

OREGON SENTINEL.

JACKSONVILLE

SATURDAY, JULY 1, 1882.

NOTICE.

Land Office at Roseburg, Ogn. June 30, 1882. To all whom it may concern. Notice is hereby given that I have designated the OREGON SENTINEL as the paper in which I shall hereafter publish all pre-emptions, homesteads and applications for mining patents for lands lying near Jacksonville, Jackson county, Oregon.

CHANGE OF MEETING.—The next regular meeting of Oregonian-Pocahontas Tribe, I. O. R. M., will be held next Thursday evening, instead of Tuesday, as usual. The newly-elected chiefs will be raised up at that time and a full attendance of members is requested.

GOOD TRAINING.—Albert Elliott of Eden informs us that he has just made four trips to Josephine county with freight, hauling on an average about 6,000 pounds to the load with a four horse team. The freight consisted mostly of flour shipped to that section by P. W. Olwell.

SHERMAN'S CIRCUS.—Sherman's circus is on the way here and will show on the 11th and 12th of July. Papers from below state that it is the best that has ever visited this section. This same circus has just finished a season of 117 nights in San Francisco which goes to prove that it is no bilk.

BUSINESS CHANGE.—Max Muller this week purchased his partner's interest in the well known merchandising establishment of L. Solomon & Co. and will hereafter run it alone. Max is a good business man, making friends wherever he is, and we wish him the best of success. Mr. Solomon and family contemplate going to San Francisco to locate, we are informed.

WESTMAN'S CIRCUS.—This company showed here last Tuesday evening to a crowded house and gave a very good performance, consisting of tumbling and the exhibition of their trained horses. It could hardly be called a circus, however, as there was no riding of any kind and no circus ring was made. Everybody went and the receipts amounted to about \$500.

A CHANGE.—With this issue of the SENTINEL a change in the proprietorship of this paper will take place for a time. Wm. M. Turner having leased us his interest for the period of one year, while he attends to his surveying contract this summer. We thank our patrons for the liberal support given us since taking charge of the paper and hope for a continuance of the same.

BODY REMOVED.—R. S. Dunlap went to Josephine county last week to remove the body of Mrs. J. B. Sifers from the burying ground at Kerbyville to our cemetery at this place. Although the coffin had been in the ground over eight years the wood was still perfect ly sound and the body was removed here in the original coffin. Her remains were re-interred in the Jacksonville cemetery last Monday.

REDUCTION IN STAGE FARE.—The firm of Salisbury, Hatley & Co., who will own the overland mail route through here for four years after to-morrow, have decided on a reduction of fare when they take charge, about as follows: The fare to Yreka will be about \$7.50; to Redding, \$22.50; and to Roseburg, \$10; with corresponding rates to all local points on the line. This is quite a reduction from the former rates charged.

RELIGIOUS ITEMS.—Rev. R. C. Oglesby will preach the funeral sermon of the late Woodford Roames in this place next Sunday, at the usual morning hour. He will also hold services in the evening. Rev. M. A. Williams will preach at the Presbyterian church on Sunday, both morning and evening. Rev. B. J. Sharp will preach at Grant's Pass Saturday evening; at Laurel Grove school house on Sunday at 11 A. M.; at Woodville at four P. M. of the same day, and at Rock Point in the evening.

CAPTURED.—The two horse thieves who stole the horses from Gore and Payne at Phoenix one night last week were captured at Adin, Cal., on the 29th, by Deputy Sheriff Webb of this county. They resisted arrest when the officers overtook them when the latter commenced shooting which was returned by the robbers. During the fight the officers shot fifteen times, resulting in the death of one of the robbers and seriously wounding the other. The stock was recovered in good order and the prisoner will be brought here as soon as it is safe to move him. These facts were received by telegraph late last evening by Sheriff Bybee.

ANOTHER MURDER IN THE SAGE BRUSH.—On Saturday morning, last, three masked men suddenly appeared at the house of H. C. Laws, the murderer of the boy Calavan, in Lake county, and commenced shooting at his son Lee Laws who was prominently connected with the tragedy last winter. Lee was shot twice and instantly killed and another shot, probably intended for him, took effect on the younger brother Joseph whose lip was shattered by the ball. H. C. Laws was absent in this valley at the time and was warned by telegraph not to return to Linkville, but he did so and reached there in safety. His son was buried on Monday but the father prudently abstained from attendance at the funeral. Joseph is not expected to recover and there is much apprehension in Lake county that more trouble will ensue. This murder, we understand, was committed in Modoc county very near the state line and, of course, will be nobody's business in particular.

The reigns of only three other English sovereigns have exceeded hers in length. They are that of Henry III, which lasted 56 years; that of Edward III, which numbered 50; and that of George III, which was the longest of all—60 years.

RAILROAD ACCIDENT.—Yesterday morning about 9 o'clock, says the "Oregonian" of the 28th, the south bound freight train on the Oregon & California railroad broke through the bridge over Pudding river, three-quarters of a mile north of Aurora. The bridge was a single span Howe truss, 150 feet long, 40 feet above the water, with trestle approaches. The engine passed over the span in safety, when suddenly and without the slightest warning, six flat cars loaded with rails for the extension south and three empty box cars fell crashing through the bridge into the water below. B. F. Harvey, a brakeman, received several severe cuts about the head, but his injuries are not thought to be dangerous. The tender did not part from the engine, but hangs over the end of the trestle at an angle of about 45 degrees. The truss span and the cars are a total wreck, but the iron can be raised with little difficulty. The direct loss will be about \$10,000, to say nothing of consequential loss by interruption of traffic.

DELICATE SURGICAL OPERATION.—Drs. Scroggs and Aiken performed a fine surgical operation on Mrs. Ascher last Monday removing a cancerous tumor in the breast. The breast was cut out entire, and the lady is doing well, with chances in favor of her full recovery from the cancer and the effects of this difficult operation.

ANOTHER PIONEER GONE.—Mr. Daniel Tesh, an old familiar saloon man, who has resided among us for over a quarter of a century, died last Monday afternoon about 5 o'clock, dropping dead quite suddenly. He has been unwell for several months past, and visited Shovel Creek Springs last week, in the hope of gaining some benefit, without success, being troubled so bad with the dropsy, as to require his return home. Dan was a jovial good natured man, a native of Pittsburg, Penn., aged 43 years, and leaves a sorrowing wife and a large circle of acquaintances to mourn his untimely departure to that bourne from whence no traveller returns.—"Yreka Journal."

Fossil Remains.—An immense mastodon's tooth was brought in last week from the Sterling mine and is the largest ever found in this section. The face or grinding surface is about seven by four inches and shows the marks of wear plainly. The length from the face to the end of the root is about nine inches and we would like to see the dentist with muscle enough to pull it when it was in the animal's jaw. The tooth is completely perfect, it is in the possession of J. H. Huffer who intends presenting it to the State University.

THE CROP OUTLOOK.—The late rains, while doing some damage to hay, have been most opportune for late sown grain and for the corn and sorghum crops and there is now a prospect of an abundant harvest. In some localities there will be a fair peach crop, in others none to speak of, and it is generally conceded that it will be a failure, but other fruits will be gathered in abundance. Taken altogether our people have no right to complain as there will be plenty to spare.
