

NOTICE.

Land Office at Roseburg, Ore. June 28, 1882. Notice is hereby given that I have designated the OREGON SENTINEL as the paper in which I shall hereafter publish all pre-emption, homestead and applications for mining patents for lands lying near Jacksonville, Jackson county, Oregon.

SUCCESSFUL TRAPPING.—A man named Burgess, who spent the winter in the "Siskiyou" mountains, lately sold his "peltry" here to a San Francisco dealer for \$1,350—the proceeds of his winter work. Among the furs were a number of valuable silver gray fox skins.

SUMMER FALLOWING.—Andy Davidson has set his three-horse gang at work breaking ground on Mr. P. Donegan's ranch across Rogue river. Mr. D. has about 3000 acres and will have as much as possible broken so as to be ready for fall seeding, being satisfied the summer fallowing is the most sure and preferable mode.

AMERICAN FENCES.—There are six million miles of fencing in the United States, the total cost of which has been more than two thousand million dollars. The census reports show that during the census year, there were expended \$78,629,000 alone. Of this amount the largest contribution was from Illinois; the second from Pennsylvania.

LIVELY PLACE.—We hear that another shooting scrape took place at Linkville this week in which a half breed received a flesh wound and another person had his skull fractured with the breech of a gun. The lively burg is acquiring a reputation for liveliness that is said to be owing entirely to the water being so bad that they cant tone down the whiskey with it.

NEW WAGON ROAD.—The Klamath River Wagon Road Co., has filed articles of incorporation in the office of the Secretary of State. Object, to build a wagon road from Linkville to a point on the southern boundary of the State of Oregon, where the Klamath river crosses the boundary line. The incorporators are J. D. Hamaker, J. E. Fairchild and M. H. Beach. Capital stock, \$50,000.

MATRIMONIAL.—Geo. L. Chase and Miss Annie Little were married at the residence of Hon. E. G. Hersh at Roseburg last Wednesday evening, a large number of the friends of both parties being present to witness the ceremony. Miss Lucy Burnett acted as bridesmaid and Ed B. Barron of Ashland as groomsmen. We wish the newly wedded couple a peaceful and happy voyage through life.

INDEPENDENT CANDIDATES.—Elsewhere will be found the announcements of candidates for the offices of Sheriff, Treasurer and District Attorney. The persons offering themselves for these positions are eminently fit for the places and appear to think that the offices should not go begging. Step forward, all who have aspirations, there is a wide field and anything worth having is certainly worth asking for. Don't be backward in coming forward.

Program.—Victory Council No. 4, C. of H., will give a picnic at Phoenix on May 18, 1882. The following programme will be observed: 1. Music by Jacksonville String Band; 2. Song by Ashland Glee Club; 3. Address by L. L. Rogers; 4. Song by Phoenix Glee Club; 5. Address by S. Colver; 6. Song by Jacksonville Glee Club; 7. Address by E. K. Anderson; 8. Song by Ashland Glee Club; 9. Address by W. J. Stanley; 10. Music by Jacksonville String Band; 11. Dinner. Afterward all champions in good standing will meet at Colver's hall for the purpose of holding a district council. In the evening there will be a grand ball. All are invited to attend.

LAWYERS DISCHARGED.—H. C. Laws has been discharged from custody by the authorities of Modoc county, Cal., where he was taken on a requisition from Governor Perkins. The District Attorney of that county was opposed to the whole proceeding on account of the expense of trial and the Grand Jury refused to find a bill. It looks hard that a man has to go round the world with the brand of "Cain" on his brow, for want of a sympathetic jury to wipe it off, and it is a pity that the cost of killing a human being and the expense of trying a murderer is so disproportionate. It leaves the murderer no opportunity to be whitewashed and denies "justice" even the poor satisfaction offered by the hollow forms of law which look well even if amounting to nothing.

TO BE DECIDED IN JULY.—The case of B. F. Dowell vs. Jesse Applegate et al. has been submitted to Judge Sawyer by Judge Deady. A decision will be made in July. Judge Sawyer having so much to attend to that he will not be able to consider this matter sooner. It will be remembered that Applegate and Dowell were jointly bondsmen for Sam May, when he held the position of Secretary of State, and that they became responsible for some \$14,000 which the festive Samuel "expedited." This sum Mr. Dowell was obliged to pay on account of Mr. Applegate having no property. Dowell brought suit against Applegate to set aside the deeds by which he disposed of his property, on the ground that they are fraudulent, as he was jointly responsible with Dowell at the time he made them for the \$14,000—Standard.

Call on James Hughes when you visit Kerbyville if you want to be treated well. He also keeps the finest brands of liquors and cigars. A "pinto" mule colt was foaled at Bybee's Ferry this week. It is spotted, black and white and is quite a curiosity in the mule species.

Read Karewski's proposal to furnish wagons and agricultural implements direct from the factory. He generally does just what he says. Wm. Pullman an old pioneer who crossed the plains in 1844 died at Samuel Hogue's near Kerbyville on Thursday aged 63 years.

Peace, the successful bidder on the route from Sam's valley to Thomas' Mill has submitted the contract to O. Gailard of Sam's valley. Want kind of Indians are most easily evangelized, asked a Quaker of a Western man the other day. "Dead ones" was the prompt reply.

The Portland Standard has a dirty trick of copying from this paper and crediting it to another—the practice is neither right nor professional. The Oregon Pacific R. R. Co. have advertised for bids to build a telegraph line from Corvallis to Yaquina, the western terminus of their road.

The happiest disposition on record in the Philadelphia woman who smiled when told of her husband's death and who flirted with the undertaker at his funeral.

J. H. Huffer this week received a patent for his new hydraulic apparatus for removing bars in rivers. Those who have seen it pronounce it a good invention.

Mrs. Thurman, formerly Mrs. Randall, living across Bear creek, found twin daughters on May 4, 1882. What a splendid climate we have in Jackson county.

A gentleman somewhat advanced in life, and who was never remarkable for his good looks, asked his grandchild what he thought of him. The boy's parents were present. The youngster made no reply. "Well, why won't you tell me?" "Cause I don't want to get licked," was the answer.

John Cardwell, one of the old-time residents of Sam's valley, died at his home last Thursday morning after a lingering illness, aged about 60 years. Mr. Cardwell was a man generally loved as a friend and neighbor and he leaves a family and a large circle of friends to mourn his loss.

A circular has been issued by the secretary of the treasury calling attention of collectors of customs to article 11 of the treaty with China, proclaimed October 5, 1881, which prohibits importation of opium into the United States by Chinese subjects or into China by citizens of the United States.

The New Champion Front-Cut Mower is without a rival. Has new mechanical movements, running almost noiselessly and with less than one-half the gearing, bearings and friction points of any other successful mower ever constructed. Cuts 4 feet 3 inches. For sale at Bilger & Maegy's.

Moody and Smith, Republican and Democratic candidates for Governor have agreed not to make any speeches during the campaign. This is a new departure and a sensible one as a man's "lip" is no evidence of his real ability and very often those who "air" themselves the most are only sound after all.

A California paper says that a squirrel which was killed the other day while carrying away wheat from a warehouse on the San Joaquin river, "was found to have 1,803 grains of wheat stowed away in his mouth."

That squirrel had a well-developed cheek. So did the paper that told the story. The Democrats of this county, with about three hundred majority, have at last mustered up courage enough to call a county convention for May 23th. Is it possible that they are afraid of the minority or are the bosses going to slip the "soup" into the Democratic voters so late that they can't get up a row?

The Base Ball match between a nine from this place and one from Ashland played at the latter place on May 1st, resulted in a victory for the Ashland boys by two runs—the score standing 15 to 17. The second game will be played here next Friday and our boys are confident of being able to come out ahead.

Professor Phelps thus raps the crying clergyman: Tears are "sometimes nothing but a nervous luxury. In a public speaker tears are an infirmity to be got rid of, never a gift to be vain of." His advice to weeping clergyman is excellent: "Use tonics; study mathematics; take the fresh air; take to the saddle."

Our townman, Sol Wise has been interviewed in San Francisco by a "Chronicle" reporter regarding the resources of and prospects of Southern Oregon and the information given by him is not more flattering than truthful. In fact Mr. Wise has given a splendid account of this section—just what it deserves.

The proprietor of the "Times" kindly offers his spare press on which to start a Republican paper. He was not so liberal when he refused to sell it to W. W. Fiddler for the purpose of starting a Democratic one except on condition that it was taken out of the county. Afraid the people would get too much "Democracy"—wasn't you Charles?

Col. Jas. P. Goodall is an Independent candidate for State Senator for Jackson county at the ensuing June election, and will speak in the grove at Ashland, May 6th, at Phoenix, May 8th, at Central Point, May 9th, at Eagle Point, May 10th, at Rock Point, May 11th, at Grants Pass, May 12th, at Evans Creek, May 14th, at Uniontown, May 16th, at Sealing, May 17th, and at Jacksonville, May 18th, and will discuss the political subjects of the day from an Independent standpoint, especially on matters pertaining to the Pacific coast.

Bishop Williams (Roman Catholic) has instructed the clergy in his diocese to refuse Christian burial to incorrigible drunkards. He defines those as persons who habitually drink to excess and continue to lead such lives into their last sickness after having been repeatedly admonished by their pastors. Bishop Wiggins has instructed Father Flynn, of Morristown, New Jersey, that persons who sell liquor indiscriminately to drunkards and others, contrary to the laws of the Church and State, are to be treated the same as incorrigible drunkards and their bodies are not to go into consecrated ground.

If you want to save your money buy your Harvesting Machines of K. Kulij. He has the best machines—The Buckeye Harvester, and Mower, and also the Taylor Rake, Haines Header, and Morrison plow. A word to the wise is sufficient.

The Standard and other Democratic papers clamor for economy and, as they are eternally blowing about Governor Thayer's extremely economical administration we would like to know why in thunder did the Democratic party not re-nominate him.

If the democracy of Oregon are expected to rally round Joseph Smith and the faint odor of economy floating round a Governor, they dared not again nominate, they may as well have the band practicing the dirge; for the period of mourning is nigh at hand.

John Cimborosky and T. B. Kent went over the mountain to "Cinnabar" this week to show the mine to a gentleman from San Francisco. They had to abandon their horses on Elliott creek and take it over the Siskiyou on foot on account of the depth of the snow.

A gentleman somewhat advanced in life, and who was never remarkable for his good looks, asked his grandchild what he thought of him. The boy's parents were present. The youngster made no reply. "Well, why won't you tell me?" "Cause I don't want to get licked," was the answer.

Robt. M. Garrett announces himself as an independent candidate for Sheriff. Mr. Garrett is well and favorably known in Jackson county and, as he says, his record as a citizen is a good enough recommendation.

MINING NOTES.

Silas Draper of Foot's creek was in town Monday. He predicts a large clean up in that camp than there has been for many years. Mr. Benner of the "Continental mine" made a very satisfactory clean up last week, there is still a fair supply of water in the Willow Springs camp. Work at the Sterling hydraulic is being crowded day and night with a full head and no interruptions. Mr. Housemeister of San Francisco is across the Siskiyou examining the "Eosline Quicksilver mine" for San Francisco capitalists with a view to bonding or purchasing. Good work is being done at the Squaw Lake mine and a considerable amount of dirt is being washed. The Green Bros are still stopping splendid rock from the Sugar Pine ledge in Josephine county and have a large amount of it in sight, the mine is now well opened and a handsome stake is assured to these patient miners. The big strike in the Walt Simmons mine lately opened on Galice creek is much talked of in Josephine county. It is said to be the richest ground in that county and the clean up will be immense.

MAX MULLER, P. M. SINGER AGENCY.—Mr. M. W. Parsons, collector for the Singer Mfg. Co. arrived in this city on Friday last. He will visit several towns in the county, and not sighting those who are owing the company. The new office, opposite the U. S. Hotel, is a grand improvement on the old one lately occupied by the resident agent. All who are interested can find Mr. P. at the new office for several days.

Last Sunday night, a severe shock of earthquake was felt in the northern part of the state and in Washington Territory. At Olympia it was so severe as to produce nausea and many ladies fainted from fright. It was perceptibly felt in the Willamette valley but not the slightest tremor was felt in Southern Oregon.

Josephine County has twelve candidates for County Judge four for Sheriff and the Lord only knows how many for the various other offices. An independent ticket is likely to be put up in that county selected from the best men of both parties, as both of the party whips are about worn out and are no longer servicable.

BORN.

EMERY.—In Ashland, May 3, 1881, to the wife of Henry Emery, a son. CALDWELL.—Near Ashland, April 29, 1882, to the wife of Rev. S. S. Caldwell, a daughter.

RAILROAD NEWS.

The "Tidings" says: "Our correspondent at Roseburg writes as follows: For the benefit of those who want to know something about the railroad, I send you the following, which is reliable, as I received it from Mr. J. B. Harris, Gen. Supt. of construction. He says: "We want all the men we can employ, and will pay \$2.00 per day." All hands must board at the Co.'s boarding house; no opposition boarding houses will be allowed on the road. Board will be furnished for \$4.50 per week. Hands must furnish their own bedding. Two horse teams are in demand at \$4.00 per day, and all teams will be employed that will do work on scrapers. There is not much demand for four horse teams but those employed receive \$6.00 per day. Oats will be furnished on the works at 54 cts. per bushel, and hay one cent per pound or \$20 per ton. Both oats and hay are quite scarce. Hogs are called for every day, but cannot be had to supply half the demand. A large drove of hogs would find ready sale among the Chinamen at from 7c to 9c per lb. on foot. The weather has been very bad since my arrival here and work has been progressing very slowly, but from now on things will be lively, and every available means will be used to push the work ahead. I have not ascertained the exact number of men employed at present but there are more than 1,000 Chinamen, and probably 200 white men, exclusive of the bridge builders, who are numerous."

The following is from the Yreka "Journal": "We learn from good authority, endorsed by statements of persons lately from San Francisco, that work will be commenced on the railroad extension at Redding by the 1st of July. Tustin & Knox, the great Central Pacific contractors, have received the contract to commence on that date, and other contracts for work in bridge building and tunneling have also been let. It is expected to have the road completed to the Oregon line in 18 months or two years, and as soon as the work is begun, will be prosecuted with vigor, employing all the men that can be obtained. The force now employed on the branch road from Willows to Tehama, will be placed on the road above Redding, and also other gangs at work on branch roads and along the Southern Pacific.

CIRCUIT COURT IN JOSEPHINE.—This Court convened at Kerbyville on the 24th ult., Judge Hanna presiding and all the officers present. Decision of Justice Brown reversed and defendants given judgment for their costs. C. W. Kahler, administrator of the estate of John Bilger, deceased, vs. J. F. Kellogg; action to recover money. Judgment by default for \$323 25 and costs. J. Wimer & Sons vs. Wm. Darks; to recover money. Dismissed on motion of plaintiff's attorney. Beach & Platter vs. W. Q. Brown et al.; to recover money. Judgment by default for \$522 68 and costs. F. Levy vs. G. W. Lewis, Sr.; to recover money. Judgment by default for \$253 45. Beach & Platter vs. W. Q. Brown et al.; to foreclose mortgage. Decree granted. Leonard vs. John Taylor, Sheriff of Josephine county; to recover money. Judgment for \$57 25 and costs. J. Wimer & Sons vs. Jas. Lyttle and Jas. Quinn, to recover money. Judgment for plaintiffs in the sum of \$1, 125.64 and costs. John McDougall was admitted to citizenship. The Grand Jury reported no indictments and the county records and buildings kept in good condition.

State of Oregon vs. D. S. Holton; appeal from Justice's Court. Case dismissed upon motion of District Attorney.

ANOTHER WAR AT LINKVILLE.—Tom McKay, a half-breed Indian who lives on Upper Klamath lake, "cleaned out the town" of Linkville last Monday night. He was drawn into a quarrel with one or more men, and some scuffling ensued, McKay coming out ahead. He had handled Jim Barclay pretty roughly and laid him aside, and then wanted to whip any or every man in Lake county. At this "Frenchy" who was involved in the quarrel, stepped out and shot McKay. Some one else drew a pistol and shot McKay twice, once in the thigh and once in the chest, the latter a very slight wound merely grazing his breast. McKay took to his heels and ran across the bridge and up the river to his camp. Soon he returned on horseback, with a Henry rifle. He found Frenchy at the corner of the hotel and struck him twice on the head with the stock of his rifle, making ugly gashes and fracturing the skull. Leaving his victim he rode up and down the street and shot his gun once or twice. Coming back to the hotel he went into the barroom, where some of Frenchy's friends were dressing the wounds in his head and, with rifle cocked, ordered the men to clear out and leave him alone with the wounded man. After brutally slapping his helpless victim in the face several times and abusing him to his content, he went out and rode home. Next morning McKay came into town and was arrested, but no one appearing against him, was discharged. McKay's wounds are not serious, but Frenchy was in a precarious condition at last account.—Tidings.

RED MEN'S BALL.—Next Friday is the day set for the Red Men's ball. The best of music has been secured and Madame Holt will furnish one of her finest suppers. Everybody who can enjoy a good time should be present.

HOLLOWAY'S PILLS—Never Despair.

Something that never fails—Fever and Ague—To the sick it is of little consequence how they are cured, whether from a rational view of the disease or by the rules defined for the guidance of the profession, so long as the cure is certain and expeditious. To a suffering man the question on the relative merits of quinine or calomel is uninteresting. The faculty may wrangle and discuss their various theories, but Dr. Holloway's treatment dispels doubt, ere the disciples of Esculapius have finished the first stage. Holloway's Pills are the only remedies which effect a speedy and radical cure without danger of a relapse. Read the advertisement elsewhere.

IMPORTANT CAUTION.—None are genuine unless the signature of J. HAYDOCK, surrounded each box of Pills and Ointment. Boxes at 25 cents, 62 cents and \$1 each. There is considerable saving by taking the larger sizes. HOLLOWAY & CO., New York.

STRAIGHT WHISKY.—We clip from the Nevada Daily Transcript of January 26th as follows: As a great deal has been said about John L. Burns and Davenport whisky in the Transcript, it will not be out of place to mention the fact that Mr. Burns has made one of the most important sales of fine liquors yet effected in the county, to Mr. Mike Hanley of Nevada City.

We understand that Mr. Hanley has made a purchase of some of the most expensive straight whisky that has ever come into the county. John L. Burns, agent for the celebrated "Davenport," has been most fortunate in making such a fine sale to such a responsible gentleman as Mr. Hanley, who has the reputation of keeping the finest liquor in the county. When this invoice of straight whisky arrives Mr. Hanley can look for an increase of trade.

RELIGIOUS.—There will be no services in the Presbyterian Church here to-morrow, the pastor being absent at Ashland assisting Mr. Clyde.

STATEMENT UNDER OATH.

I HAVE been afflicted for twenty years with an obstinate skin disease, called by some M. D.'s Psoriasis, and others Leprosy, commencing on my scalp, and in spite of all I could do, with the help of the most skillful doctors. It is a costly but surely extended until a year ago this winter it covered my entire person in form of dry scales. For the last three years I have been unable to do any labor, and suffering intensely all the time. Every morning there would be a heavy discharge of scales taken from the sheet on my bed, some of them half as large as the envelope containing this letter. In the latter part of the winter my skin commenced cracking open. I tried everything, almost, that could be thought of, without any relief. The 15th of June I started West, in hope I could reach the Hot Springs. I reached Detroit, and was so low I thought I should have to go to the hospital, but finally got as far as Lansing, Mich., where I had a sister living. One Dr. ——— treated me about two weeks, but did me no good. All I thought I had but a short time to live. I earnestly prayed to die. Cracked through the skin all over my back, across my ribs, arms, hands, limbs, feet badly swollen, the nails came off, finger nails decayed and fell as loose, hair decayed, dry and lifeless as old straw. "Oh my God! how I did suffer!" My sister, Mrs. E. H. Davis, had a small part of a box of Cuticura in the house. She would not give up; said "We will try Cuticura." Some was applied on one hand and arm. Barrels' tears were shed; stopped the terrible burning sensation from the worst. They immediately got the Cuticura Resolvent (blood purifier), Cuticura and Cuticura Soap (the great skin cures). I commenced by taking one tablespoonful of Resolvent three times a day, after meals; had a bath once a day, water about blood heat; used Cuticura Soap freely; applied Cuticura morning and evening. Result, returned to my home in just six weeks from the time I left, and my skin as smooth as this sheet of paper.
