Sunday Rev. R. C. Oglesby will preach at Antioch school house next Sunday.

A SAD AFFAIR .- While out hunting one day last week in company with another boy a fourteen year old son of Judge Baldwin met with an accident that resulted fatally on last Sunday night. They had built a camp fire and while the other boy was out hunting this week and received good prices. young Baldwin fell in the fire during a fit and was most horribly burnt, and was still lying in the fire when found by the other boy. The boys father is quo. at work on the railroad, but on account of the interruption on the telegraph line he could not be reached in time even for the funeral.

BRUTAL HANGING .- From Thos. G. Reames who returned from Lake county last Sunday, we learn that Spokane Ike was hung on Friday previous by the Indian authorities for the murder of the Indian doctor for the alleged unalpractice on the formers child. When swung off the knottwisted round to the back of Ike's head, and his down in a few days to take the place. hands being untied, the condemned man raised his hands and commenced cooning up the rope, when two of the Indians present caught him by the legs and held him down until he was choked to death. Capital punishment should be abolished with such executors.

ACCIDENTALLY SHOT .- We are in- pungle at once. Oh my ain't they formed, says the Coos Bay Mail, that niced Albert Bechler, who resides at Red's place on Winchester bay, at the month of the Umpqua river, met with a danerous accident something more than a week ago. He was killing the scals that robbed his gills nets set for salmon in the bay, and in moving the gun in the boat the piece was discharged, sending a bullet through his hand, shattering the shoulder joint and lodging against the shoulderblade. The physician summoned pronounced the

wound dangerous, but we understand that there are now hopes of his recovery.

SENATORIAL ELECTION .- This all absorbing question does not seem to be nearer the end than it was a week ago and no particular changes have taken place since our last report. recently purchased by Henry Villard taking away of a portion of the territory Mitchell's vote on yesterday's ballot the railroad king. was 38, Shattuck 28 and the rest
