

NOTICE.

Land Office at Roseburg, Ore., Jan. 26, 1882. Notice is hereby given that I have designated the OREGON SENTINEL as the paper in which I shall hereafter publish all pre-emptions, homesteads and applications for mining patents for lands lying near Jacksonville, Jackson county, Oregon.

ROBBERY.—Some night this week burglars entered the residence of Judge Watson and stole blankets and other goods. Officers are on the track of the suspected parties and it is hoped that they will be brought to justice.

RAILROADING.—James S. Howard and his son Charles have been offered positions on the O. & C. R. R. as surveyors in the work of locating the road and have accepted the job. They will leave here in a few days to commence work.

PARDONED.—Thomas H. Hancock, who was sent from this county for stealing a horse from Meritt Bellinger, was pardoned on the 24th inst. by Governor Thos. M. Thayer. Mr. Bellinger was asking for his release on the ground he was discharged before it could be sent down.

SURGICAL OPERATION.—Mr. I. Richardson, editor of the "Times," performed a surgical operation on himself this week by cutting a bullet from his leg that had lodged there last June by accident. He thinks of hanging out his shingle as surgeon after the return of the editor of the "Times."

CORRECTION.—We were in error last week when we stated that the Jacksonville flouring mills ground 480 bushels of wheat and turned out 18,000 pounds of flour each twenty-four hours. The amount in bushels is correct but the yield in flour should be forty pounds to the bushel, making it 19,200 pounds.

A MASH UP.—While going down Louse creek hill last Wednesday, while on his way to Roseburg after a load of freight, the brake on James Morton's wagon gave away when the whole outfit ran off the grade. One wheel was badly demolished and a pole broken out but the driver and horses escaped uninjured.

MASQUERADE BALL.—The Elvira Social Club have selected January 2d, 1882, as the evening on which they will give their masquerade ball. A feature of the occasion will be a street promenade in the afternoon, preceded by the Jacksonville Brass Band. The supper and ball will be held at Holt's Hall.

JURY LIST.—Following is the list of jurors for the November term of the Jackson County Circuit Court: P. Lyttleton, J. W. Ingram, Edmund Brooks, M. Hanley, George Brown, W. J. Bishop, Thos. H. Gilson, H. R. Brown, J. N. Woods, A. S. Jacobs, James Thornton, H. Amy, Jephtha Davidson, J. A. Cardwell, A. Magly, Ed. Farlow, D. N. Birdsey, G. K. Rawski, J. D. Backley, J. J. Fryer, H. Norton, C. A. Inow, C. Mings, J. M. Fountain, J. H. Breeding, L. W. Pennig, S. Mathes, H. Posner, I. W. Thomas, Wm. Ray, and J. Hannah.

RETURNED.—J. B. Wisley and wife returned from Walla Walla, W. T., this week, where they had gone to visit their son Upton who has been dangerously ill. They brought Upton with them as far as Roseburg on their way home, but his condition was such when they reached there that he was compelled to remain for a time to rest up from the journey. He will be brought home in a few days. Mr. Wisley is more than ever convinced that we have the garden spot of this coast, and says the much talked of Walla Walla valley can't come anywhere near it in point of climate and productions.

WHO CAN BEAT THEM?—Last Sunday Joseph Satterfield brought us some specimens of vegetables raised on his farm at the Meadows on Evans creek which for size can't be beat anywhere. Among the vegetables brought in were two red beets weighing 1 1/2 pounds each, one sugar beet weighing 1 1/2 pounds and a white radish weighing just six pounds. All of these vegetables were planted on the 8th day of April, and were growing just 182 days on soil and without irrigation. The seed was from D. M. Perry & Co., Detroit, Michigan. Besides this Mr. Satterfield has also raised onions measuring 6 1/2 inches in diameter, of which he raised three tons on a piece of ground 33 rods square. If any of our granger friends can beat this showing we would like to hear from them, but for the present, at least, Mr. Satterfield claims the premium.

A CARD.—An article having appeared in last week's SENTINEL, which was wholly incorrect, I therefore wish to make the following statement: I was called from Happy Camp on a business trip to Grants Pass, and while there I was cited to a nice and tasty young lady and a school marm at that, named Mollie Simpkins, of Rock Point, who was represented to me as being about thirty years of age. I immediately telegraphed her that I would come down and make her an offer of marriage, which she accepted, and asked me to come at once. I started for Rock Point next day when I was introduced to a young lady, but not the one I had been corresponding with, and then found out that Mollie had come to Jacksonville to get her teeth fixed, and now she still persists in calling herself a "young" lady.

JOSEPH K. REEVE.

The Stage Co. will soon be compelled to change to winter time if the rains continue much longer. Ex-Secretary of the treasury Windom has been retained as a U. S. Senator from Minnesota.

Mrs. Little is reported quite ill at her residence here and her daughters have been telegraphed for. Willis Hayes, horse-shoer for the O. & C. Stage Co., made us one of his periodical visits this week.

E. C. Brooks always keeps a large assortment of jewelry, watches, etc., besides keeping a first-class drug store. Rev. B. J. Sharp will preach at Grants Pass Sunday, Nov. 6th, at 11 A. M., and at Rock Point in the evening.

David Davis is not an Ohio man, but he was educated at Kenyon College, in that State. He is a Marylander by birth. The total membership of the Order of Workmen in the jurisdiction of California on the first day of October was about 12,000.

Brad Dean of Willow Springs has been on the sick list for a short time but has recovered sufficient to be around again. Michael Geaney, who was sent to the insane asylum at East Portland a short time ago, returned home this week fully cured.

A. Barneburg has leased J. G. Birdsey's hydraulic mine on Rogue river and will start down next week to commence work. Loui Solomon is still in San Francisco purchasing goods for the firm of Solomon & Muller, but is expected home in a few days.

Klippel, Keaton & Co. are reported to be making \$25 a day to the band in the bed of Salmon river. They have twelve men employed. Dr. Parker says that he has over 200,000 feet of excellent lumber on hand at the Butte creek saw mill which he offers for sale cheap.

S. B. Riggen, special agent for the Connecticut Fire Insurance Co., tarried with us one day this week while on his way to San Francisco. Miss Maggie Sherman has been appointed assistant teacher in the Wagner creek school. The large attendance made this addition necessary.

A very pleasant party was given to Mrs. Margaret Hauser last Thursday evening by numerous friends on the occasion of her 58th birthday. A new house, and the lot containing about an acre of ground, can be purchased on very reasonable terms by applying at this office at once.

David Lindsey of Williamsburg, Josephine county, was in town this week on business connected with proving up on his homestead entry. We are informed that the bulkhead at Squaw Lake mines is sixteen feet high instead of seven as reported last week, and is most substantially built.

Read the card of N. L. Coon, M. D., in this issue, and when ailing give him a call. The Dr. comes well recommended and we expect to see him do well. Dr. J. W. Robinson writes us that his father is quite low with very slight chances of recovery. The Dr. is there, by force, to remain at Gervais for a time.

When you pass a door after nine o'clock at night and see a man and a young woman and hear a snack, you may bet your bottom dollar the young man don't live here. Joseph K. Reeve, of Happy Camp, made us a call this week. He reports the stories in circulation about his matrimonial intentions as being untrue. Read his card in another column.

The U. S. Government has fixed the following values upon silver coins having holes in them: Dollars, 95 cents; half-dollars, 35 cents; quarter-dollars, 15 cents; dimes, 5 cents; five, 4 cents.

CANTONVILLE ITEMS.

Henry Villard arrived at Canyonville late last evening but has not been interviewed as yet by your correspondent. This statement may be questioned, and if so I would refer those who have doubts on the subject to Hon. G. W. Riddle, the father of this illustrious young man. He weighed seven pounds.

Information is received from reliable sources that the work of extending the railroad will be commenced at once. One hundred and fifty men will commence blasting on rocky points between Myrtle creek and Roseburg this week. The party of engineers who have been locating the road from Roseburg south have run the line to Myrtle creek and are slowly pushing on south.

Last week David Grant of the city found himself in straitened circumstances, and being morally and physically opposed to labor concluded to replenish his finances by theft. He stole two deer skins and sold them for a dollar. A warrant was issued for his arrest and he is now a fugitive from justice. He is a young man with a light mustache and blue eyes. Please publish the above for Dave's benefit. It may help him into business.

Mrs. Carrie Levens, the lady who was operated on for an ovarian tumor on July 1st, is still in a critical condition but is doing as well as can be expected under the circumstances. She has undoubtedly the same trouble to meet that President Garfield had, blood poisoning, and if she recovers it will be weeks before she is out of danger. A pass cavity formed in the tissues surrounding the incision made by the operation. It broke last Friday discharging a large amount of pus since which time she has improved. Dr. Wells, her surgeon, who is now in Portland is advised of her condition and prescribes by telegraph.

On last Sunday a tramp named Chas. Fisher broke into Joseph Jaques' dwelling near Redfields and after breaking open trunks and bureaus loaded himself with clothing and all the jewelry he could find and started north. Mr. Jaques upon arriving at home took his trail and found him at Mrs. Trimble's where he had stopped for the night. Jaques arrested him without warrant. He confessed the crime and gave up the goods. Mr. Jaques marched him over to Canyonville delivered him over to the tender mercies of our constable Mr. J. S. Catching who promptly allowed him to escape during the night and thereby Bro. Bush lost a five year boarder.

Chas. Thurman of Elliott creek worked five days last week and cleaned up \$8 a day, and Perkins & Williams took out \$18 in one day's work. None of the miners can work steady yet and most of their time is employed in rigging up for winter.

Little Valine Kubli had one of her fingers badly cut this week with a hatchet in the hands of Jimmy, son of James A. Wilson, while the two were playing together in Mr. Kubli's yard. Dr. Aiken repaired damages and the little girl will be all right in a few days.

A dispatch received from Sacramento announces the appointment, by the Governor, of James A. Waymire, an attorney of San Francisco, as Judge of the Superior Court Department Number Four, vice Judge Hayne, resigned. Mr. Waymire is a relative of Mrs. W. M. Turner of this place.

The total number of pupils enrolled in our public school is 218; of these 28 are non-residents. The amount so far collected from rate bills and tuition is \$400. This is certainly a very creditable showing and shows a well deserved appreciation of the efforts of Professor Meritt and his efficient corps of assistants.

Wm. Brodbeck and Lannes Klippel returned from the Squaw Lake mines this week where they have been helping to build the new bulkhead for that company. Work has been suspended at these mines for the present, but they will soon put in a reservoir just above the diggings, and will be ready for active work in a short time.

The military board to purchase mules and horses for the government service, consisting of Lieuts. Adams, Boutelle and Long, arrived here last evening with stock purchased at Yreka, and will remain here several days to make further purchases. All persons having good horses and mules to sell will take notice and govern themselves accordingly.

As it is now a settled fact that the railroad is coming the following gentlemen have consented to take positions on the train running from Jacksonville to Roseburg: Conductor, Wm. Messer, Engineer, Jim McCully, Fireman, Milo Caton, brakeman, Dave Crosby, John Coon will be fireman and sell SENTINELS to subscribers on the train while Steve Hubbard and Dick Ish will rustle for outside business.

When the Southern Pacific R. R. is completed with its connection to New Orleans—an event that is expected to occur by next Summer—immigrants will be conveyed by this route from Liverpool to San Francisco for \$40 to \$50. This is looked forward to as being the solution of the problem presented by California's distance from the centers of civilization, and by the consequent high rates of freight and passenger transportation that have heretofore been checking her business progress and her rapid settlement.

A literary society has been organized at the Schieffelin school house on Rogue river. The young ladies and gentlemen in that neighborhood have capacities for making such an organization both pleasant and profitable. Literary societies, properly conducted, are productive of much good, and should receive the encouragement and assistance of everybody who is interested in social and educational advancement. We wish our friends the best of success, and hope their example will be emulated in other parts of the county.

IN MEMORIAM.

WHEREAS: It has pleased our supreme ruler of the universe to remove from our midst our well beloved companion Malie Feathers, therefore be it Resolved: That in Sister Feathers this council has lost one of its most earnest and useful members one whose daily work truly exemplified the beautiful precepts of our order and whose pure and spotless life was characterized by every grace, and who has left behind the most pleasant recollections of her companionship.

And may He, who doeth all things well, sweeten the bitter water of affliction and vouchsafe to them His blessing of consolation as the beautiful sunshine whose golden beams gladden the earth after the gentle showers.

Resolved: That a copy of these resolutions be sent to the family of our deceased companion and a copy placed on the records of this council.

Fraternally, Mrs. B. F. DOWELL, ANDREW HURBELL, Com. Mrs. W. J. PLYMALE.

THE RAILROAD.—Latest reports state that men and material are daily being brought to Roseburg from the North, and work on the extension of the road from that place south has actually commenced—some 150 men being now employed. The route most likely to be taken through this valley is the last survey, running just this side of Mr. Hanley's farm, about a mile and a half from town.

A negro went home from a Georgia camp meeting in a State of ecstasy, declaring that he was going to heaven by the way of a tall tree that grew in the dooryard, climbed to a height of seventy feet, and then undertook to fly the rest of the journey. The fall killed him.
