OREGON SENTINEL.

JACKSONVILLE

SATURDAY, MAY 13, 1882.

NOTICE.

Land Office at Roseburg, Ogn. } June 30, 1880. }

To all Whom it may Concern:

Notice is hereby given that I have designated the OREGON SENTINEL as the paper in which I shall hereafter publish all pre-emptions, homestead and applications for mining patents for lands lying near Jacksonville, Jackson county, Oregon.

W. F. BENJAMIN, Register.

ADJUDGED INSANE.—Complaint was made last Sunday that a Jew peddler named Julius Goldenburg was insane at the residence of A. Gordon when Deputy Sheriff Prim went out and brought him to town. After an examination on the following day by Drs. Robinson and Vrooman he was pronounced insane and Prim started with him for East Portland on Tuesday last.

RELIGIOUS.—Rev. M. A. Williams will hold services in the Presbyterian Church here tomorrow morning at 11 o'clock and in the evening at 7.30—Rev. A. M. Russell (Baptist) will preach in the town hall this evening and tomorrow in the same place at 11 A. M.—Rev. B. J Sharp will preach to-morrow at Manzanita at 11 A. M. and here in the evening at the usual hour.

BASE BALL.—The second game of base ball between a picked nine from the Jacksonville and Ashland clubs was played here yesterday afternoon and resulted in a victory for the Ashland boys. The score on the ninth inning stood 26 to 26, when it was agreed by both sides to play another, which resulted in giving the Ashlanders three runs and a white wash for the Jacksonvillians, giving the former the game. The game was well contested and a large crowd of spectators was present.

A HEAVY LOSS.—J. W. Manning's fine trotting stallion Ophir had his right fore leg broken last Sunday afternoon, at the Manning ranch near Jacksonville. He was swung up immediately and the limb set but he did not seem to be doing very well at last accounts. Mortification had set in yesterday and in the evening it was decided to shoot the horse and put him out of misery. This will prove a heavy loss to Mr. Manning and the stock raising interests of Southern Oregon as he was acknowledged by all to have been one of the best bred horses ever in this valley.

PART OF THE INVOICE.—Our neighbor, only a couple of weeks ago, congratulated the residents of Flounce Rock precinct on the mail route just established from Sam's valley to Deskins. For four years, during Lane and Whiteaker's terms, these people have been trying to get a route established but no notice was taken of their petitions till M. C. George took his seat in Congress. Service will be put on July 1st and the people of that precinct may thank Mr. George for it. This is a little item in the "invoice demanded by the Times. Will its editor be manly enough to give Mr. George credit.

A MATRIMONIAL BONANZA.—Our readers will remember the old man from Happy Camp, Joseph K. Reese, who tried so determinedly to get an Oregon wife last winter and at last walked off with a maiden from Williams creek after being "played" and "guyed" by a number of damsels north of here. It seems that the young lady who pitied the old man has struck a bonanza. She now claws on a thousand dollar piano purchased for her in San Francisco, sports an elegant gold watch, sits in silk, while a Chinaman wrestles with the kitchen work and realizes the old saying "It is better to be an old man's darling than a young man's slave." Some of the smart girls who tried to make a fool of the old man can now understand that they "let a bird go" when they said no to him.

To soften the hands, fill a wash basin half full of fine white sand and soap-suds as hot as can be borne. Wash the hands in this five minutes at a time, washing and rubbing them in the sand. The best is flint sand or white powdered quartz sold for filters. It may be used repeatedly by pouring the water away after each washing and adding fresh to keep it from blowing about. Rinse in warm lather of fine soap, and after drying them, rub them with dry bran or corn meal. Dust them, and finish with rubbing cold cream well into the skin. This effectually removes the roughness caused by housework, and should be used every day, first removing ink or vegetable stains with acid.

STRAIGHT WHISKY.—We clip from the Nevada Daily Transcript of January 26th as follows:

As a great deal has been said about John L. Burns and Davenport whisky in the Transcript, it will not be out of place to mention the fact that Mr. Burns has made one of the most important sales of fine liquors yet effected in the county, to Mr. Mike Hanley of Nevada City.

We understand that Mr. Hanley has made a purchase of some of the most expensive straight whisky that has ever come into the county. John L. Burns, agent for the celebrated "Davenport," has been most fortunate in making such a fine sale to such a responsible gentleman as Mr. Hanley, who has the reputation of keeping the finest liquor in the county. When this invoice of straight whisky arrives Mr. Hanley can look for an increase of trade.

If you want to save your money buy your Harvesting Machines of K. Kubli. He has the boss machines—The Buckeye Harvester, and Mower, and also the Taylor Rake, Haines Header, and Morrison plow. A word to the wise is sufficient.

M. Mensor started below Thursday to purchase goods for the New York store. After attending to business he proposes extending his trip to Mexico and Washington Territory for the purpose of seeing the country and for the benefit of his health.

Our new devil says he was "a sitten in the editor's chair all night writing." This is what he hatched out this morning. What is the difference between a run away street car and the new apostle of æsthetic soul One is a wild 'oss car, and other is a-s-d-d-fool.

The Metropolitan Hotel at Roseburg has changed hands, M. A. Canon retiring and Slocum and Perkin's taking his place. Mr. Perkins will be remembered as the genial host who formerly made the Metropolitan so popular and it must flourish under the new management.

Following are transactions of the Roseburg Land Office for April: 1879 acres sold for cash; 19 homestead entries, embracing 2,373 acres; 9 final homestead entries, embracing 1,234 acres; 16 pre-emption filings; 2 filings for coal lands; 2 entries of timber lands, embracing 229 acres.

The remains of Captain DeLong and ten of his intrepid fellow explorers have just been found where they died in a group from starvation. Thirty out of thirty seven of the crew of the 'Rodgers perished and it is about time an impracticable and valueless search for the North Pole was put an end to.

The New Champion Front Cut Mower is without a rival. Has new mechanical movements, running almost noiselessly and with less than one half the gearing, bearings and friction points of any other successful Mower ever constructed. Cuts 4 feet 3 inches. For sale at Bilger & Maegly's.

A paragraph is going the rounds stating that the Klamath reservation was to be thrown open and the Indians given 80 acres of land each. This refers to the Indian reservation at the mouth of the Klamath river which was virtually abandoned in 1862 and not to the Klamath reservation in the Lake region.

When at Roseburg H. F. Phillips bought a play "express wagon" for his boys (aged about 10 and 12 years, respectively) and had it sent by freight team to Jacksonville. When he reached home and the boys found that their wagon was at Jacksonville, they were so impatient that they could not wait for a team to bring it, but started out afoot after it. They started for Jacksonville Tuesday morning and came back bringing the wagon in the evening, tramping 34 miles to avoid waiting a day or two for the prize.—"Tidings."

It is reported that work has been discontinued on the Cow creek tunnel, a change being contemplated that will necessitate a longer one. Work is progressing on the Grave creek tunnel and on the wagon road into the Cow creek canyon, the latter being for the purpose of conveying supplies to the rail road camps.

We have never seen a time when there was less excitement about politics than there is at the present moment. It is a pleasant relief from the usual noisy wrangle and it is hard to believe that an election is just at hand. People are beginning to understand the periodical patriotism that generally boils over just before election.

Ed. DePeatt, Dan Chapman and Bill Willis went elk hunting last week out in the Dead Indian country. At the head of Butte creek they struck a fresh trail, and, after following it for eight or ten miles, came upon four elk, south of Grizzly mountain. Bill shot one of them, a fine young cow, weighing about 300 lbs., but the others escaped.—"Tidings."

Robert Pitts, a store keeper at Portugese Flat on the Sacramento river, says the Yreka Journal, has been arrested for hiring an Indian to kill a wood chopper named Hays to whom the, Pitts, was slightly indebted. Both are in jail at Shasta, the Indian confessing the deed and saying that Pitts gave him a shot gun for shooting Hays which he did most effectually.

With the best efforts at mud slinging the Democratic papers have been unable to smirch "Rocky" Earhart and Ed. Hirsch Republican candidates for Secretary of State and Treasurer. The administration of both these gentlemen has been so clean that not the least fault can be found with it and the only superiority their competitors have over them is that of inexperience which will hardly count for much on election day.

We presented our neighbor with an elegant boquet last week, the choicest cullings from our intellectual garden, redolent of primrose and violet, steeped in the aroma of Cashmere and the boor pronounces it a "stink-pot" being so much more familiar with the latter article. A man whose soul is so dead to the beautiful that he can't distinguish between a rose and a skunk cabbage ought to get out of the news-paper business.

A petition has been forwarded this week to Mr. George asking for the establishment of a post office at Trail creek with J. H. Knighton as P. M.; at Flounce Rock with Mr. Whelply, P. M.; and one at "Last Chance" (Deskins mill) with H. P. Deskins P. M. This route, established by Mr. George's efforts will be a great accomodation to many citizens of Jackson county who have been long waiting for even a week ly mail service.

The Del Norte "Record" published at Crescent City, Cal., is responsible for the following: "During the heavy rain and hail showers last Monday morning dozens of small fish were rained down on the railroad track near the Elk river mill. They seemed to be a small species of minnows or shiners, and kicked and squirmed around lively for a time. Can some of our savans account for this? Where is the Senator!"—And we ask where were the "five small loaves."

Col. Jas. P. Goodall is an Independent candidate for State Senator for Jackson county at the ensuing June election, and will speak in the grove at Ashland, May 6th, at Phœnix, May 8th, at Central Point, May 9th, at Eagle Point, May 10th, at Rock Point, May 11th, at Grants Pass, May 12th, at Evans Creek, May 14th, at Uniontown, May 16th, at Sterling, May 17th, and at Jacksonville, May 18th, and will discuss the political subjects of the day from a Independent standpoint, especially on matters pertaining to the Pacific coast.

By Universal Accord

AYER'S CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long, laborious, and successful chemical investigation, and their extensive use, by physicians in their practice, and by all civilized nations, prove them the best and most effectual purgative Pill that medical science can devise. Being purely vegetable no harm can arise from their use. In intrinsic value and curative powers no other Pills can be compared with them, and every person, knowing their virtues, will employ them, when needed. They keep the system in perfect order, and maintain in healthy action the whole machinery of life. Mild, searching and effectual, they are especially adapted to the needs of the digestive apparatus, derangements of which they prevent and cure, if timely taken. They are the best and safest physic to employ for children and weakened constitutions, where a mild but effectual cathartic is required.

FOR SALE BY ALL DEALERS.

HOLLOWAY'S PILLS—Never Despair Something that never fails—Fever and Ague—To the sick it is of little consequence how they are cured, whether from a rational view of the disease or by the rules defined for the guidance of the profession, so long as the cure is certain and expeditious. To a suffering man the question on the relative merits of quinine or calomel is uninteresting. The faculty may wrangle and discuss their various theories, but Dr. Holloway's treatment dispels doubt ere the disciples of Esculapius have finished the first stage. Holloway's Pills are the only remedies which effect a speedy and radical cure without danger of a relapse. Read the advertisement elsewhere.

IMPORTANT CAUTION.—None are genuine unless the signature of J. HAYDOCK, surrounds each box of Pills and Ointment. Boxes at 25 cents, 62 cents and $1 each.

☞ There is considerable saving by taking the larger sizes.

News Gleanings.

A twenty three pound Kennebec Salmon, the first of the season, received in New York on Thursday, 20th ult., sold for $1.75 a pound.

DeLong and his party, seventeen persons, perished miserably in Siberia. The telegraph reports that Melville has found their remains in the Lena Delta.

Lieutenant Danenhower's eyes are so badly affected he has been advised to postpone his departure from this city for a few days in order to consult an oculist, as it is feared continuing his journey would risk their complete loss.

New Orleans has got its five miles of river front illuminated by 104 electric lights, and hopes to stop the pilfering of goods piled there, as well as to facilitate work by their means. The city has, in all, over 300 lights of the kind in use.

Prof. Tyndal recently contributed to the London Times a luminous exposition of Koch's remarkable investigation of tubercular disease, demonstrating by experiments on animals that the disease is caused and propagated by living parasites.

Sacramento, May 4.—In the trial of Joseph Hurtado for the killing of Jose E tuardo, Judge Denson to-day ruled that under the code, seduction of a man's wife is no excuse for killing the seducer, and if caught in the act and the killing is done under the impulse of rage, it only reduces the crime to manslaughter.

The following maxim, written by the ancient Egyptian prince, Ptah Hotep, is worth remembering: "Love thy wife and cherish her as long as thou livest; be no tyrant, flattery acts upon her better than rudeness, and will make her contented and diligent." He recommends, also, liberality in affording her dress to exhibit herself to her friends.

Tombstone, May 5.—Great indignation is expressed here over the Presidents proclamation declaring Arizona in a state of turmoil. Prominent citizens talk of calling an indignation meeting and by vote and resolution denounce the presidential proclamation. Cochise county is in as peaceful a state as any other section of the country, and Tombstone is as peaceful a city as there is in the union. It has a perfect police system and efficient officers. Public opinion is unanimous in calling the president's action an outrage.

MINING NOTES.

Last Saturday Captain Saltmarsh came into town with about $200 in beautiful nuggets, picked up within a few weeks in the claim of Saltmarsh Yaudes & Klum at Sterling. The largest weighed $80, three were $15 each, one $16 and the rest from $8 to $5 they reminded us of the flush days and shows that these gentlemen have one the best claims in the county.... W. H. and David Benner of the Centennial mine in the Willow Springs camp have just made a clean up of about 60 ounces of gold dust. The season for this company has been very short but their ground is just as rich as ever.... Energetic work is being done in the rich claim of Simmons and Wimer at Waldo Josephine county but a clean up is not expected until August.... Newman & Bybee intend extending their ditch this summer so as to tap Illinois river and they will then obtain a permanent head of water for hydraulic purposes.... Foot's creek miners are still busy with a fair water supply which is expected to last a couple of months yet.... Piping still continues at the English company's mine on Galice creek, this company have been working good ground this season and have ground enough untouched to last twenty years, the report that their ground was nearly worked out is unqualifiedly false.... Blue Gravel has still a good hydraulic head in the Galice creek district which is expected to last a couple of months yet.... Green Bros have about sixty ton of very rich quartz on the dump at the "Sugar Pine" ledge.

The reports of the prospective fruit crop from every part of the county are most flattering. Instead of fruit being injured by frost it is now found that the crop will be too heavy rather than too light and that it will largely exceed that of last season.

The only loss we hear of is about Ashland and the "Tidings" says: There will be no peaches in this neighborhood this year. Of cherries, there may be about one third of an average crop. The pears were about half destroyed. Apricots and almonds went the way of the peaches. Currants will be scarce. Apples can't be suppressed in this country, and will be abundant, as usual.

JOHN TAYLOR,
Sheriff of Josephine Co. Oregon.

By J. A. WILSON, Deputy.

Dated this 8th day of May, A. D. 1882.

STATEMENT UNDER OATH.

"I HAVE been afflicted for twenty years with an obstinate skin disease, called by some M. D.'s Psoriasis, and others Leprosy, commencing on my scalp, and, in spite of all I could do, with the help of the most skilful doctors, it slowly but surely extended until a year ago this winter it covered my entire person in form of dry scales. For the last three years I have been unable to do any labor, and suffering intensely all the time. Every morning there could be nearly a dustpanful of scales taken from the sheet on my bed, some of them half as large as the envelope containing this letter. In the latter part of the winter my skin commenced cracking open. I tried everything, almost, that could be thought of, without any relief. The 12th of June I started West, in hopes I could reach the Hot Springs. I reached Detroit, and was so low I thought I should have to go to the hospital, but finally got as far as Lansing, Mich., where I had a sister living. One Dr. —— treated me about two weeks, but did me no good. All thought I had but a short time to live. I earnestly prayed to die. Cracked through the skin all over my back, across my ribs, arms, hands, limbs, feet badly swollen, toe nails came off, finger nails dead and hard as bone, hair dead, dry and lifeless as old straw. Oh my God! how I did suffer!

"My sister, Mrs. E. H. Davis, had a small part of a box of Cuticura in the house. She wouldn't give up; said 'We will try Cuticura.' Some was applied on one hand and arm. Eureka! there was relief, stopped the terrible burning sensation from the word go. They immediately got the Cuticura Resolvent (blood purifier), Cuticura and Cuticura Soap (the great skin cures). I commenced by taking one tablespoonful of Resolvent three times a day, after meals; had a bath once a day, water about blood heat; used Cuticura Soap freely; applied Cuticura morning and evening. Result, returned to my home in just six weeks from the time I left, and my skin as smooth as this sheet of paper.

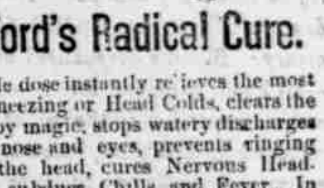
CATARRH



Sanford's Radical Cure.

A single dose instantly relieves the most violent sneezing or Head Colds, clears the head as by magic, stops watery discharges from the nose and eyes, prevents ringing noise in the head, cures Nervous Headache and subdues Chills and Fever. In Chronic Catarrh it cleanses the nasal passages of foul mucus, restores the senses of smell, taste and hearing when affected, frees the head, throat and bronchial tubes of offensive matter, sweetens and purifies the breath, stops the cough and arrests the progress of catarrh towards consumption.

One bottle Radical Cure, one box Catarrhal Solvent and Sanford's Inhaler, all in one package, of all druggists for $1. Ask for SANFORD'S RADICAL CURE.
