

Poisoned Cigarettes.

A very prominent San Francisco physician writes: "Leprosy is revealing itself about the lips and tongues of the boys who smoke cigarettes made by the Chinese. The disease though fatal, is slow in giving tokens of its first approach." He goes on to state further that no less than 100 cases of infection of the loathsome disease by cigarette smoking had come under his own notice. This new horror thus developed should prove a sufficient warning to parents and youths, especially on the Pacific Coast, where about all the cigarettes are manufactured by the Chinese. It is a disgusting habit at best, and when coupled with this new danger there is reason for the most vigorous efforts to suppress the vice into which the boys of this State are being dragged every day by evil companions. Boys say, "I don't smoke Chinese-made cigarettes." It is an easy thing for manufacturers and dealers to say their goods are made by white men. It is another thing to show beyond a shadow of a doubt that each particular cigarette is what is claimed for it.

About thirty men are now at work on the Coos bay wagon road, in the canyon, some two miles above the toll house. They started in at the summit, and have made a good wagon road as far as they have worked this way. In order to avoid going over the mountain by the old trail it is the intention to at once cut a new one through the canyon to intersect the road recently made, and then the mail will be carried over that route on a mule until the completion of the road. J. B. Hunt, of Dorris, has the contract for putting in the small bridges between the mountain and the north fork of the Coquille river and last Monday commenced work at Cherry creek. The report is that the buckboards will be running in about six weeks.—"Coast Mail."

Putting up the hair of children in curling papers brakes and checks its growth; often pull it out by the roots. Curling irons are fatal to the hair of children and grown persons. The heat snaps up the juice out of the fibers as effectively as fire or frost snaps the vitality of a green branch, leaving but a dry withered skeleton. The practice which hair dressers have of frizzing out the hair with a comb to make the most of it is one of the most cruel injuries that can be inflicted on the living hair. The comb cuts it in the act of frizzing it. You can test the truth of this by combing out the hair after it has been so dressed.

Among the candidates already in the field for positions in the Legislature are the following: Hon. C. B. Moores of this city for chief clerk of the house, and J. W. Strange of Douglas as assistant; J. T. Gregg and J. C. Peebles of this city are candidates for chief clerk of the senate; C. H. Monroe, E. J. Frazier, M. L. Skiff and J. H. McGormick for doorkeepers, with numerous applicants for clerkships. Among those seeking positions as page are Frank Byron, Percy Willis, George Piper, Fred Strang, Charles L. Litchfield of this city, and Grant G. Osborn and Sterling Hill of Eugene City.—"Oregonian."

Nothing Short of Unmistakable Benefits Conferred upon tens of thousands of sufferers could originate and maintain the reputation which AYER'S SERRA-PILLA enjoys. It is a compound of the best vegetable alteratives, with the Iodides of Potassium and Iron, and is the most effective of all remedies for scrofulous, mercurial or blood disorders. Uniformly successful and certain in its remedial effects, it produces rapid and complete cures of Scrofula, Sores, Boils, Humors, Pimples, Eruptions, Skin Diseases and all disorders arising from impurity of the blood. By its invigorating effects it always relieves and often cures Liver Complaints, Female Weaknesses and Irregularities and is a potent renewer of vitality. For purifying the blood it has no equal. It tones up the system, restores and preserves the health, and imparts vigor and energy. For forty years it has been in extensive use, and is to-day the most available medicine for the suffering sick, anywhere.

HOLLOWAY'S PILLS—Never Despair Something that never fails—Fever and Ague—To the sick it is of little consequence how they are cured, whether from a rational view of the disease or by the rules defined for the guidance of the profession, so long as the cure is certain and expeditious. To a suffering man the question on the relative merits of quinine or calomel is uninteresting. The faculty may wrangle and discuss their various theories, but Dr. Holloway's treatment dispels doubt as the disciples of Esculapius have finished the first stage. Holloway's Pills are the only remedies which effect a speedy and radical cure without danger of a relapse. Read the advertisement elsewhere.

IMPORTANT CAUTION.—None are genuine unless the signature of J. HAYDOCK, surrounds each box of Pills and Ointment. Boxes at 25 cents, 62 cents and \$1 each.

There is considerable saving by taking the larger sizes.

YOUNG MEN

Who may be suffering from the effects of youthful follies or indiscretion will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee to forfeit \$300 for every case of Seminal Weakness or private disease of any kind of character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty to sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a rosy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and horrid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genital urinary organs.

Office Hours—10 to 4 and 6 to 8. Sundays, from 10 to 11 A. M. Consultation free. Thorough examination and advice, \$5. Call or Address
