MITE SOCIETY .- The meeting of the Ladies Presbyterian Mite Society, held in the basement of the church on Tues day evening was a very pleasant and sat.00. There seems to be no abatement of interest in these sociables and the ladies upon whom all the buiden falls are well repaid by the success of person found guilty of injuring trees or their efforts.

VANDALISM .- Some thoughtless persons have been in the habit of cutting benches and carving their names and otherwise defacing trees in the public cemetery. They have probably been unaware that there is a severe penalty for so doing but will now observe that Sexton Dunlap has posted warning notices and those who know him will desist from further depredations.

JACKSON COUNTY ORANGES .- Mr. Peter Britt, the enthusiastic florist and botanist of this place, sent us three fine oranges from a tree in his conservatory this week. They were really exquisite in flavor, very thin skinned and sweeter than those imported. Murder in Josephine County.

Josephine county comes again to the

front with a first class murder, the vic-

tim this time being W. Akers formerly

of Sam's valley in this county and the

slayer David Gilmore. It appears that

last fall Gilmore charged Akers, who

of his daughter about sixteen years of

age and warned him to leave the coun-

turned, ostensibly for the purpose of

refuge behind a stump. Gilmore con-tinued firing and the deceased, being

armed with a small five shooter, fired a

shot which inflicted a serious wound on

Gilmore and on incautiously looking

from behind his shelter received a shot

from Gilmore's Winchester right be-

tween the eyes and causing instant

death. Information was immediately

brought to Kerbyville and an inquest

was held by Justice Forbes, the jury rendering the following verdict:
