NEW YORK, September 29 .- A Washington special says: Agent Leman, who seems to have personal knowledge on the subject, says that the resignation of Secretary Folger is now in the hands of the Secretary of State, subject to official notification of his nomination for Governor of New York and his formal acceptance of the same. The fact that he has gone to Geneva, where he will be met by a committee, carrying with him the papers in large quantity of unfinished business to be attended to there, gives rise to their belief that he does not intend to return to Washington and that there is a good foundation for the statement above made. The position he places himself in by his hesitation in announcing his purpose to resign is very much regretted by his friends, who are anxious as his enemies to have him give up the Treasury portfolio.

Certain people who have pretty thoroughly canvassed the matter of Folger's successor have narrowed the Jerry Nail, J. N. Black, William Nail, number of those spoken of down to two. Jacob Johnson, all of Eagle Point, Jack-

These are New of Indiana and Platt of New York. Senator Jones, who is a close friend of President Arthur and who has also been spoken of, says he will not take the place, for the reason that if he should the Senatorship from Nevada would be vacant and might be filled by a Democrat. In view of this danger it is thought possible that the President would not offer him the position.
