MINES ON ROGUE RIVER.

Along Rogue River, extending from

the mouth of the Illinois upwards, a great deal of mining has been done on the low bars, by cheap and simple methods, but often with very flattering returns; while the high bars, which are numerous and extensive, and all gold bearing, have never been worked owing to the labor and expense of obtaining water. Opened properly, and worked with giants, these bars will yet become the grandest, and most productive gold field ever found in Oregon. A company from Ellensburg are now preparing to open a bar at Big Bend on an extensive scale. Should they be successful in their operations, it will be the fore runner of many others.

I WOULD MOST RESPECTFULLY IN-form the citizens of Jacksonville and the world at large, that they can find, at any time, at my Brewery, the best larger beer, in any quantity the purchase; may deelr My house is conveniently situated and my rooms are always in order. A visit will please you. Those now operating or interested in the beach mines are, Capt. G. W. Cooley, S. B. Gardner, Wm. McMann, Frank A. Stewart, T. Cornwall, W. H. Bagnell, C. Bailey, M. Doyle, L. Woodruff, Dr. Von der Green, M. Riley, C. Dewey. D. Cuniff, W. Bailey and Conn McGheim. The claim of Capt. Cooley is the famed "Huntley Claim, "and like that of S. B. Gardner's, besides the present beach, consists of an "Old Beach" 80 feet above the present. The pay sand is from 10 to 12 feet in thickness, is what is called "Balmoral,' some of the layers of black sand being very rich. In early days the miners could not save this "old beach" gold, on account of its being coated with ireh rust; but now the gold is caught on Astrailian and Seal-skin cloth, and afterward amalgamated by being boiled with quicksilver in an iron kettle. In all this district there are abundant indications of a "Back," or Old Beach, which has been but very little prospected for, and which, some day, will make a princely fortune to the discoverer. While thousands of dollars have been spent prospecting for quartz ledges that may not ever exist. scarcely anything has been spent hunt ing for this Back Beach, which certainly does exist, and which, when found, will be incomparably more important than any quartz ledge yet found in Southern Oregon, - "Port Orford

Advancing years, care, sickness, disappointment, and hereditary predisposi-tion—all operate to turn the hair gray, and either of them inclines it to shed

prematurely. Ayer's Hair Vigor will restore faded or gray, light or red hair to a rich brown or deep black, as may be desired. It softens and cleanses the scalp, giving it a healthy

action. It removes and cures dandrul

and humors. By its use falling hair

is checked, and a new growth will be produced in all cases where the follicles

are not destroyed or the glands de-cayed. Its effects are beautifully

hown on brashy, weak, or sickly hair

on which a few applications will pro-

duce the gloss and freshness or youth.

Harmless and sure in its operation, it is incomparable as a dressing, and is
