

NOTICE.

Land Office at Roseburg, Ore., June 30, 1882. Notice is hereby given that I have designated the OREGON SENTINEL as the paper in which I shall hereafter publish all pre-emptions, homestead and applications for mining patents for lands lying near Jacksonville, Jackson county, Oregon.

WAGNER CREEK FRUIT AND VEGETABLES.—I will contract to deliver fruit and vegetables in Jacksonville Mondays between 6 A. M. and 12 M., and Ashtand Wednesdays until further notice. S. SHERMAN.

CHAMPIONS ATTENTION.—A meeting of the Grand Council of C. of H. will be held at Victory Council Hall No. 4 in Jacksonville, June 30th, 1882, to which all delegates are cordially invited to attend, as important business is to be transacted. By order of ROBT. LEADREITER, G. C.

CROPS.—The outlook for the grain crops in this valley does not seem to be very encouraging at this time and unless we get a good rain soon the harvest will be quite small. This is unfortunate at the present time as our farmers had every assurance of being able to sell everything they could raise this season.

LAKE COUNTY OFFICIAL.—Parties from Lake informs us that the official vote in that county gives Fenton for Congress, 108 majority, Smith for Governor, 130 majority, and S. P. Moss for Representative is elected by 88 majority. The entire Democratic county ticket is also elected by majorities ranging from 70 upward.

WELL DONE.—Republicans and Independents in Josephine county did well by electing their candidates for the offices of Representative, Judge, Clerk, Commissioner and Coroner, and as some of them have already been tried as public officials and not found wanting we predict that the citizens of Josephine will never regret their decision at the polls. The ticket elected is first-class throughout.

THE LEGISLATURE.—In Grant county the Republican State ticket has eighty majority. Republicans elect the Senator and Representative. This gives the Republicans 16 in the Senate to 14 for the opposition. In the house the Republicans have 36. The Democrats have 21 certain while one in Wasco and one in Yamhill are still in doubt and one in Yamhill is a tie. The Republican majority on joint ballot, giving the Democrats all the no doubt votes, will be 14.

GRAND JURY.—The following is the grand jury drawn for the June term of Circuit Court: Thos. F. Beal, foreman, H. v. Helms, E. F. Walker, J. N. Hockersmith, W. F. Songer, J. W. Hays and Saml. H. Cook. Only one true bill was found—against a Chinaman for robbery—and their deliberations were ended on Thursday last. In their final report they stated that the records in the Clerk's and Sheriff's offices were well and orderly kept, that the county hospital was hardly suitable for the purpose for which it was used and that the Court House needed repairs.

WANTED IT BAD.—Information has been received here that Cluggage, Pease & Co. have received the contract for carrying the mails from Ashtand to Linkville for the sum of \$3,300 per annum. Other parties who figured on this route say that it will take all of the contract price to pay for the oats used on the route during each year. The same company has also secured the mail routes from Rock Point to Foot's creek and the one from San's valley to the Deskin's saw mill. The last mentioned route has been sublet to Joseph Dowden of Rogue River for \$300 a year.

PAYING OFF.—Col. W. S. Stone and Wm. Carl of the O. & C. Stage Co. were in town this week paying off the employes of that company and also making arrangements for the change to summer time, which took place on Thursday last. The new company takes charge on the 1st of July, but as they have purchased all the property owned by the old one no particular changes will be made. Wm. Carl, who are glad to hear, will continue in his position as Division Agent, while Col. Stone will be succeeded as General Superintendent by John Hailey. Col. Stone has made a most efficient Superintendent and his many friends will be sorry to hear of his leaving us. He will go to Southern California to superintend one of the stage lines owned by Barlow, Sanderson & Co., so we are informed.

NARROW ESCAPE.—You all know Bob Westrop, the irrepressible Sewing Machine man. Well the other day Bob took a trip over to Sterling, and found an honest miner who he fastened on to, and began buzzing him about sewing machines. The poor man listened to him patiently for awhile, but finally he turned pale and said he believed he would go home. Bob offered to accompany him, and they walked along together until they came to a stream, when, with a wild despairing shriek, the unfortunate miner jumped into the rushing waters. We made every effort we could to rescue him, and finally succeeded in throwing a rope around his body and as we hauled him up on the bank he feebly exclaimed, "let me go boys. I'd rather be drowned than talked to death." Bob froze to him, however, until he sold him a sewing machine. At least this is what Dave Feathers says.

A number of the farmers and stock-raisers of Rogue river valley complain of the ruling made by the managers of the Yreka Fair in excluding all horse for the races not owned in the district prior to last October. At half past five o'clock on the evening of the 10th inst. a blast exploded prematurely on the Myrtle creek grade, killing three Chinamen and one white man, Mr. Theophilus B. Berry. I. B. Nichols, living near Riddleberg, gave us a pleasant call yesterday afternoon. A correspondent of the "Call" suggests that the certificates to be given to departing Chinamen shall contain the measurement of the head, as taken by the formidable looking machine used by hatlers. In ten thousand out lines taken by hatlers, no two will be precisely alike. The descriptions thus far given are alike, for the differences in Chinese are too slight to be specified by the same means that will answer for white people. False personation can never be detected unless some more rigid method be adopted. For the purpose of identification, the Chinese themselves cause an impression of the palm of the hand to be taken. It is said that the lines there remain through life.

THE EXTENSION SOUTH.—From Mr. R. Korbler, manager of the O. & C. R. R., a representative of the "Oregonian" yesterday learned the following facts concerning the extension to California: The line is permanently located to Grave creek tunnel, 80 miles south of Roseburg. It will follow what is known as the Big Bend of Cow creek and will pass about 16 miles west of Canyonville. There will be five tunnels, three in the bend of Cow creek from 200 to 400 feet long, one at Cow creek 2700 feet, and one at Grave 2000 feet. Work on the latter two has been commenced. Two clearing parties are in the field, one working south from Cow creek, and one north from Grave creek. Grading is being vigorously pushed by a force of 2000 Chinese and a large number of white men with teams. The grade from Roseburg to Myrtle creek, 22 miles, will be finished by the end of this month and track laying has begun. The road will be operated for several miles beyond Myrtle creek in time to move this year's grain crop.

Death of Garibaldi.

Giuseppe Garibaldi died at Capraja June 4th, 1882. He was born at Nice July 4th, 1807, and at his death lacked but one month of being 75 years of age. His life has been an eventful one. His first service was rendered to Brazil in her war for independence. He married a South American woman of extraordinary energy, and remained in Brazil and Buenos Ayres till 1848. He then returned to Europe and began his career in Italy. His name is inseparably connected with the events which terminated the temporal power of the pope and prepared the way for Italian unification. Banished from the states of Sardinia in 1850 he came to New York, and for a considerable time earned a living by making candles on Staten Island. In 1859 he was recalled and given the command of a corps against the Austrians. Through out the war he rendered the most important services to the Italian cause. Of late years he has been residing in Capraja, an island in the Mediterranean off Sardinia. He was what was called in the middle ages a free lance, and in these times a filibuster.

My arms, breast and head were covered for three years, which nothing relieved or cured until I used the Cuticura Remedies."
