

In choosing a cow the crumple horn is a good indication; a full eye another. Her head should be small and short. Avoid the Roman nose; this indicates thin milk, and but little of it. See that she is dished in the face, sunk between the eyes. Notice that she is what stockmen call a handler—soft skin and loose like the skin of a bag. Deep from the loin to the udder, and a very small tail. A cow with these marks never fails to be a good milker. There is more difference in cows than is usually supposed, and but few really good cows are offered in our market.—[Minnesota Farmer.]

Miss Carrie Blackburn recently recited a "Boy-convict Story" which is suggestive: "He was reared by pious parents, who supposed that to lead a perfectly religious life they must banish everything in the shape of amusement from their doors. Their house had nothing about it to attract and interest the young, and this boy unable to content himself longer broke the fetters that bound him to his cold and cheerless parental roof and launched out upon the world where he soon fell into bad company and then to the commission of crime."

One of the first things a farmer's wife should learn, if she has not already learned it as a farmer's daughter is to drive and harness a horse. The boys should be taught by their mother how to cook a meal's worth, wash dishes and clothes and care for the milk and do the churning. Also to take care of children, so, that in case he is ever a man of family and his wife indisposed or absent, he can do the household without embarrassment. It is not womanly.

The Postmaster-General has sent a letter to the House, recommending that postage on second class matter (papers and magazines) be abolished. He states fourth-class matter (merchandise) is carried at a loss to the government, and if the government is to be taxed for the transportation of either class it should be for the second-class.

When the Democrats had full sway in Congress they failed to make any reformation in the revenue laws, and devoted their whole time to investigating groundless charges. Now that they are in the minority, they are doing all they can to prevent any reformation by the Republicans.

Quinine and Arsenic.

Form the basis of many of the Ague remedies in the market, and are the last resort of Physicians and people who know no better medicine to employ, for this distressing complaint. The effects of either of these drugs are destructive to the system, producing headache, intestinal disorders, vertigo, dizziness, ringing in the ears, and depression of the constitutional health. AYER'S AGUE CURE is a vegetable discovery, containing neither quinine, arsenic, nor any deleterious ingredient, and is an infallible and rapid cure for every form of Fever and Ague. Its effects are permanent and certain, and no injury can result from its use. Besides being a positive cure for Fever and Ague in all its forms, it is also a superior remedy for Liver Complaints. It is an excellent tonic and preventive, as well as cure, of all complaints peculiar to malarious, marshy and miasmatic districts. By direct action on the Liver and biliary apparatus, it stimulates the system to a vigorous, healthy condition.

FOR SALE BY ALL DEALERS.

STRAIGHT WHISKY.—We clip from the Nevada Daily Transcript of January 26th as follows:

As a great deal has been said about John L. Burns and Davenport whisky in the Transcript, it will not be out of place to mention the fact that Mr. Burns has made one of the most important sales of fine liquors yet effected in the county, to Mr. Mike Hanley of Nevada City.

We understand that Mr. Hanley has made a purchase of some of the most expensive straight whisky that has ever come into the county. John L. Burns, agent for the celebrated "Davenport," has been most fortunate in making such a fine sale to such a responsible gentleman as Mr. Hanley, who has the reputation of keeping the finest liquor in the county. When this invoice of straight whisky arrives Mr. Hanley can look for an increase of trade.

A CARD

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self addressed envelope to the Rev. Joseph T. ISMAIS, Station D, New York City.
