the hair, and keeps it fresh and vigorous. FOR SALE BY ALL DEALERS.

It removes and cures dandruff and humors. By its use falling hair is checked, and a new growth will be produced in all cases where the follicles are not destroyed or the glands decayed. Its effects are beautifully shown on brassy, weak, or sickly hair, on which a few applications will produce the gloss and freshness of youth. Harmless and sure in its operation, it is incomparable as a dressing, and is especially valued for the soft lustre and richness of tone it imparts. It contains neither oil nor dye, and will not soil or color white canber; yet it lasts long on the hair, and keeps it fresh and vigorous. FOR SALE BY ALL DEALERS.

Various causes. Advancing years, care, sickness, disappotment, and hereditary predisposition—all operate to turn the hair gray, and either of them inclines it to shed prematurely. AYER'S HAIR VIGOR will restore faded or gray, light or red hair to a rich brown or deep black, as may be desired. It softens and cleanses the scalp, giving it a healthy condition. It removes and cures dandruff and humors. By its use falling hair is checked, and a new growth will be produced in all cases where the follicles are not destroyed or the glands decayed.
