

OREGON SENTINEL.

JACKSONVILLE SATURDAY, November 18, 1882.

NOTICES

Land Office at Roseburg, Ore., Nov. 20, 1882. To all whom it may concern: Notice is hereby given that I have deposited the OREGON SENTINEL as the paper in which I shall hereafter publish all proceedings, notices and applications for mining claims on lands lying near Jacksonville, Jackson county, Oregon.

Los.—From Bybee's ranch, one black pup, six months old, with bald face and white strip down the neck. Five dollars reward will be paid for his recovery.

SCHOOL MEETING.—A special tax of 31 mills was voted by the electors of this district at the school meeting held last Saturday. This is half a mill less than was levied last year for the same purpose.

NOTICE.—All those indebted to Dr. VROOMAN will please pay immediately. It takes money to carry on even a small business. Marshall Payne is authorized to collect and receipt any of his debts. W. F. VROOMAN, Jacksonville, Nov. 2, 1882.

CONCERT.—Miss Eugenia Kelly, together with the pupils now under her charge, will give concert heretofore part of this month, the date to be announced hereafter. Miss Kelly's reputation as a teacher and the proficiency of her pupils ought to be sufficient to draw a crowded house.

REPORTED DROWNED.—A report has reached here that while driving cattle across the Malheur river Wm. Dye, a former resident of Jacksonville, was drowned, and Johnny Edwards, who was with him at the time, also came near sharing the fate of his companion. Deceased was a young man and well liked by all who knew him here.

RELIGIOUS ITEMS.—Rev. R. C. Oglesby preaches at Heber grove next Sunday at the usual morning hour. Elder M. Peterson will hold services at Antioch school house Sunday morning. Rev. M. A. Williams will preach at Eagle Point Sunday morning. Services at the Catholic church Rev. F. X. Blanchet officiating. Rev. B. J. Sharp preaches at the M. E. church both morning and evening.

HELPS THE TOWNS.—The skating rink last Saturday night was the scene of a most disgraceful riot—as it might properly be called—by some of the young men getting into a fight, when a number of blows were struck and all kinds of bad language used. A large crowd of ladies and children was present but as the row occurred near the door entering the hall they could not escape. Strange to say no arrests were made. The officers were present.

A CARD.—O. Coolidge of Ashland publishes a notice in the "Tidings" saying that he has no authorized agents in Lake county for the sale of his fruit trees and that he will not be responsible for any mistake made by those claiming to be his agent. If this notice is published for the benefit of the undersigned, who has just returned from a trip to that county where he has been delivering trees, Mr. Coolidge is hereby informed that he is badly mistaken, as no such claim was ever made. Besides this it would be a bad recommendation and would hurt the agent's business. A. S. JOHNSON.

NEW COURT HOUSE.—On Saturday last the County Commissioners accepted the bid of L. S. P. Marsh of Ashland who agrees to complete the building according to the specifications for the sum of \$32,000. Mr. Marsh is an excellent mechanic and good business man and we expect to see him erect a building that will be a credit to the county. The contract for the foundation has been sub-let to Messrs. Jacobs and Russell, while R. S. Dunlap and Jacob Schmidding have taken a contract from the latter parties for furnishing the rock required. Work on the foundation is to be commenced at once and the building is to be ready for occupancy by the 11th of February 1884.

ROBBERY.—The store of Haymond & Magruder at Rock Point was entered by burglars on Tuesday morning about three o'clock a. m. and about \$15 in small change and a suit of clothes were taken. The burglars were scared away by the arrival of the stage and when Hunt Magruder opened the front door of the store the thief escaped through the door in the rear. A flour sack of provisions that had been prepared by the robber was left behind on account of the arrival of the stage. No trace has yet been found of the guilty party but Mr. Haymond informs us that it was no doubt the work of a stranger as the regular money drawer, in which there was about \$15, remained untouched.

SUDDEN DEATH.—On Sunday last news reached here that Wm. H. Simpson died very suddenly early that morning at his home in Brownsboro, from apoplexy. Deceased retired the evening before in his usual good health and on awaking in the morning about five o'clock he conversed some with his wife and children and in a half an hour afterwards he was dead. Mr. Simpson was a pioneer in this section, a man respected by all and was 48 years of age at the time of his death. His remains were brought to town on Monday and buried in the Jacksonville cemetery by Banner Lodge A. O. U. W., of which he was an honored member. He leaves a wife and eight children, and a large circle of friends to mourn his loss.

LOCAL ITEMS.

Cold, frosty nights. Spare ribs and back bones are ripe. Ben Butler now spells his first name "Gov." Mrs. Emma Gassman has returned to San Francisco. Christmas is coming. So is the delinquent subscriber. Dan Cardwell returned from the railroad this week. No railroad news of any importance to report this week. Attend the Champion's Ball on Thanksgiving night. Thanksgiving twelve days hence and no turkeys yet in sight. George Cross is building a saloon and billiard hall at Phoenix. The report that Folger will contest Cleaveland's election is a mistake. Democratic roosters had their first crow for some time past last week. Carlos Goddard's stray cow come home this week. Advertising did it. The City Hall makes a very good court house—much better than any one.

Street Commissioner Dunlap is improving our streets in a substantial way. K. Kubli is making a lot of hydraulic pipe for Curtis Bros. mines on Jackson creek. Ammen's cough syrup never fails to cure if used in time and according to directions. Morris Mensor has made his safe in the New York store both fire and burglar proof. Carlos Goddard has purchased an 80 acre farm of J. B. Wisley, paying \$2,500 for it. Call at the skating rink to-night if you want to enjoy yourself in skating or as a spectator. W. W. Fiddler will start a Democratic paper at Ashland soon. The more the merrier. A. L. Johnson will continue the real estate business alone at the old stand. Read his card. Democrats pronounce the charge that Ben Butler stole spoons, to be a Republican campaign lie. Capt. H. Kelly and Wm. Ruble are attending Circuit Court in their fight over the Coyote creek mines. A lady teacher of experience desires employment in school or family. Address M. B. SENTINEL office.

The town was quite lively this week on account of the presence of the witnesses and jurymen attending court. Klamath Lake is frozen over and freight for the Fort must be handled to that place by teams from Linkville. A new cross walk is being built over California street by Caton & Garrett—from their saloon to the U. S. Hotel. W. G. Kenney has filled Geo. Chase's place on the northern stage drive this week while the latter has been on the sick list. James G. Birdsey has purchased the Magruder residence on California street and will commence keeping house there next week. Henry Pape, Sr. is having a house built near Willow Springs where he proposes storing ice for the hot spell next summer. The skating rink at Holt's Hall will be open again this evening. Good exercise and lots of fun, and good order will be kept. Thos. Kraton returned from Idaho this week and will resume work at his mines on Poorman's creek in company with Jacob Klippel. Farmers have found out the superiority of the Morrison plow judging from the fact that K. Kubli has sold 78 of them this fall. The largest mirror ever brought to Jacksonville was received by Jack Montgomery yesterday. Its dimensions are six feet each way. Mat Oberchain came in from Lake county on a short visit last week but will return in a few days to remain with his stock for the winter. The last number of the West Shore is an excellent one both as regards illustration and reading matter and the publication is a credit to the State.

The "Morning News," a new daily published last evening, has been enthusiastically Democratic in its views and the Democrats of Massachusetts were having some fireworks over the election of Ben Butler we quit taking observations—that is we only went one eye on 'em. The new railroad company recently organized at Roseburg will probably build a branch line from the nearest point on the O. & C. R. R. to the copper mines in Josephine county. The knowing ones are also again predicting that the route through Jose phine will eventually be the through line. A special dispatch to the S. F. "Chronicle" under the date of the 7th inst. says that on that day a man named John Shelly was shot and fatally wounded at Lewisville near the southern terminus of the Oregon and California Railroad. Shelly had abused his wife until she was obliged to fly to a neighbor's house for shelter. He followed her there and continued his persecution, and also began abusing the woman who sheltered her, when the latter's husband coming in, ordered him off. A quarrel ensued between them and Shelly was shot, the bullet striking him near the eye and coming out back of the ear. He died in an hour.

McKenzie & Foudray have suspended work at the Jacksonville flour mills on account of financial embarrassment but it is hoped they may yet come out all right. Don't fail to attend the Masquerade Ball to be given at Holt's Hall on the evening of January 1st, 1883, by the Eintracht society of this place. A jolly time is assured. It is astonishing the number of intelligent people who regard a cold or cough as a trivial matter, something unnecessary to pay attention to. How many times have you heard the expression, "Oh nothing the matter only a slight cold." Yes my friend, and nine-tenths of the many throats and consumptive chests who walk the earth today doomed to a premature death, and the same thing. We pay attention to a cold, and promptly too. Our remedy is Ammen's Cough Syrup; some other preparations are good, but we have found it by far the best. We saw a dispatch to the S. F. "Chronicle" of this place, in which it is stated that the railroad company had sent up from Sacramento a number of empty cars, to take away the Chinamen and carts forwarded to Redding some weeks ago. We see by the S. F. "Chronicle" that the railroad company had sent up from Sacramento a number of empty cars, to take away the Chinamen and carts forwarded to Redding some weeks ago. We see by the S. F. "Chronicle" that the railroad company had sent up from Sacramento a number of empty cars, to take away the Chinamen and carts forwarded to Redding some weeks ago.

Victory Council No. 4, Champions of Honor will give a Ball on Thanksgiving, Nov. 30th, at Holt's Hall. Best music and supper will be provided. Tickets \$2.50. The new monument for the Boidy family—the work of W. L. Record, agent for McGrath's marble works of San Francisco—has been placed in position and is a beauty. Dr. J. W. Robinson, accompanied by his wife and mother, returned from Roseburg last Tuesday. Mrs. Leach has gone to Salem and her condition is considerably improved. If you want a sewing Machine call on L. E. Stone's drug, watch, clock, and jewelry store. His machines are a little finer and his prices a little snigger than any other bugger's. John Parlu, aged 80 years, committed suicide at Oakland, Douglas county, on Friday morning. No explanation of his rash act can be given other than that he was tired of life. Supt. Carl purchased half a dozen dead ax wagons in Portland last week for use by the O. & C. Stage Co. during the winter months, and they will be taken to Yreka at once to be fitted up. H. L. Murton and S. Goldman have associated themselves together in the commission business in Portland. The former is well known to our merchants here as a thorough going business man. If there is any other office in this government that Ben Butler wants the people will save trouble by letting him have it at once for if Ben will he will and you may depend on it. Arthur Langell came in from Lake county last Thursday after his winter supplies. He was accompanied by Mrs. W. C. Hale of Linkville, who will remain for a short visit to friends and relatives. Prof. John B. Farley finished his term of school in the Applegate district last Friday and is now taking a short vacation. Mr. Farley's services as a teacher are always in demand, and deservedly so, too. Messrs. Miller & Kretzer are making extensive preparations for the mining season soon to begin. Their hydraulic pipe is finished and will be ready for work as soon as they have sufficient water. Death in rats, mice, roaches and ants; PARSONS EXTERMINATOR. Burns granaries and householders cleared in a single night. No fear of bad smells. Best and cheapest vermin killer in the world. Sold everywhere. Engineer John A. Hulbert telegraphed last week from Portland that he would be here positively by the 20th inst. Eight of the men of his party have been waiting here for his arrival since Nov. 1st.—"Tidings."

The marriage of Alex. Martin and Miss Mary Gass is announced to take place at Oakland, Cal., on the 23rd inst. Both are former residents of Jacksonville and their numerous friends here extend congratulations. S. H. Egger has just finished burning a kiln of 40,000 brick to be used as a starter for the new court house. He will commence work on the balance required early next Spring and promises to have them ready as soon as required. The second quarter of the Sister's school for this term begins on Monday next. Their new building is now in use, and together with the well known reputation of the teachers, this is one of our foremost institutions of learning for our young ladies to attend. County Clerk Nickerson of Josephine county, accompanied by his wife and family, spent several days in town this week on a visit of business and pleasure. Mr. Nickerson reports times "looking up" in his section and considerable emigration coming in. The northern lights were a beautiful sight last evening, and there are enthusiastic Democrats informed us that the Democrats of Massachusetts were having some fireworks over the election of Ben Butler we quit taking observations—that is we only went one eye on 'em. The new railroad company recently organized at Roseburg will probably build a branch line from the nearest point on the O. & C. R. R. to the copper mines in Josephine county. Their hydraulic pipe is finished and will be ready for work as soon as they have sufficient water. Death in rats, mice, roaches and ants; PARSONS EXTERMINATOR. Burns granaries and householders cleared in a single night. No fear of bad smells. Best and cheapest vermin killer in the world. Sold everywhere. Engineer John A. Hulbert telegraphed last week from Portland that he would be here positively by the 20th inst. Eight of the men of his party have been waiting here for his arrival since Nov. 1st.—"Tidings."

The marriage of Alex. Martin and Miss Mary Gass is announced to take place at Oakland, Cal., on the 23rd inst. Both are former residents of Jacksonville and their numerous friends here extend congratulations. S. H. Egger has just finished burning a kiln of 40,000 brick to be used as a starter for the new court house. He will commence work on the balance required early next Spring and promises to have them ready as soon as required. The second quarter of the Sister's school for this term begins on Monday next. Their new building is now in use, and together with the well known reputation of the teachers, this is one of our foremost institutions of learning for our young ladies to attend. County Clerk Nickerson of Josephine county, accompanied by his wife and family, spent several days in town this week on a visit of business and pleasure. Mr. Nickerson reports times "looking up" in his section and considerable emigration coming in. The northern lights were a beautiful sight last evening, and there are enthusiastic Democrats informed us that the Democrats of Massachusetts were having some fireworks over the election of Ben Butler we quit taking observations—that is we only went one eye on 'em. The new railroad company recently organized at Roseburg will probably build a branch line from the nearest point on the O. & C. R. R. to the copper mines in Josephine county. The knowing ones are also again predicting that the route through Jose phine will eventually be the through line. A special dispatch to the S. F. "Chronicle" under the date of the 7th inst. says that on that day a man named John Shelly was shot and fatally wounded at Lewisville near the southern terminus of the Oregon and California Railroad. Shelly had abused his wife until she was obliged to fly to a neighbor's house for shelter. He followed her there and continued his persecution, and also began abusing the woman who sheltered her, when the latter's husband coming in, ordered him off. A quarrel ensued between them and Shelly was shot, the bullet striking him near the eye and coming out back of the ear. He died in an hour.

It is astonishing the number of intelligent people who regard a cold or cough as a trivial matter, something unnecessary to pay attention to. How many times have you heard the expression, "Oh nothing the matter only a slight cold." Yes my friend, and nine-tenths of the many throats and consumptive chests who walk the earth today doomed to a premature death, and the same thing. We pay attention to a cold, and promptly too. Our remedy is Ammen's Cough Syrup; some other preparations are good, but we have found it by far the best. We saw a dispatch to the S. F. "Chronicle" of this place, in which it is stated that the railroad company had sent up from Sacramento a number of empty cars, to take away the Chinamen and carts forwarded to Redding some weeks ago. We see by the S. F. "Chronicle" that the railroad company had sent up from Sacramento a number of empty cars, to take away the Chinamen and carts forwarded to Redding some weeks ago.

Victory Council No. 4, Champions of Honor will give a Ball on Thanksgiving, Nov. 30th, at Holt's Hall. Best music and supper will be provided. Tickets \$2.50. The new monument for the Boidy family—the work of W. L. Record, agent for McGrath's marble works of San Francisco—has been placed in position and is a beauty. Dr. J. W. Robinson, accompanied by his wife and mother, returned from Roseburg last Tuesday. Mrs. Leach has gone to Salem and her condition is considerably improved. If you want a sewing Machine call on L. E. Stone's drug, watch, clock, and jewelry store. His machines are a little finer and his prices a little snigger than any other bugger's. John Parlu, aged 80 years, committed suicide at Oakland, Douglas county, on Friday morning. No explanation of his rash act can be given other than that he was tired of life. Supt. Carl purchased half a dozen dead ax wagons in Portland last week for use by the O. & C. Stage Co. during the winter months, and they will be taken to Yreka at once to be fitted up. H. L. Murton and S. Goldman have associated themselves together in the commission business in Portland. The former is well known to our merchants here as a thorough going business man. If there is any other office in this government that Ben Butler wants the people will save trouble by letting him have it at once for if Ben will he will and you may depend on it. Arthur Langell came in from Lake county last Thursday after his winter supplies. He was accompanied by Mrs. W. C. Hale of Linkville, who will remain for a short visit to friends and relatives. Prof. John B. Farley finished his term of school in the Applegate district last Friday and is now taking a short vacation. Mr. Farley's services as a teacher are always in demand, and deservedly so, too. Messrs. Miller & Kretzer are making extensive preparations for the mining season soon to begin. Their hydraulic pipe is finished and will be ready for work as soon as they have sufficient water. Death in rats, mice, roaches and ants; PARSONS EXTERMINATOR. Burns granaries and householders cleared in a single night. No fear of bad smells. Best and cheapest vermin killer in the world. Sold everywhere. Engineer John A.
